# 2025-2026 USF UNDERGRADUATE CATALOG

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

June 2025

The Undergraduate Catalog is published at <https://catalog.usf.edu/>

## General Use Guidelines:

*The announcements, information, policies, rules, regulations, and procedures set forth in this Catalog are for information only and are subject to continual review and change without notice. As the Catalog may change each year, the most current catalog shall apply with exceptions to be approved by the appropriate academic Dean.*

*To the extent the catalog references and incorporates Florida Board of Governor and USF Board of Trustee Regulations, USF Policies, and state or federal statutes, it is important to note that the Regulations, Policies and Statutes require separate promulgation outside of the catalog and that promulgation may not coincide with the publication of the Catalog. Accordingly, the most recent and current adopted Regulation, Policy or statute should be applied when following this Catalog. See <https://www.usf.edu/regulations-policies/>*

*The University of South Florida is committed to the principles of equal education, equal access, and equal employment opportunities without regard to race, color, marital status, sex, religion, national origin, disability, age, or Vietnam or disabled veteran status as provided by law and in accordance with the University's respect for personal dignity. These principles are applied in the conduct of University programs and activities and the provision of facilities and services.*

# LETTER FROM THE PRESIDENT

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

## Letter from the President

Dear Students:

Welcome to the 2025-26 academic year at the University of South Florida! USF offers wonderful opportunities to learn, grow and create lasting memories as you form friendships and find new interests in a stimulating environment.

As a proud USF alumna, I know from personal experience how much of an impact our university has on the lives of our students. Our highest priority is helping you achieve your educational and career goals, and I am delighted that you have chosen our great university to shape the future and make your mark on the world.

Opportunities for learning abound at USF. Across our colleges, you can choose from more than 200 majors, minors and concentrations from which to study. Our 14th and newest college, the Bellini College of Artificial Intelligence, Cybersecurity and Computing, begins offering classes this fall. It is the first named college in the United States dedicated exclusively to the convergence of AI and cybersecurity, offering undergraduate and graduate degree programs that integrate these fields into real-world applications.

You will find a complete list of our academic offerings, from the arts to social work, from criminology to microbiology, and so much more, on our website. I encourage you to visit the full list to find the major that suits your interest and puts you on a path toward a rewarding career.

There is so much more to explore at our university beyond your coursework. USF is home to more than 800 student organizations, and I am confident you can find one or more that complements your interests. By staying active and involved on campus, you will create new memories and form lasting friendships as you also take advantage of everything the Tampa Bay region has to offer — including cultural, recreational and social opportunities, award-winning beaches and exciting collegiate and professional sports.

This is truly an exhilarating time to be at USF, as our reputation for world-class research and innovation continues to grow. USF is a member of the Association of American Universities, a prestigious group of 71 leading public and private research universities in the United States and Canada. AAU universities make up just 3% of all four-year universities in the U.S. — and membership is by invitation only, which means our peers recognize that USF is one of the nation's top-tier universities.

In addition, U.S. News & World Report has ranked USF as one of the nation's top 50 public universities for six consecutive years and, for the second straight year, as the best value university in Florida. As USF Bulls, you can take great pride in knowing that the degree you will earn holds tremendous value and respect throughout our state and nation.

Since our founding, USF has provided a welcoming community where all students are encouraged to think boldly about the future. Our university places a strong emphasis on student success and our world-class faculty and staff are here to provide the resources, support and inspiration you need to achieve your academic and personal goals. Please don't hesitate to ask for their assistance as you explore your options. I wish you all the best in your studies.

In Bull Pride,

Rhea Law  
USF President

# LETTER FROM THE PROVOST

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

## Letter from the Provost

Dear Students:

Welcome to the University of South Florida. We are pleased that you have chosen USF for your academic journey, and we are honored to have you as part of our vibrant community. As a top 50 global research university, USF attracts outstanding students from around the world—and we are proud to count you among them.

Students are the heart of our institution. We are deeply committed to your success, both inside and outside the classroom, and we strive to foster an environment that supports your academic, personal, and professional growth.

During your time at USF, you will have the opportunity to learn from distinguished faculty whose teaching and research span a wide range of disciplines and address some of the world's most pressing challenges. Your coursework will encourage critical thinking and inspire intellectual curiosity as you prepare to become a thoughtful and engaged global citizen.

You will also be encouraged to take part in high-impact learning experiences such as internships, undergraduate research, fieldwork, service learning, and study abroad programs. These opportunities are designed to complement your academic studies and equip you with valuable real-world skills.

Each of our campuses—Tampa, St. Petersburg, and Sarasota-Manatee—offers unique experiences. Regardless of your home campus, you will have access to an array of enriching opportunities, including student organizations, leadership programs, artistic performances, intercollegiate athletics, and cultural events that will enhance your time at USF.

By the time you graduate, you will not only have a strong academic foundation, but also the confidence, adaptability, and experience to pursue your goals and contribute meaningfully to your chosen field and community.

Once again, welcome to the University of South Florida. We look forward to supporting you through this exciting new chapter of growth, discovery, and lifelong learning.

Prasant Mohapatra, Ph.D.  
Provost and Executive Vice President

## Campus Visit Experience

Visiting USF is one of the best ways to experience what this institution has to offer. While each of USF campuses have designed campus visit experiences to best reflect their distinctive identity, the goal is for our guests to depart with their questions answered and their next steps determined.

### Tampa Campus

The Tampa campus visit experience includes the following:

- **A Tour of Campus** - Student-led by our Green & Gold Guides, the tour will give you an up-close view of our top-rated academic facilities, a spacious suite-style residence hall, delicious dining options, student support offices, high-tech recreation center, and other points of interest. In addition, you will hear from current USF students about what life is really like on our dynamic campus!
- **An Information Session** - Presented by an admissions professional, the session will provide an overview of the university, admissions requirements, financial aid, dining services, residential life, scholarships and campus life.

Please visit the Office of Admissions for more information and to schedule a visit at

<https://www.usf.edu/admissions/freshmen/visit-campus/campus-tour/campus-visit-experience.aspx>

A Virtual Campus Tour is available at <https://www.usf.edu/about-usf/tour.aspx>

### Saint Petersburg Campus

The St. Petersburg campus student-led tour provides an up-close view of our downtown campus and surrounding waterfront. You and your family will learn about our academic programs, student organizations and waterfront activities, such as sailing, paddle boarding and kayaking. Experience life on-campus when you tour one of our residential halls, including the new Osprey Suites. Our in-person and virtual campus tours introduce you to current students, faculty and staff, and feature various academic and student life spaces, some of which have earned impressive ratings for their focus on sustainability. You will hear from current students about what life is really like on our dynamic St. Petersburg campus!

All guided tours include an information session or meeting with an admissions professional. Designed to guide prospective students through the application process, the session provides details on the admission requirements and scholarships. You can also experience our Self-Guided Tour or our 360 Virtual Tour (<https://www.stpetersburg.usf.edu/admissions/undergraduate/campus-tours.aspx>) on your own schedule.

While visiting our campus, we recommend you take time to explore vibrant downtown St. Petersburg or local beaches. Visit one of the city's many art galleries or museums, such as the Salvador Dali Museum, just steps from campus. If you are hungry, grab a bite to eat, shop and stroll along the waterfront at the new St. Pete Pier. Visit <https://www.visitstpeteclearwater.com/> for more information on area restaurants, accommodations and attractions.

To schedule your St. Petersburg campus tour, please register at <https://www.usf.edu/admissions/freshmen/visit-campus/visit-st-petersburg/index.aspx>.

### Sarasota-Manatee Campus

Sarasota-Manatee campus tours are designed to help students gain an appreciation for the culture of the campus and local community, and help prospective students see why Sarasota-Manatee students choose to receive a preeminent education in a small school atmosphere. Guests take a guided tour of our campus: walking our halls, stepping into the classrooms, and laying beneath the pines in one of our hammocks. The tours are conducted by our Campus Experience guides who share the history and statistics of the campus, while helping flesh out the experience through their unique student lens.

# 2025-2026 USF UNDERGRADUATE CATALOG

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

Prior to the tour, students will receive an information session from an admissions counselor. This presentation will help to set the context for the tour, explain the programs and opportunities available on campus, and explain the application and scholarship process.

Tours typically last between 30 to 45 minutes, and are offered Monday, Wednesday, and Fridays at 10:00 a.m. and 3:00 p.m. Tour schedules may change during summer semesters and holiday hours.

To schedule a Sarasota-Manatee campus tour, please register at

<https://www.sarasotamanatee.usf.edu/admissions/visit-usf-sarasota-manatee.aspx>. If you have questions about the tour or other visit opportunities, such as Open Houses, please contact the Campus Experience team at 941-359-4331.

## Academic Calendar

Dates are tentative and subject to change. See <https://www.usf.edu/registrar/calendars/> for current and additional *Important Dates and Deadlines*.

### Fall 2025

#### August 2025

22 – Last day to register for Fall 2025 classes without late registration fee penalty  
25 – Fall 2025 Semester - First Day of Class  
29 – Fall Drop/Add Ends; Fee Liability and Tuition Payment Deadline; Last Day to Submit Fall Residency Reclassification Applications  
29 – Last day to change major for Fall 2025

#### September 2025

1 – Labor Day Holiday (USF Closed)

#### October 2025

3 – Fall 2025 Graduation Application Deadline

#### November 2025

1 – Fall Last day to withdraw; no refund and no academic penalty  
3 – Spring 2026 Registration begins for degree-seeking students  
11 – Veterans Day Holiday (USF Closed)  
27-28 – Thanksgiving Holiday (USF Closed)

#### December 2025

1-5 – Test Free Week (Note: December 1 through December 5)  
5 – Fall 2025 Classes End  
6-11 – Fall Final Exam Week  
11 – Fall 2025 End of Term  
12-14 – Fall Commencement  
15 – Wintersession Classes Begin  
18 – Wintersession Drop/Add Ends  
25 – Christmas Holiday (Observed; USF Closed)  
30 – Wintersession Last day to withdraw; no refund and no academic penalty

### Spring 2026

#### January 2026

1 – New Year's Day Holiday (Observed; USF Closed)  
9 – Wintersession Classes End  
9 – Last day to register for Spring 2026 classes without late registration fee penalty  
12 – Spring 2026 First Day of Class  
16 – Spring Drop/Add Ends; Fee Liability and Tuition Payment Deadline; Last Day to Submit Spring Residency Reclassification Applications  
19 – Dr. Martin Luther King, Jr. Holiday (USF Closed)

#### February 2026

20 – Spring 2026 Graduation Application Deadline

#### March 2026

16-22 – Spring Break  
28 – Spring Last day to withdraw; no refund and no academic penalty  
30 – Summer/Fall 2026 Registration Begins for degree-seeking students

#### May 2026

1 – Test Free Week  
1 – Spring 2026 Last Day of Class  
2-7 – Spring Final Exam Week  
7 – Spring 2026 End of Term  
7-10 – Spring Commencement

In 2018, the Florida Board of Governors designated USF as a Preeminent State Research University, placing USF in the most elite category among the state's 12 public universities.

For additional administrative areas, visit <https://www.usf.edu/about-usf/administrative-units.aspx>

## Mission and Goals

### Mission

Led by outstanding faculty and professional staff, the University of South Florida conducts innovative scholarship, creative activity and basic and translational research, and delivers a world-class educational experience promoting the success of our talented and diverse undergraduate, graduate, and professional students. As a public metropolitan research university, USF, in partnership with our communities, serves the people of Florida, the nation, and the world by fostering intellectual inquiry and outcomes that positively shape the future - regionally, nationally and globally.

### Goals

#### **Goal 1: Student Success at USF and Beyond**

To promote the lifelong success of well-educated, highly skilled, and adaptable alumnae/alumni who lead enriched lives, are engaged citizens and thrive in a dynamic global market.

#### **Goal 2: Faculty Excellence in Research and Innovation**

To conduct high-impact research and innovation to advance frontiers of knowledge, solve global problems and improve lives.

#### **Goal 3: Partnerships and Engagement with Local, National, and Global Impact**

To be a major social and economic engine creating robust global, national and regional partnerships to build a prosperous and sustainable future for our regional communities and the State of Florida.

#### **Goal 4: A Diverse and Inclusive Community for Learning and Discovery**

To provide a safe, inclusive and vibrant community for learning, discovery, creative activities and transformative experiences enabled through adaptive design of physical, social and digital environments.

#### **Goal 5: A Strong, Sustainable, and Adaptable Financial Base**

To practice continuous visionary planning and sound management throughout USF to ensure a strong and sustainable financial base, and to adapt proactively to emerging opportunities in a dynamic environment.

### Commitment to Honor & Living the Commitment

As an ethical community, the University of South Florida is dedicated to the ideals of excellence in student development, academic learning, scholarship and research. By joining this community, each member is expected to accept and live these commitments.

# ABOUT USF

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

I resolve to maintain the honor and integrity of the university community in pursuit of student development, academic learning, scholarship and research.

*Living the Commitment:* A commitment to this resolution upholds our core values of honesty, diligence and trust within our academic and professional lives. This means that authentic and sincere efforts motivate our work while we strive for genuine, trustworthy interactions.

I resolve to respect the dignity and intrinsic value of all persons.

*Living the Commitment:* A commitment to this resolution requires appreciation for another's personal right to explore freely, to express oneself responsibly, and to participate actively in building an environment of mutual respect and inclusion for each individual. This means that we will support equal rights and opportunities for all people, while exhibiting behaviors which are compassionate and considerate to others.

I resolve to contribute to the progress and greater good of the community.

*Living the Commitment:* A commitment to this resolution motivates us to serve the University with words and actions that generate a positive impact on the future of the whole community. This means that active and creative thought and contributions within a collegial environment will expand both the nature and scope of knowledge and the quality of community life.

I resolve to strive for excellence and discovery for myself, others, and the University.

*Living the Commitment:* A commitment to this resolution confirms the shared values that make the University a strong community. We hold high expectations for our own academic and professional work. Concurrently, we endeavor to support the success of others as we *all* seek to contribute to the mission of the University.

## About the University of South Florida

USF is the fastest-rising university in America, according to U.S. News and World Report's 2022 Best Colleges rankings. Over the past 10 years, USF has risen 78 spots among all universities and 54 spots among public universities, more than any other university in the country. This is the second consecutive year USF is among the top 50 public universities in the nation, according to U.S. News. Learn more about USF *Points of Pride*.

For more information about USF, visit <https://www.usf.edu/about-usf/index.aspx>. Students can visit <https://www.usf.edu/about-usf/student-consumer-information.aspx> for student-specific information.

Sarasota-Manatee

## Accreditation

The University of South Florida is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award associate, baccalaureate, masters, educational specialist, and doctoral degrees. The University of South Florida also may offer credentials such as certificates and diplomas at approved degree levels. Questions about the accreditation of the University of South Florida may be directed in writing to the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, GA 30033-4097, by calling (404) 679-4500, or by using information available on SACSCOC's website ([www.sacscoc.org](http://www.sacscoc.org)).

Normal inquiries about the institution, such as admission requirements, financial aid, educational programs, etc., should be addressed directly to the institution and not to the Commission's Office.

# ABOUT USF

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

For more information on Accreditation, visit <https://www.usf.edu/ods/accreditation/accreditation.aspx>.

In addition to SACSCOC accreditation, which applies to the institution, many academic programs are accredited by specialized accreditors that focus on specific academic disciplines.

The University of South Florida and all colleges, departments and programs therein establish certain academic requirements that must be met before a degree is granted. These requirements concern such things as curricula and courses, majors and minors, and academic residence. Advisors, directors, department chairs, and deans are available to help the student understand and meet these requirements, but the student is responsible for fulfilling them. At the end of a student's course of study, if requirements for graduation have not been satisfied, the degree will not be granted. For this reason, it is important for all students to acquaint themselves with all regulations and to remain currently informed throughout their college careers and to be responsible for completing requirements.

Courses, programs, and requirements described in the catalog may be suspended, deleted, restricted, supplemented, or changed in any other manner at any time at the sole discretion of the University and the USF Board of Trustees.

For more information on Specialized Accreditation, visit <https://www.usf.edu/ods/accreditation/index.aspx>.

## USF Libraries

---

<https://www.lib.usf.edu/>

The University Library for the Tampa campus offers access to an extensive selection of print and electronic resources, including books, maps, e-journal, e-books, and countless databases. There is also a collection of audio/visual materials including videos, CDs, DVDs, and even LPs. Students and faculty also have access to specialized research assistance and information literacy instruction from our librarians. Assistance is available from research and reference librarians either by appointment, on-line via our website, by phone, or in a classroom setting.

The University Library for the St. Petersburg campus is home to the Nelson Poynter Memorial Library, and serves as a partner in teaching, learning and research. The St. Petersburg campus Library connects students and faculty to a variety of information sources, innovative opportunities, and diverse perspectives.

The University Library for the Sarasota-Manatee campus Library offers students, faculty, and staff access to the extensive holdings of the University Libraries, which include: over 1.3 million print books; over 52,000 e-journal subscriptions; over 443,000 e-books; and over 800 databases containing articles, media and other materials. Our librarians provide reference and research assistance in all courses of study, and can help you to better organize and execute your search for the things you need to get the job done

In addition to the USF Libraries, there are three special libraries. On the Tampa campus is the Shimberg Health Sciences Library (<https://health.usf.edu/Shimberg-library/>), serving the needs of USF Health, consisting of the Colleges of Medicine, Nursing, Pharmacy, Physical Therapy, and Public Health; and the Louis de la Parte Florida Mental Health Institute (FMHI) Research Library (<https://www.usf.edu/cbcs/fmhi/>), serving the College of Behavioral and Community Sciences. The Jane Bancroft Cook Library serves as a joint-use facility shared by New College and the Sarasota-Manatee campus.

## Intercollegiate Athletics

---

<https://gousfbulls.com/>

The University of South Florida Athletic Department is committed to providing all student-athletes with opportunities to receive a world-class education, win championships, and develop into the leaders of tomorrow while embracing our partnerships within the Tampa Bay community. Programs include:

## USF Alumni

[alumni@usf.edu](mailto:alumni@usf.edu)

<https://www.usfalumni.org>

The USF Alumni Association is a nonprofit organization composed of former students and friends of the University of South Florida. The mission is to provide meaningful ways for USF Bulls to support, protect and promote their university. Additionally, the USF Alumni Association supports several student programs, including: Student Alumni Association - the largest student organization at USF; USF Ambassadors - student representatives for the university; and, Order of the Golden Brahman - USF's newest student service and leadership organization. There are more than 365,000 USF graduates worldwide who are critical to USF in achieving its goals.

## Advancement/USF Foundation

The USF Foundation connects the university with donors who want to make a difference by providing private, philanthropic support to promote student success, academic initiatives, research and other strategic priorities of the University of South Florida. The USF Foundation is governed by an elected board whose members serve as advocates for the university, its colleges, campuses and units. Each volunteer board member is guided by a mission to promote private support, advocate for the university and manage the university's endowment.

For more information, visit [foundation.usf.edu](http://foundation.usf.edu).

## USF Policies

The Office of General Council website is the repository for University of South Florida regulations and University policies. On their website you will find information regarding new and proposed regulations and policies, as well as a searchable archive of regulations and policies that have been adopted or repealed. For more information, visit <http://regulationspolicies.usf.edu/>.

## Academic Grievance Procedures for Students

---

Academic Grievance Procedure for Students - USF Policy 10-002

<https://usf.app.box.com/v/usfpolicy10-002>

In the case of Academic Integrity violations, the appeal or grievance of a decision or academic action regarding Academic Integrity is contained in Academic Integrity of Students, USF Policy 3.027 (<https://usf.app.box.com/v/usfregulation3027>).

## Academic Integrity of Students

---

Academic Integrity of Students - USF Regulation 3.027

<https://usf.app.box.com/v/usfregulation3027>

## Academic Renewal

---

Academic Renewal - USF Policy 10-075

<https://usf.app.box.com/v/usfpolicy10-075>

### *Academic Renewal 1 (AR-1)*

Students who have been academically dismissed or former students returning with a USF grade point average (GPA) below 2.00 may petition the Academic Regulations Committee (ARC) to return to the university under AR-1. A student will be considered for reinstatement to the university under academic renewal 1 after completing all requirements for the Associate of Arts degree or equivalent (including General Education, State Communication and Computation Requirements) at a two- or four-year college other than USF. Academic Renewal 1 students will enter USF as an upper-level student and their USF GPAs will be calculated from that point forward. While AR-1 is required for students who have earned less than 60 credit hours, it is not restricted to those students. In order to graduate following re-admission under AR-1, all USF and major residency and degree requirements must be met.

Students must:

1. Complete the A.A. degree. Official transcripts must be received by the Office of Admissions.
2. Meet with the academic advisor in the major they intend to pursue upon return and complete the *Academic Advising Record for Reinstatement Through Academic Renewal I or II form*.
3. Complete the *Reinstatement After Academic Dismissal* form, and check the box for "AR1." (Forms are available at <https://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/forms.aspx>)
4. Write personal statements addressing why they should be considered for reinstatement, how they have overcome specific barriers that previously affected academic success and a clear rationale for pursuit of the selected major.
5. Submit the *Reinstatement Petition packet* (steps 1 through 4) to the Academic Regulations Committee (ARC) representative in the College of the major they intend to pursue upon return to USF.

Academic Renewal will only be applied to a student's record one time at USF. Students readmitted under academic renewal may be excluded from admission to specialized admissions programs and will only be considered for University Honors at graduation if they meet the criteria using all attempted grades earned. Students returning to the university under Academic Renewal may incur excess hours and associated monetary penalty. For more information, see <https://www.usf.edu/registrar/services/excess-hours/>.

# ACADEMIC POLICIES AND PROCEDURES

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

### *Academic Renewal II (AR-II)*

Academic Renewal II is available to students who were academically dismissed or former students returning with a USF grade point average (GPA) below 2.00 and have 60 or more earned credits from USF or other institutions of higher education. These students will be considered for reinstatement to the university under Academic Renewal II, after a break in USF enrollment for at least three semesters. Students may choose to complete major prerequisites at another institution during this time, but are not required to do so. Students who choose to take courses at another institution should meet with the academic advisor of their intended USF major prior to enrolling in courses elsewhere. Following readmission under Academic Renewal II, students will have their USF GPA calculated from that point forward. In order to graduate following readmission under AR-II, all USF and major residency and degree requirements must be met.

1. Official transcripts must be received in the Office of Admissions if student was enrolled at another institution during their year away from USF.
2. Complete the *Academic Advising Record for Reinstatement Through Academic Renewal I or II* form with the academic advisor in the major they intend to pursue upon return. (Forms are available at <https://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/forms.aspx>)
3. Complete the *Reinstatement After Academic Dismissal* form, and check the box for "ARII."
4. Write personal statements addressing why they should be considered for reinstatement, how they have overcome specific barriers that previously affected academic success and a clear rationale for pursuit of the selected major.
5. Submit the *Reinstatement Petition packet* (steps 1 through 4) to the Academic Regulations Committee (ARC) representative in the College of the major they intend to pursue upon return to USF.

Academic Renewal will only be applied to a student's record one time at USF. Students readmitted under academic renewal may be excluded from admission to specialized admissions programs and will only be considered for University Honors at graduation if they meet the criteria using all attempted grades earned. Students returning to the university under Academic Renewal may incur excess hours and associated monetary penalty. For more information, see <https://www.usf.edu/registrar/services/excess-hours/>.

### **Associate in Arts**

---

Associate in Arts Degree - USF Regulation 3.019

<https://usf.app.box.com/v/usfregulation3019>

### **Course Attendance at First Class Meeting**

---

Student Registration Changes, Initial, Drop/Add, Withdrawal, and Auditing - USF Policy 10-006

<https://usf.app.box.com/v/usfpolicy10-006>

All instructors teaching undergraduate and graduate courses are required to take attendance on the first day of class and to drop students who do not attend the first day of class. Students who experience extenuating circumstances that are beyond their control and who are unable to attend a first class meeting must notify the instructor via email using the course management system (i.e., Canvas) for that course prior to the first class meeting to request waiver of the first class attendance requirement. Although instructors are authorized to affect the drop, students are fundamentally responsible for knowing their registration status, and the student must ensure that their registration status reflects the drop by the end of the drop/add period. For Saturday only courses or courses that begin on a Saturday, students are expected to contact the Office of the Registrar at [AskTheRegistrar@usf.edu](mailto:AskTheRegistrar@usf.edu) to drop the course(s).

Distance learning students must log-in to their course(s) and complete an academic activity by the first day of their online course(s). Students who are unable to log-in to their course(s) due to circumstances beyond their control must

# ACADEMIC POLICIES AND PROCEDURES

notify the instructor or the department prior to the calendar start date of the course to request waiver of the first class attendance requirement.

### General Attendance

---

USF's policy on General Student Attendance can be found here <https://usf.app.box.com/v/usfpolicy10-069>.

### Course Syllabus

---

Syllabi Policy - USF Policy 11-008  
<https://usf.app.box.com/v/usfpolicy11-008>

A *syllabus* is an academic agreement that establishes the academic relationship between instructors and students in a course, and is used as the basis for communication and accountability. It communicates course expectations, organizes information, sets the tone for the learning environment, maps the path of student learning, and provides accountability. A carefully constructed syllabus helps clarify course goals and learning objectives, assessment and evaluation standards, grading policies, and expectations for student and faculty behavior.

The Southern Association of Colleges and Schools Commission on Colleges Criteria for Accreditation require that a syllabus be placed on file in the department for each course taught and that students must be provided written information about the goals and requirements of each course, the nature of the course content, and the methods of evaluation to be employed.

For more information about the components of a course syllabus, visit <https://www.usf.edu/innovative-education/citl/syllabus.aspx>.

### Degree Progression

## Foreign Language Entrance Requirement (FLENT)

---

Admission to Baccalaureate Programs of University of South Florida - USF Regulation USF 3.018

<https://usf.app.box.com/v/usfregulation3018>

All incoming students must have completed two credits of one foreign language or American Sign Language in high school or the equivalent to eight to ten semester hours in the undergraduate institution(s) attended prior to attending USF or demonstrate equivalent foreign language competence as described in BOG Regulation 6.002 and BOG Regulation 6.004.

## Foreign Language Graduation Requirement (FLEX)

---

Information on how to complete the FLEX requirement is outlined on the USF Regulation 3.007

<https://usf.app.box.com/v/usfregulation3007>

The following programs accept American Sign Language Competency for the exit requirement: Africana Studies, Aging Sciences, Anthropology, Chemistry, Communication, Communication Sciences and Disorders, Criminology, Digital Communication and Multimedia Journalism, Economics, English, History, Humanities and Cultural Studies, Interdisciplinary Social Sciences, Mass Communications, Political Science, Psychology, Religious Studies, Sociology, Sustainability Studies, Women's and Gender Studies, and all programs in the College of Education and College of Design, Art, and Performance.

Approval is needed by the student's program/department major.

Students electing to take the examination in French, German, Italian, Portuguese, Russian, Spanish, Ancient or Modern Greek, or Latin should apply to the Director of the Department of World Languages. Students taking the examination in New Testament Greek or Hebrew should apply to the Chairperson of Religious Studies. Students taking the examination in American Sign Language should apply to the Chairperson of Communication Sciences and Disorders.

Students must complete 36 hours of general education following state and university requirements. For more information, please visit the General Education Information section of this catalog.

## Civics Literacy Requirement

---

# ACADEMIC POLICIES AND PROCEDURES

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

All students earning a baccalaureate degree will need to complete the Civics Literacy requirement as stated in Florida Statute 1007.25 ([http://www.leg.state.fl.us/Statutes/index.cfm?App\\_mode=Display\\_Statute&URL=1000-1099/1007/Sections/1007.25.html](http://www.leg.state.fl.us/Statutes/index.cfm?App_mode=Display_Statute&URL=1000-1099/1007/Sections/1007.25.html)).

For information on the exact requirement, please visit the USF Civics Literacy website: <https://www.usf.edu/undergrad/students/civics-literacy.aspx>.

## **Summer Enrollment Requirement**

---

All students entering USF with fewer than 60 semester hours of credit are required to earn at least nine semester hours of credit prior to graduation by attendance during one or more Summer terms in courses offered by USF or any one of the State University System of Florida institutions. The university may waive the application of this rule in cases of unusual hardship.

A student who wishes to have the rule waived must complete a *Request for Waiver of Mandatory Summer Enrollment Form* available in the Office of the Registrar ([https://www.usf.edu/registrar/documents/forms\\_2019/summer\\_waiver\\_request\\_form\\_2019.pdf](https://www.usf.edu/registrar/documents/forms_2019/summer_waiver_request_form_2019.pdf)). Requests to waive the Summer Residency requirement will only be considered during the final term in which a student is enrolled to complete their degree. After submission of the form to the Office of the Registrar, the student will receive notification to their USF email of the action taken.

### Academic Processes

#### **Academic Probation and Dismissal**

Note: The information below pertains to *academic* probation or dismissal. This is different than dismissal or suspension due to academic *integrity* issues. For information on academic integrity, please see the Academic Integrity section above.

The first time an undergraduate student's USF grade point average (GPA) falls below a cumulative 2.0, the student will be placed on academic probation. From the beginning of academic probation, the student must maintain at least a 2.0 GPA each term and may not totally withdraw from any semester without cause. Any student who withdraws from all classes after the fifth day of classes while on academic probation will be academically dismissed.

Once on academic probation, academic advising prior to registration is mandatory until the student is removed from probationary status. Students may remain on academic probation indefinitely as long as the student maintains a GPA of 2.0 or greater each semester. If at any time while on academic probation, the student's semester GPA falls below a 2.0, the student will be academically dismissed from the university. Once academically dismissed, the student may only return under USF's Academic Renewal policies. If academically dismissed from USF, students may not enroll USF as a non-degree seeking student.

First year, first time in college (FTIC) students may be granted a one-time only academic dismissal deferment, allowing an additional semester of enrollment. Students will work with the Office of Academic Advocacy (<https://www.usf.edu/undergrad/academic-advocacy/>) to create a plan for academic success in the deferred semester. It should be noted that deferring academic dismissal will not extend financial aid canceled due to poor academic performance.

The determination and notification of probationary status or academic dismissal is made by the Office of the Registrar; academic standing is noted on the student's transcript. A student who attends another college or university following academic dismissal will be classified as a transfer student and readmission will be based on the total record accumulated from all colleges and universities attended.

Once a student's semester and USF GPA are at or above 2.0, the academic probation status will be removed.

If a student is academically dismissed or falls below a 2.0 cumulative USF GPA and subsequently receives a baccalaureate degree from another four-year institution, that student, when accepted to the university with the post-baccalaureate status, will have their academic standing restored to good standing.

#### **Reinstatement**

Students placed on Academic Dismissal may only return to USF under the university's Academic Renewal policies. Academic Renewal allows students previously dismissed or former students returning with a USF GPA below 2.00 to renew their pursuit of baccalaureate degrees without the responsibility of having to overcome the entire burden of low grades and low grade-point-averages. To facilitate this opportunity, students who qualify for Academic Renewal may, with the approval of the Academic Regulations Committee and/or the Office of Undergraduate Studies, have portions of their academic record excluded from their grade point averages (GPAs). To be eligible for academic renewal, the student must select a major in which they will graduate according to the degree progression policy. The entire academic record however will continue to be reflected on their transcripts even though a selected portion will not be

# ACADEMIC POLICIES AND PROCEDURES

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

counted in their GPAs. Academic Renewal students are admitted with the same terms of academic probation and dismissal as all other undergraduate students.

Students petitioning for reinstatement must submit a new application to the Office of Admissions (<https://www.usf.edu/admissions/index.aspx>).

If academically dismissed from USF a student may not return to USF as a non-degree seeking student.

## Academic Regulations Committee

Certain academic regulations for the university are managed by the Academic Regulations Committee (ARC) within each college. For specific information, please see <https://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/>. Each college's ARC regularly reviews petitions submitted by undergraduate students. Undergraduate students must petition and secure approval from their college's ARC to return to the university after having been academically dismissed or to receive special consideration regarding an academic regulation, including late or retroactive drop of a course, late registration or late add of a course, deletion of a course, and withdrawal from a term. The ARC representatives or designees in each college meet with the student, assist with the petition process, and serve on their college's ARC. Representatives from the college ARC's also meet formally to review ARC policies and procedures for the university.

Each college's ARC will reexamine petitions when the student provides new and substantive information directly related to the petition or evidence that an error was made. A final ARC decision may be appealed first through the appropriate college Dean or designee within ten business days of the initial decision. Then the Dean of Undergraduate Studies (or the Designee) may hear an appeal.

Requests made for late adds after the withdrawal deadline for the term, and for a retroactive withdrawal six months after the applicable semester, require an additional review by the university Registrar to ensure compliance with university, State and Federal regulations and policies. Late Adds falling in this category must have circumstances outlining the exceptional reason for the delay and lay out a plan for demonstrating completion of meeting minutes by the conclusion of the term per SACSCOC Federal Requirements 4.9, Definition of a Credit Hour. Late Withdrawals falling into this category must have documentation supporting exceptional circumstances that occurred after the withdrawal deadline.

To petition the committee, completed forms should be submitted to the respective College Advising Office for ARC review. In some cases, a consultation with an ARC representative is required. Students may contact their ARC representative for details regarding their submission. Detailed information and the appropriate forms may be obtained by visiting the ARC's website (<https://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/>). Students will receive notification of the committee's decision by mail/email.

If a student is requesting consideration for financial reimbursement, the student must also submit a Fee Adjustment Request ([https://www.usf.edu/registrar/fee\\_adjustment.aspx](https://www.usf.edu/registrar/fee_adjustment.aspx)) to the Office of the Registrar within six months of the applicable term's end date and following final petition decision.

## Alternative Academic Process for Seriously Traumatized Students

An alternative academic process is provided for those seriously traumatized students who have received assistance from the Center for Victim Advocacy and Violence Prevention (<https://www.usf.edu/student-affairs/victim-advocacy/index.aspx>) or the Counseling Center (<https://www.usf.edu/student-affairs/counseling-center/>) or Student Health & Wellness (<https://www.usf.edu/student-affairs/student-health-services/services/index.aspx>) when the professionals of those centers have reviewed the personal and confidential information related to the student's

# ACADEMIC POLICIES AND PROCEDURES

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

experience to determine appropriate actions for the student. The USF Center for Victim Advocacy and Violence Prevention, the Counseling Center and Student Health Services will assist in determining appropriate actions, including waiving certain academic regulations to accommodate the student's needs.

### Commencement Ceremony

Commencement ceremonies are held at the end of each academic semester. Ceremonies are held three times a year (Spring, Summer and Fall) with multiple ceremonies hosted in a day.

Students register to participate in a Commencement ceremony through the Commencement website, <https://www.usf.edu/commencement/>. Registration for that term's ceremony opens one week after the deadline for the degree application and the deadline to register for the ceremony is three weeks prior to Commencement weekend. Registration is open to all undergraduate students.

Registering for Commencement is a separate process from applying for a degree and may not always align with degree application. Students can participate in Commencement one semester prior or up to one year after earning their degree. Students should apply for their degree in Student Self Service in the term in which their degree requirements will be met.

1. To apply to graduate through the Office of the Registrar and receive your diploma: <https://www.usf.edu/registrar/services/apply-for-graduation/index.aspx>.
2. To register for the Commencement ceremony: <https://www.usf.edu/commencement/>.

#### NOTES:

- Students who apply to graduate, by the deadline, will receive information regarding Commencement registration. Those interested in participating in Commencement but who are not graduating in that semester, should refer to the Commencement website.
- Students do not receive their diploma at the Commencement ceremony.
- The online Commencement program will only list the names of students who are earning their degree in that term. A student participating in a ceremony outside of their graduating term will not find their name in the program. Students who have elected certain levels of privacy on their records will not have their names published in the Commencement ceremony program.
- Commencement is a most dignified ceremony.
- Academic regalia is required and there is a cost of regalia.
- There is no fee to participate in a Commencement ceremony for graduates, their families, and their guests.

### Dean's List

Full-time undergraduate students who demonstrate superior academic achievement during one semester will be honored on a "Dean's List." To be eligible for the Dean's List, a student must meet the following criteria:

- Complete 12 hours of graded (A-F) USF coursework with no Incomplete, Unsatisfactory and/or W grades during the semester.
- Earn a semester GPA in USF coursework, as designated by the College of their major, as follows:
  - College of Arts and Sciences = 3.9 GPA
  - College of Behavioral and Community Sciences = 3.9 GPA
  - Muma College of Business = 3.9 GPA
  - College of Education = 3.9 GPA
  - College of Engineering = 3.9 GPA
  - College of Nursing = 3.9 GPA
  - College of Public Health = 3.9 GPA
  - College of Design, Art, and Performance = 3.9 GPA

# ACADEMIC POLICIES AND PROCEDURES

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- Office of Undergraduate Studies = 3.9 GPA

If a student is coded in two undergraduate majors from two different colleges, the student may be honored with Dean's List from each college, presuming the student meets the required GPA threshold for each individual college.

Dean's List is determined at the end of the semester, after grades are posted. If an Incomplete or change of grade is processed after grades processing is finalized, the student will not retroactively receive Dean's List designation.

Students registered in the Student Accessibility Services office whose approved accommodations include a reduced academic load are eligible by meeting the above parameters with at least nine (9) credit hours of graded USF coursework completed in the semester and the recommendation from that office, to be confirmed by the Dean of the college of the student's major.

The Dean of the College in which the student is majoring or the Dean of Undergraduate Studies, for students currently enrolled in an exploratory curriculum, will recognize this academic honor. Students who are eligible should contact their College Advising Office or Student Accessibility Services for information.

Students are eligible to earn the Dean's List designation only once for the entire summer and intersession semesters.

## Declaration or Change of Major

---

It is advantageous for students to make early decisions about their major, to be on track and to remain on track toward their degrees and to graduate in a timely manner. With hundreds of options to choose from, USF provides students a considerable amount of choice in their early course decisions. Students are encouraged to declare a major upon entry to the university. If they are unable to select or declare a major formally or a pre-major, they should follow the exploratory curriculum that best matches their interests (<https://www.usf.edu/undergrad/programs/ecm/>).

First Time in College (FTIC) students must be officially declared in a major or a pre-major before they register for more than 36 credits, including credit earned via Advanced Placement, International Baccalaureate, or Dual Enrollment coursework. Students will not be allowed to register for further credits at the university until they have declared a major or pre-major.

Transfer students should declare their majors upon entry to the university. Transfer students with 60 or more semester hours must declare a major and will not be allowed to register for further credits at the university until they have declared a major or a pre-major.

Many resources are made available by the university to assist students in making career decisions and choosing their majors. The process for Changing a Major is the same as Declaring a Major. Students are encouraged to visit with their academic advisor and to visit the **Center for Career and Professional Development** at <https://www.usf.edu/career-services/>.

Major changes must be made by the drop/add deadline for the applicable term. Otherwise, they are effective for the subsequent term of eminent.

## Early Notification of Instructor Requirement for University Sponsored Activities

---

The university recognizes the importance of participation in university-sponsored activities such as musical and theatrical performances, athletic competition, and debate. It also recognizes that such participation may result in conflicts with scheduled class times. It is the responsibility of participating students to provide a full list of anticipated conflicting days to instructors by the end of the first week of the term, and directors and advisors of university activity programs have an obligation to assist students with this task. Students are responsible for identifying potential absences specific to a particular class and notifying individual instructors of these conflicts, especially for conflicts with scheduled examinations.

Please note that a general schedule for a team or ensemble does not satisfy this notification requirement. Students should provide instructors with addenda (e.g., end-of-season tournaments, newly scheduled events, or rescheduled

# ACADEMIC POLICIES AND PROCEDURES

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

events) that result in new conflicts as soon as they are available. Directors and advisors of university activity programs should consult with participating students prior to registration to help them choose courses that do not have excessive anticipated conflicts.

### Grade Forgiveness

USF's grade forgiveness process permits a student to repeat a course and have the repeated grade computed in the cumulative grade point average (GPA) in place of the original grade, providing the repeat grade is posted as "D -" or higher (exception - see Honors at Graduation within this section) and is higher than the first grade. Normally, grade forgiveness may only be applied to a specific course that a student chooses to repeat. Under unusual circumstances, a different but similar course may be used if the substitute course has been previously approved by the College Dean and is on file in the Office of the Registrar.

No course taken on the S/U grade basis may have the grade forgiveness applied. Similarly, the grade forgiveness process cannot apply to any course in which the grade of "FF" has been recorded.

Any undergraduate or non-degree seeking student who wishes to implement grade forgiveness must:

1. Complete a Grade Forgiveness Request form for each course to be repeated (<https://www.usf.edu/registrar/documents/forms/2019/grade-forgiveness-request-2019.pdf>).
2. Adhere to the following conditions:
  1. A limitation of applying grade forgiveness to three USF courses with no more than one repeat per course.
  2. Once you utilize grade forgiveness, it cannot be rescinded.
  3. With prior approval of the college dean, a course different from a course on the approved list may be substituted in the following cases:
    - The substitute course is a change in prefix, number, hours, or title, but not a substantive change in content from the original course.
    - The substitute course replaces a course no longer offered by the institution.
    - The substitute course was approved by the Director Student Accessibility Services and the Dean of Undergraduate Studies as an appropriate alternative for a student with accommodations.
  4. The repeated course must be taken under the standard grading system (A - F) and the latest grade must be posted as "D -" or higher (grades of S/U are not permitted) and be higher than the first grade.
  5. All grades remain on the transcript. The original course grade will be annotated with "E" to indicate that the course has subsequently been repeated and the original grade is not computed in the GPA.
  6. Individual colleges may have further restrictions; therefore, the student should consult with their college.

This process is applicable to undergraduate and non-degree-seeking students only, and applies to 1000-to-5000-level courses. Once students have been awarded a bachelor's degree from USF, they may not repeat a course and be forgiven the original grade, taken prior to graduation.

The process applies only to courses taken originally and repeated at USF.

### Honors at Graduation

To be considered for honors at graduation, a baccalaureate candidate must have completed at least 40 credits of graded upper level work at USF and have earned a grade point average (GPA) of 3.50 or higher for all graded coursework attempted at USF. For those students in programs requiring multiple clinical experiences (such as Nursing and Education), a baccalaureate candidate must have completed at least 30 hours of graded upper level coursework and have earned a GPA of 3.50 or higher for all graded coursework attempted at USF. In addition, to be eligible for honors, transfer students and USF students who have postsecondary work elsewhere must have an overall GPA of 3.50 or higher counting all USF courses, as well as, all transferable work attempted at other

# ACADEMIC POLICIES AND PROCEDURES

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

institutions. The forgiveness policy at USF or other institutions and plus/minus grades awarded at other institutions are not applicable in computing the GPA for honors. In addition, students with a record of academic dishonesty appearing on any transcripts may graduate from a degree program after meeting all degree requirements, but will not be eligible for honors at graduation, including the honor of graduating from the Honors College or a departmental honors program.

- Candidates with a USF GPA of 3.50 or higher and an overall GPA of 3.50 but below 3.70 shall receive a diploma designation of cum laude (with honor).
- Candidates with a USF GPA of 3.50 or higher and an overall GPA of 3.70 but below 3.90 shall receive a diploma designation of magna cum laude (with high honor).
- Candidates with a USF GPA of 3.50 or higher and an overall GPA of 3.90 or above shall receive a diploma designation of summa cum laude (with highest honor).

In addition, each Dean has the option to select on the basis of exceptional achievement 1% of the college's graduates or one student per semester for graduating with distinction.

Undergraduate candidates with an overall GPA of 4.00 are recognized at the commencement ceremony as King O'Neal Scholars. They will be recognized during the ceremony and presented with a certificate and medallion from the Alumni Association.

For purposes of honors recognition at the Commencement ceremony, students must have a 3.50 GPA before the term in which they plan to graduate to have honors recognized publicly at the Commencement ceremony.

The GPA is not rounded up when determining honors at graduation (e.g., 3.69 is not the same as 3.70). The forgiveness policy at USF and other institutions and plus/minus grades awarded at other institutions will not be applicable in computing the GPA for honors. In addition, students with a record of academic dishonesty appearing on any transcript(s) will not be eligible for honors at graduation.

## "I" Grade

---

An "I" grade indicates incomplete coursework and may be awarded to undergraduate students. Undergraduate rules apply to non-degree-seeking students. An incomplete may be awarded to an undergraduate student only when a small portion of the student's work is missing and only when the student is otherwise earning a passing grade. The instructor will be required to complete the I-grade contract online when posting the semester grade at the end of the term, identifying the remaining coursework to be completed, the student's last day of attendance, and the percent of work accomplished to this point. This online contract will be automatically sent to the student's email and to the Office of the Registrar.

Until removed, the "I" is not computed in the GPA for undergraduate students. The time limit for removing the "I" is to be set by the instructor of the course; this time limit may not exceed two semesters. "I" grades not removed by the end of the time limit will be changed to "IF" or "IU," whichever is appropriate. If an instructor is willing, they may accept work from a student after an I grade has changed to an IF or IU grade, and assign the student a final grade in the course, unless the student has graduated. Whether or not the student is in residence, any change to "IF" grades will be calculated in the cumulative GPA and, if applicable, the student will be placed on appropriate probation or academically dismissed. Students should not re-register for courses in which they are only completing previous course requirements to change an "I" grade; if a student wants to audit a course for review in order to complete course requirements, full fees must be paid.

## Steps for Graduation

---

The Office the Registrar has complete information regarding graduation requirements (see <https://www.usf.edu/registrar/services/apply-for-graduation/>).

### **STEP 1: Apply for graduation (receive a diploma) and complete the graduation survey.**

- Login into **Student Self-Service** using MyUSF and then follow these steps:

# ACADEMIC POLICIES AND PROCEDURES

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- Enter your Net ID and self-assigned password.
- Click on "My Resources."
- Click on "**Student Self-Service**."
- Click on "Student."
- Near the bottom of the list, select "Apply for Graduation."
- Please be sure to check the address in **Student Self-Service** as that is where your diploma will be sent.
- The Office of Decision Support requires all graduation applicants to take a survey; that survey affronts the online graduation application.
- **IMPORTANT NOTES: This does not automatically add the student to the Commencement ceremony. Please read below for further details to complete that process and see other important information about graduation.**
- The student is responsible for checking with your college for any additional graduation requirements and earlier application deadlines they may require.
- Any student who completes the graduation survey and applies after the published deadline will not be included in the Commencement brochure. Applying late may also possibly prevent the application from being processed in time for the degree to be awarded until the next term, even if all degree requirements are met. In order for a degree statement to appear on your transcript, a graduation survey and application must be submitted whether or not the student attends Commencement.

**STEP 2: Clear financial obligations.** Financial obligations must be cleared prior to graduation or your diploma will be held upon request of Student Accounting Services. Ensure that all fees are paid to the university in full. These include parking, library, etc. or a hold will be placed on the student record. This will prevent release of the student's diploma and transcripts until all fees are collected and the hold is released.

**STEP 3: Check grades.** It is the student's responsibility to clear all "I" (incomplete grades) for courses required for graduation, and to provide official hard copy transcripts of all transferred course work needed for graduation at least one term prior to graduation.

**STEP 4: Check current class schedule.** You should notify your college of any change or error in their schedule for the current semester, including any adds/drops or withdrawals. Contact the Office of the Registrar if your name does not appear on a class roll for a course in which you believe you are registered.

**STEP 5: Check name in student record.** Students may designate a name to appear on their diploma. The student must signify on the form if the changed name is to be listed on your diploma instead of the one in your student record. It is critical that upper/lower case letters, accents, and punctuation be clearly indicated on the application.

**STEP 6: RSVP for Commencement.** Graduation and Commencement require two different processes. See requirements for Commencement at <https://www.usf.edu/commencement/>.

## S/U Grade System

---

Certain courses have been designated as S/U courses. The "S" and "U" grades are used to indicate the student's final grade. These S/U only courses are identified with (S/U only) after the course definition in this catalog.

### Mechanism for Assigning S/U Grades

"S" and "U" grades are not computed in the student's GPA. The method by which a student receives an "S" or "U" grade in an option course will consist of the following:

- A written agreement signed by both instructor and student shall be filed with such offices as may be designated by the college. The college shall set the deadline (no later than the last day of classes for the term) for the student to decide if they wish to take the course on an S/U basis.
- The instructor shall assign final letter grades A, B, C, D, F, or I, but will transmit to the Office of the Registrar "S" or "U" consistent with the following:
- Letter grade, A, B, C, or C- shall be equivalent to a letter grade of "S."
- Letter grades D or F shall be equivalent to a letter grade of "U."

## Office of Admissions

---

Student Services Building (SVC) 1036

(813) 974-3350

admissions@usf.edu

<https://www.usf.edu/admissions/>

The Office of Admissions assists prospective students with learning about opportunities available to them at the University of South Florida. The Office is responsible for processing applications for admission for undergraduate students (first time in college -FTIC-, transfer, and former students returning -FSR-, including international students). Admission to the University of South Florida requires evidence of ability to successfully complete academic work, the capacity to think creatively, and strong motivation. The minimum admission requirements are designed to help identify applicants whose academic background indicates the potential for success at USF; however, achieving minimum admission requirements does not guarantee acceptance.

The admission of new students at all levels is on a selective basis within curricular, space, and fiscal limitations. The selection process may include such factors as grades, test scores, date of application completion, the pattern of courses completed, educational objectives, past conduct, and portfolios. Preference for admission in any term will be given to those applicants whose credentials indicate the greatest promise of academic success.

The university encourages applications for admission from all qualified applicants and does not discriminate based on race, color, marital status, sex, religion, national origin, disability, age, sexual orientation, veteran status, genetic information and gender identity and expression, or as otherwise prohibited by state or federal law, in the admission process. Students are offered admission to USF in accordance with the mission and goals of the university and within enrollment limitations established by the Department of Education, State University System of Florida, and the Florida Legislature.

## Admissions Application

---

The Office of Admissions accepts either application below. A \$30 (in U.S. currency) nonrefundable application fee is required. Only one application needs to be submitted from either:

- Institutional Application: The online USF Undergraduate admissions application found on the Office of Admissions web page at <https://www.usf.edu/admissions>
- Common Application: Can be found at <https://www.commonapp.org/>

## When to Apply

---

Applications for admission are accepted as early as nine months before the requested entry term. Applications for admission and the non-refundable application fee should be submitted by the preferred deadline date for the requested entry term or by the application deadline for the requested degree program (see specific Programs (A-Z) in this catalog), whichever is earlier.

### FRESHMAN (FTIC) SUMMER/FALL SEMESTER START

- August 1 – Application opens
- November 1 – Priority admissions deadline
- January 15 – Application completion deadline for students to qualify for admissions scholarships
- March 1 – Final application deadline
- May 1 – Admissions deposit deadline

# ADMISSIONS AND RELATED MATTERS

- May 15 – Final Completion deadline

## **TRANSFER SPRING SEMESTER START**

- March 1 – Application opens
- October 1 – Final application deadline
- October 15 – Final Completion deadline

## **FORMER STUDENT RETURNING (FSR) SEMESTER START**

Please complete application no later than 20 business days prior to the first day of your desired term of entry

## **Who Should Apply**

The University of South Florida offers a variety of programs to meet the diverse needs of the student body. You can apply if you are any one of the following:

- A High School Senior or First Time in College (FTIC) seeking a Bachelor's degree.
- An Undergraduate student with some college credits seeking a Bachelor's degree.
- A non-U.S. citizen seeking an Undergraduate degree.
- Seeking courses and programs for training, professional advancement, certification or personal growth.

An application for admission must be submitted by all students who have not been admitted to and enrolled in a USF degree program within the last three terms. Former or continuing USF degree-seeking students must file another application for admission when applying for a second-degree program, another level of study or readmission (see Readmission). Any previously enrolled student will be required to pay the \$30 application fee. Documents submitted requesting a waiver of the \$30 application fee are considered by the Dean of Admissions based upon the determination that the payment of this fee creates a documented severe financial hardship and serves as a deterrent from submitting the application.

## **Changing Requested Term of Entry**

Applicants may update their application for admission for up to one year from the originally requested term of admission. All requests for changes of entry term must specify any academic work attempted that was not reflected on the original application and must be received by the appropriate published application deadline for the new term of entry or degree program specified, whichever is earlier. Additionally, any issues related to criminal or academic

# ADMISSIONS AND RELATED MATTERS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

misconduct that was not reflected on the initial application must be reported in writing to the Office of Admissions. A new application and fee must be submitted when applicants wish to be considered for admission for a term that begins more than twelve months after the originally requested entry term.

An applicant who requests a new entry term must meet the admissions requirements in effect for the new term requested. Entry for some programs is limited to specified terms.

## General Admission Policies

---

### Transcripts and Other Admission Documents

---

All official transcripts, test scores, and any other required credentials must be received directly from the issuing agencies. It is the applicant's responsibility to initiate the request for credentials to the issuing agencies and to assure their receipt by the Office of Admissions. (See "Minimum Requirements for Admission" for information concerning required documentation). Official transcripts from all previous institutions are required.

All credentials and documents submitted become the property of USF. The originals or copies of the originals will not be returned to the applicant or forwarded to another institution, agency, or person.

### Provisional Admission

---

An applicant admitted on a provisional basis must submit the requested missing credentials, such as official final transcripts or test scores, which confirm eligibility for admission before a second registration will be permitted.

### Conditional Offers of Admission

---

Some applicants may be offered admission to the University of South Florida with the condition that they enroll in an alternate term, campus and/or program that differs from that requested on the application for admission, or that they meet the conditions outlined in the acceptance offer. For example, a freshman applicant may be offered admission to the summer or spring term due to enrollment limits and/or admission criteria. Continued enrollment is contingent on meeting all conditions of admission.

### Admission Denials

---

Any applicant - freshman or transfer - who does not meet minimum admission requirements and is denied admission may submit an appeal to the Faculty Committee on Student Admissions for reconsideration of the admissions decision.

Undergraduate applicants - freshman or transfer - who are denied admission as a degree-seeking student may not enroll as a non-degree seeking student. Please see information on Non-Degree Seeking Student.

Receipt of final official credentials that fail to substantiate eligibility will result in rescinding of admission and denial of continued enrollment in subsequent terms.

An application for admission or a residency declaration submitted by or on behalf of a student that contains false, fraudulent, or incomplete statements may result in denial of admission, further registration and/or degrees awarded.

The university may refuse admission to a student whose record shows previous misconduct not in the best interest of citizens of the university community.

USF Regulation 3.018 <https://usf.app.box.com/v/usfregulation3018>

## Required Proof of Immunity

---

All students must have proof of immunity as follows:

- MEASLES: Proof of Immunity.
- RUBELLA: Proof of Immunity.
- HEPATITIS B: Proof of Immunity or signed waiver declining the vaccine.
- MENINGITIS: Proof of Immunity or signed waiver declining the vaccine.

All students must complete and sign the USF Medical History & Immunization History Form or provide supporting documentation and electronic signature on their **Student Self-Service** account. For instructions see

<https://www.usf.edu/student-affairs/student-health-services/immunizations/index.aspx>

For students that applied to USF using an international address, a Tuberculosis screening is also required. For details, see <https://usf.app.box.com/v/usfpolicy33-003>.

For detailed information regarding USF's Immunization Policy and Requirements, see  
<https://usf.app.box.com/v/usfpolicy33-002>.

## Required Orientation

---

### New Student and Family Engagement- Office of Orientation

<http://www.usf.edu/orientation/>

#### Tampa campus

Marshall Student Center (MSC) 1300

(813) 974-3060

[myorientation@usf.edu](mailto:myorientation@usf.edu)

#### St. Petersburg campus

H William Heller Hall (HWH) 101

727-873-4754

[orientationstpete@usf.edu](mailto:orientationstpete@usf.edu)

#### Sarasota – Manatee campus

8360 North Tamiami Trail (SME 2001)

941-359-4342

[sar-orientation@usf.edu](mailto:sar-orientation@usf.edu)

Orientation is required for all newly admitted students. All newly admitted students must complete Orientation for the campus to which they are admitted prior to beginning classes. If a change in major requires a change in campus, students must also change their orientation location to their new home campus.

The Orientation experience is designed to meet the requirements of a student's home campus located in Tampa, St. Petersburg, or Sarasota-Manatee. Orientation provides an introduction to the campus community and facilitates a seamless transition into the academic and social environments unique to the identified home campus and the University of South Florida at large.

# ADMISSIONS AND RELATED MATTERS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

Primary facilitation of Orientation resides with the designated office(s) at each USF campus location. See USF Policy 10-035 *Mandatory Orientation for New Undergraduate Students*.

### Residency for Tuition Purposes

---

Florida BOG 7.005 Residency for Tuition Purposes

[https://www.flbog.edu/wp-content/uploads/7\\_005ResidencyforTuitionPurposesSept2015-2.pdf](https://www.flbog.edu/wp-content/uploads/7_005ResidencyforTuitionPurposesSept2015-2.pdf)

Residency refers to whether you are an in-state Florida resident or an out-of-state resident, and this classification determines your rate of tuition. Most importantly, living in or attending school in Florida will not, in itself, establish legal residence for tuition purposes.

When you apply to the university, your initial residency classification is determined by the Office of Admissions.

Failure to provide sufficient documentation in the residency section of the admissions application will result in a non-Florida or out-of-state residency classification for tuition purposes.

Once you have completed your first term at USF, you can request a reclassification of your residency status from the Office of the Registrar (<https://www.usf.edu/registrar/services/residency>). Please also refer to that site for important deadlines.

### Specialized Admissions Programs

---

Undergraduates seeking entrance to specialized admissions degree programs must meet special program requirements in addition to requirements for admission to the university. The admission criteria and procedures for specialized admissions programs at USF furnish equal access to A.A. degree holders from Florida public colleges, transfers from other SUS institutions and USF students of equivalent status. Transfer applicants with 60 or more transferable semester hours who are seeking admission to specialized admissions programs must meet the grade point average requirement and pre-requisites specified by the program to be eligible for admission to USF. Transfer applicants with 30 to 59 transferable semester hours who are seeking admission to certain specialized admissions programs such as Nursing may be required to meet a higher transfer grade point average requirement that would allow eventual admission to those particular degree programs.

USF, with approval of the Board of Governors and the Articulation Coordinating Committee, has established the following undergraduate programs as specialized admissions:

- Biomedical Engineering
- Dance
- Graphic Design
- All College of Education Teacher Certification programs
- All College of Nursing programs

The admissions requirements for these degree programs may be found with other program information in appropriate sections of this catalog.

### Foreign Language Entrance Requirement (FLENT)

---

USF Regulation 3.007

<https://usf.app.box.com/v/usfregulation3007>

FL BOG Regulation 6.002

[https://www.flbog.edu/wp-content/uploads/6.002FTICAdmissionsTechnicalchange2018\\_08\\_17.pdf](https://www.flbog.edu/wp-content/uploads/6.002FTICAdmissionsTechnicalchange2018_08_17.pdf)

# ADMISSIONS AND RELATED MATTERS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

FL BOG Regulation 6.004

([https://www.flbog.edu/wp-content/uploads/6.004-Transfer-Student-Admission\\_FINAL.pdf](https://www.flbog.edu/wp-content/uploads/6.004-Transfer-Student-Admission_FINAL.pdf))

All applicants admitted to the State University System (SUS) are expected to have demonstrated competency of foreign language or American Sign Language equivalent to the second high school level or higher. A limited number of students not meeting the high school foreign language requirement may be admitted; however, these students must fulfill the foreign language requirement prior to completion of the baccalaureate degree. Satisfaction of the foreign-language admissions requirement by having two (2) sequential units of the same foreign language in high school, or eight (8) credit hours of the same foreign language in college, or documented equivalent proficiency. Satisfaction of the foreign-language admissions requirement by having two (2) sequential units of the same foreign language in high school, or eight (8) credit hours of the same foreign language in college, or documented equivalent proficiency.

## Opportunities for Accelerated Progress toward Undergraduate Degrees

USF provides several options by which students may accelerate their progress toward completing the baccalaureate degree. These options recognize knowledge which has been acquired prior to or during attendance at USF and provide the opportunity to earn university credit. Options that may be utilized to accelerate progress include the following:

- Recognition of satisfactory performance on standardized tests offered through recognized examination programs. See <https://usf.acalogadmin.com/preview/content.php?catoid=19&navoid=3085> for a complete listing of exams and course equivalencies .
- Recognition of the International Baccalaureate Diploma Program. Students who earn the IB Diploma will be awarded 30 semester hours of college credit and sophomore standing. Credit for standard level exams with a score of 4 or higher may be awarded to those students who do not earn the IB diploma.
- Dual enrollment as a non-degree-seeking student at USF or a community college prior to graduation from high school (see <https://www.usf.edu/honors/accelerated-programs/dual-enrollment.aspx> [Public/Private High/Home School]). Florida College System students should follow eligibility criteria for non-degree seeking students (below).
- Early admission for high school students (see Early Admission Freshmen).
- Courses completed through USF Distance Learning. See: <http://www.usf.edu/innovative-education/programs/online-programs/courses.aspx>.
- Courses completed through the Florida Distance Learning Consortium. See <https://www.floridashines.org/>.
- Courses completed through the State University System Correspondence Study program.

Credits may be earned through a combination of the above options. Students should contact their college advisors for further information concerning the application of this credit toward their degree requirements.

Internal processes (such as auditions, portfolio reviews, and placement tests) utilized in the various departments for the sole purpose of determining a student's most appropriate area, level, or section placement in a program of study are not to be construed as examining mechanisms for the granting of credit.

## Minimum Requirements for First Time in College (FTIC) Admission

# ADMISSIONS AND RELATED MATTERS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

BOG Regulation 6.002

[https://www.flboq.edu/wp-content/uploads/6.002FTICAdmissionsTechnicalchange2018\\_08\\_17.pdf](https://www.flboq.edu/wp-content/uploads/6.002FTICAdmissionsTechnicalchange2018_08_17.pdf)

USF Regulation 3.018

<https://usf.app.box.com/v/usfregulation3018>

Any freshman applicant who meets minimum admission requirements as stated in Florida Board of Governors Regulation 6.002 is encouraged to submit an application. Each state university reserves the right under Florida BOG regulation to establish admission criteria that exceeds Florida BOG minimums.

To be considered for admission, freshman (FTIC – First Time in College) applicants must submit:

- USF Application for Admission
- Non-refundable \$30 application fee
- Official high school transcript
- Official GED scores if applicable
- SAT or ACT scores

Although USF has minimum freshman admission requirements, meeting these minimum standards does not guarantee admission. Applicants selected for admission usually exceed the eligibility requirements; however, USF also considers applicants who do not fully meet minimum requirements but who have important attributes, special talents or unique circumstances that may contribute to a representative and diverse student body. These freshman applicants are considered for admission based on other appropriate evidence of ability to do successful academic work at USF.

The university sets admission requirements found on the Undergraduate Admissions web homepage. Please refer to <https://www.usf.edu/admissions/freshmen/index.aspx> for the current admission requirements. Admission to the university is selective; therefore, meeting requirements does not guarantee admission.

If you are admitted to USF, you will receive a notification via email and/or postal mail. You may check your email often for any updates to your USF application.

The institution reserves the right to validate any applicant's admission materials including transcripts and test scores (via a testing agency) such as SAT, ACT, TOEFL, PTE-A or IELTS used in the admission process if, in the judgment of university officials, there is reason to warrant this validation. See <https://usf.app.box.com/v/usfregulation3018>

## Florida College System

High school graduates planning to start their college education at a Florida College System institution should confer with the guidance counselor and ask that their academic program be planned with the assistance of the USF Undergraduate Catalog that is available at <https://catalog.usf.edu>. This catalog, prepared by the USF Office of Undergraduate Studies, explicitly describes the undergraduate program requirements and Florida's common prerequisites that should be followed to ensure maximum ease of transfer into the student's upper-level programs on a par with their native USF counterparts.

## Admissions Deposit

---

Freshmen admitted to the University of South Florida are required to submit a \$200 non-refundable admission deposit by May 1 for either Summer or Fall, or by December 1 for Spring admission.

# ADMISSIONS AND RELATED MATTERS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

The admission deposit will be credited to the student's account and applied toward their first-semester tuition. The admission deposit will be waived for admitted freshmen who demonstrate significant financial need on a FAFSA (Free Application for Federal Student Aid) submitted by USF's priority deadline.

Admitted freshmen are encouraged to pay the deposit online via **Student Self-Service** (USF's Online Access Student Information System). Online payment is the university's preferred payment method. Checks and money orders submitted to the Cashier's Office (SVC 1039) are also acceptable forms of payment.

## Early University Programs (Earning USF Credit While Attending Public High School, Private High School, or Home School)

---

### USF Regulation 3.018 <https://usf.app.box.com/v/usfregulation3018>

Highly capable, mature high school students enrolled in a strong college-preparatory curriculum may apply during their Junior year for early admission dual enrollment. To be considered for early admission, students must meet this criteria:

Have minimum scores on one of the following tests:

- SAT: 1300, with at least 580 in Evidence-based Reading and Writing.
- ACT: 29, with at least 29 in English.

Have a minimum high school GPA of 3.8 as calculated by USF.

Early admissions students complete their high school senior year by attending USF fulltime as regularly enrolled, degree-seeking students. Students in the early admission program must take courses that are creditable toward the high school diploma and the associate or baccalaureate degree. For more information about Early Admission qualifications, policies, and application procedures, see <https://www.usf.edu/dual>.

## Dual Enrollment

---

Dual enrollment in USF classes is open to academically qualified students currently enrolled in public/private high schools and home schools who are recommended by their guidance counselor or principal and meet the university's criteria:

- Have proof of one of the following sets of test scores:
  - SAT: 560 Evidence-based Reading and Writing and 530 Math
  - ACT: 21 Reading, 21 English, and 21 Math
  - PERT: 123 Math, 106 Reading and 103 Writing
- Have a 3.5 weighted grade point average or higher on a 4.0 scale.

Dual enrollment students are non-degree-seeking students at USF and may only take courses which are creditable toward their high school diploma. Per F.S. 1007.271, USF offers dual enrollment courses on its three campuses and online for courses not accessible from institutions of the Florida College System. By special agreement with specific school districts, USF offers some courses on high school campuses. For more information about Dual Enrollment qualifications, policies, and application procedures, see <https://www.usf.edu/dual>.

## Credit by Examination

---

# ADMISSIONS AND RELATED MATTERS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

<https://catalog.usf.edu/content.php?catoid=17&navoid=2735>

The University of South Florida awards credit-by-examination based on the minimum guidelines as established by the Articulation Coordinating Committee (ACC) available on <https://www.floridashines.org/>, pursuant to Florida Statute 1007.27 ([http://www.leg.state.fl.us/statutes/index.cfm?App\\_mode=Display\\_Statute&Search\\_String=&URL=1000-1099/1007/Sections/1007.27.html](http://www.leg.state.fl.us/statutes/index.cfm?App_mode=Display_Statute&Search_String=&URL=1000-1099/1007/Sections/1007.27.html)), and approved by the State Board of Education and Board of Governors.

Students may receive up to 45 semester hours of credit towards the baccalaureate degree upon successful completion of any of the examinations listed below. For more information, see USF Policy 10-017 (<https://usf.app.box.com/v/usfpolicy10-017>). Performance levels necessary to achieve credit have been established and are listed under each exam. Credit earned through one examination program may not be duplicated by another examination or course.

- Advanced Placement (AP)
- Advanced International Certificate of Education Program (AICE)
- Caribbean Advanced Proficiency Exams (CAPE)
- College Level Examination Program (CLEP)
- DSST (formerly DANTES Subject Standardized Tests)
- Excelsior (EXCEL)
- General Certificate of Secondary Education
- German Abitur
- Global Assessment Certificate
- International Baccalaureate (IB)

The University of South Florida evaluates all credits earned and grades received for admitted undergraduate students in college-level courses at other accredited institutions. Credits earned at international institutions or during study abroad are also evaluated for transfer. Please contact the Office of Admissions (<https://www.usf.edu/admissions/>) or International Studies for admission requirements (<https://www.usf.edu/admissions/international/admission-information/undergraduate/>).

USF Testing Services accommodates USF and non-USF customers. For more information, see <https://www.usf.edu/testing-services/>.

Additional information on exam credits is published by the Florida Department of Education at <http://www.fl DOE.org/core/fileparse.php/5421/urll/0078391-acc-cbe.pdf>.

## Second Bachelor's Degree Applicants

---

A second bachelor's degree applicant is any degree-seeking undergraduate applicant who has earned a bachelor's degree at USF or another institution and wishes to earn an additional bachelor's degree.

A student who has already graduated from an accredited four-year institution (including USF) must earn a minimum of an additional 30 semester hours of USF undergraduate courses to apply toward their second baccalaureate degree. Students must also meet the University's regular graduation requirements, as well as, the requirements of the college awarding the degree and the residency requirements.

For more information on requirements, please see the information on the Office of Admission's website at <https://www.usf.edu/admissions/transfer/admission-information/requirements-deadlines.aspx>.

# ADMISSIONS AND RELATED MATTERS

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

## Readmission (Former Student Returning)

<https://usf.app.box.com/v/usfregulation3018> (see item 9).

A former student returning (FSR) is any degree-seeking undergraduate student who has not earned their bachelor's degree, who has not been enrolled at USF in any of the last three terms, and who wishes to re-enroll in the university\*. In order to be considered for readmission, a former student should file a new application for admission with the Office of Admissions (<https://www.usf.edu/admissions/transfer/>) at least 20 business days prior to the start of classes for the term of requested re-entry. A new \$30 application fee is required.

Continuous Enrollment, also known as Active Student Enrollment, guidelines are found under the Readmission (A1) section of this regulation.

Undergraduate students returning to seek a baccalaureate degree must:

- Be in good academic standing and eligible to return to USF as well as the last institution attended as a degree-seeking student. For all college-level academic courses attempted at any institution since last enrolling in USF, the applicant's transfer GPA must meet or exceed the GPA required of new transfer students at the time of readmission.
- Former students who have attended one or more institutions since their last enrollment must request official transcripts of all work attempted at the other institution(s) be sent to the appropriate Office of Undergraduate Admissions. Acceptability of transfer credits toward completion of degree programs will be determined by the college of the student's major.
- The Academic Regulations Committees (ARC) have the Power to Approve (PTA) petitions for undergraduate or non-degree seeking students that fail to maintain a 2.0 GPA and are Academically Dismissed (AD) from USF. (Refer to the Academic Probation and Dismissal Policies in the Undergraduate Catalog.) Academic Regulations Committees also may approve the readmission of students who qualify for Academic Renewal to have portions of their academic record not counted in the determination of the GPA for graduation purposes. (Refer to the Academic Renewal Policy in the Undergraduate Catalog.)

\*Transient students and non-degree-seeking students are *not* considered former students returning.

## Change of Campus

### New FTIC and Transfer Admits and Former Student Returning

Any newly admitted student or former student returning who wishes to change campus BEFORE the beginning of their admit term must do so via their Academic Advisor in the major at new campus. Please note that these requests may NOT be granted due to defined enrollment constraints by campus or college.

## Continuing Student

Previous restrictions on movement between campuses have been officially REMOVED from USF Regulation 3.007. There are no current policies or regulations that restrict or govern when or why an undergraduate student can change campuses between Sarasota-Manatee, St. Petersburg, or Tampa. In the absence of prescription, change of campus for continuing students will be processed like the change of major, in that, decision-making is decentralized within the academic colleges.

### Change of Campus in Undergraduate Student Record

# ADMISSIONS AND RELATED MATTERS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

As of July 1st 2020, it is no longer necessary to receive approval from the Office of Undergraduate Studies to process a change of campus (i.e., the change of institution form is discontinued). Due to ongoing SACSCOC reaffirmation, students are REQUIRED to change campuses if they choose to change to a major/program that is not affiliated with their current campus. Please remember students do NOT need to change campuses to register for courses on a different USF campus; they are NOT prohibited from registering for courses on any campus based on their declared campus.

### *Process Guidelines*

1. Change of campus requests should ONLY be processed for future terms and not the student's current active term (this is the same as major changes).
2. Students changing campus BUT program/major remains unchanged: Advisors are permitted to change campus IF the student's program/major is offered on that campus.
3. Students changing program/major AND campus: The student's selected major MUST be offered on that campus to change majors and campus. If it is a multi-campus program/major, then it is within the College's discretion to determine which campus is the campus of record.

### *Notes:*

- Student Fees: Consolidation governance allows continuing students to grandfather in the localized fees they paid PRIOR to consolidation. If a continuing student decides to change campuses (either in conjunction with a major change or independently), they will experience a change to fee amounts charged. More information can be found on the Student Accounting Services website (<https://www.usf.edu/business-finance/controller/student-services/index.aspx>).
- Scholarships: If a student has a campus-specific scholarship, it may be impacted by a change of campus (whether connected to a major change OR made independently), including but not limited to adjusted award amounts or loss of eligibility.
- International Students: Students are issued an I-20 based on their home campus and are only eligible for on campus employment at the campus listed on their I-20. Students should take at least 1/2 the courses at the campus listed on their I-20. In the event an international student changes campus, ISS has an alert that is triggered by the change in Banner and they will be issued a new I-20. No action needed by the Colleges or Undergraduate Studies.
- Housing: Changing campus does not automatically move housing assignments. If a student's change in campus prompts a desire to change their on-campus housing assignment, the student should contact the Housing & Residential Education office of their current campus to inquire about the process and options available ([housing@usf.edu](mailto:housing@usf.edu) for Tampa campus or [housing@usfsp.edu](mailto:housing@usfsp.edu) for St. Petersburg campus).

## Transfer Applicants

---

### **Lower-Level Transfer Applicants (12 to 59 transferable semester credits)**

---

#### USF Regulation 3.018

<https://usf.app.box.com/v/usfregulation3018> (see item 4d)

To be considered for admission, transfer applicants with fewer than 60 transferable semester credits must submit a USF Admissions Application. Also, the applicant must submit a \$30 non-refundable application fee, an official transcript from each previous college attended, an official high school transcript, official GED scores if applicable, official SAT or ACT scores, and a IELTS or TOEFL score if applicable.

Lower-level transfer applicants who will enter USF with 12-59 transferable semester credits must minimally meet the following requirements to be considered for admission in good standing; however, satisfying these minimum requirements does not guarantee admission. Some programs may have additional requirements including GPAs and

# ADMISSIONS AND RELATED MATTERS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

course pre-requisites. For programs with selective criteria, see <https://www.usf.edu/admissions/transfer/admission-information/requirements-deadlines/index.aspx>.

- Transfer applicants with less than 30 semester hours of transferable college credit (lower level) must meet all Freshman Admission requirements (see Sec. (4)(b)5.).
- Applicants with 30 or more and 59 or less transferrable semester hours must have successfully completed (C or higher) at least one English Composition course and one college level mathematics course that consists of three (3) semester credit hours. High school transcripts are required to demonstrate completion of the foreign language admission requirement.
- Lower level transfer students who do not meet the foreign language requirements must satisfy the foreign language requirement prior to admission to the upper division and may not exceed 5 percent of the number of freshmen enrolled in the prior academic year.
- Please refer to the International Applicants section for additional requirements for international applicants.

## **Upper-Level Transfer Applicants (60 or more transferable semester credits)**

---

USF Regulation 3.018

<https://usf.app.box.com/v/usfregulation3018> (see item 4e)

To be considered for admission, transfer applicants with 60 or more transferable semester credits must submit a USF application for admission, a non-refundable application fee, an official transcript from each previous college attended, and a TOEFL or IELTS score if applicable. Final transcripts with any degree awarded, or a minimum of 60 semester hours of transferable credit earned prior to initial enrollment at USF, must be submitted to determine final admissions eligibility.

Any transfer student with 60 or more semester hours who designates a desire for admission to a specialized admissions undergraduate program must meet the overall admission GPA criteria of that program in order to be admitted to the university. Some programs may have additional requirements including GPAs and course pre-requisites. For programs with selective criteria, see <https://www.usf.edu/admissions/transfer/admission-information/requirements-deadlines/index.aspx>.

For further information regarding Upper-Level Transfer admissions requirements, visit

<https://usfweb2.usf.edu/admissions/>

- Admission as a junior to the upper division of USF will be granted-within curricular, space and fiscal limitations to an Associate of Arts degree graduate of a state- approved Florida public college or university or a transfer applicant from an SUS institution who has received the AA degree/certificate. The admission of AA degree transfers from Florida public colleges and universities is governed by the Florida Articulation Agreement (BOG Resolution adopting Rule 6A-10.024) Articulation Between and Among Universities, Community Colleges, and School Districts).
- Undergraduate transfer students who have not earned the AA degree/certificate from a public community/junior college or state university in Florida or who have attended another college after receipt of the AA degree/certificate from a public community/junior college or state university in Florida must have an overall 2.0 grade point average on a 4.0 scale in all college level courses attempted and acceptable to transfer.
- Associate of Arts degree holders who are not exempt from the foreign language requirement and all other upper level transfer students admitted without meeting the foreign language admission requirement (see Sec. (4)(d)2.) must satisfy the foreign language requirement prior to graduation.

## **Articulation Agreement**

---

# ADMISSIONS AND RELATED MATTERS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

6A-10.024 Articulation Between and Among Universities, Community Colleges, and School Districts  
<http://ugs.usf.edu/articulation-agreements/>

It is the intent of the Board of Governors and the State Board of Education to facilitate articulation and seamless integration of the education system by agreeing to the provisions of this rule. The authority to adopt and amend this rule aligns with the Constitutional power given the Board of Governors for the state university system and the statutory authority given the State Board of Education for the district school boards, the community college system, and the Department of Education.

State universities and community colleges shall publish with precision and clarity in their official catalogs the admission, course, and prerequisite requirements of the institution, each unit of the institution, each program, and each specialization.

The agreement defines and establishes the Associate of Arts degree from a Florida public state or community college as the basis for all articulation rights. Among these guarantees, the following are central to the transfer process:

- A.A. graduates will be granted admission to a university within the SUS, but not necessarily to the university or program of choice.
- A.A. graduates will have the same opportunity to enroll in a university specialized admissions program or a program with selective admission requirements, as the native university student (i.e., students who entered the university as an FTIC).
- Upon transferring to a state university, A.A. graduates will be awarded at least 60 credit hours towards the baccalaureate degree, exclusive of occupational courses and basic required physical education courses.
- Credits that are part of the A.A. degree earned through articulated acceleration mechanisms, such as dual enrollment, International Baccalaureate, early admission, Advanced Placement, Advanced International Certificate of Education Program, and Credit by Exam, will be transferable to the state university.
- As participants in the Statewide Course Numbering System, receiving institutions must accept all courses taken at the transfer institution if the courses at each institution have the same prefix and the same last three digits of the course number.
- The university catalog in effect the year the A.A. degree student first enrolled at a Florida College System institution will remain in effect for the student's entire program, provided the student maintains continuous enrollment as defined in that catalog.
- Once a student has completed the general education core and this fact is noted on the transcript, regardless of whether or not an A.A. degree is awarded, no other state university or community college to which the student may transfer can require additional courses to the general education core.
- A separate agreement establishes the Associate of Science (A.S.) degree for articulation into specialized programs.
- Included in these transfer guarantees is the right of appeal. Students may appeal to the university and to the Statewide Articulation Coordinating Committee. Students who have questions or want more information about the articulation agreement should contact the Office of Undergraduate Studies at (813) 974-4051 or [ugs-dean@usf.edu](mailto:ugs-dean@usf.edu).

## Fuse

---

Student Services Building (SVC) 2002  
(813) 974-4051  
[transfer-advising@usf.edu](mailto:transfer-advising@usf.edu)  
<https://www.usf.edu/undergrad/transfer-student-success/fuse/what-is-fuse/index.aspx>

Fuse is transfer program between the University of South Florida and eight Florida state colleges. This partnership provides a seamless academic pathway for students to complete an associate degree with guaranteed admission to USF.

# ADMISSIONS AND RELATED MATTERS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

Students admitted to the Fuse Transfer Program must follow an academic graduation pathway (<https://www.usf.edu/undergrad/transfer-student-success/fuse/graduation-paths/index.aspx>), which provides a seamless transition from one of our eight FCS partner schools to USF. Adherence to the graduation pathway allows for timely completion of both the Associate of Arts (AA) and bachelor's degrees. Students admitted to the program have guaranteed admission to their selected major, offered in the Fuse Transfer Program, provided they meet all requirements of the program upon completion of their AA.

Students seeking admission into limited or restrictive access majors will have to meet additional requirements such as prerequisites, GPA, and/or test scores.

- **Community Scholars:** The Community Scholars initiative is an alternative admission opportunity for first-time-in-college (FTIC) students who apply to the University of South Florida. Created by the Regional Chancellor at the St. Petersburg campus, the Community Scholars program grants select FTICs who are not immediately admissible for the Summer or Fall the opportunity to attend institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission during Fall where they must successfully complete at least 12 transferrable credit hours with a minimum 2.5 GPA. During the Fall, they will have access to St. Petersburg campus academic advisors who will provide course recommendations. Upon successful completion of these academic requirements in the Fall, participants in the program transfer to the St. Petersburg campus the following Spring semester with a one-time transfer award. For questions about Community Scholars, please contact the Office of Admissions at 727-873-4142.
- **Pinellas Access to Higher Education:** PATHe is a collaborative partnership between the St. Petersburg campus and St. Petersburg College (SPC) that aims to provide equitable, flexible, and attainable pathways to higher education for Pinellas County, FL students. Pinellas County first-time-in-college (FTIC) applicants who are not immediately admissible to USF and selected St. Petersburg as their home campus may be eligible for PATHe. With the joint support of PATHe counselors, students afforded this opportunity will receive academic advisement to help them earn an Associate in Arts degree from SPC before they transition to the St. Petersburg campus to complete their baccalaureate degree. For questions about PATHe, please contact the Compass Student Experience Office at 727-873-4003.

## Transfer Credit

---

The receipt and evaluation of transfer credit is the responsibility of the Office of Admissions (<https://www.usf.edu/admissions/>). The Office of Admissions will evaluate the acceptability of total credits transferable to the university. The college of the student's major will assign equivalent courses in determining which courses are applicable toward a specific degree at the university. In some instances, exact course equivalents will also be determined by other colleges that offer the same or similar courses as part of their programs of study. Transfer students should be prepared with personal copies of their transcripts of all past course work to discuss advisement and placement with the appropriate academic advisor and should contact the college of their major soon after registration so that an official evaluation may be completed. Transfer students from non-Florida institutions should also be prepared to submit course syllabi to assist USF faculty in the official evaluation. For more information, see USF Regulation 3.018.

## Credit for Online Coursework

---

USF Policy 10-071 Award of Credit for Online Coursework  
<https://usf.app.box.com/v/usfpolicy10-071>

BOG Regulation 6.020

# ADMISSIONS AND RELATED MATTERS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

Undergraduate students who are admitted to the University of South Florida and who have completed online college-level courses prior to initial enrollment in undergraduate education may request that the university evaluate that work to determine if credit might be awarded. Award of credit for that work must meet the following conditions:

- USF faculty have determined the online course content and learning outcomes to be comparable to a course offered at the institution;
- Online courses meet the quality and accreditation standards intended for a transfer course; and
- The subject area faculty, have determined that the online course is relevant to the student's intended program of study.

Students wishing to have such online coursework evaluated for the purpose of receiving credit should inform Office of Undergraduate Studies, or the Chief Academic Officer at their branch campus, upon being admitted but prior to enrolling in classes at the university. If credit for the online coursework was awarded by another institution of higher education the student must submit an official transcript reflecting the award of credit and the transferability of that work will be determined with the same processes and criteria for other transferred courses, including coursework recommended for credit by the American Council on Education (ACE).

For more information regarding the process to have coursework evaluated and/or further information on the policy, please visit the USF Policy 10-071 (<https://usf.app.box.com/v/usfpolicy10-071>).

## Credit for Military Training

---

BOG Regulation 6.013 <https://www.flbog.edu/wp-content/uploads/FINAL-6.013-Military-Veterans-and-Active-Duty.pdf>

USF Regulation 6.0025

<https://usf.app.box.com/v/usfregulation60025>

College credit will be granted to students with military training or coursework that is recognized by the American Council on Education (ACE) subject to institution transfer practices and limitations on amount and level of transfer credit. Military training or coursework will be subject to the same treatment as any other transfer credit evaluated, with utilization of the ACE *Guide to the Evaluation of Educational Experiences in the Armed Services* for determining equivalency and alignment of military coursework with appropriate university courses. If the coursework fulfills a general education or major course or degree requirement, the credit will be granted for meeting that requirement towards graduation. Appropriate course credit may include free elective course credit toward the degree.

Credit that was previously evaluated and awarded by another college-degree granting institution and that is appropriate to the transfer student's major will be accepted, subject to institution transfer limitations. Credit awarded for military education and training will be noted on the transcript and documentation of the credit equivalency evaluation will be maintained. Credit awarded for military education and training will not count in the excess hours fee per BOG Regulation 7.003 (<https://www.flbog.edu/wp-content/uploads/Amended-Regulation-7.003.pdf>). Priority course registration will be provided for each veteran of the United States Armed Forces who is receiving the GI Bill.

## International Student Admission Requirements

---

### International Applicants (Non-resident Aliens)

---

USF Regulation 3.018

<https://usf.app.box.com/v/usfregulation3018> (item 7)

# ADMISSIONS AND RELATED MATTERS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- International undergraduate applicants who are not permanent U.S. residents (BOG Regulation 6.009) must submit applications for admission, application fees and all required supporting documents by the published deadlines. Applicants living outside of the United States are encouraged to submit required documentation no later than three (3) months prior to the date of desired entry to USF or the deadline for the degree program, whichever is earlier.
- Supporting documentation includes the "Financial Support Requirements" form to show proof of availability of financial resources sufficient to cover all educational, maintenance, personal and travel expenses while attending USF without financial assistance from USF; all transcripts identifying subjects and grades from the first year of secondary work to the time of application or graduation when applying as an entering freshman or a transfer with less than 60 hours of transferable postsecondary credit; appropriate diploma(s), certificate(s), degree(s), mark-sheet(s) and/or examination(s) passed, from the home country, as evidence of United States equivalent qualifications and academic preparation for the degree program requested; and "Transfer Clearance Form" signed by the International Student Advisor, if currently enrolled in a U.S. Institution. Each International applicant must submit a signed health history form, including proof of immunizations as required by USF Policy 33-002, and proof of adequate health insurance coverage as required by USF Regulation 6.0162.
- All transcripts must be in English. It is the applicant's responsibility to have the transcript(s) translated before submitting them as part of their admission credentials. All transcripts not in English must be accompanied by a certified English literal translation; foreign postsecondary transcripts must be evaluated by one of the credential evaluation services identified and published by the appropriate international admissions office. Documents signed by a notary or other public official with no educational affiliation will not be accepted.
- Applicants whose native language is not English, from non-English speaking countries, or who have not earned a degree in the United States must provide, taken within 2 years of the desired term of entry, a minimum IELTS score of 6.5, a minimum PTE-A score of 53, a minimum Test of English as a Foreign Language (TOEFL) score of 79 (internet-based test), 213 (computer-based test) or 550 (written test), a minimum IELA score of 176 (with minimum subscores of 169), a minimum Duolingo score of 110, a minimum TOEFL Essentials score of 8.5, or a minimum FCE score of 176 (with minimum subscores of 169). Official Scores must be submitted to USF directly from the testing agency. See <https://usf.app.box.com/v/usfregulation3018> for more information.
- The English Proficiency requirements may be waived for an undergraduate applicant, if the applicant has: completed successfully the equivalent of English Comp I; has submitted SAT or ACT test scores sufficient to validate English reading and writing proficiency as determined by the Board of Governors of the State University System of Florida; or successfully completed one year of study at a US institution of higher education
- Applicants who earn a baccalaureate or equivalent degree at a foreign institution where English is the language of instruction (for the institution and not just the major) may meet this requirement. However, other related factors (including test scores) will also be considered.

Some post-secondary international credentials may be evaluated by the Office for International Admissions (<https://www.usf.edu/admissions/international/>), while others may require an official course-by-course evaluation completed by an independent credential evaluation service, with associated costs to be paid by the student.

## Mandatory Health Insurance for International Students on F and J Visas

---

**BOG 6.009 (6)** [https://www.flbog.edu/wp-content/uploads/6\\_009-Admiss-of-Intern-Students-1.pdf](https://www.flbog.edu/wp-content/uploads/6_009-Admiss-of-Intern-Students-1.pdf)

**USF Regulation 6.0162** <https://usf.app.box.com/v/usfregulation60162>

International students must demonstrate that they have adequate health insurance coverage prior to enrollment. International students in J visa classes must also demonstrate that their accompanying spouse and dependents have adequate health insurance coverage prior to enrollment. Adequate health insurance for international students in F and J visa classes must include:

- Coverage period for full academic year, including annual breaks
- Medical benefits of at least \$100,000 per person per accident or illness per policy year.

# ADMISSIONS AND RELATED MATTERS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- Basic medical benefits to include hospital and physician office visits.
- Mental health care to include hospital and clinician office visits.
- Female students must have maternity benefits covered as any other temporary medical condition.
- Prescription drug benefits.
- Medical Evacuation \$50,000.
- Repatriation of mortal remains \$25,000.
- Insurance carrier must have an "A" rating.
- Medical claims must be paid in U.S. dollars payable on a U.S. financial institution.

To comply with this regulation, USF Student Health Services Compliance Office must receive adequate documentation a minimum of two weeks prior to enrollment. USF Student Health Services sponsors a medical insurance for international students that meets and exceeds the federal, state, and university requirements. Policy information, current costs, and enrollment process are available at <https://www.usf.edu/student-affairs/student-health-services/insurance/inscompliance.aspx>.

The USF Student Health Services Compliance Office administers state and USF mandates for the Tampa, St. Petersburg, and Sarasota-Manatee campuses.

For questions, contact 813-974-5407 or [insurance@shs.usf.edu](mailto:insurance@shs.usf.edu).

## Admissions to the Honors College

---

### Judy Genshaft Honors College

4202 E. Fowler Avenue, ALN 241  
Tampa, FL 33620  
(813) 974-3087  
[contactus@honors.usf.edu](mailto:contactus@honors.usf.edu)  
<https://www.usf.edu/honors/>

Located on all three USF campuses, the Judy Genshaft Honors College offers educational experiences grounded in the Liberal Arts tradition, centered on creative interdisciplinary inquiry and the cultivation of practical wisdom, and intended for students regardless of major. The primary goals of the College are to develop superior critical thinking skills through intensive interdisciplinary seminars and undergraduate research, foster a nuanced global perspective on contemporary issues through an internationalized curriculum and study abroad experiences, and encourage a rich understanding of social concerns through structured community engagement.

First-Time-in-College (FTIC) students can join the Judy Genshaft Honors College by direct admission or admission by application. Students who reach our academic criteria through test scores and GPA will be directly admitted into the College.

Students can also be accepted through our application, which includes an essay and list of extracurricular activities. We employ a holistic review process and take into consideration more than test scores.

## Non-Degree Seeking Students

---

Non-degree seeking student enrollment is offered on a space-available basis and has been established for those individuals who, while not interested in earning a degree, would like to enroll in all levels of university courses. Non-degree-seeking students are subject to the same academic policies as undergraduate degree-seeking students and must adhere to deadline dates published on the Office of the Registrar's Important Dates and Deadlines webpage (<https://www.usf.edu/registrar/calendars/index.aspx>) For more information on non-degree seeking student status, please see USF Policy 30-055 or visit [https://www.usf.edu/registrar/services/non-degree-admission/transient\\_students.aspx](https://www.usf.edu/registrar/services/non-degree-admission/transient_students.aspx).

# ADMISSIONS AND RELATED MATTERS

---

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

## **Non-Degree Seeking Students Academic Standing**

---

A student who is not seeking a degree while at USF, but enrolls in classes is classified as a non-degree student. Although not seeking a degree, such a student is subject to the same Academic Warning, Academic Probation, Academic Suspension, and Reinstatement policies as a degree-seeking student by level of courses in which the student enrolled.

## **Transient Students**

---

USF Policy 10.001

<https://usf.app.box.com/v/usfpolicy10-001>

An undergraduate transient student is one who is currently attending a Florida Public College or State University and wishes to take courses at another Florida Public College or State University for one semester. Transient students from other Florida Public Colleges or State Universities can find more information on enrolling at USF at [https://www.usf.edu/registrar/services/non-degree-admission/transient\\_students.aspx](https://www.usf.edu/registrar/services/non-degree-admission/transient_students.aspx). USF students wishing to enroll at another Florida Public College or State University can find more information in USF Policy 10-001.

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

## Office of Financial Aid

4202 E. Fowler Avenue, SVC 1102  
Tampa, FL 33620  
(813) 974-4700  
<https://www.usf.edu/financial-aid/index.aspx>

The University of South Florida makes every effort to ensure that all qualified students have access to an education. All student financial aid programs are administered or coordinated through the Office of Financial Aid (OFA).

OFA's web site provides step-by-step guidance through the financial aid application process. USF's **Student Self-Service** allows students to monitor the status of their financial aid from application to disbursement of funds.

All students wishing to receive financial aid are encouraged to start the financial aid process as early as possible. The first step is to complete and submit the Free Application for Federal Student Aid (FAFSA) online. For more detailed guidance and information, log onto the OFA website <https://www.usf.edu/financial-aid/apply/> or stop by the Office of Financial Aid. Use our *Contact Us* page at <https://www.usf.edu/financial-aid/questions/> to reach our offices. Save time and use our Chatbot 'Finn' to find answers to common financial aid questions.

Get a head start on a financial plan to attend USF by using our Cost Calculator (<http://usfas.forest.usf.edu/cc/cc.html>). The Cost Calculator will give you an estimate of how much it will cost to attend USF. By inputting your costs and financial aid, you will know if you have the financial resources to pay your USF bill.

The Student Accounting Services Office, located in Student Services (SVC 1039) is responsible for all charges on the student account (bill), payments, Florida Pre-Paid, third party payments, and refunds. Visit their website for more information: <https://www.usf.edu/business-finance/controller/student-services/index.aspx>.

## Financial Aid

In addition to finding a wealth of information on the web regarding your financial aid, you can monitor your aid application status via **Student Self-Service**: <https://myusf.edu/>.

The first step in obtaining financial aid is filing the Free Application for Federal Student Aid (FAFSA) at <https://studentaid.gov/h/apply-for-aid/fafsa>. Be sure to list the University of South Florida, school code #001537, as a school in order for us to receive your FAFSA information and award financial aid funds.

Since many programs are funded on a limited basis, it is to your advantage to apply early. Priority application dates and detailed information regarding financial aid are provided each year on the OFA website. Check out USF's scholarship information at <https://www.usf.edu/financial-aid/scholarships/>. OFA communicates important information regarding aid exclusively via the student's USF e-mail account; check your USF email frequently!

Tuition deferments are automatically provided for qualified financial aid applicants. More information can be found at <https://www.usf.edu/financial-aid/deferrals/>.

If you withdraw from USF, either officially or unofficially, before the end of a semester, you may be required to repay all or a portion of the aid you received. For detailed information on the Federal Return of Title IV Funds requirement, go to <https://www.usf.edu/financial-aid/know-this/withdraw.aspx>.

Each USF campus has financial representatives available to assist you:

---

- Tampa: (813) 974-4700
- Sarasota-Manatee: (941) 359-4459
- St. Petersburg: (727) 553-4128

### Financial Aid Application Procedures

---

The Free Application for Federal Student Aid (FAFSA) can be filed electronically at <https://studentaid.gov/h/apply-for-aid/fafsa>:

- Using the IRS Data Retrieval Tool (DRT) found within the FAFSA is the most accurate and secure method of providing the required federal tax information.
- If selected for verification, applicants who use the unchanged data generated by the IRS DRT will not be required to provide federal tax return transcripts from the IRS to the financial aid office. More information about verification can be found at <https://www.usf.edu/financial-aid/verification/index.aspx>.
- Students who are selected for verification who did not use the IRS Data Retrieval Tool, or changed data after using the tool, may be required to submit IRS tax return transcripts to verify tax information.
- Students selected for verification are advised to submit all requested documents within ten business days of being notified what requirements are needed. Students should have a completed financial aid file no later than 60 days prior to the beginning of a semester.
- Late or incomplete submission of documents can result in delayed disbursements or possible loss of eligibility for aid.

Information provided on the Student Aid Report (SAR) should be reviewed thoroughly;

- Review all correspondence, follow instructions on the SAR, and follow through within 5 – 10 business days. Delays can be costly as well as frustrating.

### Student Eligibility Requirements and Conditions for Receiving Financial Aid

---

#### Financial Aid Terms & Conditions

Financial aid award offers are based on full-time enrollment and reflects your eligibility based on your grade level, residency status and other program specific criteria at the time of the award offer. If you enroll less than full time, your cost of attendance will be reduced to reflect your enrollment status and award amounts adjusted accordingly. Award amounts may be revised starting 30 days prior to the start of each semester, based on your credit hour enrollment and the length of your courses.

**NOTE:** If you received an aid offer after these adjustments started in a given semester, your cost of attendance and award amounts may already reflect your enrollment.

If you do not enroll in the fall semester, your initial offer is void and you will be re-awarded if you enroll in the spring. This may result in a loss of previously awarded aid funds.

Your eligibility for financial aid funds requires you to satisfy the following terms and conditions:

1. **Enroll as a degree seeking student.**
2. **Meet the specific enrollment requirements** (<https://www.usf.edu/financial-aid/enrollment-status.aspx>) **and academic requirements** to receive funds for each financial aid program you have been awarded. More information about the requirements for your specific awards is available in **Student Self-Service** (<https://bannersso.usf.edu/ssomanager/c/SSB>) after you accept these Terms and Conditions.
3. **Report funds** you expect to receive from sources not shown on your award notice to minimize delay in your aid being paid. Examples of such sources include tuition waivers, fellowships, scholarships, veteran's

- benefits, or vocational rehabilitation benefits. Notify us immediately via **Student Self-Service**. Choose 'Financial Aid,' then 'My Award & Loan Information,' then 'Resources/Additional Information' tab. Enter the resource information and submit. Your financial aid offer may need to be reduced and aid repaid.
4. **Attend class.** Attendance is required to receive financial aid (including student loans). If you drop some classes (<https://www.usf.edu/financial-aid/know-this/drop-credits.aspx>), stop attending all classes, or totally withdraw (<https://www.usf.edu/financial-aid/know-this/withdraw.aspx>) you may be required to immediately repay some financial aid (including student loans).
  5. **Check your financial aid Satisfactory Academic Progress (SAP) status** (<https://www.usf.edu/financial-aid/sap/index.aspx>) each semester in **Student Self-Service**. Under the Financial Aid tab, click 'My Award and Loan Information'. Your SAP status each semester must be eligible at your degree level in order to receive funds from most financial aid programs.
  6. **Check Student Self-Service** each semester to see that you have satisfied all requirements to receive financial aid. Choose 'Financial Aid,' then 'My Requirements, Bookstore Authorizations and Deferments.'
  7. **Verification** (<https://www.usf.edu/financial-aid/verification/>) must be completed and your **FAFSA** (<https://studentaid.gov/h/apply-for-aid/fafsa>) information updated (if required) before your aid can be disbursed. If you do not complete verification promptly when requested, aid previously offered may be cancelled.

## Academic Scholarships

---

The Office of Financial Aid (OFA) provides prospective and currently enrolled students with a central location to access scholarship information. The office administers the Florida Bright Futures Scholarships, and a variety of privately-funded scholarships made possible through the generosity of friends and alumni of the University of South Florida. OFA also manages the scholarship renewal process for students who have been awarded scholarships through the Office of Admissions (<https://www.usf.edu/admissions/>). An online search for USF scholarships may be found at <https://www.usf.edu/financial-aid/scholarships/>.

The Office of Admissions offers a number of scholarships based on academic merit to students planning to enter USF for the first time as a freshman or upper-level transfer student. These scholarships are highly competitive. The criteria noted for the various scholarships are used as minimum starting points for consideration; meeting or exceeding the minimum requirements will not guarantee selection.

To be considered for **Florida resident** merit-based scholarships from the Office of Admissions, students must submit a complete admissions application prior to the application deadline. For additional information about the awarding process, please visit <https://www.usf.edu/admissions/freshmen/admissions-scholarships/index.aspx>.

For **non-Florida residents**, a limited number of out-of-state tuition waivers are available based on academic performance. See <https://www.usf.edu/admissions/freshmen/admissions-scholarships/nonflorida.aspx> for more information

The individual colleges of USF administer some scholarships directly through the Dean's Office in each college.

## Financial Aid Dates and Deadlines

---

Make sure you meet all deadlines and respond promptly to requests to submit additional documents. For a Checklist and Priority Dates, see <https://www.usf.edu/financial-aid/checklist.aspx>.

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

The office of Student Accounting Services is here to serve the students who attend our university by maintaining accurate financial records and communicating with students concerning their accounts. Our department is primarily responsible for: tuition assessment, refund processing, recording of waivers, administration of the Florida Prepaid and third party programs, and daily communication with customers. More information can be found here: (<https://www.usf.edu/business-finance/controller/student-services/index.aspx>).

### Florida Residency Classification for Tuition Purposes

---

For details on residency for tuition purposes, visit <https://www.usf.edu/registrar/services/residency/>, as well as the Residency for Tuition Purposes section of this catalog.

### Veterans and Social Security Benefits

---

#### VA Benefits

---

USF is approved for the education of veterans, eligible dependents, members of the selected reserve, and active-duty personnel who are eligible for benefits under public laws now in effect. All degree programs currently offered at USF are approved by the Department of Veterans Affairs.

Ten federal public laws currently provide education/job-training programs for VA-eligible students.

Five programs serve most students:

- Chapter 30 for U.S. Military Veterans
- Chapter 31 for Disabled U.S. Military Veterans
- Chapter 33 for U.S. Military Veterans or dependents of veterans
- Chapter 35 for Spouse and Children of Deceased or 100 percent (permanent and totally) Disabled Veterans (service connected), and
- Chapter 1606 for personnel in the National Guard or U.S. Military Reserves.
- Chapter 1607 for personnel in the National Guard or U.S. Military Reserves called or ordered to active duty in response to a war or national emergency (contingency operation) as declared by the President or Congress. Members may be eligible after serving 90 consecutive days on active duty after September 11, 2001.

USF's Office of Veterans Success (<https://www.usf.edu/student-affairs/veterans/>), located in the Grace and Allen Building (ALN 130), coordinates veterans services and specific program information. Eligible students must submit an Application for Educational Benefits and request certification for full-time or part-time educational benefits in accordance with VA rules and regulations.

This office also can provide confirmation of student status for VA health care or other benefits. Additionally, the University of South Florida provides military training to college credit evaluation and encourages all veterans to request this service from the campus veterans advocate.

A full-time Fall and Spring semester undergraduate load for VA benefits is twelve (12) credits per semester; a full-time Fall and Spring semester graduate load is 9 credits. Summer terms full and part-time enrollment requirements differ. Students should refer to the USF VA website for specific information about Summer credit requirements.

The Atlanta Regional Processing Office of the U.S. Department of Veterans Affairs determines eligibility based on official service records, evidence submitted by the student and applicable laws. Students with established VA program eligibility at another college or university must submit a Change of Program or Place of Training and a USF

# STUDENT TUITION AND FEES

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

enrollment verification request to Office of Veteran Success. They can be contacted at 813-974-2291 or email [ovs@usf.edu](mailto:ovs@usf.edu).

Chapter 30, 1606 and 1607 program participants are required to verify attendance each month to the federal VA. Verification can be done on the Web Automated Verification of Enrollment (WAVE) page, or veterans can call 1.877.823.2378.

At the end of the term, if an undergraduate student's cumulative grade point average falls below a 2.0 (C) average, the student will receive an academic warning. If at the end of the next term of enrollment, the cumulative GPA remains below 2.0, the student's educational benefits will be terminated and the DVA will be notified of the student's unsatisfactory progress for VA pay purposes. Students must meet the conditions for USF readmission to become eligible again for VA educational programs.

### *How to Apply*

Students who may be eligible for benefits are urged to contact the Office of Veterans Success at <https://www.usf.edu/student-affairs/veterans/>. Once admitted, peer counselors will guide the student veteran through the process of requesting Veterans Educational Benefits through our online Clockworks system. You can contact the Office of Veterans Success at [ovs@usf.edu](mailto:ovs@usf.edu) or come by the office at ALN 190 or call 813-974-2291.

### *Eligibility*

To be eligible for full-time VA benefits at USF, undergraduate students must enroll for 12 or more semester hours, and graduate students must enroll for 9 or more semester hours each normal academic term. Additional information for obtaining education benefits can be found at <https://www.usf.edu/student-affairs/veterans/apply/index.aspx>

### *Out-of-State Waiver*

HB 7015-Florida GI Bill, created the "Congressman C.W. Bill Young Tuition Waiver Program." This will waive out-of-state tuition fees for honorably discharged veterans of the U.S. Armed Forces, Reserves, or National Guard who physically reside in Florida and active duty military personnel stationed outside of the state while enrolled at an institution in the State University System of Florida. Persons who are entitled to and use educational assistance provided by the United States Department of Veterans Affairs also qualify for this waiver if they physically reside in Florida while enrolled at the University. Tuition and fees charged to a veteran or person who qualifies for the out-of-state fee waiver under this section may not exceed the tuition and fees charged to a resident student enrolled in the same program. Information on requirements and deadlines for the Out-of-State Waiver is found at <https://www.usf.edu/student-affairs/veterans/admissions/outofstatefeewaiver.aspx>. For more information regarding residency for tuition purposes and residency tuition waiver exceptions visit: <https://www.usf.edu/admissions/other/residency/> or email [residency@usf.edu](mailto:residency@usf.edu).

### *Tuition Deferment*

The tuition deferment program for Veterans is set up through USF and the VA. Due to VA payments being delayed at times, a tuition deferment gives the student and the VA an extra 90 days past the start of the semester to pay for a student's tuition and fees. See Veterans Benefits and Transition Act of 2018, Section 103 PL 115-407.

### **Social Security Benefits**

---

Inquiries related to Social Security benefits should be directed to the student's local Social Security Office. The Office of the Registrar (<https://www.usf.edu/registrar/>) will complete enrollment certificates after the Add/Drop period for the applicable academic term issued by the Social Security Administration for students eligible to receive educational benefits, as long as the student is a full-time undergraduate.

# STUDENT TUITION AND FEES

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

A full-time undergraduate load for Social Security benefits is twelve (12) credits per semester; a full-time graduate load is nine (9) credits.

### School Costs and Fees

---

Registration fees are assessed in accordance with University Board of Trustees rules, per USF Regulation 4.0102.

Tuition and fees are based on a number of factors, including undergraduate or graduate status, residency and the type of housing chosen. However, even if you live out of state, our costs often competitive with the in-state rates at your local university.

USF's Cost of Attendance can be found on the Financial Aid website <https://www.usf.edu/financial-aid/cost-of-attendance/>.

- Students Living On-Campus
- Students Living Off-Campus with Parents
- Students Living Off-Campus Not with Parents

### Fees

---

The levels of the Activity and Service Fee, the Health Fee, and the Athletic fee are determined on each campus by a student fee committee appointed by the President of the University and the Student Government President. The committee includes USF faculty and students with the majority of the committee being students. The fees may be reviewed on a yearly basis.

Registration fees are assessed in accordance with University Board of Trustees rules. All fees are subject to change without prior notice. The University will make every effort to advertise any such changes if they occur.

1. Admissions Application Fee – (Each application - not refundable) \$30.00
2. Non-Degree Application Fee – (Each application - not refundable) \$30.00
3. Tuition

Schedule/Fee Statements are not mailed. Tuition is due by the fifth day of each term. Students may view and/or pay their current term fees online by accessing the "Tuition, Fees & Payments" option in **Student Self-Service** - <https://webauth.usf.edu>.

The student is responsible for paying fees in full by the appropriate due date as stated at <https://www.usf.edu/business-finance/controller/student-services/deadline-dates.aspx>. Failure to do so may result in cancellation of the student's registration. Checks are payable to USF.

To avoid a \$100.00 late payment fee, all tuition fees must be paid by the fifth day of the term. The University cannot be responsible for lost or misdirected U.S. Mail. A student whose registration has been cancelled may request registration reinstatement through the fourth week of class for the academic term.

Note: All students who successfully petition for reinstatement from financial cancellation due to non-payment will be assessed a \$100 late registration fee along with a \$100 late payment fee. Upon approval for reinstatement, all fees and other debts owed to the University must be paid in full by cash, money order, check or credit card before reinstatement will be affected.

Current fees are posted on the **Student Self-Service** website.

# STUDENT TUITION AND FEES

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

1. **Students who *only* register for a co-op assignment** must pay a minimum of one (1) hour at the level of the co-op assignment.
2. **Tuition Fee Payment** - Access the "Tuition Fees and Payments" option in **Student Self-Service** at <https://webauth.usf.edu>.
3. **Late Registration Fee**
  - All degree seeking students who initiate (i.e., those students who have not enrolled for any courses during early or regular registration) their registration during the late registration period will be automatically assessed a \$100.00 late registration fee.
  - All non-degree seeking students who have not registered for any courses by the end of the first week of classes will be automatically assessed a \$100.00 late registration fee.
  - All students who successfully petition for late registration into a course or for reinstatement from financial cancellation due to non-payment will be automatically assessed a \$100.00 late registration fee.

## Payment of Accounts Due to the University

---

Charges against students for loss or breakage of University equipment, books, fines and other charges are due immediately. Delinquent accounts may be considered sufficient cause for cancellation of registration. University regulations prohibit registration and the release of diplomas for any student whose account with the University is delinquent. Delinquent accounts may be turned over to a collection agency and all collection fees including legal fees will be added to the student account balance. Financial aid from a succeeding academic year cannot be used to repay prior academic year debts.

Payments should be made by the appropriate deadline and can be:

- Dropped in the applicable campus drop-box (checks and money orders only)
- Mailed to the University of South Florida, P.O. Box 864571, Orlando, FL 32886-4571
- Made online by accessing **Student Self-Service**

## Payment Procedures

---

Payment must be received no later than the fee payment deadlines as specified on the Important Dates & Deadlines page - <https://www.usf.edu/registrar/calendars/>.

The primary form of payment of most account holders is on-line through **Student Self-Service** via the myUSF portal. Students can pay using an eCheck or a credit card in this system. Payments cannot be transacted by telephone.

## Acceptable Forms of Payment

---

USF accepts online credit/debit cards or eCheck in your **Student Self-Service** account, via postal mail by check or money order, or by cash or money order in the drop-box located on the applicable campus. For complete details, please visit the University Controller's Office at <https://www.usf.edu/business-finance/controller/student-services/cashiers/index.aspx>.

If your bill is to be paid by an outside agency (government sponsor or other third-party sponsor), your scholarship agency should notify the University in advance by letter stating the amount and length of time of the award and whom to bill for tuition. Keep the original copy in case the immigration officer at the port-of-entry or University Student Accounting Services requests it.

- eCheck (recommended) – check payments can be made in **Student Self-Service** by entering the routing and account number from your checking account paper checks.
  - Benefits: There is no additional cost to pay using this method and payments post immediately.

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- Credit Card – MasterCard, American Express, and Discover credit card payments can be made in **Student Self-Service**. A 2.75% convenience fee will be charged.
- Mailed Check/Money Order – Checks and money orders (with student ID included) can be mailed to the address below. Please allow sufficient time for the checks to be received before the due date:

USF Payments  
P.O. Box 737442  
Dallas, TX 75373-7442

**If you have questions regarding charges or payments on your student account or questions about your 1098-T (<https://www.usf.edu/business-finance/controller/student-services/accountsreceivable/1098t.aspx>) please call 813-974-6056 or email [SFSHELP@USF.EDU](mailto:SFSHELP@USF.EDU). You can also visit SVC 1039 on the Tampa campus.**

- For questions about your FAFSA or financial aid awards, please contact the Office of Financial Aid (<https://www.usf.edu/financial-aid/questions/>).

## Other Forms of Payment

---

Tuition and fees may be partially or completely paid by Financial Aid, Florida Prepaid, tuition waivers, or departmental grants. The student is responsible to pay any amount that is not covered by these types of payments by the applicable due date.

## Financial Aid

---

For details on how financial aid works at USF, visit <https://www.usf.edu/financial-aid/index.aspx>, as well as the Student Financial Information section of this catalog.

## Florida Prepaid College Plan

---

The University of South Florida downloads a file from Florida Prepaid and automatically bills for all Florida Prepaid College students with tuition plans that are enrolled for Fall, Spring and/or Summer terms. Dorm plans are billed for students with dorm charges for Fall and Spring terms only. Payment is limited to the maximum amount allowed of the student's available prepaid plan balance. For more information on using Florida Prepaid at USF, visit <https://www.usf.edu/business-finance/controller/student-services/student-accounting/florida-prepaid.aspx>.

For questions concerning USF procedures or student account, contact the customer service department:

Email: [SFSHELP@USF.EDU](mailto:SFSHELP@USF.EDU)  
Phone: (813) 974-6056

## Florida Bright Futures

---

The Florida Bright Futures Scholarship Program (<https://www.floridastudentfinancialaidsg.org/SAPBFMAIN/SAPBFMAIN>) rewards students for their academic achievements during high school by providing funding for them to pursue post-secondary educational and career goals in Florida.

For more information on this program, including details on how to receive funding at USF, visit: <https://www.usf.edu/financial-aid/brightfutures/index.aspx>.

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

## Tuition Waivers

---

USF may waive tuition and fees as follows:

- Any dependent child of a special risk member killed in the line of duty, per Sections 112.19 and 112.191, Florida Statutes.
- Certain members of active Florida National Guard are entitled to a waiver of tuition and fees pursuant to Section 250.10, Florida Statutes.
- A student enrolled through the Florida Linkage Institutes Program is entitled to a waiver of the non-resident tuition and fees pursuant to Section 288.8175(6), Florida Statutes.
- Intern supervisors for institutions within the State University System may be given one non-transferable certificate (fee waiver) for each full academic term during which the person serves as an intern supervisor, pursuant to 1009.26, Florida Statutes.
- Persons 60 years of age or older who are Florida residents, as provided by Chapter 1009.26, Florida Statutes.
- A student who is or was at the time he or she reached 18 years of age in the custody of the Department of Children and Families or who, after spending at least 6 months in the custody of the department after reaching 16 years of age, was placed in a guardianship by the court. Or a student who is or was at the time he or she reached 18 years of age in the custody of a relative or nonrelative under s. 39.5085 or who was adopted from the Department of Children and Families after May 5, 1997, pursuant to Chapter 1009.25, Florida Statutes.
- Purple Heart recipients pursuant to Chapter 1009.26, Florida Statutes.
- Non-Florida resident fee for qualified students including the Deferred Action for Childhood Arrivals (DACA), as provided by Chapter 1009.26, Florida Statutes.
- Non-Florida resident fee for a veteran; C.W. "Bill" Young Veteran Tuition Waiver, as provided in Chapter 1009.26, Florida Statutes.

Waivers can be brought in person to Tampa Campus SVC 1039 or mailed to:

### **UCO-Student Accounting Services**

University of South Florida  
4202 E. Fowler Ave ALN 147  
Tampa, FL 33620

The non-Florida student financial aid fee may not be waived for students receiving an out-of-state tuition and fee waiver.

## **Special Populations Waiver**

---

**Out of State Waiver Eligibility Process:** Bill HB 851-Postsecondary Education Tuition and Fees (<https://www.usf.edu/registrar/services/forms.aspx>) allows students, including but not limited undocumented students who meet certain guidelines, to receive waivers to attend college at Florida resident (in-state) tuition rates. These non-resident students, who do not have sufficient ties to Florida as set forth under Florida School Code (SB-20E) section 1009.21, Florida Statutes, may qualify for an out-of-state tuition waiver.

**Child Protection & Welfare Tuition Exemption:** Section 402.403, Florida Statutes, established the Child Protection and Child Welfare Personnel Tuition Exemption Program for the purpose of recruiting and retaining high-performing individuals who are employed as child protection and child welfare personnel. For those personnel who meet the requirements of the program up to six credit hours of courses per term are exempt from the payment of tuition and fees at an institution in the State University System of Florida.

## **Homeless Fee Exemption**

---

# STUDENT TUITION AND FEES

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

### **Florida Statute 1009.25(f)**

[http://www.leg.state.fl.us/statutes/index.cfm?App\\_mode=Display\\_Statute&URL=1000-1099/1009/Sections/1009.25.html](http://www.leg.state.fl.us/statutes/index.cfm?App_mode=Display_Statute&URL=1000-1099/1009/Sections/1009.25.html)

A student who is homeless may be exempt from paying tuition and fees. The statute defines a homeless student as one who "lacks a fixed, regular, and adequate nighttime residence or whose primary nighttime residence is a public or private shelter designed to provide temporary residence for individuals intended to be institutionalized, or a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings."

If you think you may be eligible for the homeless exemption, you should speak with your Case Manager or Homeless Liaison Officer from the shelter or with a case manager from USF Student Outreach and Support (<https://www.usf.edu/student-affairs/student-outreach-support/>). Student Outreach and Support can be reached at (813) 974-6130.

### **Senior Citizen Tuition Fee Waiver**

---

Florida residents who are 60 years of age or older as of registration day, and have lived in Florida for the last 12 consecutive months, may enroll on a space available basis in certain undergraduate and graduate courses without paying fees. For more information, visit <https://www.usf.edu/registrar/services/non-degree-admission/senior-citizen-audit.aspx>. A parking permit, purchased from Parking Services (<https://www.usf.edu/administrative-services/parking/>) is required to park on campus.

The Senior Citizen Tuition Waiver covers a maximum of 12 credit hours per term and is applicable only if the student registers for these courses on the designated registration day. Due to the non-degree seeking status, academic credit is not awarded, examinations are not required, and grades are not assigned. The student's status for that class is an audit, and their presence in the classroom is as a listener. For more information see, <https://usf.app.box.com/v/usfpolicy10-006> (page 5-6).

Senior Citizen registration requests are processed on the sixth day of the term. Students need not be present in order to register; the application and registration worksheet should be submitted to [nondegree@usf.edu](mailto:nondegree@usf.edu). Forms submitted after the registration deadline will not be processed.

Many courses require departmental approval, prerequisites, or have other restrictions which may limit registration. You must acquire the necessary permits in advance of registration on a Senior Citizen Audit Registration Worksheet: <https://www.usf.edu/registrar/services/non-degree-admission/senior-citizen-audit.aspx>.

Additionally, the permits must be submitted electronically in **Student Self-Service** by the issuing department ahead of registration.

Students may not pre-register for courses in which they plan to use the Senior Citizen Tuition Fee Waiver. The waiver will not be processed if a senior citizen pre-registers and then submits a Senior Citizen Tuition Waiver application for those courses (<https://www.usf.edu/registrar/documents/forms/senior-citizen-tuition-waiver.pdf>).

It is the student's responsibility to complete and submit the waiver application, allowing sufficient time for the application to reach the Office of the Registrar by the registration deadline.

### **Third Party Billings**

---

Third party billing is a service offered to outside agencies and companies requesting to be invoiced for a student's tuition and fees. A third party cannot be an individual (i.e. a student's parent). If you are a student and are expecting

# STUDENT TUITION AND FEES

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

an outside agency to pay for your tuition and fees, the Student Accounting Services Office must be provided with an authorization to bill that agency.

An authorization is a written statement, preferably on agency letterhead, giving the university permission to bill that agency. An authorization should contain the following information:

- Billing Address
- Contact person (name, phone number, e-mail)
- Student's full name and U ID number
- Specific semesters that will be paid
- Specific charges that will be paid

Examples of authorizations include: Vocational Rehabilitation authorizations, financial letters of guarantee, tuition assistance forms, letters of credit, and vouchers.

- If your agency does not have a standard letter of authorization, please use the Third Party Billing Agreement Form - [https://www.usf.edu/business-finance/controller/documents/student-services/tpb\\_agreement\\_form.pdf](https://www.usf.edu/business-finance/controller/documents/student-services/tpb_agreement_form.pdf)
- For information on a student's third party responsibilities - [https://www.usf.edu/business-finance/controller/documents/student-services/tpb\\_student.pdf](https://www.usf.edu/business-finance/controller/documents/student-services/tpb_student.pdf)

QUESTIONS? Email questions related to third party billing to [ThirdParty@usf.edu](mailto:ThirdParty@usf.edu).

## State Employee Six-Hours-Free Course Benefit

---

Admitted USF degree-seeking or non-degree seeking students who are employed by the State of Florida may apply to waive tuition up to a maximum of 6 credit hours (excluding selected directed individual study or research, internship practicum, music & theatre performance, Cooperative education, PACE, lifelong learning, continuing education and correspondence courses).

State employees must also acquire all necessary employer approvals on the state employee Tuition Waiver Request form. For more information, visit <https://www.usf.edu/business-finance/controller/student-services/student-accounting/waivers-state.aspx>

State employees, like all other USF students, register via **Student Self-Service** but only on or after 6 p.m. two business days before the first day of classes each term. For example, state employee students register after 6 p.m. on Thursday preceding the first day of a term when classes begin on a Monday. Any state employee who registers at any time before the approved this registration start- time and day forfeits eligibility to use the State Employee Tuition Waiver and will be held fully liable for all USF tuition and fees.

Tuition Waiver Request forms must be completed and returned to the USF Student Accounting Services Office by the fourth day of class to avoid the \$100 Late Payment Fee and potential class cancellation. State of Florida employees, who are not employed by the Florida State University System, will earn taxable income equal to the value of tuition waived for both undergraduate and graduate level courses. Since the value of tuition waived is taxable, it is subject to Federal Income Tax, Social Security and Medicare taxes (FICA), and reported to the Department of Financial Services, Bureau of State Payrolls; each term by the appropriate Division of Human Resources sees that all appropriate taxes are withheld.

Since tuition rates for Florida residents are lower than rates for non-residents, it is important for all state employees utilizing Tuition Waiver Request forms to verify their residency status is correct.

# STUDENT TUITION AND FEES

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

## Direct Deposit

1. Tuition is due at the end of the fifth day of classes each term.
2. Financial aid is paid on the sixth day of classes after enrollment is confirmed.
3. If students do not have a tuition deferment or have not paid their bill by the end of the fifth day of classes, their enrollment will be cancelled.
4. Any excess balance remaining will either be e-deposited to your personal bank account, (Log into **Student Self-Service** to sign up for E-Deposit) or Student Accounting Services will mail a check to the address listed for the student in Student Self-Service.

## Refund of Tuition/Fees Payment Release of Tuition/Fees Liability

For the most current information on student refunds including how to request a refund and how much can be refunded, please refer to this site: <https://www.usf.edu/business-finance/controller/student-services/student-accounting/student-refunds.aspx>.

## Fee Adjustment Request After Fifth Day of the Term

One-hundred percent (100%) of tuition and fees may be refunded if, within six (6) months of the end of the term to which the refund is applicable, a student who has withdrawn from a course completes and files with the Office of the Registrar a *Fee Adjustment Request Form* [https://www.usf.edu/registrar/fee\\_adjustment.aspx](https://www.usf.edu/registrar/fee_adjustment.aspx) citing circumstances outside of the student's control which are confirmed by supporting documentation and approved by the Fee Adjustment Committee. Circumstances to be considered within this six month period include:

1. Illness of a student of such severity or duration, as confirmed in writing by a physician, to preclude completion of the course(s),
2. Death of the student or death in the immediate family (parent, spouse, child or sibling),
3. Active military duty,
4. University error, or
5. Other documented exceptional circumstances beyond the control of the student which precluded completion of the course(s) accompanied by letter of explanation.

Special requests for an extension of the six (6) month deadline must include specific facts indicating special circumstances which (i) were beyond the control of the student (ii) clearly impaired the student's physical or mental ability to correct their academic/financial record at the university and (iii) are supported by written explanation and verifiable documentation.

A student who receives financial aid and subsequently changes the enrollment status which results in a refund in accordance with this section, will have the appropriate share of the refund returned to the university's financial aid programs in accordance with the Financial Aid Policy on Refunds and Repayments. Bright Futures recipients who owe repayment of funding because of a withdrawal for cause (WC) will have a Bright Futures repayment appeal automatically submitted to the State of Florida by the Office of Financial Aid for the year impacted. This appeal removes the student's repayment obligation with the State of Florida for the associated dropped/withdrawn hours. All credits with a WC will still be deducted from students' available Bright Futures scholarship length. If a fee adjustment is subsequently approved, the student's Bright Futures will be billed and funds returned to the State in accordance with Florida Statute 1009.53(4)(11).

The University of South Florida will approve a waiver of the Late Payment fee if the student is unable to make payment on time due to circumstances determined by the university to be exceptional and beyond the control of the student. A *Late Payment Fee Waiver Request Form* (<https://www.usf.edu/financial-aid/know-this/withdraw.aspx>) may be completed and submitted to Student Accounting Services, SVC 1102.

# STUDENT TUITION AND FEES

---

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

## Past Due Accounts

---

The university will cancel the registration of a student whose registration fees have not been paid in full by the deadline as indicated on the Office of the Registrar's Important Dates & Deadlines webpage (<https://www.usf.edu/registrar/calendars/index.aspx>). This means, specifically, that a student will receive no credit for any courses taken during that term. This includes students that registered for Alternative Calendar courses using **Student Self-Service** and courses that start prior to the first week of classes.

If the student is only taking Alternative Calendar courses that were not registered using **Student Self-Service** and have a start date after the first week of classes, register after the first week of classes or have an authorized deferred payment of fees, their registration may not be cancelled.

## Late Fees

---

Late Payment Fees apply to students who do not pay their fees or obtain a full fee deferment by the payment deadline. The Late Payment Fee is \$100 per term.

Late Registration Fees are charged to students who enroll following the close of the regular registration period for the term, who re-register, or who enroll for the first time during Late Registration and Drop/Add period. The Late Registration Fee is \$100.00 per term.

Both a Late Payment Fee and a Late Registration Fee are charged to students who are dropped for non-payment.

Summer term is divided into sessions, and the late fee is charged per session.

## Waiver of Late Fees

---

USF will approve a waiver of the Late Payment fee if the student is unable to make payment on time due to circumstances determined by the university to be exceptional and beyond the control of the student. Requests for a waiver must meet one of the conditions listed below to be considered:

- University error which precludes timely payment of registration fees. A supporting email from an appropriate USF official's USF email or letter on university letterhead and signed by an appropriate university official or an appropriate official university document must be included with your petition.
- Extraordinary circumstances such as severe illness, death of an immediate family member (parent, step-parent, spouse, child, sibling or grandparent), or call to active duty that precludes timely payment of registration fees. Appropriate documentation (note from physician, copy of military orders, etc.) must be included with your petition.

If you have any questions, contact Student Accounting Services at 813-974-6056.

Return the completed and signed petition form ([https://www.usf.edu/business-finance/controller/documents/student-services/late\\_pay\\_waiver.pdf](https://www.usf.edu/business-finance/controller/documents/student-services/late_pay_waiver.pdf)) and all relevant documentation to SVC 1039. You can also email your packet to [sfscommittee@usf.edu](mailto:sfscommittee@usf.edu) or send via mail:

# STUDENT TUITION AND FEES

---

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

## Auditing Privileges and Fees

---

Only an admitted student may register to audit a course; as an auditor, the student is not allowed to take exams, earn grades, or receive credit. The student's status for that class is an audit. The student's presence in the classroom is as a listener, which means an instructor may limit auditing student's participation in class, including class projects and other interactive, graded or ungraded activities. For more information see, <https://usf.app.box.com/v/usfpolicy10-006>.

Audit status may only be obtained at the Office of the Registrar during the first five days of the term by filing a Course Audit Form ([http://www.registrar.usf.edu/forms/Course%20Audit%20Form22010-11-03\\_16\\_27\\_53.pdf](http://www.registrar.usf.edu/forms/Course%20Audit%20Form22010-11-03_16_27_53.pdf)). A date-stamped permit from the college/department where the course is being offered must accompany a Course Audit Form to the Office of the Registrar. In-state fees are assessed for all audited courses.

## Excess Hours Surcharge

---

BOG Regulation 7.003 (21)

<https://www.flbog.edu/wp-content/uploads/Amended-Regulation-7.003.pdf>

USF Regulation 4.0107

<https://usf.app.box.com/v/usfregulation40107> (see item 6)

The Excess Credit Hour Surcharge is a state mandated fee that requires universities to add a surcharge to each credit hour that is more than 120% of hours needed for completion of your degree or 144 hours for 120 credit hour degree programs for First Time in College Students beginning in Fall 2019 or after. An Excess Hour Fee shall be assessed to designated undergraduate students pursuant to the provisions of BOG Regulation 7.003(21).

Effective Fall 2019, USF will calculate an excess hour threshold for each student based on the number of credit hours required for the degree. For any student who changes degree programs, the excess hour threshold must be adjusted only if the number of credit hours required to complete the new degree program exceeds that of the original degree program.

The surcharge is assessed only on the tuition portion of the semester hour cost, not on the fees. The number of total program hours required for the baccalaureate degree will be identified by the student's declared major. This is typically 120 semester hours, although, some programs have been approved to require more than 120 semester hours.

For further information, visit <https://www.usf.edu/registrar/services/excess-hours/index.aspx>.

No institution may waive the excess hours surcharge; the language of the statute is mandatory.

## Repeat Course Surcharges

---

### Section 1009.285 of Florida Statutes

[http://www.leg.state.fl.us/statutes/index.cfm?App\\_mode=Display\\_Statute&URL=1000-1099/1009/Sections/1009.285.html](http://www.leg.state.fl.us/statutes/index.cfm?App_mode=Display_Statute&URL=1000-1099/1009/Sections/1009.285.html)

A student enrolled in the same undergraduate college-credit course more than twice shall pay tuition at 100 percent of the full cost of instruction and shall not be included in calculations of full-time equivalent enrollments for state funding purposes. However, students who withdraw or fail a class due to extenuating circumstances may be granted an exception only once for each class, provided that approval is granted according to policy established by the Florida College System institution board of trustees or the university board of trustees. Each Florida College System

# STUDENT TUITION AND FEES

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

institution and state university may review and reduce fees paid by students due to continued enrollment in a college-credit class on an individual basis contingent upon the student's financial hardship. For purposes of this section, first-time enrollment in a class shall mean enrollment in a class beginning fall semester 1997, and calculations of the full cost of instruction shall be based on the system wide average of the prior year's cost of undergraduate programs for the Florida College System institutions and the state universities. Boards of trustees may make exceptions to this section for individualized study, elective coursework, courses that are repeated as a requirement of a major, and courses that are intended as continuing over multiple semesters, excluding the repeat of coursework more than two times to increase grade point average or meet minimum course grade requirements.

The university may grant exceptions to this rule based on extenuating circumstances and financial hardship. However, the university may only approve one appeal per course. The exceptions included in the Statute are extenuating circumstances and financial hardship and are defined as follows:

Extenuating circumstances are those circumstances determined by the university to be exceptional and beyond the control of the student and may include but not be limited to serious illness, death of an immediate family member (parent, step-parents, spouse, child, sibling, or grandparents), orders for active duty; or university error. In all cases, supporting documentation must be submitted with the request for a waiver of this surcharge.

The criteria used by the universities for determining financial hardship should include, but not be limited to, qualification for federal need-based financial aid. Students with other documented financial hardships may also be considered.

For consideration, the student must fill out a *Repeat Course Surcharge Waiver* and provide supporting documentation. Visit [https://www.usf.edu/registrar/fee\\_adjustment.aspx](https://www.usf.edu/registrar/fee_adjustment.aspx) for more information.

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

## Office of the Registrar

(813) 974-2000  
[asktheregistrar@usf.edu](mailto:asktheregistrar@usf.edu)  
<https://www.usf.edu/registrar/>

### **Tampa campus**

4202 E. Fowler Avenue  
Student Services Building - SVC 1034  
Tampa, FL 33620

### **St. Petersburg campus**

140 7th Avenue South, Bayboro Hall 102  
St. Petersburg, FL 33701

### **Sarasota-Manatee campus**

8350 N. Tamiami Trail, C107  
Manatee, FL 34243

The Office of the Registrar leads the maintenance of student records in all formats as the university's chief student record custodian. The Registrar team provides accessible registration services that facilitate continuous enrollment and student success. Additional roles consist of leading graduation processes; and creating and maintaining academic programs, courses, and the schedule of classes in the student information system.

The Office of the Registrar provides information and services to students in the University's **Student Self-Service**. Using their Net ID and password, students can register and drop/add courses, update contact information, access registration appointment time and hold information, view their grades and order transcripts and proof of enrollment.

The Registrar team ensures institutional compliance of the Family Educational Rights and Privacy Act (FERPA) including students' rights to inspect, request amendments, and limit access to their student records.

## Registration for Admitted Degree-Seeking Students

Continuing students may register via **Student Self-Service** on or after their registration appointment date and time for their next term's courses. More information is available at <https://www.usf.edu/registrar/register/index.aspx>.

Registered students may make course schedule adjustments from the time of their initial registration through the first five days of the term. Deadlines for each term are published at: <https://www.usf.edu/registrar/calendars/index.aspx>.

Students not registered prior to the first day of classes may register late during the drop/add week (first week of classes); a \$100.00 late registration fee is charged for not having initiated registration on time. To avoid financial cancellation, fees are due for all registered courses of record on the fifth day of classes (end of drop/add period).

## Administrative Holds

A student may be placed on administrative hold by failure to meet obligations to the University. Students with administrative holds may not be allowed to register, receive a diploma, or receive an official transcript. Settlement of financial accounts must be made in myUSF. Each student placed on administrative hold may determine via **Student Self-Service** which office to contact in order to clear the obligation. For a current list of common administrative holds and information on how to address them, see <https://www.usf.edu/registrar/services/holds.aspx>.

## Late Registration

**USF Regulation 4.0101** <https://usf.app.box.com/v/usfregulation40101>

# STUDENT REGISTRATION AND RECORDS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

All eligible students\* attempting to register for the first time after active registration ends must obtain approval from the authorized college/department Academic Regulations Committee.

\* An eligible student must be:

1. A continuing USF student,
2. A new student admitted late, or
3. A late readmitted former student returning after three or more semesters.

## Late Registration Fee

---

All degree-seeking students who wait to initiate or attempt registration for the first time during the Late Registration (drop/add period) will be automatically assessed a \$100.00 late registration fee.

All Non-Degree students who have not registered for any courses by the end of Late Registration (drop/add period) will automatically be assessed a \$100.00 late registration fee.

Any students who successfully petition for late registration or reinstatement following financial cancellation will be automatically assessed a \$100.00 late registration fee.

Requests to waive the \$100 late registration fee must be submitted to the Office of the Registrar using the Late Registration Fee Waiver Request form

([https://www.usf.edu/registrar/documents/forms\\_2019/late\\_registration\\_waiver\\_request\\_form\\_2019.pdf](https://www.usf.edu/registrar/documents/forms_2019/late_registration_waiver_request_form_2019.pdf)).

## Adds

---

After a student has completed registration on the date assigned, the student may continue to add more courses until the fifth day of the term, otherwise known as the end of drop/add period outlined in the Office of the Registrar's Important Dates and Deadlines.

For undergraduate students wishing to add a course after the drop/add period, they must use the Academic Regulations Committee (ARC) petition process via Archivum (myUSF). ARC petitions are reviewed by college committees. It is the student's responsibility to obtain, complete and submit all documentation required by this process. Incomplete petitions will not be considered.

If an instructor has left the university, the student should seek assistance from the applicable academic department.

The process and forms are available on the ARC website (<https://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/index.aspx>). The forms below are required:

- *ARC Petition Form* (<https://www.usf.edu/undergrad/documents/usf-arc-petition-form.pdf>)
- *Instructor's Documentation Form* (<https://www.usf.edu/undergrad/documents/usf-arc-instructors-documentation-form.pdf>)

## Drops

---

A student may drop courses during the drop/add period. Students with holds preventing registration may contact AskTheRegistrar@usf.edu to request a drop or withdraw prior to the applicable deadline. Courses dropped during the drop/add period do not appear on the student's transcript, and no tuition or fees will be assessed. Refer to the **Important Dates and Deadlines** calendar for the drop/add period of a particular term. Students are required to attend the first class meeting of courses for which they registered. See Course Attendance at First Class Meeting for more information.

## Withdrawals

---

# STUDENT REGISTRATION AND RECORDS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

After the drop/add period, a student may withdraw from courses between the second and tenth week of the semester; these weeks are shorter for courses in Summer session and alternative calendars. See the Office of the Registrar's Important Dates and Deadlines calendar.

Tuition and fees will not be refunded for course withdrawals, and the student's academic record will reflect a "W" grade for each course withdrawal. Under specific conditions, consideration for refund of tuition and fees for course withdrawals may be requested by submitting a *Fee Adjustment Request* form (<https://www.usf.edu/registrar/documents/forms/uro-far.pdf>) accompanied by supporting documentation to the Office of the Registrar. Per Florida Board of Governor Regulation 7.002, "A written appeal for a refund or other appeal action must be submitted to the University within six (6) months of the close of the semester to which the refund or other appeal action is applicable." Students who withdraw are not permitted to continue attending class.

All undergraduate students will be limited to a total of five course withdrawals while enrolled as a degree-seeking or a Non-Degree student. The five course withdrawals will be limited to three course withdrawals for students with less than 60 semester credit hours, and two course withdrawals for students with more than or equal to 60 semester credit hours. Only in extenuating circumstances will approval be granted for more than five course withdrawals. Appeals for additional course withdrawals due to extenuating circumstances must be submitted to the Academic Regulations Committee in the college of the student's academic major.

Students should be mindful of the Excess Hour Surcharge Policy when requesting late adds or late withdrawals. See <https://usf.app.box.com/v/usfregulation40102>.

All undergraduate students enrolled in graduate-level courses while enrolled as a degree-seeking or Non-Degree student taking graduate courses at USF may withdraw from a course after the first week of the semester. To withdraw from a graduate course after the drop period, submit a Graduate Studies Petition (<https://usf.app.box.com/v/graduate-studies-petition>).

## Individual Class Withdrawal

---

A student who withdraws may receive a grade of "W" up until the posted deadline to withdraw without academic penalty for each term. See the Office of the Registrar's Important Dates and Deadlines calendar for specific dates.

Beginning the sixth day of classes each semester, individual course withdrawals are enacted by self-service via **Student Self-Service** after the end of the drop/add period. Students with holds preventing registration may contact [AskTheRegistrar@usf.edu](mailto:AskTheRegistrar@usf.edu) to request a drop or withdraw.

The decision about whether or not to drop a class is an academic issue; however, it is **your responsibility** to understand the financial implications of this decision. Dropping classes **may** jeopardize future student aid eligibility, including scholarships and student loans. For more information, visit <https://www.usf.edu/financial-aid/know-this/drop-credits.aspx>.

Courses from which a student successfully withdraws will reflect a "W" grade on the student's academic transcript.

## Withdrawals for Active Duty Military

---

Any student enrolled in a course shall not incur academic or financial penalties by virtue of performing military service on behalf of their country. Except in cases where the student and faculty member agree that completion is imminent and possible, the university will process retroactive drop with refund without academic penalty when a student is performing military service. If the course is no longer offered when the student seeks to resume study, an equivalent course may be selected. If the student chooses to withdraw, the student's record shall reflect that the withdrawal is due to active military service.

The provisions of this section shall apply to:

1. Students who are currently on active duty who receive orders that require reassignment to a different duty station or absence from class for an extended period of time during the term in which they are enrolled; and

# STUDENT REGISTRATION AND RECORDS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

2. Students who are members of a National Guard, Air National Guard, or other military reserve unit who receive orders calling them to active duty for operational or training purposes during the term in which they are enrolled, excluding any regularly scheduled weekend and annual training duty; and
3. Students who are veterans and who are recalled to active duty during the term in which they are enrolled; and
4. Students who enlist and whose induction date falls within the term in which they are enrolled.

Contact the Office of Veteran Success (<https://www.usf.edu/student-affairs/veterans/>) for assistance at ALN 241 or (813) 974-2291.

## **Appeal for Retroactive Withdrawal**

---

### **USF Policy 10-006 Registration Changes Including Course Change, Cancellations, Withdrawals, and Auditing**

<https://usf.app.box.com/v/usfpolicy10-006>

A student who has an unexpected life event or other extenuating circumstances during a term may request an exception to USF's dates and deadlines. A retroactive withdrawal may be requested whenever there are circumstances beyond the student's control, which make it impossible to complete a course. To initiate the appeal process, the student must submit a Petition to the Academic Regulations Committee.

The Academic Regulations Committee (ARC) Petition process occurs at the college level. Students engaging in this process should contact and submit the relevant documentation to the ARC representative in the college of their declared major. It is the student's responsibility to obtain, complete and submit all required documentation required; incomplete petitions will not be considered.

Students should be mindful of the Excess Hour Surcharge Policy (<https://usf.app.box.com/v/usfregulation40102>) when requesting late adds or late withdrawals.

Petitions may be approved if the ARC determines that you experienced extenuating circumstances beyond your control of such severity that the physical or mental ability to drop by the drop deadline was impaired. Such circumstances need to be supported by independent, objective and verifiable documentation.

All submitted documentation is subject to verification. Submission of false, forged or fraudulent information will result in a referral to the Office of Student Rights and Responsibilities.

When possible, the student is responsible for ensuring that all applicable courses are dropped or withdrawn before beginning this process. See Undergraduate Studies' Guide to the Petition

Process: <https://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/>.

1. Students requesting withdrawals for medical reasons do not typically need to include instructor documentation.
2. If you are petitioning for a Late Withdrawal, Total Withdrawal or Withdrawal Limit Exception for medical reasons, complete Part 1 of the *Medical Documentation Form* (PDF) at <https://www.usf.edu/undergrad/academic-processes/academic-regulations-committee/forms.aspx>, and have Part 2 completed by your physician. The *Medical Documentation Form* should be uploaded into Archivum.
3. All petition requests should be accompanied by a personal statement detailing the nature of your request, and a clear statement of why you feel that you should be granted the requested exception. This statement should include what happened and when it happened, with relevant dates included. Your appeal must also include any supporting documentation that can substantiate the claims made in your personal statement; appeals containing personal statements without supporting documentation will be denied.
  - o If you are petitioning to withdraw from select courses in a semester, yet keep other courses, you will need to explicitly address why your situation impacted only those courses to be dropped and not the others.
  - o If you stop attending class and have no documentation addressing what prevented a timely withdrawal from the class, your petition will be denied.
4. Ensure that all entries are filled out completely with all the relevant information for your petition type, and that all the proper signatures are obtained. Submit original copies of all the completed forms, your personal statement, and any supporting documentation to the ARC representative in the college of your major (see listing of ARC representatives on the ARC Petition form). Retain copies for your own records.

# STUDENT REGISTRATION AND RECORDS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

5. Decisions regarding ARC petitions can be expected within two weeks of submission, if the ARC package is complete.
6. Approved petitions for medical withdrawals will result in a "WC" grade for all applicable courses; "WC" grades denote withdrawals for extenuating circumstances. ARC decisions do not affect fee liability. Students must complete a Fee Adjustment Request through the Office of the Registrar to address fee liability before the applicable deadline.
7. ARC petition decisions by the College ARC may be appealed to the next level in the college. Final appeals to the college decision can be made to the Office of Undergraduate Studies (<https://www.usf.edu/undergrad/>) in SVC 2002, (813) 974-4051.

## Student Records/Transcripts

---

### Student Records

---

USF Regulation 2.0021

<https://usf.app.box.com/v/usfregulation20021>

The policies and procedures outlined in this Regulation are designed to implement the provisions of the Family Educational Rights and Privacy Act ("FERPA," 20 U. S. C. s.1232g) and Sections 1002.225 and 1006.52, Florida Statutes pursuant to which the University of South Florida is obligated to inform students of their rights to review and inspect education records, to challenge and seek to amend education records, to control disclosure of education records, and to contact the Student Privacy Policy Office of the U.S. Department of Education for concerns regarding alleged violations of FERPA or to the appropriate court for violations of privacy if applicable. USF has placed the responsibility for administration of this regulation with the University Registrar.

The student's USF education record shall not be changed after the student has graduated.

### Student Privacy Rights

---

In the interest of openness and building trust with our students, USF affords students the right to limit data usage and sharing of their information, without having to request non-disclosure of directory information under the Family Education Rights and Privacy Act (FERPA). Pursuant to the requirements of FERPA, the following types of information designated by law as "directory information" can be released, if the student has not requested privacy or non-disclosure:

- The student's name
- The student's major field of study
- The student's participation in officially recognized activities and sports
- The weight and height of members of athletic teams
- The student's dates of attendance, part-time or full-time status, and degrees and awards received
- The student's photographic image independent of any additional personal identifiers

All other student data is protected. For more information, see <https://usf.app.box.com/v/usfregulation20021>.

Students may update their privacy setting in Archivum to limit the sharing of additional information, such as:

1. Include their information and other designated elements in the online student directory.
2. Release directory information about themselves to any third party.

Such updates must be made no later than the end of the second week of classes of the academic term or the student will be deemed to have waived their right of refusal until the next academic term. More information on Student Privacy Rights is available at <https://www.usf.edu/registrar/services/privacy.aspx>.

## Student Information Changes

---

Notifications regarding changes to legal name, residency, and citizenship should be filed promptly using the appropriate form(s) accompanied by verifiable supporting legal documentation with the Office of the Registrar

# STUDENT REGISTRATION AND RECORDS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

(<https://www.usf.edu/registrar/>). Change of local, permanent, and emergency contact addresses; preferred name; and other information included in the student's permanent academic record should be completed in Student Self-Service.

### Preferred Name/Chosen Name

---

Everyone has a name they prefer to be called, sometimes it's their legal name, but often it's not. With Policy 11-009, USF honors students' chosen, or preferred first names, where able. For more information on where a preferred name will display, please visit: <https://www.usf.edu/registrar/services/preferred-name.aspx>

### Transcript Request

---

Transcripts may be released only by authorization of the student. For ordering options visit: <https://www.usf.edu/registrar/resources/transcript.aspx>. **NOTE:** All holds preventing release of a transcript must be resolved within 30 days of the request, or the order will be cancelled.

### Undergraduate Academic Advising Offices

---

Advising is available to help guide you through your Plan of Study and serve as a resource while obtaining your degree. Plan on meeting with your advisor once a semester.

#### *New Admits – First Year & Transfer:*

Please refer to your Orientation ([link:https://www.usf.edu/orientation/index.aspx](https://www.usf.edu/orientation/index.aspx)) materials and MyBullsPath online in the Archivum platform for more information about how to begin your academic advising experience at USF.

#### *Continuing Students:*

Please visit Archivum appointment scheduling to schedule an appointment or to access the virtual drop-in portal for your academic college (Appointment and drop-in availability varies by location – visit location webpages below for more details).

## Academic Resources and Programs

---

### Academic Advocacy

---

Academic Advocates are dedicated to serving undergraduate students in their pursuit of timely progression to graduation. We work individually with students in academic distress to review their options, and we collaborate with academic departments, colleges and university personnel to improve retention and progression to graduation. Undergraduate students identified as experiencing barriers to retention, progression, or graduation may receive direct outreach from an Academic Advocate to review their progress and to advise them towards graduation. Major advisors and university department staff can refer a student to an Academic Advocate when they perceive an academic barrier for that student.

#### *Tampa Campus*

### **Academic Success Centers**

---

Learning support services are available to all USF students on all three campuses. Each campus has a dedicated center that offers a supportive environment conducive to helping students achieve their highest learning potential. All services are free to enrolled USF students.

#### *The Academic Success Center (Tampa Campus)*

4202 E. Fowler Avenue, LIB 206

Tampa, FL 33620

(813) 974-2713

<https://www.usf.edu/undergrad/academic-success-center/index.aspx>

The Academic Success Center offers a range of options for subject-specific tutoring, a comprehensive Writing Studio, a Math Lab, and other learning support services in the form of workshops, courses for credit, and specialized program support for several student cohorts ranging from first-year access programs to graduate students.

#### *SMART Lab (Tampa Campus)*

4202 E. Fowler Avenue, LIB 232

Tampa, FL 33620

(813) 974-9944

[smartlab@usf.edu](mailto:smartlab@usf.edu)

<https://www.usf.edu/undergrad/academic-success-center/smart-lab/>

The SMART Lab is an innovative learning environment dedicated to supporting students in introductory math courses through tutoring assistance and technology. In the 324-computer lab, students enrolled in SMART Lab courses use software to complete assignments at their own pace, receive instant feedback as they learn mathematics by doing, and get on-demand assistance from instructors, tutors or teaching assistants. Our goal is to help students build a foundation of study skills that will allow them to learn mathematics and progress towards becoming independent learners. To seek help in SMART Lab courses, complete lab work, or ask additional questions visit us during our hours of operation on the second floor of the Library, LIB 232.

#### *Tutoring Hub (Tampa Campus)*

University of South Florida

<https://www.usf.edu/undergrad/academic-success-center/tutoring/>

# STUDENT SERVICES AND RESOURCES

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

The Tutoring Hub at the Academic Success Center offers USF students tutoring assistance in a wide variety of subjects. Help is available on a drop-in basis or via appointments in a collaborative peer-to-peer group setting. A list of the courses tutored can be found on our website (<https://www.usf.edu/undergrad/academic-success-center/tutoring/courses-tutored.aspx>).

### **The Writing Studio (Tampa Campus)**

University of South Florida  
4202 E. Fowler Avenue, LIB 233  
Tampa, FL 33620  
(813) 974-8293  
<https://www.usf.edu/undergrad/academic-success-center/writing-studio/>

The Writing Studio encourages students to engage in writing as a recursive practice through sustained research, analysis, and reflection. The Studio's mission is to support USF students as they develop writing, reading, and critical thinking practices appropriate for their majors and future professions. The Studio is proud to serve writers at all levels of study, from all disciplines, and at all stages of the writing process. Our peer consultants are experienced undergraduate and graduate students and professional writers from a variety of disciplines. We offer face-to-face consultations as well as occasional workshops for campus partners. In keeping with best practices for Writing Studios, we do not provide copyediting services. Our approach emphasizes non-directive feedback, Socratic questioning, and active learning.

### ***Debbie Nye Sembler Academic Student Success Center (St. Petersburg campus)***

140 7th Ave. S., DAV 107  
St. Petersburg, FL 33701  
(727) 873-4632  
<https://www.stpetersburg.usf.edu/student-life/student-success-center/>

The Debbie Nye Sembler Academic Student Success Center (SSC) offers: subject-specific appointment and drop-in tutoring; Supplemental Instruction sessions for historically challenging courses like chemistry and psychological statistics; and writing consultations either face-to-face or through its online service. Each semester, the SSC also hosts a variety of workshops focused on key learning strategies and techniques.

### **The MathLab (St. Petersburg Campus)**

140 7th Ave. S., HWH 232  
St. Petersburg, FL 33701  
(727) 873-4632  
<https://www.stpetersburg.usf.edu/student-life/student-success-center/mathlab/>

Like the SMART Lab in Tampa, The MathLab also supports students in introductory math courses through tutoring assistance and technology. In the 30-computer lab located on the second floor of H. William Heller Hall, HWH 232, students enrolled in certain math courses, like College Algebra, use software to complete their homework and can get on-demand support from tutors or instructors. This lab also serves as the primary testing location for College Algebra, as well as the retest location for other introductory math courses.

### ***Academic Success Center (Sarasota-Manatee Campus)***

8350 N. Tamiami Trail, SMC B130  
Sarasota, FL 34243

(941) 359-4342

<https://www.sarasotamanatee.usf.edu/academics/academic-resources/tutoring.aspx>

The Academic Success Center (ASC) provides academic support to students through subject tutoring, writing consultations, interactive workshops and resource materials. Tutoring is offered face-to-face, through small group sessions, or via online virtual sessions in select subjects and courses. Writing style guides for APA, MLA, Chicago style and other resources are also available to students.

Fishman Family Student-Athlete Enrichment Center (Tampa Campus)

12503 USF Bull Run Dr.

Tampa, FL 33617

<https://gousfbulls.com/sports/2020/3/23/academic-services.aspx>

Welcome to Academic Services and the Fishman Family Student-Athlete Enrichment Center (FFSAEC) at the University of South Florida in amazing Tampa Bay! USF Athletics, the Office of Undergraduate Studies (UGS) and the Academic Services unit are proud to serve and support our student-athletes as they work to achieve their academic, athletic and personal goals at USF. Our dedicated team of professional staff bring a wealth of experience and energy and are committed to providing a comprehensive array of support services and resources aimed at contributing to a first-class student-athlete experience. Collectively, we maintain an environment devoted to integrity and compliance and are holistically committed to USF Athletics' mission of winning in the *Classroom*, the *Community* and on the fields of *Competition*.

Conveniently located on the second floor of the Lee Roy Selmon Athletics Center in the Athletics District, The Fishman Family Student-Athlete Enrichment Center is the hub for our student-athlete support services. The Center houses staff and resources from Athletics Compliance, Student-Athlete Enhancement, Behavioral Health as well as Academic Services. The FFSAEC provides a safe, productive and supportive environment for learning, growth and development as we prepare our student-athletes to be impactful citizens in the USF community and society at-large.

As our student-athletes continue to excel in all phases of their academic and athletic careers at USF, we look forward to continuing to encourage and support them in maximizing their experiences on campus and preparing them for their lives after sport. Once again, welcome and Horns Up!

## Education Abroad

<https://www.usf.edu/world/education-abroad/>

Education Abroad offers a variety of study abroad opportunities for students and faculty around the world. Programs include: semester exchanges, dual degree programs, summer and short term programs, international internships, and service learning. Programs range from one week to one year and award academic credit. Education Abroad facilitates the incoming and outgoing exchange process and works closely with our international partner universities to develop new academic programming and exchanges.

The Education Abroad Office provides extensive planning assistance for both students and faculty program leaders, including pre-departure orientation sessions. The staff members have extensive experience in study abroad and are able to offer seasoned, insightful advising and information to anyone considering or planning a study abroad experience.

Tampa, FL 33612  
[www.usf.edu/research-innovation/student-engagement/undergraduate-students/seri/](http://www.usf.edu/research-innovation/student-engagement/undergraduate-students/seri/)

The Office of Student Engagement in Research and Innovation (SERI) engages students from admissions to graduation in the pursuit of undergraduate research: an inquiry or creative project that makes an original contribution to their discipline. We serve as a hub connecting students with high impact practices across the university. The SERI staff are dedicated to the university goal of conducting high-impact research and innovation to advance frontiers of knowledge, solve global problems and improve lives.

## **USF Libraries**

---

<https://www.lib.usf.edu/>

The USF Libraries offer access to over 1.3 million books and an extensive selection of print and electronic resources, including 52,000 e-journal subscriptions, 443,000 e-books, and over 800 databases containing articles, media and other materials. Students also have access to our physical collections in the libraries on the Tampa and St. Petersburg campuses, which include audio/visual materials including videos, CDs, DVDs, and even LPs.

---

4202 E. Fowler Avenue, NEC 116

Tampa, FL 33620

(813) 974-2742

<https://www.usf.edu/testing-services/>

Testing Services is an auxiliary unit within Innovative Education. It supports the university's strategic efforts to ensure student success and program innovation by administering entrance and placement, certification and licensure, distance learning and pre-employment exams for numerous agencies, businesses and institutions. Testing Services accommodates USF and non-USF customers, and delivers more than 1,000 exams per month. Students and professionals alike may take advantage of Testing Services' portfolio of exams.

## **Student Accessibility Services**

---

<https://www.usf.edu/student-affairs/student-accessibility/>

In accordance with Section 504 of the Rehabilitation Act, the Americans with Disabilities Act, and the ADA Amendments Act, USF is committed to providing reasonable accommodations to students with disabilities. Creating an accessible environment is a collaborative process that involves the office of Students with Accessibility Services, our students, and all faculty and staff. Students who utilize accommodations often share stories about their academic success and the positive impact of accommodations.

## **Office of Veteran Success**

---

The Office of Veteran Success (OVS) mission is to provide a seamless transition for our nation's veterans from military life, through campus life into a meaningful career by providing high quality services and opportunities for academic success, personal growth, and professional development. The vision of OVS is to empower student veterans to achieve their definition of success beyond service. OVS serves the entire military-connected population across all three campuses in Tampa, St. Petersburg, and Sarasota-Manatee; student veterans, veteran dependents using GI Bill, active-duty service members, and members of the active Reserve and National Guard.

### **Joint Military Leadership Center**

---

4202 E. Fowler Ave., CWY 408

Tampa, FL 33620

<https://www.usf.edu/undergrad/jmlc/index.aspx>

The Joint Military Leadership Center (JMLC), founded in 2004, plays a significant role in supporting the Army, Naval and Air Force ROTC programs at the University of South Florida. Through a variety of programs and initiatives, our ROTC graduates will gain a better understanding and appreciation for the capabilities, limitations and culture of each military service in addition to the challenges and value of joint and combined operations. As a result, these future military officers will be better prepared to serve in a joint, multi-national environment upon commissioning.

# STUDENT SERVICES AND RESOURCES

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

The Student Support Services Program (SSS) is a federally funded retention program designed for students who have been identified as having an academic need and either first generation college student, as having low-income family status, or both. Based on evidenced based research SSS is designed to significantly increase the retention and graduation rates of the participants it is funded to serve. We are committed to providing proactive, intrusive, comprehensive and innovative services to enhance our student's success at USF. SSS provides a plethora of services including individualized academic advising, counseling, coaching, SSS Summer Program, Living Learning Community, financial aid assistance, social and cultural enrichment programs, employment and workshops that broaden career perspectives, improve academic skills, promote self-confidence and address various non-cognitive factors.

### **Student Benefits**

- The summer program is free to all students who complete a FAFSA and meet low-income requirements (tuition, housing, books, meals)
- Receive personalized academic advising and counseling
- Receive priority summer housing and participate in the SSS Living Learning Community
- Receive a head start on the fall curriculum
- Enhance study-skills and problem solving
- Explore career goals or major choice
- Discover the campus and the surrounding Tampa Bay area
- Make friends at the university

### **Contractual Agreement**

Program participants are expected to abide by the SSS contractual agreement made upon their entrance to the institution. Following the guidelines has successfully benefited our students in that an average of 85-95% have remained in good academic standing each year.

As a student in our program, you are responsible to maintain contact with your SSS counselor, participate in student success workshops, become a member of the S Club, utilize the SSS computer lab, and participate in program events and activities.

### **USF Summer ACE Program**

---

4202 E. Fowler Ave., SVC 2002

Tampa, FL 33620

<https://www.usf.edu/admissions/freshmen/summer-ace/index.aspx>

The Summer Academic and Cultural Engagement Program (ACE) is designed to facilitate a purposeful transition from high school to college for incoming first-year students. The ACE program offers specialized academics, community building, and campus engagement experiences.

As an ACE student at the University of South Florida, you will experience exclusive opportunities for cultural immersion and hands-on learning, which will prepare you for your USF journey by demonstrating skills and knowledge you can utilize throughout your college career!

### **Residential Learning**

---

Living on campus involves much more than just a dorm room! The Academic Initiatives Team ensures that while living on campus students are focusing on academic engagement, interpersonal skills, global citizenship, and wellness.

Tampa, FL 33612

(813) 974-4051

<https://www.usf.edu/undergrad/crop/index.aspx>

Success Is a Journey, Not a Destination!

College Reach-Out Program (CROP) is a statewide pre-college program established in 1983 designed to increase the number of students who successfully enter and complete a postsecondary institution. The program's primary objective is to strengthen the educational motivation and preparation of low-income and educationally disadvantaged students in grades 7 through 12, representing various cultural backgrounds, who "otherwise would be unlikely to seek admission to a community college, state university or independent post secondary institution without special support and recruitment efforts."

### Upward Bound Program

---

4202 E. Fowler Avenue, SVC 2002

Tampa, FL 33612

(813) 974-4051

<https://www.usf.edu/undergrad/ub/>

The University of South Florida Upward Bound Program (UBP) is a TRIO

(<https://www2.ed.gov/programs/trioupbound/index.html>) college-access program funded by the United States Department of Education.

- The goal of UBP is to increase the rate at which participants complete secondary education and enroll in and graduate from institutions of post-secondary education.
- USF UBP serves Hillsborough County high school students living in low-income households or households in which neither parent holds a bachelor's degree (first-generation college students); <https://www.usf.edu/undergrad/ub/program-eligibility.aspx>.

# STUDENT SERVICES AND RESOURCES

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- Services also include instruction, tutoring, counseling, mentoring, cultural enrichment, campus tours, and a college residential experience (<https://www.usf.edu/undergrad/ub/services.aspx>).

### **Office of Community Engagement and Partnerships (OCEP; Tampa Campus)**

---

4202 E. Fowler Avenue, ALN 185  
Tampa, FL 33620  
(813) 974-6709  
<https://www.usf.edu/engagement/>

At the Tampa campus Office of Community Engagement and Partnerships (OCEP), we work with faculty across disciplines to develop a range of community engaged learning (CEL) courses with real-world impact. Students are able to complement their classroom learning with experiential opportunities that provide valuable service to our local and global communities, and become better equipped to succeed.

Community Engaged Learning is considered a "high-impact practice" (HIP), or "an investment of time and energy over an extended period that has unusually positive effects on student engagement in educationally purposeful behavior" (Kuh 2010: vi). A HIP is effective with students because it allows students to interact with faculty and peers about substantive matters; increases the likelihood that students will experience diversity; provides frequent feedback about their performance; offers opportunities for students to see how what they are learning works in different settings, on and off campus; and bring students' values and beliefs into awareness, helping them to better understand themselves in relation to others and the larger world (Kuh 2008).

### **Center for Civic Engagement (St. Petersburg campus)**

---

140 7<sup>th</sup> Avenue South  
St. Petersburg, FL 33701  
(727) 873-4773  
<https://www.stpetersburg.usf.edu/student-life/center-for-civic-engagement/>

At the St. Petersburg campus Office of Civic Engagement, we use the Citizen Scholar Model. The objective of the Citizen Scholar Model is to combine academic instruction with implementation of concepts learned in the classroom into the local community. The local community is broadly defined to include business, educational, and social service agencies as well as local laboratories' faculty use to further their research agendas. We envision these types of experiential and community engaged learning opportunities will become a feature in every academic program.

## **Student Engagement**

---

### **New Student and Family Experience**

---

The USF New Student and Family Experience cultivates community and fosters a sense of belonging to aid a student's transition into our community. As students navigate their academic, social, institutional, and emotional adjustment to college, staff and student leaders, on all three campuses, are available to provide care, support, and guidance. Through institutional, community, and individualized offerings, students establish a connection to USF, participate in shared USF traditions, identify a support network, gain an understanding of tools and resources, and receive support to remove barriers to ensure their continued enrollment. Our units also provide families support throughout their student's time at USF. Staff are available to answer family questions, connect families to valuable resources, and provide individualized support so families can help their student navigate their transition into our community and progress towards their degree.

[www.sarasotamanatee.usf.edu/campus-life/student-engagement/](http://www.sarasotamanatee.usf.edu/campus-life/student-engagement/)

The Office of Student Engagement provides co-curricular experiences for students that encourage relationship building and personal and professional growth. The programs and services offered foster student development, enhance the overall educational experience, and prepare students to be contributing members of a diverse global society. Student Engagement accomplishes this by offering students the opportunity to participate in campus events and programs, join student organizations, become student leaders, and learn about campus traditions, such as Week of Welcome and Homecoming. Currently, there are over 30 active student organizations, and students are encouraged to get involved with any of these student clubs and organizations that the Sarasota-Manatee campus has to offer.

## **Faith-Based Organizations**

---

The Religious and Spiritual Life at USF is a network of member faith communities committed to an agreed upon set of ethical standards. We provide access to programs, services, and activities that encourage a campus atmosphere of healthy religious and spiritual expression. This is accomplished through meetings, resources allocation, and collaboration between member organizations and the Division of Student Success.

At USF, there are so many ways that you can get involved with campus and the community while having fun and exploring your passions! Our office exists to not only coordinate many of these activities, but to help you find just the right ones for you. Stop by our office and we will point you in the right direction and/or explore the opportunities. Attend, volunteer, or plan – just get involved to make some of the best memories and friends of your college years!

### **Fraternity & Sorority Life**

---

4202 E. Fowler Avenue, MSC 2300

Tampa, FL 33620

(813) 974-1001

getinvolved@usf.edu

<https://www.usf.edu/student-affairs/involvement/fraternity-and-sorority-life/index.aspx>

Being a member of a Greek lettered organization at the University of South Florida is a great opportunity to develop as a person and to enhance the collegiate experience. Through membership development programs that the office hosts to philanthropies created by each organization, members of the Greek community are exposed to multiple learning and growth opportunities. Being a member of a fraternity/sorority means joining an organization that is bigger than yourself where you learn about personal values and ethics and finding that organization that has the values and morals that align with your own. This aspect is something that is unique to a Greek Lettered organization and that no other student organization can offer to the average student.

### **Office of Multicultural Affairs**

## **Student Wellness and Recreation**

---

### **Health and Wellness Centers**

---

Wellness consists of different dimensions, such as emotional, environmental, intellectual, social and physical. When you take care of each one, you can be your best and excel in all areas of your life. Most students cite stress and anxiety as major challenges to achieving their goals. We have many resources to help you be well and excel on campus. Our services and resources are designed so you can start develop lifelong healthy habits that can have a positive impact on your college success.

#### *Center for Student Well-Being (Tampa Campus)*

4202 East Fowler Avenue, SVC 2127  
Tampa, FL 33620  
(813) 974-1818  
[www.usf.edu/student-affairs/wellbeing/](http://www.usf.edu/student-affairs/wellbeing/)

The Center for Student Well-Being aims to increase knowledge, awareness, and access to health and wellness resources in order to facilitate behavior change leading to academic and lifelong success. The Center for Student Well-Being offers both professional and peer-led presentations and outreach on a wide variety of college health topics including but not limited to: healthy routines, stress management, alcohol, and other substances, healthy relationships, sexual health, and disease prevention. The Center for Student Well-Being is also home to the REACH Peer Health Educators.

#### *Wellness Center (St. Petersburg campus)*

140 7<sup>th</sup> Avenue South, SLC2200  
St. Petersburg, FL 33701  
(727) 873-4422  
[www.stpetersburg.usf.edu/student-life/wellness/index.aspx](http://www.stpetersburg.usf.edu/student-life/wellness/index.aspx)

The Wellness Center's services are provided to assist the St. Petersburg campus community in achieving and maintaining balanced living in regards to physical, emotional, vocational and relational functioning, with an emphasis on collaboration, prevention, and wellness. Within this integrated Center, students will find services and resources provided in the following areas:

- Student Health Services,
- Counseling Services,
- Center for Student Wellbeing and
- Center for Victim Advocacy and Violence Prevention.

# STUDENT SERVICES AND RESOURCES

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

The Students of Concern Assistance Team (SOCAT) is an interdisciplinary team, which reviews referrals for students whose behavior presents a disruption to campus or a concern for safety. SOCAT meets weekly, or as needed, to assess referrals, develop action plans, and monitor red flag behaviors across the campus community.

SOCAT is an interdisciplinary committee made up of representatives from across the USF community including the Dean of Students Office, Housing and Residential Education, University Police, Counseling Center, Student Rights and Responsibilities, Student Health Services, Undergraduate Studies and Graduate Studies. Additionally, we may consult with Students with Disability Services, Veteran Success, Center for Victim Advocacy, or other campus resources as needed.

### **Center for Victim Advocacy & Violence Prevention**

---

8350 N. Tamiami Trail, C144

Sarasota, FL 34243

<https://www.sarasotamanatee.usf.edu/campus-life/support-a-bull-food-pantry.aspx>

Support-A-Bull Pantry is a USF Sarasota-Manatee campus food pantry supported by All Faiths Food Bank. The pantry is available to students currently enrolled on the USF Sarasota-Manatee campus to address food insecurity by providing supplemental food and toiletry items to students in need.

### **Student Ombuds Office**

---

<https://www.usf.edu/student-ombuds>

The Student Ombuds Office provides confidential, impartial, informal and independent services to students with complaints or concerns about the university. The mission of the Student Ombuds Office is to facilitate fair and equitable resolution processes that promote student success. Each campus has an ombuds or an ombuds liaison. To schedule a meeting on any campus, please email [ombuds@usf.edu](mailto:ombuds@usf.edu).

### **Student Conduct and Ethical Development (SCED)**

---

<https://www.usf.edu/student-affairs/student-conduct-ethical-development/index.aspx>

Student Conduct and Ethical Development (SCED) supports the goals, mission, values, and visions of the University of South Florida by promoting responsibility and adherence to the standards of behavior outlined in the Student Code of Conduct. SCED collaborates with the community to advocate for a safe environment that promotes personal accountability and supports student success. SCED facilitates educational opportunities through meaningful interactions with students to encourage their academic, emotional, and professional development. The goal of SCED is to create environments that empower students to engage as ethical citizens in a diverse global society.

### *Recreation & Wellness Services Department (Tampa Campus)*

4202 E. Fowler Avenue, REC 111  
Tampa, FL 33620  
(813) 974-7084  
<https://www.usf.edu/student-affairs/campus-rec/index.aspx>

The University of South Florida Recreation & Wellness Department is home to three recreation facilities on the Tampa campus. There is a state-of-the-art fitness facility, located on the Tampa campus, which spans over 180,000 square feet. The Recreation & Wellness Center offers a wealth of space and activities including:

- Two Gymnasiums, with the ability to host Badminton, Basketball, and Volleyball Contests
- An indoor suspended track
- Five four-walled racquetball courts and one squash court
- An indoor heated pool
- Racquetball & Handball Courts
- Multipurpose Rooms
- Tennis Courts

In addition to the indoor facilities, the Recreation & Wellness Department also has the following facilities:

- The newest 2 story satellite fitness facility located in the Village housing area (The FIT)
  - Cardio, Strength & Conditioning Equipment & Outdoor heated pool
- The satellite fitness facility located in the USF Health area (The WELL)
  - Cardio, Strength & Conditioning Equipment & Group Fitness Studio

In addition, the Recreation & Wellness Department offers a variety of intramural sports, sport clubs, aquatic programming, adventure travel, an outdoor resource center, and a fitness program complete with daily group fitness classes. The Recreation Center also has an equipment check out service, daily use lockers, and expansive cardio and fitness floors with state of the art cardio and strength equipment.

The Recreation & Wellness Department also maintains outdoor facilities for use by USF students, faculty, staff, and other affiliate members. These facilities include 13 football and soccer fields, 2 softball fields, 16 tennis courts, a 1.2 mile shaded running trail, and USF Riverfront Park (located at 6550 E. Fletcher Ave.,) Includes canoe/kayak/paddleboard rentals, picnic facilities, challenge course, disc golf, and sand volleyball.

### *Campus Recreation (St. Petersburg Campus)*

140 7th Ave. South, SLC 1901  
St. Petersburg, FL 33713  
(727) 873-4589  
[www.stpetersburg.usf.edu/student-life/facilities/campus-rec/](http://www.stpetersburg.usf.edu/student-life/facilities/campus-rec/)

Our goal is to provide members of the USF community the opportunity to become engaged in physical or leisure activities on the level they desire. Whether you are looking for a team sport, to explore the outdoors or to de-stress with a yoga class; we have it all for you.

We offer a variety of programs to meet your needs including Intramural Sport, Sport Clubs, Fitness, Outdoor Recreation and Aquatics. And, to help you stay active we have:

# STUDENT SERVICES AND RESOURCES

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- Two outdoor basketball courts
- Two sand volleyball courts
- One multiuse recreation field
- A heated outdoor pool
- Several water vessels such as sailboats, kayaks, canoes and paddleboards

Further, our 9,000 square-foot Fitness Center facility is dedicated to providing fitness opportunities for all USF Students. The Fitness Center features two fitness studios, a designated cardio area, strength training equipment and free weights. The Campus Recreation Fitness Center is home to the Personal Training and Group Fitness programs. Recreational sports equipment is available for checkout to enhance your experiences at the outdoor courts and recreation field.

The Edge is a brand new facility designed as a welcoming, enjoyable and space place for students to spend leisure time. It is comprised of many multifunctional spaces such as the lounge and gaming area, which offers a variety of engaging options like video game consoles, foosball, billiards, darts and shuffle board. Students can mingle and relax on the West Deck overlooking the waterfront or take a break from studying to watch one of the multiple TV's in the lounge. Many events are hosted within the lounge and gaming areas, but the two multipurpose rooms provide additional space to meet student event needs. Students are also able to rent out a bike for the day through the Bike Share program which is housed out of the Edge.

Along our beautiful waterfront on the St. Petersburg campus, the Haney Landing Sailing Center houses our Outdoor Recreation program which offers canoes, kayaks, paddleboards, and sailboats on a drop-in basis and we are happy to teach students how to use all of the watercraft we offer for check out. We regularly offer sailing courses, keel boating courses, and powerboating courses. The boathouse also provides students with some comfortable beach furniture that can be found along the sea wall and on the beach. During the fall and spring, the Outdoor Recreation program offers an assortment of trips including snorkeling, sailing, fishing, climbing, hiking, and paddling.

### *Recreation & Fitness Services (Sarasota-Manatee Campus)*

8350 N. Tamiami Trail A-108  
Sarasota, FL 34243  
(941) 359-4268  
[www.sarasotamanatee.usf.edu/campus-life/recreation-and-fitness/index.aspx](http://www.sarasotamanatee.usf.edu/campus-life/recreation-and-fitness/index.aspx)

The Sarasota-Manatee campus is proud to cultivate inclusiveness, foster community and promote healthy lifestyle choices through competition, sports and personal wellness.

Stay healthy in our new Fitness Center! The space is fully equipped with free weights, cardiovascular machines and multi-station gym equipment, and an aux cable to connect your phone to the fitness center speakers. Equipment checkout service is available.

Play and Exercise - No one said you can't have fun while earning your degree and preparing for your career – it's half the college experience! At the Sarasota-Manatee campus, you can work out in our fitness center, play volleyball, enter a flag football tournament, compete in the annual students vs. faculty basketball game or slow things down with our group yoga classes.

# GENERAL EDUCATION INFORMATION

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

## Overview

USF's General Education curriculum comprises 36 hours divided into 15 hours from a specific list of state-approved courses and 21 hours of USF-chosen courses approved by the Florida Board of Governors. The USF-chosen courses all have enhancements added to them and also incorporate Communication, Critical/Analytical Thinking, and Problem Solving.

All 36 credits must be taken from five (5) disciplines:

- Communication
- Humanities
- Mathematics
- Natural Science
- Social Science

The table below provides the exact breakdown of the 36 required credits.

Discipline	State Core Credits	USF Enhanced Gen Ed Credits	Total Credits
Communication	3	3	6
Humanities	3	3	6
Mathematics	3	3	6
Natural Science	3	3	6
Social Science	3	3	6
**Choose 2 courses from any gen ed discipline above	0	6	6
	<b>15</b>	<b>21</b>	<b>36</b>

## General Education Discipline Areas

All general education courses must come from the five state-approved discipline areas. The state-approved descriptions for each area are provided below and come from Florida Statute 1007.25(d). After the definition we provide the courses that will count for the State Core requirement (as defined in Florida Board Governors Regulation 8.005) and the USF Gen Ed requirement (as approved by the USF General Education Council).

### Communication

"Communication courses must afford students the ability to communicate effectively, including the ability to write clearly and engage in public speaking."

#### State Core Requirement

One of the following courses in Communication:

- ENC X101 English Composition I;
- A course with an ENC prefix for which ENC X101 is a direct prerequisite.

At USF we use the **SGEC** attribute to distinguish these courses.

#### USF Gen Ed Requirement

# GENERAL EDUCATION INFORMATION

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

Any course with the **UGEC** attribute.

### **Humanities**

---

"Humanities courses must afford students the ability to think critically through the mastering of subjects concerned with human culture, especially literature, history, art, music, and philosophy, and must include selections from the Western canon."

#### **State Core Requirement**

One of the following courses in Humanities:

- ARH X000 Art Appreciation;
- HUM X020 Introduction to Humanities;
- LIT X000 Introduction to Literature;
- MUL X010 Introduction to Music Literature/Music Appreciation;
- PHI X010 Introduction to Philosophy;
- THE X000 Theatre Appreciation.

At USF we use the **SGEH** attribute to distinguish these courses.

#### **USF Gen Ed Requirement**

Any course with the **UGEH** attribute.

### **Mathematics**

---

"Mathematics courses must afford students a mastery of foundational mathematical and computation models and methods by applying such models and methods in problem solving."

#### **State Core Requirement**

One of the following courses in Mathematics:

- MAC X105 College Algebra;
- MAC X311 Calculus I;
- MGF X130 Mathematical Thinking;
- STA X023 Statistical Methods;
- A mathematics course for which one of the above general education core course options in mathematics is a direct prerequisite.

At USF we use the **SGEM** attribute to distinguish these courses.

#### **USF Gen Ed Requirement**

Any course with the **UGEM** attribute.

### **Natural Science**

---

"Natural science courses must afford students the ability to critically examine and evaluate the principles of the scientific method, model construction, and use the scientific method to explain natural experience and phenomena."

#### **State Core Requirement**

One of the following courses in Natural Sciences:

- AST X002 Descriptive Astronomy;
- BSC X005 General Biology;
- BSC X010 General Biology I;
- BSC X085 Anatomy and Physiology I;
- CHM X020 Chemistry for Liberal Studies;
- CHM X045 General Chemistry I;
- ESC X000 Introduction to Earth Science;

# GENERAL EDUCATION INFORMATION

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- EVR X001 Introduction to Environmental Science;
- GLY X010 Introduction to Geology;
- OCE X001 Introduction to Oceanography;
- PHY X020 Fundamentals of Physics;
- PHY X048 General Physics with Calculus;
- PHY X053 General Physics I;
- A natural science course for which one of the above general education core course options in natural science is a direct prerequisite.

At USF we use the SGEN attribute to distinguish these courses.

### **USF Gen Ed Requirement**

Any course with the **UGEN** attribute.

### **Social Science**

"Social science courses must afford students an understanding of the basic social and behavioral science concepts and principles used in the analysis of behavior and past and present social, political, and economic issues."

### **State Core Requirement**

**One of the following courses in Social Sciences:**

- AMH 2010 Introductory Survey to 1877;
- AMH X020 Introductory Survey Since 1877;
- ANT X000 Introduction to Anthropology;
- ECO X013 Macroeconomics;
- POS X041 American Government;
- PSY X012 Introduction to Psychology

At USF we use the SGES attribute to distinguish these courses.

### **USF Gen Ed Requirement**

Any course with the **UGES** attribute.

## **USF's General Education**

As required by Florida Statute 1007.55(1), all general education courses must be categorized into one of the main discipline areas described above. In addition, the University of South Florida faculty choose one of the enhancements below to add to their USF General Education course. There are no requirements around how many of these enhancements students need to take. The list of enhancements are below:

- **Creative Thinking** - Students will summarize or interpret existing ideas, images, or expertise in original ways.
- **Information & Data Literacy** - Students will identify, locate, evaluate, and effectively and responsibly use and share information for the problems at hand.
- **Cultural Competence** - Students will demonstrate an understanding of the range of human experiences.
- **Civic Engagement** - Students will participate in activities of personal and public concern while recognizing ethical issues and assessing their own ethical values.
- **Experiential Learning** - Students will summarize connections among experiences outside of the formal classroom.
- **Quantitative Reasoning** - Students will show an understanding of many quantitative skills, including interpreting evidence, modeling complex systems, and drawing valid inferences from data.

Additionally, all Enhanced General Education courses include Communication, Critical/Analytical Thinking, and Problem Solving learning outcomes:

# GENERAL EDUCATION INFORMATION

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- **Communication** - Students will produce well-organized, well-developed communications that reflect appropriate use of language to achieve a specific purpose and address specific audiences.
- **Critical and Analytical Thinking** - Students will comprehensively explore issues, ideas, artifacts, and events before accepting or formulating any opinions or conclusions.
- Problem Solving - Students will design, evaluate, and implement a strategy to answer open-ended questions or achieve desired goals.

## State Graduation Requirements

---

As set forth by Board of Governors Regulation 6.017, all students wishing to earn a baccalaureate degree must complete state required communication and state required computation.

### State Required Communication

Besides the state-mandated Communication course (ENC 1101), students must also complete another 3 hours in English Composition coursework. At USF, this requirement is met with ENC 1102 English Composition II.

Additionally, students must complete 6 semester hours of coursework in which they are required to demonstrate college-level English Language writing skills through multiple assignments. At USF, we use the 6AC attribute to distinguish courses that will meet this requirement.

**NOTE:** Students awarded college credit in English based on their demonstration of writing skills through dual enrollment, advanced placement, or international baccalaureate instruction shall be considered to have satisfied this requirement to the extent of the college credit awarded.

### State Required Computation

Besides the state-mandated Mathematics course, an additional 3 hours of mathematics coursework at the level of college algebra or higher is required. Applied logic, statistics and other computation-based coursework that may not be offered by a mathematics department may be used to fulfill three (3) of the six (6) hours required by this section. At USF, all of our Enhanced General Education courses with the attribute UGEM meet this requirement.

**NOTE:** Students awarded college credit based on their demonstration of mathematics skills at the level of college algebra or higher through dual enrollment, advanced placement, or international baccalaureate instruction shall be considered to have satisfied this requirement to the extent of the college credit awarded.

## Additional Information

---

- Students must receive a minimum grade of C- in each course that is used to fulfill any requirement in the general education curriculum. S/U grades are not acceptable for general education courses. Those courses completed satisfactorily and applied to meet general education requirements must have an overall GPA of 2.0. Courses may be counted for both the major AND the General Education requirements.
- Students who transfer into a state university or between state universities shall be required to meet the above state core requirements if the students were classified as first-time-in-college at their original post-secondary institution Fall Term 2015 and thereafter. Any course accepted by an institution in the Florida College System or State University System as meeting the general education state-mandated core at that institution shall be accepted as meeting the state-mandated core requirements at all institutions. All credit earned by other transfer students shall be evaluated by the receiving institution on a course-by-course basis to determine core equivalency. Credit earned through an acceleration mechanism in Section 1007.27, Florida Statutes and Board of Governors Regulation 6.006, will meet the related general education core course requirement.
- Some majors require or recommend specific general education courses. Make sure to check with your academic advisor when choosing courses.
- Students who enter USF with an Associate in Arts (A.A.) degree from a Florida public institution do NOT need to complete general education at USF.

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

## General Education Digital Badge Series

---

### Overview

---

During the 2021 Florida Legislative Session, House Bill 1507 amended section (s.) 1007.25, Florida Statutes (F.S.), to require public postsecondary institutions to award students a nationally recognized digital badge upon completion of general education core courses that demonstrate career readiness, beginning with students who initially enter a postsecondary institution in fall 2022 for the 2022-2023 academic year.

### What are Digital Badges?

---

Colleges and universities are working with employers to develop digital badges that highlight the skills students learn.

Digital badges allow you to showcase your achievements and the skills you've learned through related coursework. With a digital badge, you can...

- Highlight skills on your resume, college co-curricular transcript, job applications, social media, and more.
- Learn about competencies employers are looking for in your field.
- Identify open positions linked to the skills and competencies identified in the badges you have earned.
- Separate yourself from other candidates and applicants.

The best news - there is no additional cost to receive a general education badge! The digital badge is earned by completion of general education core courses, which are already built into associate in science, associate in arts and baccalaureate degree programs. Florida's 12 state universities and 28 state colleges will automatically award the badge upon completion of the required coursework. And because the badge will appear on your FASTER\* transcript, it will be accepted by all institutions if you choose to transfer.

### Fundamentals of Written Communication Badge

---

Florida public postsecondary institutions now offer students a Fundamentals of Written Communication digital badge. With this badge, you will be able to not only enhance your personal communication skills but also convey to future employers that you have acquired vital skills needed for professional success.

### What is Effective Written Communication?

---

Effective written communication is the ability to communicate ideas, information, and perspective clearly, adapting a message to different audiences and situations, and using the appropriate style to convey meaning in various contexts.

### Why is effective written communication important in the workplace?

---

- Enhances an employee's ability to interpret and evaluate a wide variety of written material
- Promotes research, critical thinking, and problem solving
- Advances the development of clearly written material relevant to the intent
- Enhances the use of appropriate language for an intended audience
- Increases the competent, effective, and responsible use of information

### What are you learning by earning this badge?

---

By completing the college course associated with this badge, you will demonstrate information literacy, comprehension of written material, and conveying information in writing for a variety of rhetorical purposes and audiences.

Some of the learning outcomes associated with the college course that results in this badge include:

# GENERAL EDUCATION DIGITAL BADGE SERIES

---

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- Examining and analyzing written material
- Synthesizing information and ideas
- Developing content relevant to the purpose
- Demonstrating the ability to write to a specific audience
- Presenting a perspective informed by research and critical thinking
- Revising written communication based on feedback

## How to Earn this Digital Badge?

---

1. Enroll in one of the following college courses: ENC X101 **OR** a course in which ENC X101 is a prerequisite.
2. Successfully complete the course with a grade of "C" or better.
3. Digital badge will automatically be awarded by the public institution where you complete the course and added to your FASTER\* transcript.

\*FASTER is the Florida Automated System for Transferring Educational Records.

## Glossary

---

### Academic Credit Hour

---

#### Credit Hours - USF Policy 10-065

<https://usf.app.box.com/v/usfpolicy10-065>

#### PURPOSE & INTENT

Academic credit provides the basis for quantifying the amount of engaged learning time expected of a typical student enrolled in traditional classroom settings, laboratories, studios, internships and other forms of experiential learning, and distance and Correspondence Education.

This Policy is intended to ensure that all credit-bearing courses and programs offered by the University of South Florida (USF) meet the requirements of the Federal definition of a credit hour and the Credit Hours Policy Statement issued by the SACSCOC.

#### STATEMENT OF POLICY

Credit hours are a measure of learning, and support a wide range of activities, including the transfer of students from one institution to another, awarding financial aid, and credentialing for employment. Because of the significance of awarding credit hours, an institution is obligated to ensure that credit hours for courses and programs conform to the commonly accepted standards of higher education, as stated in the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) Policy Statement on Credit Hours and Principles of Accreditation 10.7 (Policies for Awarding Credit), 10.8 (Evaluating and Awarding Academic Credit), and 10.9 (Cooperative Academic Arrangements).

**Federal Definition of a Student Credit Hour:** A credit hour is an amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that reasonably approximates the following: (1) not less than one hour of classroom or direct faculty instruction and a minimum of two hours of out of class student work each week for approximately fifteen weeks for one semester or trimester hour of credit, or ten to twelve weeks for one quarter hour of credit, or the equivalent amount of work over a different amount of time, or (2) at least an equivalent amount of work as required in item (1) above for other academic activities as established by the institution including laboratory work, internships, cooperative education, practica, studio work, independent research, and other academic work leading to the award of credit hours.

### Academic Load

---

The maximum load of an undergraduate student is 18 hours (Fall & Spring semesters) and 14 hours (Summer term), unless approval is received from the dean or an authorized representative of the student's college.

In the Fall or Spring semester, 12 hours is the minimum load for a student to be considered as full-time.

Full-time Undergraduate Student Definition - Summer term

- Sessions "A" & "B" (6 weeks)
- For Academic purposes: 6 hours or more each session
- For Financial Aid purposes: must enroll for 12 hours (undergraduate) in any combination of Sessions "A," "B," or "C"

Session "C" (10 weeks)

- For Academic purposes: 9 hours or more
- For Financial Aid purposes: must enroll for 12 hours (undergraduate) in any combination of Sessions "A," "B," or "C"

Students receiving Veterans' Affairs benefits should confirm their summer term enrollment with the Office of Veterans' Services or Veterans' Coordinator.

# GLOSSARY

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

Undergraduates may not enroll in 6000-level courses or higher without approval of the college/department in which the course is offered.

### **Academic Major**

---

#### **Academic Curricular Offerings - USF Regulation 3.038**

<https://usf.app.box.com/v/usfregulation3038>

A *major* represents a degree-seeking student's primary field of study and is often referred to as a "program of study." A major shall be reasonably associated with the academic discipline within the degree program under which it is offered and shall share common core courses with any other majors within the same degree program. The major appears on the diploma and on the official transcript.

### **Academic Minor**

---

#### **Academic Curricular Offerings - USF Regulation 3.038**

<https://usf.app.box.com/v/usfregulation3038>

An academic *minor* is an optional complement to a bachelor's degree in a particular field, leading to specific educational goals. A student may declare a minor at any point during the first term of enrollment and thereafter as a degree-seeking student, but is expected to declare it as early as possible but prior to applying for graduation. Students should obtain prior approval with the specific requirements and forms from the college and department in which the minor is offered. The department may require the same admission or retention standards as required for the major. Minors are recorded on the transcript.

Each academic minor conforms to these university requirements:

- A minor is a minimum of 12 semester hours.
- Students must complete a minimum of 6 credits (two courses) exclusive to the minor that will not count toward the student's major or other minors. These credits/courses must be completed at USF and must be upper-level courses.
- A minimum of fifty percent (50%) of the minor coursework must be completed in residence at USF.
- USF coursework for a minor must have a minimum GPA of 2.00; some minors have higher minimum GPA requirements.
- Only an undergraduate, degree-seeking student at USF is eligible for a minor.
- A minor can be applied for and awarded only in conjunction with applying for and receiving a baccalaureate degree.
- A maximum of 3 credits of S/U coursework may be counted toward the minor.

### **Academic Residency**

---

Any credits transferred into the University of South Florida must be processed as transfer credits from an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission.

Candidates for graduation must have completed at least 30 hours of the last 60 hours of their undergraduate credits in courses offered by USF. Individual colleges and programs may have more stringent requirements, approved by the university, such as the number of specific courses in the major that must be completed. Exceptions to the above rules may be made for students who are enrolled at other universities in USF approved exchanges, study abroad programs or co-op training programs. CLEP credit does not count toward academic residence.

Students must successfully complete at least 50 percent of the required courses in the major in courses offered by USF. In cases of hardship or lack of course availability, individual exceptions may be approved by the respective college Dean or designee to help ensure timely graduation.

# GLOSSARY

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

### **Academic Standing**

---

Undergraduate students are expected to maintain a 2.00 or higher cumulative USF grade point average (GPA). Students are in good standing if they meet the minimum GPA standards based on GPA hours. A student must be in good academic standing in order to graduate. A student must be in good academic standing in order to graduate.

Students on probation or suspension are not considered to be in good academic standing.

### **Canvas**

---

Canvas is a learning management software that enables you to complete class assignments, read course documents, post discussions, communicate with classmates, and check your grades for each assignment, and access your email. Virtually all professors use Canvas as a way to communicate noteworthy information to their students. You can access Canvas through MyUSF.

### **Class Standing**

---

The classification of a degree-seeking student is based upon the number of semester hours earned. A student's class is determined by the number of credits they have earned without relation to their GPA.

Unclassified	Non-degree-seeking student
First Year	0 through 29 semester hours passed
Second Year	30 through 59 semester hours passed
Third Year	60 through 89 semester hours passed
Fourth Year	90 or more semester hours passed; however, no baccalaureate degree earned at USF
Post Baccalaureate	Baccalaureate degree-holder working on a second undergraduate program or degree

### **Concentration**

---

#### **Academic Curricular Offerings - USF Regulation 3.038**

<https://usf.app.box.com/v/usfregulation3038>

A *concentration* is a structured plan of study which is offered as part of a major and enhances or complements the degree to be awarded in a manner which leads to specific educational or occupational goals, and/or from different disciplines that provide an interdisciplinary focus.

The number of credit hours for a concentration varies, but cannot equal or exceed the number of credit hours established for the major at a degree level - i.e., the number of credit hours for a concentration must be a subset of the credit hours required for the major. The concentration appears on the official transcript.

Each undergraduate concentration conforms to these university requirements:

1. At least 50 percent of the required coursework must be earned from the USF institution awarding the concentration.
2. USF coursework for a concentration must have a minimum GPA of 2.00; some majors/concentrations have higher minimum GPA requirements.
3. Only an undergraduate, degree-seeking student at USF is eligible to pursue a concentration.

A concentration can be applied for and received only in conjunction with applying for and receiving a baccalaureate degree.

### **Continuous Enrollment**

---

# GLOSSARY

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

Continuous enrollment is defined as enrolling as a degree seeking student at least one term each twelve (12) month period. Therefore, students cannot choose a USF catalog published prior to or during an academic year in which they did not maintain continuous enrollment. Each catalog is considered to be published during the academic year printed on the title page.

If a student does not maintain continuous enrollment, the student becomes inactive and must reapply.

If the student cannot meet all of the graduation requirements specified in the catalog of their choice due to decisions and policy changes by the university, course offerings, etc., appropriate substitutions will be determined by the department chairperson of the student's major.

USF's policies are subject to change and apply to all students regardless of their choice of catalog. If the student's graduation requirements are affected by changes in university policies, appropriate arrangements will be made to not penalize the student.

## Course Requisites

---

A *prerequisite* is a course in which credit must be earned prior to enrollment in another course. A *corequisite* is a course that must be taken concurrently with another course. A *co-prerequisite* may be taken either prior to or at the same time (concurrently) as another course.

It is the student's responsibility to review prerequisite and co-requisite information as stated in the course description. Transient and Visiting Students should follow these outlined steps to receive permission to register for a course with requisites. All other non-degree students should contact the academic department for permission to enter any course that requires a prerequisite or co-requisite. USF reserves the right to drop a student who does not meet the course requisites from the appropriate course(s). A student whose registration is cancelled will receive an email notification from the Office of the Registrar to the student's USF email account.

## Degree Program

---

Authorization of New Academic Degree Programs and Other Curricular Offerings - Florida Board Of Governors Regulation 8.011

[https://www.flbog.edu/wp-content/uploads/2022/06/Regulation-8.011\\_Final\\_Amended.pdf](https://www.flbog.edu/wp-content/uploads/2022/06/Regulation-8.011_Final_Amended.pdf)

A *degree program* is an organized curriculum leading to a degree in an area of study recognized as an academic discipline by the higher education community, as demonstrated by the assignment of a Classification of Instructional Programs (CIP) code by the National Center for Educational Statistics (<https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55>) or as demonstrated by the existence of similar degree programs at other colleges and universities.

Each degree program shall have designated faculty effort and instructional resources and shall be assigned a CIP code and included in the State University System Academic Degree Program Inventory. Each degree program shall include at least one program major but may have multiple majors.

## Degree Works Academic Audit

---

Degree Works is a web-based degree audit and tracking system helping students and academic advisors monitor progress toward degree completion. It provides academic information related to degree progress and displaying courses required and completed in the student's degree program. Access Degree Works using the student's activated USF NetID.

## Double Major

---

Students pursuing a double major are receiving only one degree (e.g., Bachelor of Arts) but are completing requirements for two majors. For example, a student may be earning one Bachelor of Arts degree with majors in

# GLOSSARY

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

**Anthropology and History.** Students wishing to pursue a double major must work with their advisor to ensure they can finish both majors in time and that both majors are declared and tracked appropriately.

### **Dual Degrees**

---

Students pursuing dual degrees are receiving two degrees (e.g., a Bachelor of Arts and a Bachelor of Science or two Bachelor of Arts degrees). They must complete at least 150 credits (120 credits for the first degree and at least 30 additional credits for the second degree). For example, a student may be earning a Bachelor of Arts degree in Anthropology and a Bachelor of Science degree in Biology. Students wishing to pursue dual degrees must work with their advisor to ensure they can finish both degrees in time and that both degrees are declared and tracked appropriately.

### **Enrollment Status**

---

The following illustrates the hours of enrollment necessary to be classified as full, half, and less than half-time status:

**Undergraduate**

- Full-time: 12 or more credit hours
- Half-time: 3-11 credit hours
- Less than half-time: 1-2 credit hours

**Graduate**

- Full-time: 9 or more credit hours
- Half-time: 3-8 credit hours
- Less than half-time: 1-2 credit hours

**(BISK Program) Undergraduate**

- Full-time: 12 or more credit hours
- Half-time: 3-11 credit hours
- Less than half-time: 1-2 credit hours

**(BISK Program) Graduate**

- Full-time: 9 or more credit hours
- Half-time: 3-8 credit hours
- Less than half-time: 1-2 credit hours

### **Grade Point Average**

---

The university uses the quality points in the Grading System. The grade point average (GPA) is computed by dividing the total number of quality points by the total hours attempted at USF. The total quality points are calculated by multiplying the number of credits assigned to each course by the quality point value of the grade given. Credit hours for courses with grades of "I, IU, M, N, NC, NG, NR, R, S, U, W, WC, WE, Z" and courses that have a repeat indicator of "E" on the academic transcript are subtracted from the total hours attempted before the GPA is calculated.

Credit hours for repeated USF coursework will be awarded only once per course unless the course is an university-approved repeatable course. "D, F, FF, IF and MF" grades, however, for repeated USF coursework will be counted in the computation of the student's GPA as many times as those grades for that course are recorded. If a student originally earns a "C" or higher in a course that may not be repeated for additional credit, and then earns a "C" or higher on a subsequent enrollment, the new grade is not computed in the GPA unless Grade Forgiveness is applied.

### **Grading System**

---

USF faculty may use a plus/minus grading system to assign student grades. The use of the plus/minus grading system is at the discretion of the individual faculty member.

A student's measure of academic achievement is recorded on the academic record based on the following grading system:

# GLOSSARY

---

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

Plus/Minus Grades	Quality Points
A+	4.00
A Excellent performance	4.00
A-	3.67
B+	3.33
B Good performance	3.00
B-	2.67
C+	2.33
C Average performance	2.00
C-	1.67
D+	1.33
D Poor performance	1.00
D-	0.67
F	0.00
FF Failure/academic dishonesty	0.00
IF Incomplete grade changed to failure	0.00

Grades not factored into GPA	Explanation
I	Incomplete
IU	Incomplete grade changed to unsatisfactory
M	No grade submitted by instructor
N	Audit
NC	Not counted transfer coursework
NG	No grade equivalent for transfer coursework
NR	Missing grade that is not resolvable
R	Repeat transfer coursework
S	Satisfactory (Pass)
T	Graduate transfer coursework

# GLOSSARY

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

U	Unsatisfactory (Fail)
W	Withdrawal from course
WC	Withdrawal for extenuating circumstances
WE	Withdrawal in exceptional circumstances
Z	Continuing registration

Note: The grade of "C-" will satisfy specified minimum requirements for the State Mandated Communication and Computation Requirements courses, General Education, and the common prerequisites unless otherwise specified in the Catalog.

## **MyUSF**

---

USF's Portal (<https://my.usf.edu/Pages/Home.aspx>). MyUSF is the window to all of your technology needs including access to Canvas and Student Self-Service.

## **NetID and USF E-mail Address**

---

Almost all online activity at USF including MyUSF, Canvas and student email requires your USF NetID. Create a student NetID to activate your official USF student email account via MyUSF.

## **Network Access**

---

Before you begin using the USF network, your computer or mobile device must be registered. Once registered, you are able to surf the USF network. The following items are needed:

- A valid USF email address
- Computer's network adapter address (also known as physical address or mac address)
- A non-USF email address
- A valid phone number

For any university technology questions or concerns, contact the Information Technology Help Desk (<https://www.usf.edu/it/services/client-support>) at (813) 974-1222.

## **Second Baccalaureate Degree/ Post-baccalaureate Degree**

---

A student who has already graduated from an accredited four-year institution (including the University of South Florida) **must earn a minimum of an additional 30 semester hours of USF undergraduate courses** to apply toward their second baccalaureate degree. Students must also meet the university's regular graduation requirements, as well as the requirements of the college awarding the degree and the residency requirements. Students should meet with their Academic Advisor to review graduation requirements (<https://www.usf.edu/undergrad/students/advising-offices.aspx>).

## **Semester System**

---

USF operates on a semester system. Fall semester begins in August and Spring semester begins in January. Summer sessions begin in May and July. See the Important Dates & Deadlines at <https://www.usf.edu/registrar/calendars/index.aspx>.

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

## **Bellini College of AI, Cybersecurity and Computing**

---

4202 E. Fowler Avenue, LIB 122  
Tampa, FL, 33620  
<https://www.usf.edu/caicc/>

### **Physical location for Main Office:**

The main office of the University of South Florida's Bellini College of Artificial Intelligence, Cybersecurity and Computing is located on the sixth floor of the USF Library, situated on USF Apple Drive.

### **About the College**

---

Established in 2024, the Bellini College of Artificial Intelligence, Cybersecurity and Computing is the first of its kind in Florida and one of the pioneers in the nation to bring together the disciplines of artificial intelligence, cybersecurity and computing into a dedicated college. We aim to position Florida as a global leader and economic engine in AI, cybersecurity and computing education and research. We promote interdisciplinary innovation and ethical technology development through strong industry and government partnerships.

We empower our students and faculty to drive responsible, secure technological advancements across all disciplines, contributing to a society that values ethical considerations and trusts in digital transformation.

The college serves as a central hub for advancing foundational knowledge and interdisciplinary collaborations, catalyzing innovation across all academic fields. By integrating AI and cybersecurity expertise into varied disciplines, the college fosters a seamless environment where ethical, secure and responsible computing technologies are developed. This mission-driven approach positions our college to meet the growing demand for computing professionals and aligns with USF's goal of being a national leader in high-impact, socially responsible technology development.

The college's structure is both integrative and pioneering, applying a "hub-and-spoke" model to maintain strong ties with colleges across USF while serving as a dedicated focal point for artificial intelligence, cybersecurity and computing education and research. This cross-cutting approach facilitates agile responses to technological advancements and creates a vibrant space for interdisciplinary research. By anchoring foundational expertise within and promoting collaboration with other units, the college strengthens USF's capacity to tackle complex societal challenges through cutting-edge research and to provide a comprehensive educational pathway that prepares students for diverse careers in the fast-evolving, technology-driven digital landscape.

For more information or to explore specific degree offerings, visit the Bellini College of AI, Cybersecurity and Computing's website: <https://www.usf.edu/caicc/>.

### **Mission**

---

#### ***Mission***

The mission of the Bellini College of Artificial Intelligence, Cybersecurity and Computing is to transform the role of computing technologies in society by focusing on three key areas:

**Delivering High-Demand Academic Programs:** Deliver a comprehensive range of undergraduate, graduate, and professional majors, both disciplinary and interdisciplinary, in artificial intelligence, cybersecurity and computing. The

# BELLINI COLLEGE OF AI, CYBERSECURITY AND COMPUTING

---

---

majors are pedagogically effective and designed with high standards to be rigorous, relevant and meet the current and future needs of industry, government and society.

**Advancing Research Excellence:** Focus on innovative investigations and technological advances to elevate the state of artificial intelligence, cybersecurity and computing research. Push the boundaries of knowledge in our fields, facilitating collaboration and innovation across all academic disciplines and fostering an environment that encourages curiosity, creativity and critical thinking.

**Promoting Ethics and Trust:** Instill a deep sense of responsibility in our students and faculty, emphasizing the importance of secure and trustworthy technology. Through research, curricula, industry partnerships and community engagement, promote ethically driven policies and practices that protect privacy, ensure security and foster social good.

## **Accreditation**

---

The Computer Engineering (B.S.) program is accredited by the Engineering Accreditation Commission of ABET, <https://www.abet.org>, under the General Criteria and Program Criteria for Electrical, Computer, Communications, Telecommunication(s) and Similarly Named Engineering Programs.

The Computer Science (B.S.) program is accredited by the Computing Accreditation Commission of ABET, <https://www.abet.org>, under the General Criteria and Program Criteria for Computer Science and Similarly Named Computing Programs.

The Cybersecurity (B.S.) program is accredited by the Computing Accreditation Commission of ABET, <https://www.abet.org>, under the General Criteria and Program Criteria for Cybersecurity and Similarly Named Computing Programs.

## **Other Information**

---

### *Students in the University Honors College*

Bellini College students participating in the University Honors Program are able to complete their Bachelor's degree in four years. Students who qualify for the Honors Program at USF should contact the Honors College or the Bellini College advising team to learn about the benefits of this prestigious program.

### *Army, Air Force, and Naval R.O.T.C. for Students*

The academic and technological knowledge from a Bellini College degree grants a distinct advantage to individuals interested in a military appointment or career. This is especially true for those participating in one of the ROTC programs at USF.

### *Bachelor's/Master's Pathway Programs*

Well-qualified students who, at the beginning of their senior year, are clearly interested in graduate study are invited to apply to the individual Bachelor's/Master's Pathways academic programs offered in the Bellini College.

## **College-Level Requirements**

---

# BELLINI COLLEGE OF AI, CYBERSECURITY AND COMPUTING

---

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

## *Minimum Continuation Requirements*

All Bellini College undergraduate students must meet the following criteria:

1. Earn the required grade in all courses in no more than two (2) registered attempts. Grades of W, IF, U, and R are considered attempts.
2. Maintain a cumulative 2.0 USF GPA
3. Maintain a cumulative 2.0 Overall GPA
4. Earn a minimum 2.0 semester GPA

## Warning

Students who do not meet the required minimum semester GPA are initially given a warning.

## Probation

Students will be placed on probation if they have any of the following:

1. Two semesters with a term GPA under 2.0 or
2. Less than a 2.0 cumulative USF GPA or
3. Less than a 2.0 Overall GPA.

Students on probation will be ineligible for further registration in the college. In order to continue, students must obtain individually designed academic plans approved by their academic advisor and will be closely monitored.

Failure to meet the terms of the academic plans will result in the reselection of a major outside the Bellini College.

## Reselect Major

In addition to the conditions outlined above, students who fail to meet the grade requirement in any course in no more than two (2) registered attempts must reselect a major outside the Bellini College. The college provides a range of services to assist in selecting a new academic and career path.

## Academic Dismissal

Students academically dismissed from the University of South Florida, or those who leave on probation, may choose to attend another post-secondary institution, and reapply to USF after their overall GPA meets minimum requirements. The college may consider them for readmission if they meet the minimum Bellini College admission requirements for transfer students, as well as the program entrance requirements for their intended major as published in the University of South Florida Undergraduate Catalog for their term of readmission.

## Other Requirements

---

### **Years to Degree**

The Bellini College requires that a student complete the baccalaureate degree within five years after beginning the specialization courses for their major. Specialization courses taken more than five years prior to graduation will not be counted toward the degree. In rare cases, exceptions may be granted by the college.

# BELLINI COLLEGE OF AI, CYBERSECURITY AND COMPUTING

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

### **University, College, and Program Requirements**

The college requirements described in this section above are in addition to requirements set forth in the university policy and procedures section and the degree program sections of this catalog. It is the student's responsibility to complete all university, college, program, and curricular requirements prior to graduation.

### **Student Laptop Computer Requirement**

All students entering the Bellini College are required to have a laptop computer that they can use in their major classes and labs.

### **Disruption of Academic Process and Academic Dishonesty**

The Bellini College will maintain an environment that encourages all to study and conduct research free from undue disruption. Disruption of the Academic Process is a matter the college is obliged to report to Student Judicial Services. Academic dishonesty, in any form, is taken very seriously by the college and will result in sanctions. The most serious penalty is dismissal from the university. (See university policies - Academic Integrity of Students)

---

## **Admission Requirements**

---

### *Preparation for Entering the Bellini College*

High school students seeking to matriculate into the Computer Science, Computer Engineering, or Artificial Intelligence programs of study must present a strong academic record that includes four years of advanced high school mathematics (analytical geometry, trigonometry, pre-calculus, calculus) and science, including chemistry and physics.

High school students seeking to matriculate into the Cybersecurity or Information Technology programs of study must present a strong academic record that includes at least three years of highly advanced high school mathematics (analytical geometry, trigonometry, pre-calculus) and science, including physics. Prospective students who lack sufficient preparation in high school may need additional preparatory coursework.

Newly admitted first year students are required to take and successfully complete the university's Math Placement Test (MPT) first two subjects, basic algebra and college algebra. Students who completed pre-calculus or calculus in high school will also take the MPT for pre-calculus/trigonometry. A score of 12 out of 15 on the MPT subject exams is passing. Students who successfully complete all three MPT subjects are encouraged to start in Calculus I fall term for degree progression. More information about the MPT is online at <http://math.usf.edu/placement/>. Exemption for students who have already received credit for Calculus I. Students who are unable to successfully complete the course may be redirected to another major as stated in the USF Degree Progression policy 10-505.

### *Admission Requirements for First Year Students*

First time in college students are admitted into a Bellini College undergraduate program in fall and spring semesters only. This is to ensure that students can remain on track to a four-year graduation. Students must meet USF admission criteria.

***Once admitted, students may need to meet additional program specific requirements.*** Please refer to the program section in the catalog for details.

# BELLINI COLLEGE OF AI, CYBERSECURITY AND COMPUTING

---

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

## *Admission Requirements for Transfer Students*

A transfer student must be fully admitted to the University of South Florida as a degree-seeking student. Lower-level transfer students have 12 to 29 credit hours, mid-level transfer students have 30 to 59 credit hours, and upper-level students have 60 or more credit hours of post-secondary course work.

## *Computer Science and Artificial Intelligence Transfer Requirements*

### **Lower-Level (LL) Transfer**

- SAT math section score of 570 or higher, or ACT math section score of 24 or higher

AND

- High school GPA of 4.00 or higher, as calculated by the Office of Admissions

### **Mid-Level (ML) and Upper-Level (UL) Transfer**

- Complete Programming Concepts (COP 1220, COP 2030, COP 2224, COP 2360, COP 2510, or COP 2800) with a minimum grade of B or better (maximum two attempts).
- Complete the following prerequisites with a minimum grade of B or better required for Calculus I and Calculus-based Physics I plus lab (maximum two attempts), minimum grade of C or better required for Calculus II (maximum two attempts).
  - Calculus I (MAC x281 or MAC x311)
  - Calculus II (MAC x282 or MAC x312)
  - Calculus-based Physics I plus lab (PHY x048/PHY x048L, or PHY x045/PHY x045L)

## *Computer Engineering Transfer Requirements*

### **Lower-Level (LL) Transfer**

- SAT math section score of 570 or higher, or ACT math section score of 24 or higher

AND

- High school GPA of 4.00 or higher, as calculated by the Office of Admissions

### **Mid-Level (ML) and Upper-Level (UL) Transfer**

- Complete Programming Concepts (COP 1220, COP 2030, COP 2224, COP 2360, COP 2510, or COP 2800) with a minimum grade of B or better (maximum two attempts).
- Complete the following prerequisites with a minimum grade of B or better for Calculus I and Calculus-based Physics I plus lab (maximum two attempts), minimum grade of C or better required for Calculus II and Chemistry 1 plus lab (maximum two attempts).
  - Calculus I (MAC x281 or MAC x311)
  - Calculus II (MAC x282 or MAC x312)
  - Calculus-based Physics I plus lab (PHY x048/PHY x048L, or PHY x045/PHY x045L)
  - Chemistry I plus lab (CHM x045/CHM x045L, or CHM x045C, or CHS x440/CHS x440L)

# BELLINI COLLEGE OF AI, CYBERSECURITY AND COMPUTING

---

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

## *Cybersecurity and Information Technology Transfer Requirements*

### **Lower-Level (LL) Transfer**

- SAT math section score of 570 or higher, or ACT math section score of 24 or higher

AND

- High school GPA of 4.00 or higher, as calculated by the Office of Admissions

### **Mid-Level (ML) and Upper-Level (UL) Transfer**

- Complete Programming Concepts (COP 1220, COP 2030, COP 2224, COP 2360, COP 2510, or COP 2800) with a minimum grade of C or better (maximum two attempts),
- Complete Intro to Databases for IT (CGS 1540, CGS 2541, or equivalent), with a minimum grade of B or better (maximum of two attempts and course must be three credits).
- Complete the following prerequisites with a minimum grade of B or better (maximum of two attempts).
  - Pre-Calculus (MAC x147, or MAC x140 and MAC x114)
  - Introductory Statistics I (STA x023 or STA x122)
  - Discrete Math (MAD 2104)
  - Any Physics course (PHY 1000 - PHY 2999)

In all cases, requirements must be fully complete and cannot be in progress. In all cases, second bachelor's degree applicants must meet the same requirements as Upper-Level transfers.

To ensure students are able to meet degree progression standards per USF Degree Progression policy 10-505, the Bellini College advising staff will review student records before processing declaration or change of major requests. Prerequisite grades as specified in USF Course Inventory must be met in all cases.

Transfer students with an AA degree must have completed all state-mandated prerequisites for their intended major to be admitted. Prerequisite grades as specified in USF Course Inventory must be met in all cases. For the specific state mandated common prerequisite courses for each program within the CAICC, please see the section entitled, "State Mandated Common Prerequisites" located under the program section of the catalog.

Students who are not fully admitted to the college are ineligible to enroll in college restricted courses notably including COP 2510 Programming Concepts and CGS 1540 Introduction to Databases.

Transfer credit may be accepted from non-Florida Statewide Common Course Numbering System courses when appropriate if the transferred course has been passed with a grade of C or better (or B or better for any of the required transfer courses listed above), and it is determined to be equivalent in both content and quality. In some cases, credit for a course may be granted, but the hours accepted may be less than the hours earned at another school. In general, engineering and technology courses taken at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Bellini College. Transfer students should be prepared to submit detailed course syllabi from the previous institution if requested. In no case can a lower-level course be accepted for an upper-level course.

While credit for work from other institutions may be granted subject to the conditions of the previous paragraph, at least 30 credit hours including a minimum number of semester hours of CAICC coursework as specified by the degree program must be taken at USF to receive the Baccalaureate degree.

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

## Graduation Requirements

### *Minimum Graduation Requirements*

All undergraduate students admitted to any academic program in the Bellini College must maintain a minimum cumulative GPA of 2.0 in each of the following categories:

1. Overall Undergraduate GPA
2. USF GPA
3. Math and Science courses (best attempt)
4. Engineering Courses
5. Courses within the major (specialization)

As stated in USF Degree Progression policy 10-055, students not meeting minimum GPA requirements for graduation may be redirected to another major.

### *Graduation Application Procedures*

Each student in the Bellini College is required to complete an application for graduation and a graduation checklist. Students should meet with their program advisor to review graduation qualifications and obtain approval well in advance of the Bellini College graduation application deadline. The graduation application deadline for the college is set prior to the university deadline. ***The graduation application and checklist are due the semester before the graduating term.***

## Baccalaureate-Level Degree Programs

---

### **Computer Science (BSCS)**

The Computer Science program focuses on the design, development, and application of software systems. Additional course work in algorithms, discrete structures, object-oriented design and data structures, operating systems, digital logic design, computer architecture, operating systems, software engineering, secure computing and a wide range of advanced electives including artificial intelligence topics extend and supplement the core.

### **Computer Engineering (BSCP)**

The Computer Engineering program focuses on the design, development, and application of computer hardware and software systems. The program devotes significant time to topics in computing circuits, digital logic design, computer architecture, hardware design, and design automation, including extensive laboratory work. Additional course work in algorithms, discrete structures, object-oriented design and data structures, operating systems, and a wide range of advanced electives including quantum computing and artificial intelligence topics extend and supplement the core.

### **Artificial Intelligence (BSAI)**

The Artificial Intelligence program emphasizes the principles, techniques, and applications of artificial intelligence systems. Core coursework includes machine learning, neural networks, algorithms, operating systems, software engineering, and secure computing. To further broaden and deepen their expertise, students can choose from a wide range of advanced electives in areas such as data mining, deep learning, reinforcement learning, natural language processing, computer vision, robotics, and other topics.

### **Cybersecurity (BSCYS)**

The Cybersecurity program focuses on technology, people, information, and processes to enable assured cyber operations in the context of adversaries. The program is built on a technical foundation of computing and information

# BELLINI COLLEGE OF AI, CYBERSECURITY AND COMPUTING

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

technology. Students in this program acquire a background in cybersecurity related to information, software, systems, users, and organizations including aspects of policy, human factors, risk management, ethics, and impact on society.

### **Information Technology (BSIT)**

The Information Technology program focuses on programming, databases, networking, human-computer interaction, web systems, and cybersecurity to meet the technology requirements of business, government, healthcare, education, and other organizations. Students in this program acquire a combination of fundamental knowledge and practical expertise to solve computing technology problems and meet user needs.

### **Bachelor's/Master's Pathways**

---

Bellini College students have the option to pursue one of the following Bachelor's/Master's Pathways:

- BS in Computer Science and MS in Computer Science
- BS in Computer Engineering and MS in Computer Engineering
- BS in Artificial Intelligence and MS in Computer Science
- BS in Cybersecurity and MS in Computer Science

For more information, see the Graduate Catalog.

### **Minors**

---

#### **Computer Science**

The Computer Science minor covers key topics in the discipline. It is a 15-credit hour program that is expected to be attractive to students in Engineering and to students in Mathematics and the Sciences (including Physics, Chemistry, and Biology). The Computer Science minor is open to all students who meet the prerequisites, except for students in the Bellini College.

- Computer Science Minor

#### **Information Technology**

The Information Technology minor covers key topics in the discipline. It is a 21-credit hour program that is attractive to students in Engineering and to students in Mathematics and the Sciences (including Physics, Chemistry, and Biology) who have no background in software development. The Information Technology minor is open to all students who meet the prerequisites, except for students in the Bellini College.

- Information Technology Minor

### **Undergraduate Advising Information**

---

Effective pursuit of studies within the Bellini College requires careful attention to both the sequence and the type of courses taken. The college curriculum differs in key respects from the study plans of other majors even in the first year. Professional advisors in the Bellini College provide individualized academic planning and guidance. New students must attend the university's Orientation program. They will be introduced to their advisors during this program and receive advisement for their first semester. The student and advisors jointly work out a plan of study that

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

meets both the student's career objectives and the Bellini College's degree requirements. While the college provides advising services to assist students with academic planning, the student is responsible for knowing and meeting all performance standards and graduation requirements.

**Contact Information:**

University of South Florida  
4202 E. Fowler Avenue, LIB 122  
Tampa, FL, 33620  
<https://www.usf.edu/caicc/>

**Office Hours:** Monday through Friday from 8 am until 5 pm

**Physical location for Main Office:** The main office of the University of South Florida's Bellini College of Artificial Intelligence, Cybersecurity and Computing is located on the sixth floor of the USF Library, situated on USF Apple Drive.

**To schedule an advising appointment:** Prospective or current students can schedule an advising appointment with Bellini College undergraduate advisors: <https://www.usf.edu/ai-cybersecurity-computing/academics/undergraduate/advising.aspx>.

## Computer Science Minor

---

**TOTAL MINOR HOURS: 15**

The Computer Science minor covers key topics in the discipline and is an 15 credit hour program that is expected to be attractive to students in the College of Engineering and to students in Mathematics and the Sciences (including Physics, Chemistry, and Biology).

## MINOR REQUIREMENTS

---

The Computer Science minor is open to all students, except for students majoring in Computer Science, Computer Engineering, Artificial Intelligence, Information Technology, and Cybersecurity in the Bellini College, who meet the prerequisites described below.

### MINOR CORE (9 CREDIT HOURS)

---

- COP 3514 - Program Design **Credit(s): 3**
- CDA 3103 - Computer Organization **Credit(s): 3**
- COP 4530 - Data Structures **Credit(s): 3**

### MINOR ELECTIVES (6 CREDIT HOURS)

---

Two Technical electives of student's choice for which prerequisites have been met. See the Computer Science degree program for a list of electives.

## OTHER REQUIREMENTS

---

Students must register with the Bellini College Undergraduate Advisor prior to starting this minor program. Consultation with the Undergraduate Advisor will ensure that students are informed of all offered courses. All catalog prerequisites and registration requirements must be met for enrollment in any of the courses required for the minor.

All students desiring to pursue the minor must meet the same prerequisites, entry, and continuation requirements as a Bellini College major.

Note: Introduction to Discrete Structures (COT 3100 or equivalent) is required as a prerequisite for COP 4530 - Data Structures and COT 4400 - Analysis of Algorithms.

## GPA REQUIREMENTS

---

All students desiring to pursue the minor must meet the same continuation requirements and course pre-requisite requirements as a Bellini College major.

## OTHER INFORMATION

---

Specialty tracks in hardware, software, and theory can be defined in consultation with the Undergraduate Advisor. A specific pre-graduate school track intended for students planning to seek admission into the Bellini College graduate program has been defined with 9 hours of electives. The electives are as follows.

Note: These electives may have prerequisites not met by the Minor Core.

- COT 4400 - Analysis of Algorithms **Credit(s): 3**
- COP 4600 - Operating Systems **Credit(s): 3**
- CDA 4205 - Computer Architecture **Credit(s): 3**

## Information Technology Minor

---

TOTAL MINOR HOURS: 18

The Information Technology minor covers key topics in the discipline and is an 18 credit hour program that is expected to be attractive to students in the College of Engineering and to students in Mathematics and the Sciences (including Physics, Chemistry, and Biology) who have no background in software development.

## MINOR REQUIREMENTS

---

The Information Technology minor covers key topics in the discipline and is an 18 credit hour program that is expected to be attractive to students in the College of Engineering and to students in Mathematics and the Sciences (including Physics, Chemistry, and Biology) who have no background in software development.

### MINOR CORE (12 CREDIT HOURS)

---

- CGS 1540 - Introduction to Databases **Credit(s): 3**
- COP 2510 - Programming Concepts **Credit(s): 3**
- COP 2513 - Object Oriented Programming **Credit(s): 3**
- COP 3515 - Advanced Program Design **Credit(s): 3**

### MINOR ELECTIVES (6 CREDIT HOURS)

---

Two approved IT electives of student's choice for which prerequisites have been met. See the Information Technology degree program for a list of electives.

## OTHER REQUIREMENTS

---

Students must register with the Bellini College Undergraduate Advisor prior to starting this minor program. Consultation with the Undergraduate Advisor will ensure that students are informed of all offered courses. All catalog prerequisites and registration requirements must be met for enrollment in any of the courses taken for the minor.

All students desiring to pursue the minor must meet the same prerequisites, entry, and continuation requirements as a Bellini College major.

Note: Discrete Mathematics (MAD 2104 or equivalent) is required as a prerequisite for COP 3515 - Advanced Program Design.

## GPA REQUIREMENTS

---

All students desiring to pursue the minor must meet the same continuation requirements and course pre-requisite requirements as a Bellini College major.

## **Artificial Intelligence, B.S.A.I.**

---

TOTAL DEGREE HOURS: 120

The Artificial Intelligence program emphasizes the principles, techniques, and applications of artificial intelligence (AI) systems. Core coursework includes machine learning, neural networks, algorithms, operating systems, software engineering, and secure computing. To further broaden and deepen their expertise, students can choose from a wide range of advanced electives in areas such as data mining, deep learning, reinforcement learning, natural language processing, computer vision, robotics, and other topics.

### **Mission Statement**

The mission of the Bellini College of Artificial Intelligence, Cybersecurity and Computing is to transform the role of computing technologies in society by focusing on three key areas:

**Delivering High-Demand Academic Programs:** Deliver a comprehensive range of undergraduate, graduate, and professional majors, both disciplinary and interdisciplinary, in artificial intelligence, cybersecurity and computing. The majors are pedagogically effective and designed with high standards to be rigorous, relevant and meet the current and future needs of industry, government and society.

**Advancing Research Excellence:** Focus on innovative investigations and technological advances to elevate the state of artificial intelligence, cybersecurity and computing research. Push the boundaries of knowledge in our fields, facilitating collaboration and innovation across all academic disciplines and fostering an environment that encourages curiosity, creativity and critical thinking.

**Promoting Ethics and Trust:** Instill a deep sense of responsibility in our students and faculty, emphasizing the importance of secure and trustworthy technology. Through research, curricula, industry partnerships and community engagement, promote ethically driven policies and practices that protect privacy, ensure security and foster social good.

### **Program Educational Objectives**

The Bellini College has established the following program educational objectives for Artificial Intelligence graduates.

**Objective 1:** Our graduates will apply their knowledge and skills to succeed in their careers and/or obtain advanced degrees.

**Objective 2:** Our graduates will function ethically and responsibly, and will remain informed through continuing education, and involved as full participants in their profession and society.

**Objective 3:** Our graduates will creatively solve problems, communicate effectively, and successfully function in multi-disciplinary teams.

**Objective 4:** Our graduates will apply principles and practices of artificial intelligence and computing grounded in theory and practice to successfully complete AI-related projects to meet customer business objectives and/or productively engage in research.

## UNIVERSITY ADMISSIONS - BELLINI COLLEGE OF AI, CYBERSECURITY AND COMPUTING

---

Admission to the University and College is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following URLs:

**Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

**Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

**International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the Bellini College, see the information at Bellini College of AI, Cybersecurity and Computing.

## PROGRESSION REQUIREMENTS IN THE UPPER DIVISION - ARTIFICIAL INTELLIGENCE, B.S.A.I.

---

Artificial Intelligence students who have fully met the requirements below and are in good academic standing, may progress into the upper level of the major. Prior to progression into the upper level, a student may take no more than two upper-level Bellini College courses. The college may have continuation requirements, which specify minimum performance standards in core major courses which must be met before further registration is granted.

1. Ability to register for COP 4530 - Data Structures
2. A minimum overall GPA of 2.0
3. A minimum USF GPA of 2.0

## COLLEGE POLICIES

---

In addition to the already stated Bellini College graduation requirements, the college has the following additional policy:

- Exit interview and/or survey as a graduation requirement.

## REQUIRED COURSES: (87 CREDIT HOURS)

---

## STATE MANDATED COMMON COURSE PREREQUISITES - ARTIFICIAL INTELLIGENCE, B.S.A.I. (25 CREDIT HOURS)\*

---

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

## MAJOR ELECTIVES: 8 COURSES; 24 CREDIT HOURS

---

Artificial Intelligence students must choose 12 hours of AI electives, 3 hours of theory electives, and an additional non-overlapping 9 hours of technical electives ("software", "hardware", "AI", or "theory") in the College.

The undergraduate section of the Bellini College website contains the most up to date list of approved artificial intelligence electives. Additional electives may be available with a special topics course number (typically, CIS 4930). The prerequisite for most, but not all, college upper-level technical electives is COP 4530 - Data Structures. The prerequisite for AI electives is CAI 4002 - Introduction to Artificial Intelligence. Consult with the undergraduate Bellini College advising team to learn more about available electives. A maximum of six (6) hours of CIS 4900 and/or any other supervised individual study (including CIS 4915 and CIS 4940) are allowed as technical electives.

## AI ELECTIVES: 12 CREDIT HOURS

---

- CAI 4841 - Computer Vision **Credit(s): 3**
- CAI 4842 - Image Processing Fundamentals **Credit(s): 3**
- CIS 4930 - Special Topics in Computer Science I **Credit(s): 1-3** (See department website for list of approved topics)

## THEORY ELECTIVES: 3 CREDIT HOURS

---

- CIS 4212 - Privacy-Preserving and Trustworthy Cyber-Infrastructures **Credit(s): 3**
- COT 4210 - Automata Theory and Formal Languages **Credit(s): 3**
- COT 4521 - Computational Geometry **Credit(s): 3**
- COT 4601 - Quantum Computing and Quantum Algorithms **Credit(s): 3**

## TECHNICAL ELECTIVES: 9 CREDIT HOURS

## INDUSTRY INTERNSHIP

---

The college recommends that BSAI students complete an industry internship. Students may earn up to six credit hours, as elective, for CIS 4940 - Industry Internship . No more than three credit hours in any one given company. Internships for CIS 4940 for AI students must be in the area of AI.

## ADDITIONAL INFORMATION - ARTIFICIAL INTELLIGENCE, B.S.A.I.

---

## OTHER REQUIREMENTS

---

A student pursuing the Artificial Intelligence major may not pursue a second major while simultaneously enrolled in the Artificial Intelligence undergraduate major.

## GPA REQUIREMENTS

---

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.

# BELLINI COLLEGE OF AI, CYBERSECURITY AND COMPUTING

---

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

## GRADING REQUIREMENTS

Unless otherwise stated in the course prerequisites on USF Course Inventory, the minimum acceptable grade in all BSAI required courses is a C or higher (C- is insufficient).

## RESIDENCY REQUIREMENTS

Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department or college. In no case will this be less than 18 hours. The University residency requirement must also be met. A dual degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department or college beyond those specialization hours required for the first degree.

## INTERNSHIP OPPORTUNITIES

The Bellini College and the USF Center for Career and Professional Development Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional environment. Students normally apply for participation in this program during their first year and pursue actual internships during their sophomore, junior and senior years. **See the Bellini College advising team for more information on earning academic credit for internships.**

## BACHELOR'S/MASTER'S PATHWAY

Students majoring in Artificial Intelligence have the option to pursue the following Bachelor's/Master's Pathway:

- BS in Artificial Intelligence and MS in Computer Science

For more information, see the Graduate Catalog.

## RESEARCH OPPORTUNITIES - BELLINI COLLEGE OF AI, CYBERSECURITY AND COMPUTING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## Computer Engineering B.S.C.P.

---

TOTAL DEGREE HOURS: 120

The Computer Engineering program focuses on the design, development, and application of computer hardware and software systems. The program devotes significant time to topics in computing circuits, digital logic design, computer architecture, hardware design, and design automation, including extensive laboratory work. Additional course work in algorithms, discrete structures, object-oriented design and data structures, operating systems, and a wide range of advanced electives including quantum computing and artificial intelligence topics extend and supplement the core.

### **Mission Statement**

The mission of the Bellini College of Artificial Intelligence, Cybersecurity and Computing is to transform the role of computing technologies in society by focusing on three key areas:

**Delivering High-Demand Academic Programs:** Deliver a comprehensive range of undergraduate, graduate, and professional majors, both disciplinary and interdisciplinary, in artificial intelligence, cybersecurity and computing. The majors are pedagogically effective and designed with high standards to be rigorous, relevant and meet the current and future needs of industry, government and society.

The undergraduate section of the Bellini College website contains the most up to date list of approved artificial intelligence electives. Additional electives may be available with a special topics course number (typically, CIS 4930). The prerequisite for most, but not all, college upper-level technical electives is COP 4530 - Data Structures. The prerequisite for AI electives is CAI 4002 - Introduction to Artificial Intelligence. Consult with the undergraduate Bellini College advising team to learn more about available electives. A maximum of six (6) hours of CIS 4900 and/or any other supervised individual study (including CIS 4915 and CIS 4940) are allowed as CSE electives.

## INDUSTRY INTERNSHIP

# BELLINI COLLEGE OF AI, CYBERSECURITY AND COMPUTING

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

The college recommends that BSCP students complete an industry internship. Students may earn up to six credit hours, as elective, for CIS 4940 - Industry Internship. No more than three credit hours in any one given company. Internships for CIS 4940 for AI students must be in the area of AI.

## ADDITIONAL INFORMATION - COMPUTER ENGINEERING B.S.C.P.

---

### GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.

### GRADING REQUIREMENTS

Unless otherwise stated in the course prerequisites on USF Course Inventory, the minimum acceptable grade in all BSCP required courses is a C or higher (C- is insufficient).

### RESIDENCY REQUIREMENTS

Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department or college. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A concurrent degree (dual degree) student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department or college beyond those specialization hours required for the first degree.

### INTERNSHIP OPPORTUNITIES

The Bellini College and the USF Center for Career and Professional Development Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for students.

Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional environment. Students normally apply for participation in this program during their first year and pursue actual internships during their sophomore, junior and senior years. **See the Bellini College advising team for more information on earning academic credit for internships.**

### BACHELOR'S/MASTER'S PATHWAY

Students in Computer Engineering have the option to pursue the following Bachelor's/Master's Pathway:

- BS in Computer Engineering and MS in Computer Engineering

For more information, see the Graduate Catalog.

### ACCREDITATION INFORMATION

The Computer Engineering (B.S.) program is accredited by the Engineering Accreditation Commission of ABET, <https://www.abet.org>, under the General Criteria and Program Criteria for Electrical, Computer, Communications, Telecommunication(s) and Similarly Named Engineering Programs.

### RESEARCH OPPORTUNITIES - BELLINI COLLEGE OF AI, CYBERSECURITY AND COMPUTING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## Computer Science B.S.C.S.

---

TOTAL DEGREE HOURS: 120

The Computer Science program focuses on the design, development, and application of software systems. Additional course work in algorithms, discrete structures, object-oriented design and data structures, operating systems, digital logic design, computer architecture, operating systems, software engineering, secure computing and a wide range of advanced electives including artificial intelligence (AI) topics extend and supplement the core.

### **Mission Statement**

The mission of the Bellini College of Artificial Intelligence, Cybersecurity and Computing is to transform the role of computing technologies in society by focusing on three key areas:

**Delivering High-Demand Academic Programs:** Deliver a comprehensive range of undergraduate, graduate, and professional majors, both disciplinary and interdisciplinary, in artificial intelligence, cybersecurity and computing. The majors are pedagogically effective and designed with high standards to be rigorous, relevant and meet the current and future needs of industry, government and society.

**Advancing Research Excellence:** Focus on innovative investigations and technological advances to elevate the state of artificial intelligence, cybersecurity and computing research. Push the boundaries of knowledge in our fields, facilitating collaboration and innovation across all academic disciplines and fostering an environment that encourages curiosity, creativity and critical thinking.

**Promoting Ethics and Trust:** Instill a deep sense of responsibility in our students and faculty, emphasizing the importance of secure and trustworthy technology. Through research, curricula, industry partnerships and community engagement, promote ethically driven policies and practices that protect privacy, ensure security and foster social good.

### **Program Educational Objectives and Student Outcomes**

The Bellini College has established the following program educational objectives for Computer Science graduates.

**Objective 1:** Our graduates will apply their knowledge and skills to succeed in their careers and/or obtain advanced degrees.

**Objective 2:** Our graduates will function ethically and responsibly, and will remain informed through continuing education, and involved as full participants in their profession and society.

**Objective 3:** Our graduates will creatively solve problems, communicate effectively, and successfully function in multi-disciplinary teams.

**Objective 4:** Our graduates will apply principles and best practices of computing grounded in mathematics and science to successfully complete software-related projects to meet customer business objectives and/or productively engage in research.

The following are the Student Outcomes. Graduates of the program will have an ability to:

# BELLINI COLLEGE OF AI, CYBERSECURITY AND COMPUTING

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

1. Analyze a complex computing problem and to apply principles of computing and other relevant disciplines to identify solutions.
2. Design, implement, and evaluate a computing-based solution to meet a given set of computing requirements in the context of the program's discipline.
3. Communicate effectively in a variety of professional contexts.
4. Recognize professional responsibilities and make informed judgments in computing practice based on legal and ethical principles.
5. Function effectively as a member or leader of a team engaged in activities appropriate to the program's discipline.
6. Apply computer science theory and software development fundamentals to produce computing-based solutions.

## UNIVERSITY ADMISSIONS - BELLINI COLLEGE OF AI, CYBERSECURITY AND COMPUTING

---

Admission to the University and College is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following URLs:

**Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

**Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

**International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the Bellini College, see the information at Bellini College of AI, Cybersecurity and Computing.

## PROGRESSION REQUIREMENTS IN THE UPPER DIVISION

---

Computer Science students who have fully met the below requirements and are in good academic standing, may progress into the upper level of the major. Prior to progression into the upper level, a student may take no more than two upper-level Bellini College courses. The college may have continuation requirements, which specify minimum performance standards in core major courses which must be met before further registration is granted.

1. Ability to register for COP 4530 - Data Structures
2. A minimum overall GPA of 2.0
3. A minimum USF GPA of 2.0

## COLLEGE POLICIES

---

In addition to the already stated Bellini College graduation requirements, the college has the following additional policy:

- Exit interview and/or survey as a graduation requirement.

## REQUIRED COURSES: (86 CREDIT HOURS)

---

### STATE MANDATED COMMON COURSE PREREQUISITES - COMPUTER SCIENCE B.S.C.S. (25 CREDIT HOURS)\*

---

# BELLINI COLLEGE OF AI, CYBERSECURITY AND COMPUTING

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- COP XXXX\*\* - 3 credit hours
- MAC X311 **OR** MAC X281 Calculus I - 4 credit hours\*\*
- MAC X312 **OR** MAC X282 Calculus II - 4 credit hours\*\*
- (PHY X048 **AND** PHY X048L **OR** PHY X048C General Physics I with Lab - 4 credit hours\*\*
- (PHY X049 **AND** PHY X049L **OR** PHY X049C General Physics I with Lab - 4 credit hours\*\*
- XXX XXXX\*\*\* - 6 credit hours

\* All state common prerequisite courses count towards major requirements and are not additional credit hours

\*\* Introductory Programming in C, C++, Java, or equivalent language. Choose programming language required by the university to which the student wishes to transfer.

\*\*\* Science courses for Science majors.

## STATE MATHEMATICS PATHWAY - COMPUTER SCIENCE B.S.C.S. (7 CREDIT HOURS)\*

---

The Computer Science B.S.C.S. uses the Algebra through Calculus Mathematics Pathway with the following requirements:

- MAC 1105 - College Algebra **Credit(s): 3** \*\*
- MAC 2311 - Calculus I **Credit(s): 4**

\* Mathematics Pathway courses count towards the State Common Prerequisite math courses and are not additional credits.

\*\* Students may place out of MAC 1105 and begin at a higher-level math class.

## MAJOR CORE COURSES: 23 COURSES; 59 CREDIT HOURS

---

### MATH AND SCIENCE COURSES: 9 COURSES; 24 CREDIT HOURS

---

- COT 3100 - Introduction to Discrete Structures **Credit(s): 3**
- EGN 2440 - Probability and Statistics with Calculus **Credit(s): 3**
- EGN 4450 - Introduction to Linear Systems **Credit(s): 2**
- MAC 2311 - Calculus I **Credit(s): 4**
- MAC 2312 - Calculus II **Credit(s): 4**
- PHY 2048 - General Physics I - Calculus Based **Credit(s): 3**

- CDA 4205 - Computer Architecture **Credit(s): 3**
- CEN 4020 - Software Engineering **Credit(s): 3**
- CIS 1930 - Freshman Seminar for Computing **Credit(s): 0**
- CIS 4250 - Ethical Issues and Professional Conduct **Credit(s): 3**
- CNT 4419 - Secure Coding **Credit(s): 3**
- COP 2510 - Programming Concepts **Credit(s): 3**
- COP 3514 - Program Design **Credit(s): 3**
- COP 4530 - Data Structures **Credit(s): 3**
- COP 4600 - Operating Systems **Credit(s): 3**
- COT 4400 - Analysis of Algorithms **Credit(s): 3**

## MAJOR ELECTIVES: 7 COURSES; 21 CREDIT HOURS

---

Computer Science students must choose 9 hours of software electives, 3 hours of theory electives, and an additional non-overlapping 9 hours of CSE electives ("software", "hardware", "AI", or "theory") in the College.

The undergraduate section of the Bellini College website contains the most up to date list of approved computer science electives. Additional electives may be available with a special topics course number (typically, CIS 4930). The prerequisite for most, but not all, college upper-level technical electives is CDA 3201 - Computer Logic and Design and COP 4530 - Data Structures. Consult with the undergraduate Bellini College advising team to learn more about available electives. A maximum of six (6) hours of CIS 4900 and/or any other supervised individual study (including CIS 4915 and CIS 4940) are allowed as computer science electives.

## SOFTWARE ELECTIVES: 9 CREDIT HOURS

---

## **Cybersecurity B.S.C.Y.S.**

---

TOTAL DEGREE HOURS: 120

The Cybersecurity major focuses on technology, people, information, and processes to enable assured cyber operations in the context of adversaries. The program is built on a technical foundation of computing and information technology. Students in this program acquire a background in cybersecurity related to information, software, systems, users, and organizations including aspects of policy, human factors, risk management, ethics, and impact on society.

### **Mission Statement**

The mission of the Bellini College of Artificial Intelligence, Cybersecurity and Computing is to transform the role of computing technologies in society by focusing on three key areas:

**Delivering High-Demand Academic Programs:** Deliver a comprehensive range of undergraduate, graduate, and professional majors, both disciplinary and interdisciplinary, in artificial intelligence, cybersecurity and computing. The majors are pedagogically effective and designed with high standards to be rigorous, relevant and meet the current and future needs of industry, government and society.

**Advancing Research Excellence:** Focus on innovative investigations and technological advances to elevate the state of artificial intelligence, cybersecurity and computing research. Push the boundaries of knowledge in our fields, facilitating collaboration and innovation across all academic disciplines and fostering an environment that encourages curiosity, creativity and critical thinking.

**Promoting Ethics and Trust:** Instill a deep sense of responsibility in our students and faculty, emphasizing the importance of secure and trustworthy technology. Through research, curricula, industry partnerships and community engagement, promote ethically driven policies and practices that protect privacy, ensure security and foster social good.

### **Program Educational Objectives and Student Outcomes**

The Bellini College has established the following program educational objectives for our Cybersecurity graduates.

**Objective 1:** Our graduates will apply their knowledge and skills to succeed in their careers and/ or obtain an advanced degree.

**Objective 2:** Our graduates will function ethically and responsibly, and will remain informed and involved as full participants in their profession and society.

**Objective 3:** Our graduates will creatively solve problems, communicate effectively, and successfully function in multi-disciplinary teams.

**Objective 4:** Our graduates will apply principles, best practices, and current techniques of cybersecurity to protect computing infrastructure, data, process, and people from adversaries and exposure.

The following are the Student Outcomes. Graduates of the program will have an ability to:

# BELLINI COLLEGE OF AI, CYBERSECURITY AND COMPUTING

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

1. Analyze a complex computing problem and to apply principles of computing and other relevant disciplines to identify solutions.
2. Design, implement, and evaluate a computing-based solution to meet a given set of computing requirements in the context of the program's discipline.
3. Communicate effectively in a variety of professional contexts.
4. Recognize professional responsibilities and make informed judgments in computing practice based on legal and ethical principles.
5. Function effectively as a member or leader of a team engaged in activities appropriate to the program's discipline.
6. Apply security principles and practices to maintain operations in the presence of risks and threats.

## INDUSTRY INTERNSHIP

---

The college recommends that BSCYS students complete an industry internship. Students may earn up to nine credit hours, as elective, for CIS 4947 - Industry Internship. No more than three credit hours in any one given company. Internships for CIS 4947 must be in the area of cybersecurity.

## ADDITIONAL INFORMATION - CYBERSECURITY B.S.C.Y.S.

---

### OTHER REQUIREMENTS

A student pursuing the Cybersecurity major may not pursue a second major while simultaneously enrolled in the Cybersecurity undergraduate major.

### GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.

### GRADING REQUIREMENTS

Unless otherwise stated in the course prerequisites on USF Course Inventory, the minimum acceptable grade in all BSCYS required courses is a C or higher (C- in insufficient).

### RESIDENCY REQUIREMENTS

Transfer students must complete a minimum number of approved major core courses in the major at USF. The minimum number of USF major core credit hours required is established by the respective academic department or college. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

# BELLINI COLLEGE OF AI, CYBERSECURITY AND COMPUTING

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

A concurrent degree (dual degree) student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department or college beyond those specialization hours required for the first degree.

### INTERNSHIP OPPORTUNITIES

The Bellini College and the USF Center for Career and Professional Development Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional environment. Students normally apply for participation in this program during their first year and pursue actual internships during their sophomore, junior and senior years. **See the Bellini College advising team for more information on earning academic credit for internships.**

### BACHELOR'S/MASTER'S PATHWAY

Students majoring in Cybersecurity have the option to pursue the following Bachelor's/Master's Pathway:

- BS in Cybersecurity and MS in Computer Science

For more information, see the Graduate Catalog.

### ACCREDITATION INFORMATION

The Cybersecurity (B.S.) program is accredited by the Computing Accreditation Commission of ABET, <https://www.abet.org>, under the General Criteria and Program Criteria for Cybersecurity and Similarly Named Computing Programs.

### RESEARCH OPPORTUNITIES - BELLINI COLLEGE OF AI, CYBERSECURITY AND COMPUTING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## Information Technology B.S.I.T.

---

TOTAL DEGREE HOURS: 120

The Information Technology program focuses on programming, databases, networking, human-computer interaction, web systems, and cybersecurity to meet the technology requirements of business, government, healthcare, education, and other organizations. Students in this program acquire a combination of fundamental knowledge and practical expertise to solve computing technology problems and meet user needs.

### **Mission Statement**

The mission of the Bellini College of Artificial Intelligence, Cybersecurity and Computing is to transform the role of computing technologies in society by focusing on three key areas:

**Delivering High-Demand Academic Programs:** Deliver a comprehensive range of undergraduate, graduate, and professional majors, both disciplinary and interdisciplinary, in artificial intelligence, cybersecurity and computing. The majors are pedagogically effective and designed with high standards to be rigorous, relevant and meet the current and future needs of industry, government and society.

**Advancing Research Excellence:** Focus on innovative investigations and technological advances to elevate the state of artificial intelligence, cybersecurity and computing research. Push the boundaries of knowledge in our fields, facilitating collaboration and innovation across all academic disciplines and fostering an environment that encourages curiosity, creativity and critical thinking.

**Promoting Ethics and Trust:** Instill a deep sense of responsibility in our students and faculty, emphasizing the importance of secure and trustworthy technology. Through research, curricula, industry partnerships and community engagement, promote ethically driven policies and practices that protect privacy, ensure security and foster social good.

### **Program Educational Objectives and Student Outcomes**

The Bellini College has established the following program educational objectives for our Information Technology graduates.

**Objective 1:** Our graduates will apply their knowledge and skills to succeed in their careers and/ or obtain an advanced degree.

**Objective 2:** Our graduates will function ethically and responsibly, and will remain informed and involved as full participants in their profession and society.

**Objective 3:** Our graduates will creatively solve problems, communicate effectively, and successfully function in multi-disciplinary teams.

**Objective 4:** Our graduates will apply principles and best practices of information technology to identify, implement, and enable effective technologies and apply fundamental computing knowledge to solve information technology problems.

## UNIVERSITY ADMISSIONS - BELLINI COLLEGE OF AI, CYBERSECURITY AND COMPUTING

---

Admission to the University and College is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following URLs:

**Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

**Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

**International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the Bellini College, see the information at Bellini College of AI, Cybersecurity and Computing.

## PROGRESSION REQUIREMENTS

---

Information Technology students who have fully met the requirements below and are in good standing may progress into the upper division of the major. Prior to progression into the upper division, a student may be permitted to take no

# BELLINI COLLEGE OF AI, CYBERSECURITY AND COMPUTING

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

more than two upper-level Bellini College courses. The college may have continuation requirements, which specify minimum performance standards in core major courses which must be met before further registration is granted.

1. Ability to register for COP 3515 COP 3515 - Advanced Program Design.
2. A minimum overall GPA of 2.0
3. A minimum USF GPA of 2.0

## **COLLEGE POLICIES**

---

In addition to the already stated Bellini College graduation requirements, the college has the following additional policy:

- Exit interview and/or survey as a graduation requirement.

## **REQUIRED COURSES: (86 CREDIT HOURS)**

---

### **STATE MANDATED COMMON COURSE PREREQUISITES - INFORMATION TECHNOLOGY B.S.I.T. (28 CREDIT HOURS)\***

---

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- MAC X000-X999 Any Precalculus course - 4 credit hours
- MAD X000-X999 Any Discrete Mathematics course - 3 credit hours
- PHY X000-X999 Any Physics course - 3 credit hours
- PSY X000-X999 Any Psychology course - 3 credit hours
- CGS X000-X999 Any Database course - 3 credit hours
- STA X023 Introductory Statistics I **OR** STA X122 Social Science Statistics - 3 credit hours
- ECO X013 Economic Principles II Macroeconomics - 3 credit hours
- COP X000-X999 Any Computer Programming course - 3 credit hours
- COP X000-X999 Any Object-oriented Computer Programming course - 3 credit hours

\* All state common prerequisite courses count towards major requirements and are not additional credit hours.

\*\* Introductory Programming in C, C++, Java, Python or equivalent language. Choose programming language required by the university to which the student wishes to transfer.

### **STATE MATHEMATICS PATHWAY – INFORMATION TECHNOLOGY B.S.I.T. (7 CREDIT HOURS)\***

---

The Information Technology B.S.I.T. uses the Statistical Reasoning Mathematics Pathway with the following requirements:

- STA 2023 - Introductory Statistics I **Credit(s): 3 \*\***
- MAC 1147 - Precalculus Algebra and Trigonometry **Credit(s): 4**  
**OR** MAD 2104 - Discrete Mathematics **Credit(s): 3**

\* Mathematics Pathway courses count towards the State Common Prerequisite math courses and are not additional credits.

\*\* STA X122 taken as state common prerequisites can meet this statistics requirement.

## **MAJOR CORE COURSES: 21 COURSES; 59 CREDIT HOURS**

13301 Bruce B. Downs Blvd, MHC 1110  
Tampa, FL 33620  
(813) 974-4602  
<http://www.usf.edu/cbcs/>

Physical Location: MHC is located near East Fletcher Avenue and Bruce B. Downs Blvd. on the north-west corner of the USF campus. The main entrance is at USF Holly Drive.

### About the College

---

Established in 2008, the College of Behavioral & Community Sciences is breaking new ground by combining knowledge gained through the behavioral sciences with knowledge gained from the community. Our emphasis on Behavioral Science reflects a focus on individuals, emphasizing behavioral research that examines the problems and challenges people encounter, as well as their need for clinical and supportive services. Our emphasis on Community Science reflects our commitment to understanding the larger contextual factors that have an impact on the well-being and safety of individuals and their families, such as the effectiveness of systems and policies that impact and support the well-being of individuals. We accomplish this by engaging community and neighborhood stakeholders in a partnered, participatory manner and by collaborating with local, state, and national organizations in both the public and private sectors.

The College of Behavioral & Community Sciences serves approximately 3,000 students with eight (8) undergraduate, (11) eleven master's, and seven (7) doctoral programs housed in six (6) academic departments/schools. The College is the home of the Louis de la Parte Florida Mental Health Institute, one of the largest behavioral health research and training institutes in the country as well as 17 specialized Research Centers and Institutes. Our aim is nothing less than to be among the most influential resources for behavioral and community sciences in the region, nation, and world

### Mission, Vision, Values

---

#### Mission

To advance knowledge through interdisciplinary teaching, research, and service that improves the capacity of individuals, families, and diverse communities to promote productive, satisfying, healthy, and safe lives across the lifespan.

#### Vision

The College of Behavioral and Community Sciences envisions the college as a globally recognized leader that creates innovative solutions to the complex conditions that affect the behavior and well-being of individuals, families, and diverse communities.

#### Values

Inclusion and diversity in all its dimensions are core values that permeate the teaching, research, and service activities of College of Behavioral and Community Sciences. As members of the higher education community, the College of Behavioral and Community Sciences values shared governance, academic freedom, and professional responsibility.

#### PRINCIPLES THAT GUIDE OUR WORK

# COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

In implementing our work, College of Behavioral and Community Sciences strives to incorporate Interdisciplinary approaches to teaching, research, and service; engagement with community partners; and student participation in research, service, and global initiatives.

### **College-Level Requirements**

---

**Entrance Requirement to Declare a Major in the College of Behavioral and Community Sciences** Students must have a minimum 2.00 cumulative grade point average in any previously attempted USF/overall college-level coursework prior to declaring a major in the College of Behavioral and Community Sciences. Exceptions will be considered on an individual basis, with departmental approval required, by the CBCS Academic Regulations Committee.

### **Major Residency Requirement**

College of Behavioral and Community Sciences students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. Some College of Behavioral and Community Sciences Departments/programs/majors have established additional major course hours to be taken in residency at USF. See the major or program section of the catalog for these credit-hour requirements.

### **Other Information - Departmental Minor**

---

Students may not use courses in the major for the minor, unless approved by the department offering the minor.

### **Graduation Requirements**

---

#### **EACH STUDENT IS RESPONSIBLE FOR MEETING GRADUATION REQUIREMENTS AS FOLLOWS:**

1. Complete at least 120 accepted semester hours with a minimum USF cumulative Grade Point Average (GPA) and overall GPA of 2.00. All grades including "D"s and "F"s are used to calculate USF, overall, and major GPAs for students in the College of Behavioral and Community Sciences.
2. Maintain major GPA of 2.00 in USF coursework.
3. Complete the Foreign Language Entrance Requirement. Students pursuing a B.A. degree must also complete the Foreign Language Exit Requirement.
4. Satisfy the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math). Transfer students who enter USF with 60 or more semester hours from an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission are considered to have met the communication portion of this Regulation.
5. Complete 36 hours of General Education State Core courses and Enhanced General Education Curriculum (for more information, see section titled "Enhanced General Education" in Academic Policies and Procedures section).
6. Complete at least 9 semester hours at a Florida public university in the Florida State University System during summer terms if entering USF with fewer than 60 semester hours.
7. Complete all major course requirements.
8. Thirty (30) of the last 60 semester hours must be completed at USF to fulfill the residency requirement.
9. When double majoring, a maximum of 2 courses or 8 hours may be used to satisfy requirements between majors. Students should check with the advisors in both departments when pursuing more than one degree.
10. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. No credits may be taken S/U in the student's major unless S/U is the only grading option. Coursework fulfilling the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
11. The Audit option is available only during the first 5 (five) days of classes.

# COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

12. Complete Civics Literacy requirement.
13. Complete a minimum of 42 hours of upper-level courses (numbered 3000 or above).
14. Students must apply for graduation by the end of the fourth week of their final semester (See Registrar's calendar for exact dates.). For late application information, please refer to the Application for Graduation section of the Academic Policy and Procedures division of the catalog.

### Global Pathways

---

<http://www.usf.edu/gcp/students/index.aspx>

A Global Pathway is an undergraduate major or degree program that has significant global content. Global Pathways provide students with the opportunity to practice and apply global competencies through the major or degree program. The following programs are designated as Global Pathway Programs:

#### Communication Sciences & Disorders

<https://www.usf.edu/cbcs/csd/>

#### Social Work

<https://www.usf.edu/cbcs/social-work/>

### Certificates

---

#### *Undergraduate Research in Behavioral & Community Sciences Certificate*

The Undergraduate Research Certificate provides students with a planned sequence of courses to support their systematic development as undergraduate researchers and prepare them for graduate school. The Undergraduate Research Certificate is a cross-departmental initiative within the College of Behavioral & Community Sciences. See the College of Behavioral & Community Sciences website for more information, and the catalog for course schema.

#### *Addictions and Substance Abuse Profession Certificate*

For more information see the course schema.

### Undergraduate Advising Information

---

Please visit the College of Behavioral and Community Sciences website for advisor information at

<http://www.usf.edu/cbcs/undergraduate/advising.aspx>

To schedule an advising appointment:

- Prospective or current students with an active UID can schedule an appointment online via Archivum or the Behavioral & Community Sciences advising website.
- Prospective students who have not yet applied or students who are inactive (e.g., dismissed or not enrolled for 3 consecutive terms) should contact the appropriate advising location in their intended major:  
<https://www.usf.edu/undergrad/students/advising.aspx>

## **Undergraduate Research in Behavioral & Community Sciences Certificate**

TOTAL CERTIFICATE HOURS: 13

The Undergraduate Research certificate is designed for students interested in attending graduate school or pursuing research careers. Students complete a systematic undergraduate research preparation program consisting of a minimum of 13 hours of coursework, many of which will count toward their general education requirements or requirements for their major.

## **CERTIFICATE REQUIREMENTS**

### **CERTIFICATE CORE (13 CREDIT HOURS)**

- IDS 1505 - Introduction to Research in Behavioral and Community Sciences **Credit(s): 2**
- IDS 2600 - Applications of Research in Community Settings **Credit(s): 1**
- **Advanced Research Course (MHS 4741 or MHS 4731)**
- STA 2122 - Social Science Statistics **Credit(s): 3** (or approved Statistics course)
- **Research Methods Course (PSY 3213; CCJ 3701; GEY 4401; SOW 3401; MHS 3753 or equivalent)**
- **Directed Research or Thesis**

## **GPA REQUIREMENTS**

An overall USF GPA of at least 2.0 must be maintained.

## **RESIDENCY REQUIREMENTS**

Students must complete 50% of the minor requirements at USF.

## **OTHER INFORMATION**

This certificate can be completed online.

## **ADVISING INFORMATION**

For questions about the minor, please email [bhcadvise@usf.edu](mailto:bhcadvise@usf.edu).

## **Aging Sciences B.S.**

---

TOTAL DEGREE HOURS: 120

The Bachelor of Science degree in Aging Sciences entails 36 credit hours of required coursework. In this program, the course of study provides students with an education in aging sciences and some exposure to the various career opportunities in the field of aging. This degree is especially appropriate for students who plan to pursue graduate or professional work in aging, allied health or a related field, or who plan to work with older adults in careers such as care management, social services, or program development.

## **UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES**

---

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## **REQUIRED COURSES: (42 CREDIT HOURS)**

---

### **STATE MANDATED COMMON COURSE PREREQUISITES - AGING SCIENCES B.S. (3 CREDIT HOURS)**

---

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- STA X122 Social Science Statistics **OR** QMB X150 **OR** STA X014 **OR** STA X023 **OR** STA X024 **OR** QMB X100 - 3 credit hours

# COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

### STATE MATHEMATICS PATHWAY – AGING SCIENCES B.S. (6 CREDIT HOURS)

---

The Aging Sciences B.A. uses the Mathematical Thinking in Context Mathematics Pathway with the following requirements:

- MGF 1130 - Mathematical Thinking **Credit(s): 3**
- STA 2122 - Social Science Statistics **Credit(s): 3 \***

\* STA 2023, PSY 3204, or QMB 2100 can meet this statistics requirement. A statistics course *must* be taken even if student meets state math requirements with different math courses.

### MAJOR CORE COURSES: 7 COURSES; 21 CREDIT HOURS

---

- GEY 2000 - Introduction to Aging Sciences **Credit(s): 3**
- GEY 3601 - Physical Changes and Aging **Credit(s): 3**
- GEY 4401 - Research Methods in Aging **Credit(s): 3**
- GEY 4612 - Psychology of Aging **Credit(s): 3**
- GEY 4628 - Health, Ethnicity, and Aging **Credit(s): 3**
- GEY 4641 - Death and Dying **Credit(s): 3**

### REQUIRED CAPSTONE COURSE; 1 COURSE; 3 CREDIT HOURS

---

Students will choose one.

Note: These courses are School capstone experience courses and do not qualify to meet the General Education requirement.

- GEY 4945 - Internship **Credit(s): 3-9** (Should be taken for 3 credits)
- GEY 4690 - Senior Seminar in Aging **Credit(s): 3**
- GEY 4917 - Directed Research in Aging **Credit(s): 1-4** (Should be taken for 3 credits)

### MAJOR (RESTRICTED) ELECTIVES: 5 COURSES; 15 CREDIT HOURS

---

B.S. students complete 15 additional elective hours. Students should meet frequently with the departmental advisor to plan courses that will prepare them for their career goals.

- DEP 2004 - Human Development Across the Lifespan **Credit(s): 3**
- GEY 3503 - Administration of Assisted Living Facilities **Credit(s): 3**
- GEY 3625 - Sociological Aspects of Aging **Credit(s): 3**
- GEY 4102 - Aging in Modern Literature and Film **Credit(s): 3**
- GEY 4322 - Care Management for Older Adults **Credit(s): 3**
- GEY 4360 - Counseling for Older Adults **Credit(s): 3**
- GEY 4475 - Program Evaluation in the Health Care System **Credit(s): 3**
- GEY 4507 - Understanding Policies and Practices of the Health Care System **Credit(s): 3**
- GEY 4520 - Legal Aspects of Health Care Administration **Credit(s): 3**
- GEY 4608 - Alzheimer's Disease Management **Credit(s): 3**
- GEY 4632 - Economics of Aging **Credit(s): 3**
- GEY 4635 - Business Management and the Longevity Economy **Credit(s): 3**
- GEY 4900 - Directed Readings in Aging **Credit(s): 1-3**

## ADDITIONAL INFORMATION - AGING SCIENCES B.S.

---

### GRADING REQUIREMENTS

---

A grade of lower than "C-" in Aging Sciences courses will not be counted toward fulfilling the requirements for the major.

### INTERNSHIP OPPORTUNITIES

---

Students who have completed a major portion (usually in the final 2 semesters of the program) of the Aging Sciences program of study may opt to apply for an internship to fulfill the major capstone requirement required for graduation. Internships are selective and awarded to students who demonstrate considerable professional readiness and have developed well-defined professional goals that will be enriched and advanced through an internship. Internships are typically worth 3 credit hours.

### RESEARCH OPPORTUNITIES - AGING SCIENCES B.S.

---

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914, or IDS 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript to document the experience. The Office of Student Engagement in Research and Innovation (SERI) will assist students in understanding the various course options.

### ADVISING INFORMATION - AGING SCIENCES B.S.

---

Contact the undergraduate advisor as early as possible in your career at the University of South Florida. Students should plan to meet frequently with the advisor to plan courses and internship that will prepare the student for career goals.

Undergraduate Advisor: Lu Norstrand at [lubai@usf.edu](mailto:lubai@usf.edu).

## Health Care Administration B.S.

TOTAL DEGREE HOURS: 120

The Bachelor of Science Degree in Health Care Administration provides students with a basic education in gerontology and the business and administrative aspects of the health care industry. This program is especially appropriate for students who intend to enter the health care industry immediately following graduation. Students may choose an area of specialization to suit their career interests. This would include preparing students to sit for the state licensing examinations to become Assisted Living or Nursing Home Administrators.

## UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## REQUIRED COURSES: (63 CREDIT HOURS)

### STATE MANDATED COMMON COURSE PREREQUISITES - HEALTH CARE ADMINISTRATION B.S. (15 CREDIT HOURS)

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

## STATE MATHEMATICS PATHWAY – HEALTH CARE ADMINISTRATION B.S. (6 CREDIT HOURS)\*

The Health Care Administration B.S. uses the Statistical Reasoning Mathematics Pathway with the following requirements:

- STA 2023 - Introductory Statistics I **Credit(s): 3**
- Three (3) credits in any other mathematics course for which STA 2023 is a prerequisite or any additional math course necessary for the degree

\* Mathematics Pathway courses count towards the State Common Prerequisite math courses and are not additional credits.

## SUPPORTING REQUIRED COURSES: 2 COURSES; 6 CREDIT HOURS

The following courses are supporting courses for this major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

- DEP 2004 - Human Development Across the Lifespan **Credit(s): 3**  
**OR** GEY 2000 - Introduction to Aging Sciences **Credit(s): 3**  
**OR** GEY 3601 - Physical Changes and Aging **Credit(s): 3**
- MAN 3025 - Principles of Management **Credit(s): 3**

## MAJOR CORE COURSES: 9 COURSES; 27 CREDIT HOURS

- GEY 4322 - Care Management for Older Adults **Credit(s): 3**  
**OR** GEY 4608 - Alzheimer's Disease Management **Credit(s): 3**
- GEY 4475 - Program Evaluation in the Health Care System **Credit(s): 3**
- GEY 4507 - Understanding Policies and Practices of the Health Care System **Credit(s): 3**  
**OR** GEY 4520 - Legal Aspects of Health Care Administration **Credit(s): 3**
- GEY 4508 - Health Care Operations **Credit(s): 3**
- GEY 4509 - Regulatory and Clinical Operations **Credit(s): 3**
- GEY 4635 - Business Management and the Longevity Economy **Credit(s): 3**
- HSA 3170 - Healthcare Finance **Credit(s): 3**
- HSC 4630 - Understanding U.S. Health Care **Credit(s): 3**
- MAN 3301 - Human Resource Management **Credit(s): 3**

## SENIOR CAPSTONE EXPERIENCE: 1 COURSE; 9 CREDIT HOURS

- GEY 4945 - Internship **Credit(s): 3-9** (Should be taken for 9 credits) \*

\* Under certain circumstances, students may be able to substitute 3 undergraduate classes (9 credit hours) to replace the Internship with permission from the Undergraduate Director.

## ADDITIONAL INFORMATION - HEALTH CARE ADMINISTRATION B.S.

---

### GRADING REQUIREMENT

A grade of lower than "C-" in major core courses will not be counted toward fulfilling the requirements for the major.

### INTERNSHIP OPPORTUNITIES

A full-time (650 hours) internship is available for students completing the Bachelor of Science Degree in Health Care Administration. The internship, scheduled after successful completion of all major prerequisites and all but one of the required courses, is intended to prepare students for entry-level positions in nursing home administration. Students

# COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

should expect to meet with the advisor the semester prior to the internship in preparation of their internship experience.

**NOTE:** a Level 2 background check is required for most Internships, possibly at the student's expense.

## OTHER INFORMATION

Students who do not wish to complete the full-time internship (GEY 4945 ) will need to discuss other options with their Academic Advisor at least a semester in advance. Students will need to receive permission from the Undergraduate Director and meet with the Academic Advisor to decide which classes best fit their goals, at least a semester in advance.

## RESEARCH OPPORTUNITIES - HEALTH CARE ADMINISTRATION B.S.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## Aging Sciences Minor

An undergraduate minor is available for students interested in pursuing careers in aging in conjunction with any undergraduate major. It may be particularly beneficial to students majoring in such disciplines as anthropology, business, communication sciences and disorders, government and international affairs, nursing, psychology, public health, health care, social work, and sociology.

## MINOR REQUIREMENTS

The minor in Aging Sciences consists of a minimum of five (5) courses (15 credit hours).

## TOTAL MINOR CREDIT HOURS: 15

### MINOR CORE CREDIT HOURS: 9

- GEY 3601 - Physical Changes and Aging **Credit(s): 3**
- GEY 3625 - Sociological Aspects of Aging **Credit(s): 3**
- GEY 4612 - Psychology of Aging **Credit(s): 3**

### MINOR ELECTIVE HOURS: 6

Six (6) additional credit hours of GEY coursework.

- GEY 2000 - Introduction to Aging Sciences **Credit(s): 3**
- GEY 4401 - Research Methods in Aging **Credit(s): 3**
- GEY 4628 - Health, Ethnicity, and Aging **Credit(s): 3**
- GEY 4641 - Death and Dying **Credit(s): 3**
- GEY 3503 - Administration of Assisted Living Facilities **Credit(s): 3**

## Addictions and Substance Abuse Profession Certificate

---

TOTAL CERTIFICATE HOURS: 15

The Addictions and Substance Abuse Certificate is designed for students interested in pursuing a career working in the addiction and substance abuse field. Completion of the certificate program meets partial requirement for state certification as an addiction professional (CAP). According to the Florida Certification Board, the CAP designation is a professional substance abuse credential for people who assess, develop and provide substance abuse treatment services and plans. Individuals holding the CAP are recognized/hold the practice rights of "qualified professionals" per Chapter 397, F.S. Therefore, this credential will allow students to practice in substance abuse field. This certificate program is beneficial to persons in sociology, social work, psychology, criminology, pre-med, nursing, and any closely related human service field.

## ADDITIONAL INFORMATION - ASL INTERPRETING B.A.

### FOREIGN LANGUAGE REQUIREMENTS

In addition to the foreign language entrance requirement, all students applying for a Bachelor of Arts degree from USF must demonstrate competency in a foreign language. To demonstrate this competency, students may take either two semesters of a beginning college-level foreign language or one semester of a higher-level course and earn a letter grade of "C" (no "S" grades) or above in the appropriate level course or demonstrate equivalent competency by passing an examination. Students may fulfill this requirement by demonstrating fluency in a language other than English and proficiency in English, as demonstrated in successful coursework or examination in English.

### OTHER REQUIREMENTS

- Graduation within the ASL Interpreting major also requires successful completion of the Center for the Assessment of Sign Language Interpreters (CASLI) written NIC examination.
- Students entering the ASL Interpreting major must demonstrate proficiency in ASL at the intermediate level prior to beginning the first semester of core courses in the major. Proficiency is demonstrated through successful completion of the ASL prerequisite courses listed below (or equivalent transfer courses) with a minimum grade of B- or higher in each course.

### GPA REQUIREMENTS

Students must have an overall 2.0 GPA in core.

### GRADING REQUIREMENTS

- A student must receive a "C-" grade or better in all courses within the major (some prerequisites may require higher minimum grades).

---

The Bachelor of Arts in Language, Speech, and Hearing Science prepares students for graduate studies and/or work in communication sciences and disorders or related fields. This program includes required coursework in a variety of topics within communication sciences and disorders.

This program has been certified as a Global Pathway, which has significant global content. Students in Global Pathway programs are well positioned to earn the Global Citizen Award. For more information, visit the Office of Student Engagement in Research and Innovation (SERI) website.

## UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES

---

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## PROGRESSION REQUIREMENTS - LANGUAGE, SPEECH, AND HEARING SCIENCES B.A.

---

Any student who receives a grade of "D+" or lower in two or more USF Communication Sciences and Disorders courses will be required to pursue major reselection. Note: Students may use grade forgiveness to improve GPA, but all "D+" or lower grades will count towards the maximum allowed total "D+" or lower grades in the major whether grade forgiven or not.

## REQUIRED COURSES: (63 CREDIT HOURS)

---

### STATE MANDATED COMMON COURSE PREREQUISITES - LANGUAGE, SPEECH, AND HEARING SCIENCES B.A. (12 CREDIT HOURS)

---

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- BSC X000-X999 Biological Sciences – 3 credit hours
- STA X000-X999 Statistics – 3 credit hours
- PHY X000-X999 Physics **OR** CHM X000-X999 Chemistry – 3 credit hours
- PSY X000-X999 Psychology **OR** EXP X000-X999 Experimental Psychology **OR** CLP X000-X999 Clinical Psychology **OR** DEP X000-X999 Developmental Psychology **OR** SYG X000-X999 Sociology, General **OR** SYD X000-X999 Sociology of Demography/Area Studies/Sociological Minorities **OR** SYO X000-X999 Social Organization **OR** SYP X000-X999 Social Processes **OR** FYC X000-X999 Family, Youth and Community **OR** FAD X000-X999 Home Economics: Family Development – 3 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

## Deaf Studies Minor

TOTAL MINOR HOURS: 14

The 14-credit hour minor is open to all students who are currently not majoring in ASL Interpreting.

### MINOR REQUIREMENTS

#### MINOR CORE (14 CREDIT HOURS)

- ASL 2140C - American Sign Language I **Credit(s): 4**
- ASL 2150C - American Sign Language II **Credit(s): 4**
- ASL 3514 - Deaf Culture **Credit(s): 3**

Select one additional course from the following:

- ASL 2160 - American Sign Language III **Credit(s): 3**
- INT 4490 - Introduction to Cued Speech and its Applications **Credit(s): 3**
- SPA 3470 - Culture and Diversity in CSD **Credit(s): 3**

### GRADING REQUIREMENT

A minimum grade of C- is required for each course.

### GPA REQUIREMENTS

A cumulative GPA of 2.00 or better must be achieved in minor coursework in order for a student to be certified for graduation with a minor in Deaf Studies.

### RESIDENCY REQUIREMENT

Fifty percent (50%) of the minor must be completed through USF coursework.

### OTHER REQUIREMENTS

Seat availability in ASL courses is limited and is first-come/first-serve, with priority consideration given to ITT and DST majors needing ASL coursework to meet a major requirement to graduate. Declaring the minor does not guarantee seat availability; therefore, students should attempt to register as soon as possible each semester.

### ADVISING INFORMATION

For questions about the minor, email [asladvise@usf.edu](mailto:asladvise@usf.edu).

## Criminology B.A.

TOTAL DEGREE HOURS: 120

The Bachelor of Arts degree in Criminology provides students with the skills and knowledge needed in the wide variety of agencies that comprise the criminal justice system, these include law enforcement, detention, the judiciary, corrections, juvenile justice, probation and parole. Also, the undergraduate program prepares criminology students to pursue a graduate degree in Criminology or related disciplines. The undergraduate program in Criminology introduces students to the theory, issues, and methodology of the causes of crime and the criminal justice system. The program provides students with the critical thinking skills necessary for the consumption and production of criminological research. Upon graduation, students must be able to delineate the main theoretical explanations of crime and delinquency, demonstrate knowledge of research methods used in the fields of criminology and criminal justice, and provide an understanding of the structure and process of the U.S. system of criminal justice.

## UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## PROGRESSION REQUIREMENTS - CRIMINOLOGY B.A.

Students majoring in Criminology are expected to complete their major coursework in a timely fashion. Students who receive a total of three (3) D and/or F grades in Criminology major coursework will no longer be eligible to continue in the Criminology major and will be required to change their major outside of the Department of Criminology. Grade forgiveness will not exclude a D or F grade from counting for this rule.

When a Criminology student receives three (3) D and/or F grades in Criminology coursework, they will be removed from all Department of Criminology courses for which they are currently registered, removed from the Criminology major and placed into a non-major code, and emailed the notice of changes to their@ usf. edu account. The student will then need to select a new major, declare the new major with the appropriate college, and register for courses which apply to their new major.

The D/F Rule application is final and effective from the beginning of Fall 2023. To be considered for an appeal, a student must meet at least one of the following criteria:

- Can (and must) complete all degree or minor requirements within one semester, with no more than ten (10) hours of Criminology area requirements.
- No longer have 3 D/F grades because the Academic Regulations Committee approved a late withdrawal/drop for one or more of the Criminology courses.

# COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- No longer have 3 D/F grades because of an instructor change of grade in one or more of the Criminology area courses.

To appeal, the student must send an email to [ccjadvise@usf.edu](mailto:ccjadvise@usf.edu); in the Subject line indicate D/F Appeal and in the body include name, student's U# and a complete explanation of the reason for the appeal. Appeals will be adjudicated by the Undergraduate Coordinator and students notified of results by email.

## GRADUATION REQUIREMENTS - CRIMINOLOGY B.A.

---

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education, State Computation and State Communication;
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

## CRIMINOLOGY REQUIRED COURSES: (42 CREDIT HOURS)

---

### STATE MANDATED COMMON COURSE PREREQUISITES - CRIMINOLOGY B.A.

---

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

**There are no State Mandated Common Course Prerequisites for this major.**

## STATE MATHEMATICS PATHWAY – CRIMINOLOGY B.A. (6 CREDIT HOURS)

---

The Criminology B.A. uses the Mathematical Thinking in Context Mathematics Pathway with the following requirements:

### FOREIGN LANGUAGE REQUIREMENTS

In addition to the foreign language entrance requirement, all students applying for a Bachelor of Arts degree from USF must demonstrate competency in a foreign language. To demonstrate this competency, students may take either two semesters of a beginning college-level foreign language or one semester of a higher-level course and earn a letter grade of "C" (no "S" grades) or above in the appropriate level course or demonstrate equivalent competency by passing an examination. Students may fulfill this requirement by demonstrating fluency in a language other than English and proficiency in English, as demonstrated in successful coursework or examination in English.

### GPA REQUIREMENTS

An overall 2.0 GPA average on all college-level coursework.

### GRADING REQUIREMENTS

In order to graduate, students must maintain an average best attempt 2.0 GPA in all courses counted toward the major.

### RESIDENCY REQUIREMENTS

A minimum of 30 credit hours of major course work must be taken in residence at the University of South Florida. Therefore, no more than 6 credit hours of transfer work (two courses) will be accepted to meet major requirements.

### INTERNSHIP OPPORTUNITIES

The department provides all students with the opportunity to engage in an internship with a federal, state or local criminal justice related agency within one of the surrounding counties. Internships available with more than 100 agencies afford students the opportunity to network and gain practical experience in conjunction with their degree. Internships maybe taken for up to nine (9) credit hours of Criminology electives, and grades are awarded on a S/U (satisfactory/unsatisfactory) basis. To meet eligibility requirements for the internship, students must successfully complete CCJ 3024 , CCJ 3117 , six (6) hours of Criminology electives, and have a USF and a major GPA of 2.0 or higher.

## CRIMINOLOGY CONCENTRATION REQUIREMENTS

---

Students complete the general criminology program of study or the following concentration:

- Cybercrime

If students do not declare a concentration, they will follow the General Criminology program of study and take a minimum of 24 credit hours to meet the major electives requirement.

### CYBERCRIME CONCENTRATION: 4 COURSES; 12 CREDIT HOURS

---

Please select four courses from the following list:

- CCJ 3075 - Introduction to Cybercrime **Credit(s): 3**
- CCJ 3081 - Combating Cybercrime **Credit(s): 3**
- CCJ 3083 - Cyber Violence **Credit(s): 3**
- CJE 3213 - Digital Forensics **Credit(s): 3**
- CJE 3689 - Cybercrime Investigations **Credit(s): 3**

### GENERAL CRIMINOLOGY MAJOR (RESTRICTED) ELECTIVES: 4 COURSES; 12 CREDIT HOURS

---

Choose 4 courses (12 credit hours) of electives from the following list of courses.

Note: CCJ 4940 may be taken S/U.

- CCJ 3014 - Crime and Justice in America **Credit(s): 3**
- CCJ 3026 - Crime and Social Justice **Credit(s): 3**
- CCJ 3058 - Professionalism in Criminology and Criminal Justice **Credit(s): 3**
- CCJ 3075 - Introduction to Cybercrime **Credit(s): 3**
- CCJ 3081 - Combating Cybercrime **Credit(s): 3**
- CCJ 3083 - Cyber Violence **Credit(s): 3**
- CCJ 3120 - Hate Crime **Credit(s): 3**
- CCJ 3133 - Myths of Crime and Criminal Justice **Credit(s): 3**
- CJE 3213 - Digital Forensics **Credit(s): 3**
- CCJ 3336 - Prisoner Reentry and Recidivism: When Inmates Come Home **Credit(s): 3**
- CCJ 3621 - Patterns of Criminal Behavior **Credit(s): 3**
- CCJ 3623 - Violence **Credit(s): 3**
- CCJ 3632 - Serial Killers **Credit(s): 3**
- CCJ 3644 - White Collar Crime **Credit(s): 3**
- CCJ 3666 - Victimology **Credit(s): 3**
- CCJ 3718 - Applied Statistics in Crime **Credit(s): 3**
- CCJ 4072 - Introduction to Crime Mapping with ArcGIS **Credit(s): 3**
- CCJ 4224 - Miscarriages of Justice **Credit(s): 3**
- CCJ 4361 - Death Penalty **Credit(s): 3**
- CCJ 4450 - Criminal Justice Administration **Credit(s): 3**
- CCJ 4487 - Ethics and the Criminal Justice System **Credit(s): 3**
- CCJ 4604 - Abnormal Behavior and Criminality **Credit(s): 3**
- CCJ 4613 - Forensic Psychology **Credit(s): 3**
- CCJ 4651 - Drugs and Crime **Credit(s): 3**
- CCJ 4662 - Race and Crime **Credit(s): 3**
- CCJ 4670 - Women and Crime **Credit(s): 3**
- CCJ 4681 - Domestic Violence **Credit(s): 3**
- CCJ 4690 - Sex Offenders **Credit(s): 3**
- CCJ 4794 - Environmental Criminology **Credit(s): 3**
- CCJ 4900 - Directed Readings **Credit(s): 1-3**
- CCJ 4910 - Directed Research **Credit(s): 1-3**

## ADDITIONAL INFORMATION - CRIMINOLOGY B.A.

---

### FOREIGN LANGUAGE REQUIREMENTS

In addition to the foreign language entrance requirement, all students applying for a Bachelor of Arts degree from USF must demonstrate competency in a foreign language. To demonstrate this competency, students may take either two semesters of a beginning college-level foreign language or one semester of a higher-level course and earn a letter grade of "C" (no "S" grades) or above in the appropriate level course or demonstrate equivalent competency by passing an examination. Students may fulfill this requirement by demonstrating fluency in a language other than English and proficiency in English, as demonstrated in successful coursework or examination in English.

### GPA REQUIREMENTS

An overall 2.0 GPA average on all college-level coursework.

### GRADING REQUIREMENTS

In order to graduate, students must maintain an average best attempt 2.0 GPA in all courses counted toward the major.

### RESIDENCY REQUIREMENTS

A minimum of 30 credit hours of major course work must be taken in residence at the University of South Florida. Therefore, no more than 6 credit hours of transfer work (two courses) will be accepted to meet major requirements.

### INTERNSHIP OPPORTUNITIES

The department provides all students with the opportunity to engage in an internship with a federal, state or local criminal justice related agency within one of the surrounding counties. Internships available with more than 100 agencies afford students the opportunity to network and gain practical experience in conjunction with their degree. Internships maybe taken for up to nine (9) credit hours of Criminology electives, and grades are awarded on a S/U (satisfactory/unsatisfactory) basis. To meet eligibility requirements for the internship, students must successfully complete CCJ 3024 , CCJ 3117 , six (6) hours of Criminology electives, and have a USF and a major GPA of 2.0 or higher.

## RESEARCH OPPORTUNITIES - CRIMINOLOGY B.A.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## **Department of Behavioral Health Science & Practice**

### **Behavioral Healthcare B.S., with Applied Behavior Analysis Concentration**

TOTAL DEGREE HOURS: 120

Service delivery to individuals with developmental disabilities, Autism spectrum disorders, and other behaviors that may limit functioning is addressed with very specific behavioral techniques. This concentration is appropriate for individuals desiring certification in the field or as a complement to other service delivery strategies.

Behavioral health problems, such as mental and substance use disorders, are among the greatest public health challenges facing our communities. New, scientifically-based approaches are available to treat and prevent many behavioral health problems. Students will be exposed to treatment approaches as well as to issues in the organization, financing, delivery, and outcomes of behavioral health services. The emphasis of the curricula is on practices that have been scientifically validated and the delivery of services within the context of current funding, policies and trends. Students must also demonstrate behaviors that are congruent with the professional standards and values of the profession. Students desiring a career in this field should be aware that fingerprinting, a background

check, and drug screen may be required to work in this field. Failure to pass one of these checks would be cause to terminate a student from the major. Students may be responsible for any associated costs.

## UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES

---

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## PROGRESSION REQUIREMENTS - BEHAVIORAL HEALTHCARE B.S

---

Behavioral Healthcare majors are limited to two (2) grades of "D+" or lower in their major coursework. Any student who receives a grade of D+ or lower in more than two (2) major courses will be required to seek major reselection. Note: Students may use grade forgiveness to improve GPA, but all "D+" or lower grades will count toward the maximum allowed total "D+" grades, regardless of whether grade forgiveness has been applied.

## BEHAVIORAL HEALTHCARE REQUIRED COURSES (54 CREDIT HOURS)

---

### STATE MANDATED COMMON COURSE PREREQUISITES - BEHAVIORAL HEALTHCARE B.S. (9 CREDIT HOURS)

---

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- PSY X012 Introduction to Psychological Science - 3 credit hours
- STA XXXX Any level Statistics course **OR** PSY X204 Psychological Statistics - 3 credit hours
- SYG X000 Introduction to Sociology **OR** SYG X010 Contemporary Social Problems - 3 credit hours

**FOR ALL MAJORS:** Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with their academic advisor in their major degree area.

## ADDITIONAL INFORMATION - BEHAVIORAL HEALTHCARE B.S.

---

### GPA REQUIREMENTS

---

Students must maintain a minimum cumulative GPA of 2.50 in major coursework while enrolled in the program. Students falling below the 2.50 GPA requirement will be allowed no more than one semester to improve their GPA to the threshold.

### GRADING REQUIREMENT

---

A grade of lower than "C-" in any Behavioral Healthcare major course will not be counted toward fulfilling the requirements for the major.

### RESIDENCY REQUIREMENT

---

At least 18 hours of major coursework must be taken in residence at USF Tampa.

### OTHER INFORMATION

---

A concentration in Behavioral Healthcare is offered through the Bachelor of Science in Applied Science (BSAS) degree program for Florida A.S. transfers as well as the Bachelor of General Studies (BGS) for returning students. Both majors are offered through Undergraduate Studies.

A concentration in Multidisciplinary Behavioral Sciences is available through the Interdisciplinary Social Sciences (ISS) major, which is offered by the College of Arts & Sciences.

## RESEARCH OPPORTUNITIES - BEHAVIORAL HEALTHCARE B.S.

---

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4910 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

### GRADING REQUIREMENT

---

A grade of lower than "C-" in any Behavioral Healthcare major course will not be counted toward fulfilling the requirements for the major.

### RESIDENCY REQUIREMENT

---

At least 18 hours of major coursework must be taken in residence at USF Tampa.

### OTHER INFORMATION

---

A concentration in Behavioral Healthcare is offered through the Bachelor of Science in Applied Science (BSAS) degree program for Florida A.S. transfers as well as the Bachelor of General Studies (BGS) for returning students. Both majors are offered through Undergraduate Studies.

A concentration in Multidisciplinary Behavioral Sciences is available through the Interdisciplinary Social Sciences (ISS) major, which is offered by the College of Arts & Sciences.

## **Behavioral Healthcare B.S., with Children's Behavioral Healthcare Concentration**

TOTAL DEGREE HOURS: 120

Not-for-profit agencies in the community provide services that address a wide spectrum of children's issues ranging from prevention to inpatient or residential care. This concentration is designed for students considering a career in children's mental health.

## **UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES**

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## **PROGRESSION REQUIREMENTS - BEHAVIORAL HEALTHCARE B.S**

Behavioral Healthcare majors are limited to two (2) grades of "D+" or lower in their major coursework. Any student who receives a grade of D+ or lower in more than two (2) major courses will be required to seek major reselection. Note: Students may use grade forgiveness to improve GPA, but all "D+" or lower grades will count toward the maximum allowed total "D+" grades, regardless of whether grade forgiveness has been applied.

## **BEHAVIORAL HEALTHCARE REQUIRED COURSES (54 CREDIT HOURS)**

### **STATE MANDATED COMMON COURSE PREREQUISITES - BEHAVIORAL HEALTHCARE B.S. (9 CREDIT HOURS)**

Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements.

Transfer students are also required to comply with the immunization, foreign language, and continuous enrollment policies of the university.

Students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- PSY X012 Introduction to Psychological Science - 3 credit hours
- STA XXXX Any level Statistics course **OR** PSY X204 Psychological Statistics - 3 credit hours
- SYG X000 Introduction to Sociology **OR** SYG X010 Contemporary Social Problems - 3 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance

# COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

their general education coursework and that will support their intended baccalaureate degree program. Students should consult with their academic advisor in their major degree area.

## STATE MATHEMATICS PATHWAY – BEHAVIORAL HEALTHCARE B.S. (6 CREDIT HOURS)

---

The Behavioral Healthcare B.S. uses the Mathematical Thinking in Context Mathematics Pathway with the following requirements:

- MGF 1130 - Mathematical Thinking **Credit(s): 3**
- STA 2023 - Introductory Statistics I **Credit(s): 3 \***

\* STA 2023, PSY 3204, or QMB 2100 can meet this statistics requirement. A statistics course *must* be taken even if student meets state math requirements with different math courses.

## BEHAVIORAL HEALTHCARE MAJOR CORE COURSES: 7 COURSES; 21 CREDIT HOURS

---

- MHS 2031 - Mental Health and Addictive Disorders **Credit(s): 3**
- MHS 3063 - Cultural Diversity, Health and Behavioral Health **Credit(s): 3**
- MHS 3411 - Multidisciplinary Behavioral Healthcare Services **Credit(s): 3 \***
- MHS 3753 - Research Methods in Behavioral Healthcare **Credit(s): 3**
- MHS 4408 - Exemplary Practices in Behavioral Healthcare Treatment **Credit(s): 3**
- MHS 4703 - Legal, Ethical and Professional Issues in BHC **Credit(s): 3**
- MHS 4723 - Professional Seminar in Behavioral Healthcare **Credit(s): 3**

\* MHS 3411 should be taken during the student's first semester of major coursework; a minimum grade of "B-" is required.

## BEHAVIORAL HEALTHCARE CONCENTRATION REQUIREMENTS

---

Students complete the general Behavioral Healthcare program of study and one of the following three concentrations:

- Applied Behavior Analysis
- Behavioral Health Across the Lifespan
- Children's Behavioral Healthcare

## CHILDREN'S BEHAVIORAL HEALTHCARE CONCENTRATION: 7 COURSES; 21 CREDIT HOURS

---

### CONCENTRATION CORE: 1 COURSE; 3 CREDIT HOURS

---

Students must take MHS 4425 - Field Experience in Behavioral Healthcare (application needed two semesters before taking the course). The application, application deadlines, and additional information about the course can be found on the Field Experience webpage: <http://www.usf.edu/cbcs/mhlp/students/field-experience.asp>

- MHS 4490 - Behavioral Healthcare Issues for Children **Credit(s): 3**
- OR
- MHS 4002 - Behavioral Health Systems Delivery **Credit(s): 3**

### CONCENTRATION REQUIRED COURSES: 4 COURSES; 12 CREDIT HOURS

---

- MHS 4074 - Child Development and Trauma **Credit(s): 3**

## Forensic Behavioral Health Minor

TOTAL MINOR HOURS: 15

The minor in Forensic Behavioral Health is available to students interested in pursuing the interaction of mental and substance use disorders with the criminal justice system. It should be particularly beneficial for students in disciplines such as criminology, psychology, social work, sociology, anthropology, public health, and pre-law.

### MINOR REQUIREMENTS

Prior to enrolling in courses for the minor, students should complete at least one introductory course (3 credit hours) in Behavioral or Social Sciences. Students should consult with the Behavioral Healthcare academic advisor to determine applicable courses

### MINOR CORE (12 CREDIT HOURS)

- CCJ 4613 - Forensic Psychology **Credit(s): 3**
- MHS 4022 - Adult Psychopathology in the Community **Credit(s): 3**
- MHS 4452 - Co-Occurring Disorders **Credit(s): 3**
- MHS 4455 - Drug Abuse Prevention and Treatment **Credit(s): 3**

### MINOR ELECTIVES (3 CREDIT HOURS)

Students must choose one of the following courses:

- MHS 4023 - Recovery Oriented Mental Health Services **Credit(s): 3**
- MHS 4453 - Applied Psychopharmacology in Drug Abuse and Dependency **Credit(s): 3**
- MHS 4454 - Alcohol Drugs and Crime **Credit(s): 3**
- MHS 4703 - Legal, Ethical and Professional Issues in BHC **Credit(s): 3**

### GPA REQUIREMENTS

A GPA of 2.00 or better in this minor is required for completion.

### GRADING REQUIREMENTS

A minimum overall 2.0 GPA in minor coursework is required for completion of the minor.

## **Social Work B.S.W.**

TOTAL DEGREE HOURS: 120

The University of South Florida offers a program of study leading to a Bachelor of Social Work (BSW) degree in the School of Social Work, College of Behavioral & Community Sciences. The BSW has been developed in accordance with the guidelines of the Council on Social Work Education, the national accrediting body for social work education programs, and in accordance with the recommendations of the National Association of Social Workers (NASW). The BSW program is fully accredited by the Council on Social Work Education. The BSW program has as its primary objective to prepare and graduate professionals for entry level positions in areas such as mental health, aging services, child welfare, criminal justice, or substance misuse. The secondary objectives of the BSW program are to:

1. Provide for the social work human resources needs of the university service district (the central Florida west coast area), the State of Florida, and nationwide;
2. Provide an exposure to social work as a profession and to contemporary issues in the social welfare field;
3. Prepare graduates for additional professional training at the graduate level in social work or in related human service professions.

To prepare the BSW graduate for beginning professional practice, the curriculum provides students with an opportunity to develop a knowledge base and skill base as a "generalist" practitioner.

- Students will develop an understanding of various methods of intervention and skills and how to apply these to a variety of client systems. Intervention methods that students will learn may take the form of case management, individual and group counseling, resource development, consultation, teaching, advocacy, etc.
  - Client systems in this context include individuals, families, groups, organizations, or communities. Students in the BSW program will develop an understanding of the dynamics of human behavior in individual, group and organizational contexts and the influences of those socio-cultural and spiritual contexts on human behavior.
- Students in the BSW program will also learn about the development of social welfare systems and institutions and about how the social, economic, and political processes, contribute to policy development and to the implementation of programs that impact client systems.
- Students will also develop an understanding of the use of basic social research skills related to the processes of problem-solving, planning, and evaluation of generalist social work practice.

# COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- Students in the BSW program will gain awareness of the social work profession's value base, and will also engage in self-examination and reflection to empower their ethical and effective application of social work values in professional practice.

The BSW program places great emphasis on the development of professionally responsible graduates who are committed to the client systems they serve, to the organizations in which they work, to the general public, and to the social work profession.

### **Certified Global Pathways Program**

This Bachelor of Social Work (BSW) program is certified as a Global Pathway program. Global Pathway programs have significant global content that align with the goals of USF's Quality Enhancement Plan, the Global Citizens Project. USF fosters three primary qualities that global citizens possess, i.e., global awareness, global responsibility and global participation. These qualities are consistent with social work values. Study abroad opportunities are available through the School of Social Work and have included travel to India, Spain, and Peru. Our study abroad programs contribute to students' capacity to develop the three primary qualities of global citizens. Students in Global Pathway programs are well positioned to earn the Global Citizen Award. For more information, visit the Office of Student Engagement in Research and Innovation (SERI) website.

## **UNIVERSITY ADMISSIONS - COLLEGE OF BEHAVIORAL AND COMMUNITY SCIENCES**

---

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## **PROGRESSION REQUIREMENTS - SOCIAL WORK B.S.W.**

---

Students enrolled in the BSW program must maintain a minimum GPA of 2.75 in core courses in the major while enrolled in the program, and, demonstrate behaviors that are congruent with professional standards and values as described by the National Association of Social Work in order to remain in the major.

Completion of the five common course prerequisites with a minimum grade of "C" or better (2.0) in each course. A grade of "C-" is not acceptable.

Students must successfully complete their BSW core courses by earning a "C" or better. A grade of "C-" is not acceptable.

If Introduction to Social Work is completed at another institution, the student must have earned a grade of "B" or better in that course.

A syllabus must be provided by the student and reviewed in the School of Social Work prior to approval of any transfer of social work courses.

If a student withdraws or fails one course in the BSW Program (C- or lower) the student may retake the course one time. If that effort results in a failure, the student will be dismissed from the BSW Program. If a student receives a grade of "C-" or lower in two or more USF Social Work courses, they will be dismissed from the BSW Program.

A student who withdraws from or fails SOW 4510C - Integrative Seminar and Field Placement , or is dismissed from a field placement will not automatically be allowed to retake SOW 4510C. In such cases, special permission to retake SOW 4510C must be obtained from the BSW Chair. If granted permission to retake SOW 4510C, the student is required to register again for the course. When permission is given to retake SOW 4510C, the 460-hour field

# COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

placement must be completed within the single semester for which the permission is given (A split-field placement is not an option if the student has withdrawn from, failed SOW 4510C, or been dismissed from a field placement).

**Course Grade Requirement:** SOW 3203 - Introduction to Social Work requires a minimum grade of "B" for eligibility into the major. A grade of "B-" is not acceptable

## REQUIRED COURSES: (65 CREDIT HOURS)

---

### STATE MANDATED COMMON COURSE PREREQUISITES - SOCIAL WORK B.S.W. (15 CREDIT HOURS)

---

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- BSC X005 **OR** BSC X085 **OR** BSC X010 **OR** PCB X099 - 3 credit hours
- ECO X000 **OR** ECO X023 **OR** ECO X013 - 3 credit hours
- PSY X012 **OR** DEP X000 **OR** DEP X004 - 3 credit hours
- SYG X000 **OR** SYG X010 - 3 credit hours
- POS X041 - 3 credit hours

### STATE MATHEMATICS PATHWAY – SOCIAL WORK B.S.W. (6 CREDIT HOURS)

---

The Social Work B.S.W. uses the Mathematical Thinking in Context Mathematics Pathway with the following requirements:

- MGF 1130 - Mathematical Thinking **Credit(s): 3**
- MGF 1131 - Mathematical Thinking in Context **Credit(s): 3**

### REQUIRED FOUNDATION COURSE FOR THE MAJOR (3 CREDIT HOURS)

---

This course is open to all majors, but it is a prerequisite and foundation course for the Social Work major. Although it is required for the major, it is not counted in the total hours for the major. Students typically take this course at USF.

- SOW 3203 - Introduction to Social Work **Credit(s): 3**

## MAJOR CORE COURSES: 12 COURSES; 41 CREDIT HOURS

---

A major in Social Work requires 41 credits in a lock-step (pre-set) schedule.

Students must take the following courses during their first semester admitted in the program (15 credit hours):  
Students must take the following courses during their first semester admitted in the program (15 credit hours):

- SOW 3101 - Human Behavior in the Social Environment **Credit(s): 3**
- SOW 3210 - The American Social Welfare System **Credit(s): 3**
- SOW 3401 - Research and Statistics For Social Work **Credit(s): 3**
- SOW 4341 - Social Work Practice with Individuals, Families, & Groups **Credit(s): 3**
- SOW 4522 - Multicultural America in a Global Society **Credit(s): 3**

## ONCE THE ABOVE COURSES HAVE BEEN SUCCESSFULLY COMPLETED, STUDENTS MUST TAKE THE FOLLOWING COURSES DURING THEIR 2ND SEMESTER IN THE PROGRAM (14 CREDIT HOURS):

---

Once the above courses have been successfully completed, students must take the following courses during their 2nd semester in the program (14 credit hours):

- SOW 4233 - Social Welfare Policy Practice **Credit(s): 3**
- SOW 4315 - Social Work Case Management with Special Populations **Credit(s): 3**
- SOW 4343 - Social Work Practice with Organizations & Communities **Credit(s): 3**
- SOW 4414 - Social Work Data Management **Credit(s): 2**
- SOW 4602 - Social Work Practice in Mental Health and Health Care **Credit(s): 3**

## ONCE ALL ABOVE COURSES HAVE SUCCESSFULLY BEEN COMPLETED, STUDENTS MUST TAKE THE FOLLOWING COURSES (12 CREDIT HOURS):

Below are the course options available to BSW students in their third semester.

- SOW 4510C - Integrative Seminar and Field Placement **Credit(s): 9**

Choose final elective from:

SOW 4650 - Child Maltreatment and Child Welfare **Credit(s): 3**

OR SOW 4930 - Variable Topics in Social Work **Credit(s): 1-3**

**Note:** SOW 4650 is a requirement of the Child Welfare Certificate pathway. Any BSW student can take SOW 4650 regardless of whether or not they are in the Child Welfare Certificate pathway.

## ADDITIONAL INFORMATION - SOCIAL WORK B.S.W.

---

### FOREIGN LANGUAGE REQUIREMENTS

---

Students must meet the University's FLENT (Foreign Language Entrance Requirement), which requires successful completion of two high school credits in one foreign language or successful completion of 2 semesters (8 credits) in one foreign language in college, or demonstrating equivalent foreign language competence on the basis of scores determined by the ACC CLEP or demonstrating equivalent foreign language competence through other means approved by USF (such as a Placement Exam). American Sign Language may also be completed for FLENT.

### INTERNSHIP OPPORTUNITIES

---

Hands-on, practical experience is integrated in the core curriculum through the 460 hours of field placement that students complete during their final semester in the program. The School of Social Work has partnerships for the field experiences with an abundance of agencies in the surrounding communities. Students have many choices for the populations and environments in which they would like to develop their skills and prepare for professional employment. Internship (field placement) areas include child welfare, substance abuse, medical social work, mental health, children and adolescent services, forensic mental health, domestic violence, veteran's services, court/justice system, crisis management, elder care, hospice and homelessness.

### OTHER INFORMATION

---

- Students must have junior status and fulfill the following requirements in order to enroll in the social work major courses:
  - 2.0 overall GPA, 2.0 USF GPA.
  - Completion of the five State Mandated Prerequisites (no grade of "C-" or below).
  - Completion of the SOW 3203 foundation course (no grade of "B-" or below).

# COLLEGE OF BEHAVIORAL & COMMUNITY SCIENCES

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- USF Bachelor of Science Social Work graduates may be eligible for admission into USF's Master of Social Work Advanced Standing programs.
- Membership in the National Social Work Honor Society, Phi-Alpha/Delta Sigma chapter at the University of South Florida is available to students who meet eligibility criteria. Phi Alpha is a national honor society for social work students who have attained excellence in scholarship. Its mission is to provide a network among students of social work and to promote humanitarian goals and ideals.

## **RESEARCH OPPORTUNITIES - SOCIAL WORK B.S.W.**

---

The diverse research interests of the faculty in the School of Social Work provide a wide array of opportunities for students to interface with evidence based research studies. Current research interests include treatment of childhood trauma; quality of care outcomes for vulnerable populations with particular emphasis on older adults with co-occurring mental and physical health disorders; health effects of intimate partner violence; implications of health care practices and interventions involving Latinos; reduction of health and mental health disparities for Haitians, and the development of psycho-social resources in community and long-term care settings.

Accreditation Information - Social Work B.S.W.

The School of Social Work programs are accredited by the Council on Social Work Education (CSWE).

## **ADVISING INFORMATION - SOCIAL WORK B.S.W.**

---

Advising is available in office, by phone and email. We welcome students to contact our advisor to learn more about the social work profession and the BSW degree.

## College of Education

---

4202 E. Fowler Avenue, EDU 105  
Tampa, FL 33620  
(813) 974-3400  
<http://www.usf.edu/education/>

### About the College

As the home to more than 2,200 students and 130 faculty members across three campuses, the University of South Florida's College of Education values high-quality education and excellence in research, teaching, and learning. Our college is nationally accredited by the Council for the Accreditation of Educator Preparation (CAEP) and our teacher preparation programs are fully approved by the Florida Department of Education.

At a time when the skills and pedagogy of classroom teachers and school administrators is more important than ever, the USF College of Education offers state-of-the-art teacher training and collaborative and collegial graduate studies designed to empower educational leaders. Collaborating closely with our partners in the school districts across the Tampa Bay region, we seek to collaborate with our community to extend proven educational initiatives and discover new ways of preparing life-long learners in an era of increasing access to knowledge and technology.

### Mission and Vision

#### *Mission*

The Mission of the College of Education is to promote transformative education and social justice through rigorous research, innovative teaching, as well as locally and globally engaged partnerships.

#### *Vision*

The USF College of Education envisions itself as a leader in regional, national, and international education.

Leadership in education encompasses:

- Academic excellence
- Research, scholarship, and inquiry that renews the educational process
- Collaboration that serves communities, institutions, and individuals
- Preparation that builds on academic excellence, scholarship, clinical practice, and collaboration and that contributes to a just and productive society

### Accreditation

The USF College of Education is proud to be nationally accredited by the Council for the Accreditation of Educator Preparation (CAEP). CAEP accreditation is a voluntary process designed to ensure high-quality practices through a rigorous evaluation process consisting of self-evaluation, on-site accreditation evaluators, and ongoing assessment.

### Admission Requirements

#### *Teacher Preparation Programs*

Teacher preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Information on this program can be found on the College of Education website.

Admission criteria for undergraduate teacher preparation programs include the following:

1. Admission to the University of South Florida
2. An application to the College of Education's Teacher Preparation Programs
3. A minimum overall GPA of 2.50 (on a 4.0 scale)
4. Completion of or enrollment in appropriate prerequisite coursework for the student's intended major.

Effective July 1, 2021, the State of Florida changed its requirement for students to pass the General Knowledge Test (GKT) for admission to teacher preparation programs. The GKT is no longer required for admission. However, it is highly recommended that students pass the GKT before beginning their first term in their College of Education.

Students who apply to the College of Education after prior admission/enrollment in the college are required to disclose reason for departure.

---

### *Exercise Science and Kinesiology Program*

The Exercise Science and Kinesiology program is designed to equip future professionals with the knowledge and skills to meet the diverse health and performance needs of our population through the integration of coursework with laboratory-based and field-based experiential learning. The program also provides a pathway to graduate education in the health profession. Students must be admitted to the University of South Florida to be admitted to the Exercise Science and Kinesiology program.

The Exercise Science and Kinesiology program is designed to equip future professionals with the knowledge and skills to meet the diverse health and performance needs of our population through the integration of coursework with laboratory-based and field-based experiential learning. The program also provides a pathway to graduate education in the health profession. Students must be admitted to the University of South Florida to be admitted to the Exercise Science and Kinesiology program.

### **Progression Requirements**

The Exercise Science and Kinesiology program is designed to equip future professionals with the knowledge and skills to meet the diverse health and performance needs of our population through the integration of coursework with laboratory-based and field-based experiential learning. The program also provides a pathway to graduate education in the health profession. Students must be admitted to the University of South Florida to be admitted to the Exercise Science and Kinesiology program.

### **Progression Requirements**

- Attend a College of Education Exercise Science and Kinesiology Orientation prior to the first term.
- Be in good academic standing
- Earn a B- or higher in the following courses in no more than two attempts per course:
  - BSC X085/X085L **OR** PET X322/X322L **OR** BSC X093/X093L **OR** APK X100C **OR** BSC X085C **OR** BSC X093C
  - BSC X086/X086L **OR** APX 105C **OR** BSC X094/X094L **OR** PET X323C
  - HUN X201 **OR** HSC X100
  - MAC X105 **OR** MAC X140 **OR** MAC X147 **OR** MAC X311

### **Clinical Education**

All teacher preparation programs include required clinical education. Clinical experiences allow teacher candidates to put theory into practice as they learn to teach within partnership schools in our local school districts.

### **Background Checks and Fingerprinting**

All students seeking admission to teacher preparation programs will be required to undergo a background check and fingerprinting during the admission process. International students should be mindful that fingerprinting requires a social security number. Visit the following link for fingerprinting instructions.

Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter field experience and continue in an teacher preparation program.

Please be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from the Office of Clinical Experience.

### **Repeating a Clinical Experience**

A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. In the event that a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a College of Education petition to the appropriate department or program. If permission is granted, the student must meet with designated College of Education personnel to develop an action plan for the experience that

# COLLEGE OF EDUCATION

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

may include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made.

If a student receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience, the candidate will be removed from the College of Education.

### **General Knowledge Test (GKT)**

Effective summer/fall (2022), students admitted to a teacher preparation program on the Tampa or Sarasota/Manatee campus will need to submit passing scores for the GKT prior to entering their final internship.

### **Graduation Requirements**

The College of Education strives to ensure students graduate in a timely fashion and are well-prepared for their chosen career.

Students seeking to graduate from a state-approved teacher preparation program with embedded Reading and ESOL endorsements must pass all portions of the Florida Teacher Certification Exam (FTCE).

Students who graduate prior to passing all portions of the FTCE will not earn a statement on their transcript indicating graduation from a state-approved teacher preparation program with respective endorsements.

To graduate, students should take the following steps:

1. Meet with your academic advisor each semester to review your progress toward degree
2. Successfully complete all state, university, and program requirements
3. Earn 120 credit hours
4. Earn the required overall GPA. Teacher preparation programs require an overall GPA of 2.5 while Exercise Science requires an overall GPA of 2.0.
5. Earn the required grades in all coursework. As each program may have different grade requirements, meet with your advisor for clarification.
6. Complete any required certification exams
7. Apply to graduate

### **Time Limits for Coursework**

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

1. Courses completed within the last five years may be accepted toward graduation.
2. Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
3. Courses completed ten years ago or longer will count as elective credit only toward graduation.

### **Baccalaureate-Level Degree Programs**

#### **Global Pathways**

<https://www.usf.edu/gcp/students/index.aspx>

A Global Pathway is an undergraduate major or degree program that has significant global content. Global Pathways provide students with the opportunity to practice and apply global competencies through the major or degree program. The following programs are designated as Global Pathway Programs:

#### **Global Studies in Education Minor**

<https://www.usf.edu/education/documents/advising/undergraduate/minor-guide-global-studies-education.pdf>

#### **Exceptional Student Education**

<https://www.usf.edu/education/areas-of-study/exceptional-student-education/>

### **Bachelor of Science**

#### ***Early Childhood Education: Pre-Kindergarten/Primary (ESOL and Reading Endorsements)***

<https://www.usf.edu/education/areas-of-study/early-childhood-education/>

The program embraces a pedagogy of social justice with community-engaged scholarship and active participation in linguistically, culturally, and socio-economically diverse settings. The program prepares students to acquire the skills and dispositions necessary to advocate for positive change in the lives of children, families, and communities.

---

### *Education (ESOL and Reading Endorsements)*

<https://www.usf.edu/education/areas-of-study/educational-studies/programs/degree-programs.aspx>

This program is uniquely designed to integrate the pedagogy, content, and clinical experiences necessary for graduates to gain certification in Exceptional Student Education as well as Elementary Education.

### *Educational Studies*

<https://www.usf.edu/education/areas-of-study/educational-studies/programs/degree-programs.aspx>

The BS in Educational Studies prepares individuals for a variety of career paths such as teaching English abroad, informing educational policy, non-profit work, and childcare, among many others. It also serves as the minimum educational credential for graduate school. This pathway does not lead to teacher certification, nor is it a teacher preparation program. Experiential learning, foundations of education, as well as an exploration of best practices associated with teaching and learning comprise this program of study; effectively preparing graduates to pursue an educationally focused career outside of the Florida public school system.

### *Elementary Education (ESOL and Reading Endorsements)*

<https://www.usf.edu/education/areas-of-study/elementary-education/>

The B.S. in Elementary Education Program develops teachers who possess sound instructional practices as well as an inquiry mindset that allows teachers to differentiate instruction to enhance student learning.

### *English Education (ESOL and Reading Endorsements)*

<https://www.usf.edu/education/areas-of-study/english-education/>

The Bachelor of Science degree in English Education prepares students to develop content knowledge related to structures and functions of language, diverse literatures (including print and non-print texts and multimedia), adolescent literacy and writing theories and processes. This program is a joint program between the College of Education and the College of Arts and Sciences.

### *Exceptional Student Education (ESOL and Reading Endorsements)*

<https://www.usf.edu/education/areas-of-study/exceptional-student-education/>

The Exceptional Student Education program prepares teachers to work with children who have emotional and behavioral disorders, intellectual disabilities, and specific learning disabilities. The undergraduate program is a state-approved program that leads to certification in Exceptional Student Education and an endorsement in teaching English Speakers of a Second Language (ESOL).

### *Exercise Science and Kinesiology*

<https://www.usf.edu/education/areas-of-study/exercise-science/>

The Bachelor of Science in Exercise Science and Kinesiology prepares students for careers in strength and conditioning, corporate fitness, community-based fitness, cardiac rehabilitation, and physical therapy school. Students will explore the science of human movement through curriculum in the biological, psychological, and social sciences, including health, nutrition, exercise psychology, anatomy, physiology, and biomechanics.

### *Mathematics Education*

<https://www.usf.edu/education/areas-of-study/mathematics-education/>

The Bachelor of Science (B.S.) in Mathematics Education is a 120-credit hour program. The program explores educational foundations, methods, and theory and practice of teaching mathematics at grades 6-12. It is designed to prepare effective teachers of middle and high school mathematics who are knowledgeable, reflective, caring, and can meet the needs of a diverse student population.

# COLLEGE OF EDUCATION

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

### *Science Education*

<https://www.usf.edu/education/areas-of-study/science-education/>

The Bachelor of Science (B.S.) in Science Education explores educational foundations and methods to prepare educators in middle and secondary schools. It also explores the theory and practice of teaching science education. The objective is to prepare reflective and caring educators.

### *Social Science Education*

<https://www.usf.edu/education/areas-of-study/social-science-education/>

The Social Science Education Program engages students with methods of inquiry and pedagogy in social studies. Attention is given to both an interdisciplinary curriculum and to individual social disciplines including history, geography, civics and government, economics, anthropology, psychology, sociology, and related fields of study.

## **Bachelor of Arts or Bachelor of Science**

---

### *Physical Education*

<https://www.usf.edu/education/areas-of-study/physical-education/>

The Bachelor of Science in Physical Education is designed for those who wish to qualify for Florida certification in teaching Physical Education for students in Kindergarten through 12th grade. This degree is a two-year program of study.

## **Minors**

---

### *Athletic Coaching*

<https://www.usf.edu/education/areas-of-study/physical-education/>

An undergraduate minor in athletic coaching provides students with the knowledge, skills, and background to assist individuals interested in coaching at various levels in a variety of team, dual, and individual sports.

### *Foreign Language Education*

<https://www.usf.edu/education/documents/advising/undergraduate/minor-guide-foreign-language-edu.pdf>

The minor in Foreign Language Education is for students who are pursuing a degree in another field and who have an interest in teaching a foreign language. The courses in the minor give students a foundation in methods of teaching a foreign or second language. Completing this does not result in Florida teaching certification.

### *Global Studies in Education*

<https://www.usf.edu/education/documents/advising/undergraduate/minor-guide-global-studies-education.pdf>

Students pursuing a minor in Global Studies in Education will gain knowledge about the relationships between education and the increasingly globalized world and learn how to apply this knowledge within diverse fields and professional settings. This interdisciplinary minor integrates educational, sociological, and psychological perspectives.

### *Professional Training Option*

<https://www.usf.edu/education/undergraduate/minor-professional-teaching-option.aspx>

The Professional Training Option (PTO) is an approved alternative teacher certification program that leads to temporary certification. A Temporary Teaching Certificate enables educators to complete the Professional Certificate requirements while teaching full-time. It is designed for students interested in teaching at the secondary level in English, Social Science, or Science in the State of Florida.

### *Science of Physical Activity*

<https://www.usf.edu/education/documents/advising/undergraduate/minor-guide-science-physical-activity.pdf>

Students pursuing a minor in Science of Physical Activity gain experience working with physically active individuals and learn skills that translate to work in after-school programs, recreation environments, or fitness centers. Completing this minor does not result in Florida teaching certification.

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

## Early Childhood Education (ESOL and Reading Endorsements) B.S.

---

### **TOTAL DEGREE HOURS: 120**

Early Childhood Education is a field of study that includes the teaching and learning of young children. This includes the preparation of prospective teachers through both coursework and extensive clinical experiences in various early childhood settings to enable them to integrate theory with teaching practices. Successful completion of this state-approved program will make the prospective teachers be eligible for the Florida Early Childhood Teaching Certification Pre-Kindergarten/Primary (age 3 – grade 3). The objective of the program is to provide prospective teachers with the necessary knowledge, skills, and dispositions required to teach Pre-K through 3rd grade students, with a particular focus on understanding developmentally appropriate practice; providing inclusive, differentiated, and culturally responsive instruction; utilizing technology to enhance student learning, and demonstrating on-going professional development.

### **STATE-APPROVED PROGRAM WITH READING AND ESOL ENDORSEMENTS**

This degree program is a state-approved program that leads to both the Reading Endorsement and ESOL (English to Speakers of Other Languages) Endorsement. Upon successful completion of the program, teacher candidates are eligible for the endorsements on their Florida teaching certificate.

Students seeking to graduate from a state-approved educator preparation program with embedded Reading and ESOL endorsements must attain passing scores on all portions of the Florida Teacher Certification Exam (FTCE). Students who graduate prior to attaining passing scores on all portions of the FTCE will not receive the state-approved educator preparation program with respective endorsements statement on their official transcript.

### **UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION**

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following URLs:

- Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

### **ADMISSION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS**

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in the college on their home campus.

Effective July 1, 2021, the State of Florida changed college admission requirements regarding the General Knowledge Test (GKT). The GKT is no longer required for admission to an educator preparation program. However, the college advises students to prepare for and pass the GKT upon declaring their major in education. Passing the GKT or appropriate substitute ACT or SAT subtests is required for graduation from the state-approved program and to obtain Florida teacher certification.

Students seeking admission into any of our educator preparation programs must satisfy the following:

1. Successful admission to the University of South Florida
2. Complete the University of South Florida's General Education requirements (see General Education Information in the catalog)
  1. Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.
3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)
4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.
5. Submit a College of Education application.

For former students returning to the college after being inactive, please be aware of the **Time Limit for Coursework** policy under **Additional Information**.

## GRADUATION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. To graduate, students should take the following steps:

- Meet with your academic advisor each semester to review your progress toward degree
- Successfully complete all state, university, and program requirements
- Earn 120 credit hours
- Earn a minimum overall GPA of 2.5
- Complete any required certification exams\*
- Apply to graduate

\* Students seeking to graduate from a state-approved educator preparation program with embedded Reading and ESOL endorsements must attain passing scores on all portions of the FTCE.

Students who graduate prior to attaining passing scores on all portions of the FTCE will not receive the state-approved educator preparation program with respective endorsements statement on their official transcript.

## REQUIRED COURSES: (69 CREDIT HOURS)

---

### STATE MANDATED COMMON COURSE PREREQUISITES - EARLY CHILDHOOD EDUCATION B.S. (3 CREDIT HOURS)

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to the Teaching Profession - 3 credit hours

### STATE MATHEMATICS PATHWAY – EARLY CHILDHOOD EDUCATION B.S. (6 CREDIT HOURS)

The Early Childhood Education B.S. uses the Mathematical Thinking in Context Mathematics Pathway with the following requirements:

- MGF 1130 - Mathematical Thinking **Credit(s): 3**
- MGF 1131 - Mathematical Thinking in Context **Credit(s): 3**  
OR Any additional math necessary for the degree

## MAJOR CORE COURSES: 19 COURSES; 60 CREDIT HOURS

---

### PROFESSIONAL EDUCATION CORE COURSES: 4 COURSES; 12 CREDIT HOURS

- RED 4312 - Emergent Literacy Strategies and Assessment **Credit(s): 3**
- RED 4943 - Practicum in Supporting Students with Reading Difficulties **Credit(s): 3**
- TSL 4080 - ESOL Curriculum and Pedagogy **Credit(s): 3**
- TSL 4251 - Applying Linguistics to ESOL Teaching and Testing **Credit(s): 3**

Note: RED 4943 must be taken as the last course in a pre-approved Literacy Studies course sequence.

## SPECIALIZATION COURSES: 15 COURSES; 48 CREDIT HOURS

---

- EEC 4942 - Field Experience II **Credit(s): 3**
- EEC 4943 - Field Experience III **Credit(s): 3**

## ADDITIONAL INFORMATION - EARLY CHILDHOOD EDUCATION B.S.

---

### GPA REQUIREMENTS

Once admitted, students must maintain a 2.5 or higher overall GPA and earn a 2.5 or higher in all upper-level coursework in the major including Core and Specialization courses. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

### GRADING REQUIREMENTS

Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with the departmental Professional Standards Committee.

### RESIDENCY REQUIREMENTS

A student must complete 32 hours of major coursework at USF to meet residency requirements.

### TIME LIMIT FOR COURSEWORK - COLLEGE OF EDUCATION

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

### OTHER INFORMATION

Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria.

Students will be required to pay for costs in addition to tuition, fees, and books such as:

- Transportation to and from school sites required in courses and internships
- Criminal background checks and fingerprinting for internships
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

### CLINICAL EDUCATION

All educator preparation programs include required clinical education. Clinical experiences allow teacher candidates to put theory into practice as they learn to teach within partnership schools in our local school districts.

# COLLEGE OF EDUCATION

---

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

## BACKGROUND CHECK AND FINGERPRINTING

All students seeking admission to educator preparation programs will be required to undergo a background check and fingerprinting during the admission process. Visit this site for additional information: Fingerprinting Instructions (usf.edu) International students should be mindful that fingerprinting requires a social security number. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter field experience and continue in an educator preparation program. Please be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from Student Academic Services.

## REPEATING A CLINICAL EXPERIENCE

A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. If a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a written appeal to the appropriate department or program. If permission is granted, the candidate must meet with designated College of Education personnel to develop an action plan for the experience that may include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made.

If a candidate receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any field experience two times in the same experience, the candidate will be removed from the College of Education. If a candidate re-applies for admission to the College of Education, they must indicate that they were once in the College and dismissed. If the candidate is admitted and it is determined that they did not disclose the dismissal the student will be dismissed immediately.

## ACCREDITATION

---

This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

## RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

## Education (ESOL and Reading Endorsements) B.S.

---

### **TOTAL DEGREE HOURS: 120**

USF's Bachelor of Science in Education integrates the pedagogy, content, and clinical experiences necessary for graduates to be eligible for teacher certification in Exceptional Student Education and Elementary Education from the Florida Department of Education. Students who successfully complete this program are also eligible to add a Reading Endorsement to their teaching certificate.

### **STATE-APPROVED PROGRAM WITH READING AND ESOL ENDORSEMENTS**

---

This degree program is a state-approved program that leads to both the Reading Endorsement and ESOL (English to Speakers of Other Languages) Endorsement. Upon successful completion of the program, teacher candidates are eligible for the endorsements on their Florida teaching certificate.

Students seeking to graduate from a state-approved educator preparation program with embedded Reading and ESOL endorsements must attain passing scores on all portions of the Florida Teacher Certification Exam (FTCE).

Students who graduate prior to attaining passing scores on all portions of the FTCE will not receive the state-approved educator preparation program with respective endorsements statement on their official transcript.

### **UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION**

---

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following URLs:

- Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

### **ADMISSION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS**

---

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in the college on their home campus.

Effective July 1, 2021, the State of Florida changed college admission requirements regarding the General Knowledge Test (GKT). The GKT is no longer required for admission to an educator preparation program. However, the college advises students to prepare for and pass the GKT upon declaring their major in education. Passing the GKT or appropriate substitute ACT or SAT subtests is required for graduation from the state-approved program and to obtain Florida teacher certification.

Students seeking admission into any of our educator preparation programs must satisfy the following:

1. Successful admission to the University of South Florida
2. Complete the University of South Florida's General Education requirements (see General Education Information in the catalog)
  1. Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.
3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)
4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.
5. Submit a College of Education application.

For former students returning to the college after being inactive, please be aware of the **Time Limit for Coursework** policy under **Additional Information**.

### **GRADUATION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS**

---

The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. To graduate, students should take the following steps:

# COLLEGE OF EDUCATION

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- Meet with your academic advisor each semester to review your progress toward degree
- Successfully complete all state, university, and program requirements
- Earn 120 credit hours
- Earn a minimum overall GPA of 2.5
- Complete any required certification exams\*
- Apply to graduate

\* Students seeking to graduate from a state-approved educator preparation program with embedded Reading and ESOL endorsements must attain passing scores on all portions of the FTCE.

Students who graduate prior to attaining passing scores on all portions of the FTCE will not receive the state-approved educator preparation program with respective endorsements statement on their official transcript.

## **REQUIRED COURSES: (77 CREDIT HOURS)**

---

### **STATE MANDATED COMMON COURSE PREREQUISITES - EDUCATION B.S. (3 CREDIT HOURS)**

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to Education – 3 credit hours

### **STATE MATHEMATICS PATHWAY – EDUCATION B.S. (6 CREDIT HOURS)**

The Education B.S. uses the Mathematical Thinking in Context Mathematics Pathway with the following requirements:

- MGF 1130 - Mathematical Thinking **Credit(s): 3**
- MGF 1131 - Mathematical Thinking in Context **Credit(s): 3**  
OR Any additional math necessary for the degree

## **MAJOR REQUIREMENTS COURSES: 22 COURSES; 68 CREDIT HOURS**

---

### **PROFESSIONAL EDUCATION COURSES: 9 COURSES; 32 CREDIT HOURS**

- EDF 3132 - Child and Adolescent Development **Credit(s): 3**
- EDF 3604 - Schools and Society **Credit(s): 3**

\* NOTE: EDG 3943 and RED 4348 must be taken concurrently – Spring/Fall. EEX 4880 and EDG 4376 must be taken concurrently. EDG 4934 and EDG 4944 must be taken concurrently.

## ADDITIONAL INFORMATION - EDUCATION B.S.

---

### GPA REQUIREMENT

Once admitted, students must maintain a 2.5 or higher overall GPA and earn a 2.5 or higher in all upper-level coursework in the major including Core and Specialization courses. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

### GRADING REQUIREMENT

Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

### RESIDENCY REQUIREMENTS

A student must complete 32 hours of major coursework at USF to meet residency requirements.

### TIME LIMIT FOR COURSEWORK - COLLEGE OF EDUCATION

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

### OTHER INFORMATION

Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria.

Students will be required to pay for costs in addition to tuition, fees, and books such as:

- Transportation to and from school sites required in courses and internships
- Criminal background checks and fingerprinting for internships
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

## INTERNSHIP EXPERIENCE - EDUCATION B.S.

---

# COLLEGE OF EDUCATION

---

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

## QUALIFICATIONS FOR INTERNSHIP EXPERIENCE

---

The final internship experience involves observing and teaching both in an elementary and exceptional education classroom. Internship sites include the entire spectrum of educational settings available in the local school districts served by USF. Students may not enroll in additional courses during the semester in which the final internship occurs. Special requirements for enrollment in the final internship and seminar courses are:

- Completion of General Education, "State Communication and State Mathematics Requirements -formerly Gordon Rule," and all other program prerequisites (includes passing all sections of the General Knowledge Test, GKT) prior to the first internship.
- Documentation of passing scores on all portions of the Florida Teacher Certification Examinations (FTCE), (General Knowledge Test, Subject Area Exam in both Elementary Education and Exceptional Student Education, and Professional Education) prior to the college-stated deadline.
- Completion of an application for the final internship by the posted deadlines. Applications for final internship are available through a COE Internship Application Portal in Canvas. Completion of all professional education and specialization course work.
- A combined grade point average of 2.5 in professional education and specialization course work as well as an overall USF GPA of 2.5.
- Students must earn a "C-" grade or higher in required major courses. S/U grades will not apply toward qualifying for internship.
- Students must complete all other requirements as prescribed by their program.
- Some school districts have additional requirements, which must also be met by the application deadlines. Please contact the Internship Coordinator for information related to Hillsborough and Hernando school districts.
- Interns are guests of the school districts in which they are placed and as such they may be removed from their placement with or without cause by either the school or the college. If students are asked to leave their schools for any reason, the college is under no obligation to find another placement until the following semester and/or until remediation activities have taken place.

## INTERNSHIP APPLICATION REQUIREMENTS AND DATES OF IMPORTANCE

---

Complete online applications by the deadline date (see below under Final Internship. **(Late Applications will not be accepted).**

## APPLICATION REQUIREMENTS

---

- K-5: **EDG 3943 - Integrated Clinical Experience Grades K-5** : Students spend two full teacher days per week in a supervised in-school experience and attend seminars as scheduled.
- 6-12: **EEX 4880 - Integrated Clinical Experience: ESE Secondary 6-12** : Students spend two full teacher days per week in a supervised internship experience in classroom settings and attend seminars as scheduled.
- Final Internship: **EDG 4944 - Integrated Final Internship** : The teacher candidate is required to demonstrate professional competencies during one semester of fulltime internship in a public elementary school and attend seminars. This internship will be split between a general education classroom and an ESE classroom; eight weeks in each setting. All candidates will also be completing a Teacher Work Sample as part of this capstone experience. (5 days/week)
- EDG 4934 - Final Intern Seminar**

## FINGERPRINTING INFORMATION

---

All school districts in Florida require students to complete the fingerprinting process prior to beginning date of internships. The cost of the fingerprinting process is the sole responsibility of the intern. Most Florida school districts screen in accordance with Florida Statute 435.03 or 435.04. Pinellas County uses 435.04 (Level 2) screening standard. Be sure to consult school district policy for the district in which you will be interning.

## PROGRAM PORTFOLIO REQUIREMENTS

The Florida Department of Education (FLDOE) and the National Association of Colleges of Teacher Education (NCATE) standards through the CAEP Accreditation system require all accredited programs to document individual student performance based on state and national standards. Students are required to demonstrate their achievement of state standards with portfolio assessment one time during coursework and one time during final internship. This program requires Florida Educator Accomplished Practices and ESOL Competencies portfolios. Students are required to upload their critical assignments to the Campus Folio system for instructors to grade. Students must reach 80% proficiency on all critical assignments to pass the course. This is indicated in the course syllabi and each submission is evaluated by the course instructor. The entire portfolio process will be introduced during EDG 4012 – the Standards Based Education course.

## ACCREDITATION

This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

## RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## Educational Studies B.S.

---

### **TOTAL DEGREE HOURS: 120**

This degree will prepare students to engage in educational settings but not limited to settings such as museums, non-profit organizations, community based organizations and businesses where teaching and training are an integral part of the organization.

All majors will be assigned to a specified sequence of courses to be followed throughout the program enrollment. Coursework will include internships and field experience. Field experiences usually begin during the second semester of student's enrollment with increasing involvement throughout the program.

The current program of study includes both coursework and extensive field experience in elementary, middle, secondary or other appropriate educational settings to enable students to integrate theory with teaching practice.

## **UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION**

---

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following URLs:

## Elementary Education (ESOL and Reading Endorsements) B.S.

---

### TOTAL DEGREE HOURS: 120

The Bachelor of Science program in Elementary Education is designed for students who wish to pursue a career as an elementary classroom teacher. The program of study includes both coursework and extensive clinical experience in elementary school settings to enable the students to integrate theory with teaching practice.

### **STATE-APPROVED PROGRAM WITH READING AND ESOL ENDORSEMENTS**

This degree program is a state-approved program that leads to both the Reading Endorsement and ESOL (English to Speakers of Other Languages) Endorsement. Upon successful completion of the program, teacher candidates are eligible for the endorsements on their Florida teaching certificate.

Students seeking to graduate from a state-approved educator preparation program with embedded Reading and ESOL endorsements must attain passing scores on all portions of the Florida Teacher Certification Exam (FTCE).

Students who graduate prior to attaining passing scores on all portions of the FTCE will not receive the state-approved educator preparation program with respective endorsements statement on their official transcript.

### **UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION**

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following URLs:

- Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

### **ADMISSION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS**

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in the college on their home campus.

Effective July 1, 2021, the State of Florida changed college admission requirements regarding the General Knowledge Test (GKT). The GKT is no longer required for admission to an educator preparation program. However, the college advises students to prepare for and pass the GKT upon declaring their major in education. Passing the GKT or appropriate substitute ACT or SAT subtests is required for graduation from the state-approved program and to obtain Florida teacher certification.

Students seeking admission into any of our educator preparation programs must satisfy the following:

1. Successful admission to the University of South Florida
2. Complete the University of South Florida's General Education requirements (see General Education Information in the catalog)
  1. Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.
3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)
4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.
5. Submit a College of Education application.

For former students returning to the college after being inactive, please be aware of the **Time Limit for Coursework** policy under **Additional Information**.

### **GRADUATION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS**

- TSL 4251 - Applying Linguistics to ESOL Teaching and Testing **Credit(s): 3**

Note: RED 4943 must be taken as the last course in a pre-approved Literacy Studies course sequence and simultaneously with the full-time final internship.

## ADDITIONAL INFORMATION - ELEMENTARY EDUCATION B.S.

---

### GPA REQUIREMENTS

Maintain at least a 2.50 GPA in major coursework. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

### GRADING REQUIREMENTS

Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

### RESIDENCY REQUIREMENTS

A student must complete 32 hours of major coursework at USF to meet residency requirements.

### TIME LIMIT FOR COURSEWORK

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

### OTHER INFORMATION

Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria.

Students will be required to pay for costs in addition to tuition, fees, and books such as:

- Transportation to and from school sites required in courses and internships
- Criminal background checks and fingerprinting for internships
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

### CLINICAL EDUCATION - EDUCATOR PREPARATION PROGRAMS

All educator preparation programs include required clinical education. Clinical experiences allow teacher candidates to put theory into practice as they learn to teach within partnership schools in our local school districts.

### BACKGROUND CHECK AND FINGERPRINTING

All students seeking admission to educator preparation programs will be required to undergo a background check and fingerprinting during the admission process. Visit this site for additional information: Fingerprinting Instructions (usf.edu). International students should be mindful that fingerprinting requires a social security number. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter clinical field experience and continue in an educator preparation program. Please

# COLLEGE OF EDUCATION

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from the Office of Clinical Experience.

### **REPEATING A CLINICAL EXPERIENCE**

A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. In the event that a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a written appeal to the appropriate department or program. If permission is granted, the candidate must meet with designated College of Education personnel to develop an action plan for the experience that may include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made.

If a candidate receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical field experience two times in the same experience, the candidate will be removed from the College of Education. If a candidate re-applies for admission to the College of Education, they must indicate they were once in the College and dismissed. If the candidate is admitted and it is determined that they did not disclose the dismissal the student will be dismissed immediately.

### **ACCREDITATION INFORMATION - ELEMENTARY EDUCATION B.S.**

---

This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

### **RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION**

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## English Education (ESOL and Reading Endorsements) B.S.

---

**TOTAL DEGREE HOURS: 120**

The English Education Program is designed to prepare students to develop content knowledge related to structures and functions of language, diverse literature (including print and non-print texts and multimedia), adolescent literacy, and writing theories and processes. This program is a joint program between the College of Education and the College of Arts and Sciences. Students will learn pedagogical content knowledge, including how to select English Language Arts curriculum, how to implement instructional practices like discussion and peer review, how to assess student compositions, and how to reflect on their pedagogical practices.

### **STATE-APPROVED PROGRAM WITH READING AND ESOL ENDORSEMENTS**

This degree program is a state-approved program that leads to both the Reading Endorsement and ESOL (English to Speakers of Other Languages) Endorsement. Upon successful completion of the program, teacher candidates are eligible for the endorsements on their Florida teaching certificate.

Students seeking to graduate from a state-approved educator preparation program with embedded Reading and ESOL endorsements must attain passing scores on all portions of the Florida Teacher Certification Exam (FTCE).

Students who graduate prior to attaining passing scores on all portions of the FTCE will not receive the state-approved educator preparation program with respective endorsements statement on their official transcript.

### **UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION**

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following URLs:

- Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

### **ADMISSION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS**

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in the college on their home campus.

Effective July 1, 2021, the State of Florida changed college admission requirements regarding the General Knowledge Test (GKT). The GKT is no longer required for admission to an educator preparation program. However, the college advises students to prepare for and pass the GKT upon declaring their major in education. Passing the GKT or appropriate substitute ACT or SAT subtests is required for graduation from the state-approved program and to obtain Florida teacher certification.

Students seeking admission into any of our educator preparation programs must satisfy the following:

1. Successful admission to the University of South Florida
2. Complete the University of South Florida's General Education requirements (see General Education Information in the catalog)
  1. Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.
3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)
4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.
5. Submit a College of Education application.

For former students returning to the college after being inactive, please be aware of the **Time Limit for Coursework** policy under **Additional Information**.

## GRADUATION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

---

The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. To graduate, students should take the following steps:

- Meet with your academic advisor each semester to review your progress toward degree
- Successfully complete all state, university, and program requirements
- Earn 120 credit hours
- Earn a minimum overall GPA of 2.5
- Complete any required certification exams\*
- Apply to graduate

\* Students seeking to graduate from a state-approved educator preparation program with embedded Reading and ESOL endorsements must attain passing scores on all portions of the FTCE.

Students who graduate prior to attaining passing scores on all portions of the FTCE will not receive the state-approved educator preparation program with respective endorsements statement on their official transcript.

## **REQUIRED COURSES: (90 CREDIT HOURS)**

---

### **STATE MANDATED COMMON COURSE PREREQUISITES - ENGLISH EDUCATION B.S. (15 CREDIT HOURS)**

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to the Teaching Profession - 3 credit hours
- ENC X101 Composition I - 3 credit hours
- ENC X102 Composition II - 3 credit hours
- SPC X017 **OR** SPC X608 - 3 credit hours
- LIT X000 - X999 **OR** AML X000 - X999 **OR** ENL X000 - X999 - 3 credit hours\*

\*(LIT 2000 - Introduction to Literature or ENL 2330 - Playing with Shakespeare recommended)

### **STATE MATHEMATICS PATHWAY - ENGLISH EDUCATION B.S. (6 CREDIT HOURS)**

The English Education B.S. uses the Mathematical Thinking in Context Mathematics Pathway with the following requirements:

- MGF 1130 - Mathematical Thinking **Credit(s): 3**
- MGF 1131 - Mathematical Thinking in Context **Credit(s): 3**  
**OR** Any additional math necessary for the degree

Students can learn more about fingerprinting from the Office of Clinical Experience.

## **REPEATING A CLINICAL EXPERIENCE**

---

A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. In the event that a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a written appeal to the appropriate department or program. If permission is granted, the candidate must meet with designated College of Education personnel to develop an action plan for the experience that may include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made.

If a candidate receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience two times in the same experience, the candidate will be removed from the College of Education. If a candidate re-applies for admission to the College of Education they must indicate they were once in the College and dismissed. If the candidate is admitted and it is determined that they did not disclose the dismissal the student will be dismissed immediately.

## **ACCREDITATION**

---

This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP: <https://caepnet.org/>).

## **RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION**

---

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## Mathematics Education B.S., with Middle School Mathematics Concentration

---

**TOTAL DEGREE HOURS: 120**

The Bachelors in Mathematics Education program explores educational foundations, methods, and theory and practice of teaching mathematics at grades 6-12. This program is designed to prepare effective teachers of middle and high school mathematics who are knowledgeable, reflective, caring, and are able to meet the needs of a diverse student population.

Students seeking to graduate from a state-approved teacher preparation program with embedded Reading and ESOL endorsements must attain passing scores on all portions of the Florida Teacher Certification Exam (FTCE).

Students who graduate prior to attaining passing scores on all portions of the FTCE will not receive the state-approved teacher preparation program with respective endorsements statement on their official transcript.

## UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION

---

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following URLs:

- Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>

- International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## ADMISSION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

---

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in the college on their home campus.

Effective July 1, 2021, the State of Florida changed college admission requirements regarding the General Knowledge Test (GKT). The GKT is no longer required for admission to an educator preparation program. However, the college advises students to prepare for and pass the GKT upon declaring their major in education. Passing the GKT or appropriate substitute ACT or SAT subtests is required for graduation from the state-approved program and to obtain Florida teacher certification.

Students seeking admission into any of our educator preparation programs must satisfy the following:

1. Successful admission to the University of South Florida
2. Complete the University of South Florida's General Education requirements (see General Education Information in the catalog)
  1. Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.
  3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)
  4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.
  5. Submit a College of Education application.

For former students returning to the college after being inactive, please be aware of the **Time Limit for Coursework** policy under **Additional Information**.

## GRADUATION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

---

The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. To graduate, students should take the following steps:

- Meet with your academic advisor each semester to review your progress toward degree
- Successfully complete all state, university, and program requirements
- Earn 120 credit hours
- Earn a minimum overall GPA of 2.5

# COLLEGE OF EDUCATION

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- Complete any required certification exams\*
- Apply to graduate

\* Students seeking to graduate from a state-approved educator preparation program with embedded Reading and ESOL endorsements must attain passing scores on all portions of the FTCE.

Students who graduate prior to attaining passing scores on all portions of the FTCE will not receive the state-approved educator preparation program with respective endorsements statement on their official transcript.

## **REQUIRED COURSES: (82 CREDIT HOURS)**

---

### **STATE MANDATED COMMON COURSE PREREQUISITES - MATHEMATICS EDUCATION B.S. (15 CREDIT HOURS)**

---

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to the Teaching Profession - 3 credit hours
- MAC X311 Calculus I - 4 credit hours
- MAC X312 Calculus II - 4 credit hours
- MAC X000-X999 **OR** MTG X000-X999 **OR** MAS X000-X999 - 4 credit hours

### **STATE MATHEMATICS PATHWAY – MATHEMATICS EDUCATION B.S. (7 CREDIT HOURS)\***

---

The Mathematics Education B.S. uses the Algebra through Calculus Mathematics Pathway with the following requirements:

- MAC 1105 - College Algebra **Credit(s): 3\*\***
- MAC 2281 - Engineering Calculus I **OR** MAC 2311 - Calculus I **Credit(s): 4**

\* Mathematics Pathway courses count towards the State Common Prerequisite math courses and are not additional credits.

\*\* Students may place out of MAC 1105 and begin at a higher-level math course.

## **MAJOR CORE COURSES: 7 COURSES; 21 CREDIT HOURS**

---

### **PROFESSIONAL EDUCATION COURSES: 7 COURSES; 21 CREDIT HOURS**

---

- EDF 3214 - Human Development and Learning **Credit(s): 3**
- EDF 3604 - Schools and Society **Credit(s): 3**
- EDF 4430 - Measurement for Teachers **Credit(s): 3**
- EEX 4070 - Integrating Exceptional Students in the Regular Classroom **Credit(s): 2-3**
- ESE 4322 - Classroom Management for Diverse School and Society **Credit(s): 3**
- RED 4333 - Content Area Reading **Credit(s): 3**
- TSL 4324 - ESOL Competencies and Strategies **Credit(s): 3**

### **MATHEMATICS EDUCATION CONCENTRATION REQUIREMENTS**

---

Students complete the general Mathematics Education program of study or the following concentration:

# COLLEGE OF EDUCATION

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- Middle School Mathematics

If students do not declare a concentration, they will follow the Mathematics Education program of study and take a minimum of 70 credit hours to meet the major electives requirement.

### **MIDDLE SCHOOL MATHEMATICS CONCENTRATION**

This program is part of the Helios STEM Middle School Teacher Residency Program in the Department of Secondary Education. Collaboratively developed with Hillsborough County Public Schools (HCPS), this program is designed to prepare effective teachers of middle grades mathematics who are able to meet the needs of a diverse student population. This program includes extensive clinical experiences, including a year-long residency using a co-teach model with a HCPS teacher. Program graduates will be eligible for certification in Middle Grades Mathematics 5-9.

### **CONCENTRATION CORE COURSES: 14 COURSES; 46 CREDIT HOURS**

The STEM Middle School Mathematics program is a cohort, residency program.

- EDM 3403 - Middle Level Education **Credit(s): 3**
- EDM 3620 - Teaching the Young Adolescent Learner **Credit(s): 3**
- EDM 4406 - Contemporary Issues in STEM Education **Credit(s): 3**
- MAE 3224 - Middle School Mathematics Methods Course 1 **Credit(s): 3**
- MAE 3225 - Middle School Mathematics Methods Course 2 **Credit(s): 3**
- MAE 3941 - Practicum I: Middle School Mathematics Education **Credit(s): 1-3**
- MAE 3942 - Practicum II: Middle School Mathematics Education **Credit(s): 1-3**
- MAE 4551 - Reading the Language of Mathematics **Credit(s): 3**
- MAE 4941 - Internship I: Middle School Mathematics Education **Credit(s): 1-12**
- MAE 4942 - Internship II: Middle School Mathematics Education **Credit(s): 6**
- MAS 3108 - Algebra Connections **Credit(s): 3**
- MAS 3205 - Number Concepts Connections **Credit(s): 3**
- MTG 3207 - Geometry Connections **Credit(s): 3**
- STA 2023 - Introductory Statistics I **Credit(s): 3**

### **ADDITIONAL INFORMATION - MATHEMATICS EDUCATION B.S.**

#### **GPA REQUIREMENTS**

Once admitted, students must maintain a 2.5 or higher overall GPA and earn a 2.5 or higher in all upper-level coursework in the major including Core and Specialization courses. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

#### **GRADING REQUIREMENTS**

Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

#### **RESIDENCY REQUIREMENTS**

A student must complete 32 hours of major coursework at USF to meet residency requirements.

#### **TIME LIMIT FOR COURSEWORK**

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

# COLLEGE OF EDUCATION

---

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

## OTHER INFORMATION

Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria.

Students will be required to pay for costs in addition to tuition, fees, and books such as:

- Transportation to and from school sites required in courses and internships
- Criminal background checks and fingerprinting for internships
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

## CLINICAL EDUCATION

All educator preparation programs include required clinical education. Clinical experiences allow teacher candidates to put theory into practice as they learn to teach within partnership schools in our local school districts.

## BACKGROUND CHECK AND FINGERPRINTING

All students seeking admission to educator preparation programs will be required to undergo a background check and fingerprinting during the admission process. Visit this site for additional information: Fingerprinting Instructions (usf.edu). International students should be mindful that fingerprinting requires a social security number. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter clinical experience and continue in an educator preparation program. Please be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from the Office of Clinical Experience.

## REPEATING A CLINICAL EXPERIENCE

A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. In the event that a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a written appeal to the appropriate department or program. If permission is granted, the candidate must meet with designated College of Education personnel to develop an action plan for the experience that may include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made.

If a candidate receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience two times in the same experience, the candidate will be removed from the College of Education. If a candidate re-applies for admission to the College of Education they must indicate they were once in the College and dismissed. If the candidate is admitted and it is determined that they did not disclose the dismissal the student will be dismissed immediately.

## ACCREDITATION

This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP: <https://caepnet.org/>).

## RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. 1. Successful admission to the University of South Florida
2. Complete the University of South Florida's General Education requirements (see General Education Information in the catalog)
  1. Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.
3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)
4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.
5. Submit a College of Education application.

For former students returning to the college after being inactive, please be aware of the **Time Limit for Coursework** policy under **Additional Information**.

## GRADUATION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. To graduate, students should take the following steps:

- Meet with your academic advisor each semester to review your progress toward degree
- Successfully complete all state, university, and program requirements
- Earn 120 credit hours
- Earn a minimum overall GPA of 2.5
- Complete any required certification exams\*
- Apply to graduate

\* Students seeking to graduate from a state-approved educator preparation program with embedded Reading and ESOL endorsements must attain passing scores on all portions of the FTCE.

# COLLEGE OF EDUCATION

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

Students who graduate prior to attaining passing scores on all portions of the FTCE will not receive the state-approved educator preparation program with respective endorsements statement on their official transcript.

### **REQUIRED COURSES: (86 CREDIT HOURS)**

---

#### **STATE MANDATED COMMON COURSE PREREQUISITES - SCIENCE EDUCATION B.S., WITH CHEMISTRY CONCENTRATION (23 CREDIT HOURS)**

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 – 3 credits
- (CHM X045 **AND** CHM X045L) **AND** (CHM X046 **AND** CHM X046L) – 8 credits
- MAC X311 – 4 credits
- Students choose one of the following options:
  - (PHY X048 **AND** PHY X048L) **AND** (PHY X049 **AND** PHY X049L) – 8 credits
  - (PHY X053 **AND** PHY X053L) **AND** (PHY X054 **AND** PHY X054L) – 8 credits
  - PHY X049C **AND** PHY X048C – 10 credits
  - PHY X053C **AND** PHY X054C – 8 credits

#### **STATE MATHEMATICS PATHWAY – SCIENCE EDUCATION B.S. (7 CREDIT HOURS)\***

The Science Education B.S. uses the Algebra through Calculus Mathematics Pathway with the following requirements:

- MAC 1105 - College Algebra **Credit(s): 3\*\***
- MAC 2281 - Engineering Calculus I **OR** MAC 2311 - Calculus I **Credit(s): 4**

\* Mathematics Pathway courses count towards the State Common Prerequisite math courses and are not additional credits.

\*\* Students may place out of MAC 1105 and begin at a higher-level math course.

### **MAJOR CORE COURSES: 10 COURSES; 35 CREDIT HOURS**

---

#### **PROFESSIONAL EDUCATION CORE FOR ALL SCIENCE EDUCATION CONCENTRATIONS:**

### **ADDITIONAL INFORMATION - SCIENCE EDUCATION B.S.**

#### **GPA REQUIREMENTS**

Once admitted, students must maintain a 2.5 or higher overall GPA and earn a 2.5 or higher in all upper-level coursework in the major including Core and Specialization courses. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

#### **GRADING REQUIREMENTS**

Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

#### **RESIDENCY REQUIREMENTS**

A student must complete 32 hours of major coursework at USF to meet residency requirements.

#### **TIME LIMIT FOR COURSEWORK**

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

#### **OTHER INFORMATION**

Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria.

# COLLEGE OF EDUCATION

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

Students will be required to pay for costs in addition to tuition, fees, and books such as:

- Transportation to and from school sites required in courses and internships
- Criminal background checks and fingerprinting for internships
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

## CLINICAL EDUCATION

All educator preparation programs include required clinical education. Clinical experiences allow teacher candidates to put theory into practice as they learn to teach within partnership schools in our local school districts.

## BACKGROUND CHECK AND FINGERPRINTING

All students seeking admission to educator preparation programs will be required to undergo a background check and fingerprinting during the admission process. Visit this site for additional information: Fingerprinting Instructions (usf.edu) International students should be mindful that fingerprinting requires a social security number. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter field experience and continue in an educator preparation program. Please be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from Student Academic Services.

## REPEATING A CLINICAL EXPERIENCE

A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. In the event that a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a written appeal to the appropriate department or program. If permission is granted, the candidate must meet with designated College of Education personnel to develop an action plan for the experience that may include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made.

If a candidate receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any field experience two times in the same experience, the candidate will be removed from the College of Education. If a candidate re-applies for admission to the College of Education they must indicate they were once in the College and dismissed. If the candidate is admitted and it is determined that they did not disclose the dismissal the student will be dismissed immediately.

## ACCREDITATION - COLLEGE OF EDUCATION

This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

## RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## ADMISSION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

---

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in the college on their home campus.

Effective July 1, 2021, the State of Florida changed college admission requirements regarding the General Knowledge Test (GKT). The GKT is no longer required for admission to an educator preparation program. However, the college advises students to prepare for and pass the GKT upon declaring their major in education. Passing the GKT or appropriate substitute ACT or SAT subtests is required for graduation from the state-approved program and to obtain Florida teacher certification.

Students seeking admission into any of our educator preparation programs must satisfy the following:

1. Successful admission to the University of South Florida
2. Complete the University of South Florida's General Education requirements (see General Education Information in the catalog)
  1. Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.
3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)
4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.
5. Submit a College of Education application.

For former students returning to the college after being inactive, please be aware of the **Time Limit for Coursework** policy under ***Additional Information***.

\*\*Only SSE 4936 can be taken at the same time as SSE 4940.

---

## **ADDITIONAL INFORMATION - SOCIAL SCIENCE EDUCATION B.S.**

### **GPA REQUIREMENTS**

Once admitted, students must maintain a 2.5 or higher overall GPA and earn a 2.5 or higher in all upper-level coursework in the major including Core and Specialization courses. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

### **GRADING REQUIREMENT**

Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

### **RESIDENCY REQUIREMENT**

Students must successfully complete at least 50 percent (50%) of the required courses in the major in courses offered by USF conferring the degree. In cases of hardship or lack of course availability, individual exceptions may be approved by the respective college Dean or designee to help ensure timely graduation.

# COLLEGE OF EDUCATION

---

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

## TIME LIMIT FOR COURSEWORK

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count toward graduation as elective credit only.

## OTHER INFORMATION

Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria.

In addition to tuition, fees, and books, students will be required to pay for costs such as:

- Transportation to and from school sites required in courses and internships
- Criminal background checks and fingerprinting for internships
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

## INTERNSHIP OPPORTUNITIES

- SSE 4333 - Student observations and some hands-on field experiences take place in assigned middle schools. Current criminal background clearance is required.
- SSE 4334 - Student observations and some hands-on field experiences take place in assigned high schools. Current criminal background clearance is required.
- SSE 4335 - Students teach on multiple occasions in assigned middle or high schools. Current criminal background clearance is required.
- SSE 4940 - Students teach full-time in assigned middle or high schools. Current criminal background clearance is required.

## CLINICAL EDUCATION

All educator preparation programs include required clinical education. Clinical experiences allow teacher candidates to put theory into practice as they learn to teach within partnership schools in our local school districts.

## BACKGROUND CHECK AND FINGERPRINTING

All students seeking admission to educator preparation programs will be required to undergo a background check and fingerprinting during the admission process. Visit this site for additional information: [Fingerprinting Instructions \(usf.edu\)](http://Fingerprinting Instructions (usf.edu)). International students should be mindful that fingerprinting requires a social security number. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter clinical experience and continue in an educator preparation program. Please be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from the Office of Clinical Experience.

## REPEATING A CLINICAL EXPERIENCE

A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. In the event that a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a written appeal to the appropriate department or program. If permission is granted, the candidate must meet with designated College of Education personnel to develop an action plan for the experience that may

# COLLEGE OF EDUCATION

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made.

If a candidate receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience two times in the same experience, the candidate will be removed from the College of Education. If a candidate re-applies for admission to the College of Education they must indicate they were once in the College and dismissed. If the candidate is admitted and it is determined that they did not disclose the dismissal the student will be dismissed immediately.

## ACCREDITATION

---

This program is accredited by the Council for the Accreditation of Educator Preparation (CAEP).

## RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

---

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## Education Minor

---

This minor in Education is approved by the Florida Department of Education to provide professional preparation according to Rule 6A-5.066, F.A.C., for those who seek an approved alternative route to Florida Certification. The minor builds understanding of learners and learning for those earning a baccalaureate degree in a discipline other than education. The program complements discipline expertise by building knowledge and skills of effective teaching. The minor provides rigorous instruction in creating a safe learning environment in P-12 classrooms, effective instructional planning and teaching strategies for diverse learners, and using assessment data to inform instruction with field experiences incorporated into coursework. The course work will build understanding of learning and learners in the prekindergarten- grade 12 environment. Thus, participants in this minor will develop understanding and skill in how to teach their discipline. The minor does not need to be declared. A student wishing to receive a minor in Education should complete the course requirements described under "Required Courses." Successful completion of the Minor in Education results in the following endorsement on the student's transcript: "Completed State-Approved Professional Training Option."

## MINOR REQUIREMENTS

---

### MINOR CORE COURSES (15 CREDIT HOURS)

---

- EEX 4070 - Integrating Exceptional Students in the Regular Classroom **Credit(s): 2-3**
- EDF 3122 - Learning and the Developing Child **Credit(s): 3**
- EDF 4430 - Measurement for Teachers **Credit(s): 3**
- ESE 4322 - Classroom Management for Diverse School and Society **Credit(s): 3**
- RED 4333 - Content Area Reading **Credit(s): 3**

## FOREIGN LANGUAGE EDUCATION MINOR

---

### TOTAL MINOR HOURS: 12

This undergraduate minor in Foreign Language Education may be of interest to students who are getting a bachelor's degree in another field and may be interested in teaching a foreign language in the future. This minor would give the student a foundation in methods of teaching a foreign or second language. Please note that the minor in Foreign Language Education does not result in Florida teaching certification.

### MINOR CORE (12 HOURS)

---

- FLE 4290 - Technology in the Foreign and Second Language Classroom **Credit(s): 3**
- FLE 4316 - Language Principles and Acquisition **Credit(s): 1-3**
- FLE 4333 - Methods of Teaching Foreign Languages and ESOL in the Secondary School **Credit(s): 3**
- TSL 4324 - ESOL Competencies and Strategies **Credit(s): 3**

### GPA REQUIREMENTS

---

Students must earn an overall GPA of 2.0.

### GRADING REQUIREMENTS

---

Students must earn a C- or higher in all courses in the minor.

## Global Studies in Education Minor

---

TOTAL MINOR HOURS: 15

### Certified Global Pathway Program

This program has been certified as a Global Pathway. Global Pathway programs have significant global content and align with the goals of USF's Quality Enhancement Plan, the Global Citizens Program. Students in Global Pathway programs are well positioned to earn the Global Citizen Award and become eligible to apply for a study abroad scholarship offered by the Global Citizens Project.

## MINOR REQUIREMENTS

---

### MINOR CORE (9 CREDIT HOURS)

---

- EDF 3514 - History of Education in the United States **Credit(s): 3**
- EEX 4742 - Narrative Perspectives on Exceptionality: Cultural and Ethical Issues **Credit(s): 3**
- EDF 4490 - Global Studies in Research Design **Credit(s): 3**

### MINOR ELECTIVES (6 CREDIT HOURS)

---

Choose two electives from the following list.

Students seeking to substitute a course they have taken or are planning to take for one of the electives listed below should consult with an academic advisor in Student Academic Services, EDU 106, 813-974-2979.

- EDF 3604 - Schools and Society **Credit(s): 3**
- SYO 4250 - Sociology of Education **Credit(s): 3**
- DEP 4053 - Developmental Psychology **Credit(s): 3**
- EDF 3122 - Learning and the Developing Child **Credit(s): 3**
- EDF 3214 - Human Development and Learning **Credit(s): 3**
- EDF 4124 - Child Growth and Learning **Credit(s): 3**
- SSE 4380 - Global and Multicultural Perspectives in Education **Credit(s): 3**
- EDF 2005 - Introduction to the Teaching Profession **Credit(s): 3**
- EDF 2085 - Education, Diversity, and Global Society **Credit(s): 3**
- EDG 4909 - Directed Studies **Credit(s): 1-4**
- EVT 4651 - Equity in Schools and the Workplace **Credit(s): 3**

## GPA REQUIREMENTS

---

Student must earn an overall GPA of 2.0.

## GRADING REQUIREMENTS

---

Students must earn a C- or higher in all courses.

## OTHER REQUIREMENTS

---

Students seeking to substitute a course they have taken or are planning to take for one of the elective courses should consult with an academic advisor in Student Academic Services, EDU 106, 813-974-2979.

## Exercise Science and Kinesiology B.S., with Exercise and Wellness Concentration

---

### **TOTAL DEGREE HOURS: 120**

Exercise Science and Kinesiology includes the study of the biological and behavioral aspects of exercise, fitness assessment and exercise prescription, behavior modification, and the clinical aspects of exercise. The Exercise Science major integrates classroom study with hands-on practical experiences. The major is structured such that graduates qualify for professional certifications such as ACSM's Certified Exercise Physiologist, and NSCA's Certified Strength and Conditioning Specialist, and for positions relating to health promotion, strength and conditioning, clinical rehabilitation, personal fitness training, and sport performance. In addition, the Exercise Science and Kinesiology major prepares students for admissions to professional schools such as physical therapy, physician assistant, occupational therapy, chiropractic and athletic training.

This concentration will provide students with a broad understanding of the role of exercise in health and wellness. Students will gain knowledge about how to work with participants of varying abilities and ages and the role of stress in chronic disease.

### **UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION**

---

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following URLs:

- Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

### **ADMISSION REQUIREMENTS - EXERCISE SCIENCE AND KINESIOLOGY B.S.**

---

Once admitted to the University, students are required to meet the following requirements:

1. Attend a College of Education Exercise Science and Kinesiology orientation prior to the first term of classes.
2. Earn a grade of B- or higher in the following courses with no more than two attempts:
  - APK 3120
  - BSC X085/X085L **OR** PET X322/X322L **OR** BSC X093/X093L **OR** APK X100C **OR** BSC X085C **OR** BSC X093C

- HUN X201 or HSC X100
- MAC X105 or MAC X140 or MAC X147 or MAC X311

Students must earn a minimum of a C- or higher in all major coursework not listed above.

### **RESIDENCY REQUIREMENTS**

---

A student must complete 32 hours of major coursework at USF to meet residency requirements.

### **TIME LIMIT FOR COURSEWORK**

---

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

# COLLEGE OF EDUCATION

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

## OTHER INFORMATION

---

The Exercise Science major is a full-time major. Students must be available for classes from 8:00 a.m. – 5:00 p.m. (EST), Monday through Thursday each semester. Additional time commitments may be necessary for coursework such as PET 3940 - Practicum in Fitness and Wellness.

Though no computer course is recommended, students need to possess excellent computer skills, i.e., MS applications.

It is recommended that students take the following courses as electives as they will be helpful in the Exercise Science major:

- PEM 2131 - Weight Training
- HLP 2081 - Personal Wellness: A Lifetime Commitment

In order to graduate with a BS in Exercise Science, students must complete 15 hours of volunteer community service for a non-profit health and wellness organization.

In addition to tuition, fees, and books the student is responsible for the following costs:

- Material and supply fee for PET 3384 - Exercise Testing and Prescription;
- Student membership for the Exercise Science student organization;
- Professional liability insurance for practicum, internships, and other hands-on experiences;
- Student membership in at least one professional organization;
- Transportation to and from field experiences required in courses including the practicum, internships, and other hands-on experiences;
- Any additional requirements of practicum/internship sites such as health/medical exam, immunizations/vaccines, criminal background check, finger printing, drug/alcohol screening, personal health insurance, uniforms, and parking;
- Any costs associated with obtaining physician clearance (e.g., medical exam and/or tests) prior to participation in physical activity/exercise. Students complete a Pre-Activity Screening Questionnaire (PASQ) based on American College of Sports Medicine guidelines to determine if physician clearance is needed; and,
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, etc.).

## RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

---

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

## **Exercise Science and Kinesiology B.S., with Sports Nutrition Concentration**

---

### **TOTAL DEGREE HOURS: 120**

Exercise Science and Kinesiology includes the study of the biological and behavioral aspects of exercise, fitness assessment and exercise prescription, behavior modification, and the clinical aspects of exercise. The Exercise Science major integrates classroom study with hands-on practical experiences. The major is structured such that graduates qualify for professional certifications such as ACSM's Certified Exercise Physiologist, and NSCA's Certified Strength and Conditioning Specialist, and for positions relating to health promotion, strength and conditioning, clinical rehabilitation, personal fitness training, and sport performance. In addition, the Exercise Science and Kinesiology major prepares students for admissions to professional schools such as physical therapy, physician assistant, occupational therapy, chiropractic and athletic training.

This concentration will focus on the relationship between nutrition and physical activity and sports. It will provide students with the knowledge necessary for applying basic nutritional principles to sports and athletic endeavors. Emphases will be on the role of metabolism in athletic performance and the validity of incorporating supplements in nutrition.

### **UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION**

---

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following URLs:

- MAC X105 or MAC X140 or MAC X147 or MAC X311

Students must earn a minimum of a C- or higher in all major coursework not listed above.

### **RESIDENCY REQUIREMENTS**

---

A student must complete 32 hours of major coursework at USF to meet residency requirements.

### **TIME LIMIT FOR COURSEWORK**

---

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

# COLLEGE OF EDUCATION

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

## OTHER INFORMATION

---

The Exercise Science major is a full-time major. Students must be available for classes from 8:00 a.m. – 5:00 p.m. (EST), Monday through Thursday each semester. Additional time commitments may be necessary for coursework such as PET 3940 - Practicum in Fitness and Wellness.

Though no computer course is recommended, students need to possess excellent computer skills, i.e., MS applications.

It is recommended that students take the following courses as electives as they will be helpful in the Exercise Science major:

- PEM 2131 - Weight Training
- HLP 2081 - Personal Wellness: A Lifetime Commitment

In order to graduate with a BS in Exercise Science, students must complete 15 hours of volunteer community service for a non-profit health and wellness organization.

In addition to tuition, fees, and books the student is responsible for the following costs:

- Material and supply fee for PET 3384 - Exercise Testing and Prescription;
- Student membership for the Exercise Science student organization;
- Professional liability insurance for practicum, internships, and other hands-on experiences;
- Student membership in at least one professional organization;
- Transportation to and from field experiences required in courses including the practicum, internships, and other hands-on experiences;
- Any additional requirements of practicum/internship sites such as health/medical exam, immunizations/vaccines, criminal background check, finger printing, drug/alcohol screening, personal health insurance, uniforms, and parking;
- Any costs associated with obtaining physician clearance (e.g., medical exam and/or tests) prior to participation in physical activity/exercise. Students complete a Pre-Activity Screening Questionnaire (PASQ) based on American College of Sports Medicine guidelines to determine if physician clearance is needed; and,
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, etc.).

## RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

---

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## Exercise Science and Kinesiology B.S., with Strength and Conditioning Concentration

---

### TOTAL DEGREE HOURS: 120

Exercise Science and Kinesiology includes the study of the biological and behavioral aspects of exercise, fitness assessment and exercise prescription, behavior modification, and the clinical aspects of exercise. The Exercise Science major integrates classroom study with hands-on practical experiences. The major is structured such that graduates qualify for professional certifications such as ACSM's Certified Exercise Physiologist, and NSCA's Certified Strength and Conditioning Specialist, and for positions relating to health promotion, strength and conditioning, clinical rehabilitation, personal fitness training, and sport performance. In addition, the Exercise Science and Kinesiology major prepares students for admissions to professional schools such as physical therapy, physician assistant, occupational therapy, chiropractic and athletic training.

This concentration will provide students with the knowledge necessary for careers in strength and conditioning in general population as well as in athletic settings. Emphasis will be on psychology in sport as well as application of strength and conditioning principles in program design.

### UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION

---

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following URLs:

## Exceptional Student Education (ESOL and Reading Endorsements) B.S.

---

**TOTAL DEGREE HOURS: 120**

**Certified Global Pathway Program**

The undergraduate program is a state-approved program that leads to certification in Exceptional Student Education (ESE).

This program has been certified as a Global Pathway, which has significant global content. Students in Global Pathway programs are well positioned to earn the Global Citizen Award. For more information, visit the Office of Student Engagement in Research and Innovation (SERI) website.

### **STATE-APPROVED PROGRAM WITH READING AND ESOL ENDORSEMENTS**

---

This degree program is a state-approved program that leads to both the Reading Endorsement and ESOL (English to Speakers of Other Languages) Endorsement. Upon successful completion of the program, teacher candidates are eligible for the endorsements on their Florida teaching certificate.

Students seeking to graduate from a state-approved educator preparation program with embedded Reading and ESOL endorsements must attain passing scores on all portions of the Florida Teacher Certification Exam (FTCE).

Students who graduate prior to attaining passing scores on all portions of the FTCE will not receive the state-approved educator preparation program with respective endorsements statement on their official transcript.

### **UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION**

---

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following URLs:

- Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

### **ADMISSION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS**

---

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in the college on their home campus.

Effective July 1, 2021, the State of Florida changed college admission requirements regarding the General Knowledge Test (GKT). The GKT is no longer required for admission to an educator preparation program. However, the college advises students to prepare for and pass the GKT upon declaring their major in education. Passing the GKT or appropriate substitute ACT or SAT subtests is required for graduation from the state-approved program and to obtain Florida teacher certification.

Students seeking admission into any of our educator preparation programs must satisfy the following:

1. Successful admission to the University of South Florida

# COLLEGE OF EDUCATION

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

2. Complete the University of South Florida's General Education requirements (see General Education Information in the catalog)
  1. Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.
3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)
4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.
5. Submit a College of Education application.

For former students returning to the college after being inactive, please be aware of the **Time Limit for Coursework** policy under **Additional Information**.

## **GRADUATION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS**

---

The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. To graduate, students should take the following steps:

- Meet with your academic advisor each semester to review your progress toward degree
- Successfully complete all state, university, and program requirements
- Earn 120 credit hours
- Earn a minimum overall GPA of 2.5
- Complete any required certification exams\*
- Apply to graduate

\* Students seeking to graduate from a state-approved educator preparation program with embedded Reading and ESOL endorsements must attain passing scores on all portions of the FTCE.

Students who graduate prior to attaining passing scores on all portions of the FTCE will not receive the state-approved educator preparation program with respective endorsements statement on their official transcript.

---

Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria.

Students will be required to pay for costs in addition to tuition, fees, and books such as:

- Transportation to and from school sites required in courses and internships
- Criminal background checks and fingerprinting for internships
- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, digital recording equipment, etc.)

## CLINICAL EDUCATION - EDUCATOR PREPARATION PROGRAMS

---

All educator preparation programs include required clinical education. Clinical experiences allow teacher candidates to put theory into practice as they learn to teach within partnership schools in our local school districts.

## BACKGROUND CHECK AND FINGERPRINTING

---

All students seeking admission to educator preparation programs will be required to undergo a background check and fingerprinting during the admission process. Visit this site for additional information: Fingerprinting Instructions (usf.edu). International students should be mindful that fingerprinting requires a social security number. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter clinical field experience and continue in an educator preparation program. Please

# COLLEGE OF EDUCATION

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from the Office of Clinical Experience.

## REPEATING A CLINICAL EXPERIENCE

---

A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. In the event that a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a written appeal to the appropriate department or program. If permission is granted, the candidate must meet with designated College of Education personnel to develop an action plan for the experience that may include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made.

If a candidate receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical field experience two times in the same experience, the candidate will be removed from the College of Education. If a candidate re-applies for admission to the College of Education, they must indicate they were once in the College and dismissed. If the candidate is admitted and it is determined that they did not disclose the dismissal the student will be dismissed immediately.

## RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

---

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## Physical Education B.A.

---

Total Degree Hours: 120

Physical Education includes the study of kinesiology, physical skill development, pedagogy, coaching, curriculum development and assessment, and administration of physical activity programs. The Physical Education major offers students extensive preparation in theory and methodology courses leading to K-12 teaching certification. The Physical Education Program also offers a minor in the Science of Physical Activity.

Physical Education is a two-year program that includes mandatory attendance during the summer session between the first and second years. The Physical Education program only admits students in the Fall Semester of each year. Students proceed through the program in cohorts and are required to complete all required courses each semester with a grade of "C-" or better in order to progress to the next semester. Students who do not complete the requirements will be dismissed from the program and may reapply for the next cohort.

The Physical Education program is a full-time program. Students must be available for classes from 8:00 am - 5:00 pm, Monday through Friday each semester. Additional time commitments may be necessary for course work in the evenings.

Students seeking to graduate from a state-approved teacher preparation program with embedded Reading and ESOL endorsements must attain passing scores on all portions of the Florida Teacher Certification Exam (FTCE).

Students who graduate prior to attaining passing scores on all portions of the FTCE will not receive the state-approved teacher preparation program with respective endorsements statement on their official transcript.

## UNIVERSITY ADMISSIONS - COLLEGE OF EDUCATION

---

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following URLs:

- Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## ADMISSION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS

---

Educator preparation programs are ideal for students who wish to become classroom teachers as these programs are designed to result in eligibility for teacher certification in the state of Florida. Students seeking admission are encouraged to meet with an academic advisor in the college on their home campus.

Effective July 1, 2021, the State of Florida changed college admission requirements regarding the General Knowledge Test (GKT). The GKT is no longer required for admission to an educator preparation program. However, the college advises students to prepare for and pass the GKT upon declaring their major in education. Passing the GKT or appropriate substitute ACT or SAT subtests is required for graduation from the state-approved program and to obtain Florida teacher certification.

Students seeking admission into any of our educator preparation programs must satisfy the following:

1. Successful admission to the University of South Florida

# COLLEGE OF EDUCATION

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

2. Complete the University of South Florida's General Education requirements (see General Education Information in the catalog)
  1. Students with an AA degree from a Florida public institution will meet all general education requirements. However, general education courses with a grade below C- will need to be repeated for a grade of C- or better to fulfill prerequisites for the College of Education.
3. Earn a minimum overall GPA of 2.50 (on a 4.0 scale)
4. Complete or be currently enrolled in appropriate prerequisite coursework for the student's intended major.
5. Submit a College of Education application.

For former students returning to the college after being inactive, please be aware of the **Time Limit for Coursework** policy under **Additional Information**.

## **GRADUATION REQUIREMENTS - EDUCATOR PREPARATION PROGRAMS**

---

The College of Education strives to ensure students graduate in a timely fashion and without incurring unnecessary debt. To graduate, students should take the following steps:

- Meet with your academic advisor each semester to review your progress toward degree
- Successfully complete all state, university, and program requirements
- Earn 120 credit hours
- Earn a minimum overall GPA of 2.5
- Complete any required certification exams\*
- Apply to graduate

\* Students seeking to graduate from a state-approved educator preparation program with embedded Reading and ESOL endorsements must attain passing scores on all portions of the FTCE.

Students who graduate prior to attaining passing scores on all portions of the FTCE will not receive the state-approved educator preparation program with respective endorsements statement on their official transcript.

## **REQUIRED COURSES: (94 CREDIT HOURS)**

---

### **STATE MANDATED COMMON COURSE PREREQUISITES - PHYSICAL EDUCATION B.A. (16 CREDIT HOURS)**

---

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- EDF X005 Introduction to the Teaching Profession - 3 credit hours
- BSC X085 - 3 credit hours
- BSC X086 **OR** PET X622 - 2-3 credit hours
- Skill Development Courses in Physical Activities - 4 credit hours
- Conditioning, Fitness and Wellness Course in Physical Education Activities - 3 credit hours

#### **GPA REQUIREMENTS**

---

# COLLEGE OF EDUCATION

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

Once admitted, students must maintain a 2.5 or higher overall GPA and earn a 2.5 or higher in all upper-level coursework in the major including Core and Specialization courses. If a student falls below 2.50 GPA they may be dismissed and/or may be required to meet with the departmental Professional Standards Committee.

## GRADING REQUIREMENTS

---

Students must earn a grade of C- or higher in all required courses to progress to the following semester or they may be dismissed and/or required to meet with departmental Professional Standards Committee.

## RESIDENCY REQUIREMENT

---

Students successfully must complete at least 50 percent (50%) of the required courses in the major in courses offered by USF conferring the degree. In cases of hardship or lack of course availability, individual exceptions may be approved by the respective college Dean or designee to help ensure timely graduation.

## TIME LIMIT FOR COURSEWORK

---

The College of Education reserves the right to determine whether courses five years or older can be applied toward a degree based on the following guidelines:

- Courses completed within the last five years may be accepted toward graduation.
- Courses completed over five years but less than ten years ago must have the approval of the chairperson from the department in which the equivalent course is taught.
- Courses completed ten years ago or longer will count as elective credit only toward graduation.

## INTERNSHIP OPPORTUNITIES

---

Physical Education students will complete four clinical experiences. The final internship consists of two courses, each of 7 weeks. One will be performed at the elementary level and one at the middle or high school level. Passing grades in internship will only be possible if all sections of the Florida Teacher Certification Exam are taken and passed prior to graduation.

- PET 4942 - Physical Education Pre-Internship: Elementary **Credit(s): 3**
- PET 4944 - Physical Education Pre-Internship: Secondary **Credit(s): 3**
- PET 4946 - Internship in Physical Education: Elementary **Credit(s): 6**
- PET 4947 - Internship in Physical Education: Secondary **Credit(s): 6**

## REQUIREMENTS AFTER ADMISSION

---

Students accepted into the physical education program must meet the following additional requirements:

- Sign an agreement to abide by the standards set forth in the College of Education Professional Disposition and Ethical Standards Policy and Procedures document.
- Pay for costs in addition to tuition, fees, and books such as:
  - Attendance at the state professional organization conference (minimally 1 year)
  - Student membership in the state physical education professional organization
  - Transportation to and from school sites required in courses and internships
  - Physical Education Teacher Education uniform for internships
  - Criminal background checks and finger printing for internships

- Assignments in some classes (e.g., printing/binding of group project reports, academic and professional portfolio, professional file, etc.)
- Electronic assignment portfolio throughout program
- Complete professional development plans throughout the program.
- Complete and pass individual development plans in identified skill areas during the program.

## PHYSICAL EDUCATION ELECTIVE PROGRAM

---

Physical Education elective offerings are designed to provide opportunities for all students in the University to acquire knowledge and movement skills related to an active healthy lifestyle. Laboratory experiences in over twenty-five different exercise and sports activities allow students to select and develop proficiency appropriate for leisure pursuit and personal development. Special competency courses provide for in-depth study in such areas as personal wellness, current issues in sports, and first aid.

## OTHER INFORMATION

---

Please be advised that program and/or course requirements are subject to change, per state legislative mandates, Florida State Department of Education program approval standards, and accreditation criteria.

Students will be required to pay for costs in addition to tuition, fees, and books such as:

- Transportation to and from school sites required in courses and internships

Visit this site for additional information: Fingerprinting Instructions (usf.edu). International students should be mindful that fingerprinting requires a social security number. Depending upon the outcome of the background check, students may be informed they cannot be placed in a particular school district. As each program determines the school district(s) in which to place their students, past legal history may impact a student's ability to enter clinical field experience and continue in an educator preparation program. Please be advised that program and/or course requirements and fingerprinting/background check procedures are subject to change per state legislative mandates, Florida State Department of Education program approval standards, accreditation criteria, and school district policy and procedures. Students can learn more about fingerprinting from the Office of Clinical Experience.

## REPEATING A CLINICAL EXPERIENCE

---

A candidate who receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical experience may be allowed by the program to re-enroll in that course one additional time for a total of two attempts. In the event that a candidate needs to repeat the clinical experience, the candidate must request permission to do so by completing a written appeal to the appropriate department or program. If permission is granted, the candidate

# COLLEGE OF EDUCATION

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

must meet with designated College of Education personnel to develop an action plan for the experience that may include enrollment in a course(s). There is no guarantee that the request will be approved for the semester for which the request/appeal is made.

If a candidate receives an unsatisfactory grade or withdraws when performing unsatisfactorily in any clinical field experience two times in the same experience, the candidate will be removed from the College of Education. If a candidate re-applies for admission to the College of Education, they must indicate they were once in the College and dismissed. If the candidate is admitted and it is determined that they did not disclose the dismissal the student will be dismissed immediately.

## ACCREDITATION

---

This program is accredited by the **Council for the Accreditation of Educator Preparation (CAEP)**.

## RESEARCH OPPORTUNITIES - COLLEGE OF EDUCATION

---

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## ADVISING INFORMATION - COLLEGE OF EDUCATION

---

For prospective and current College of Education students with a home campus of Tampa, please select the following link for information about scheduling an advising appointment: <https://www.usf.edu/education/undergraduate/academic-advising/index.aspx>

## Athletic Coaching Minor

---

**TOTAL MINOR HOURS: 12**

An undergraduate minor in Athletic Coaching provides students with the knowledge, skills, and background to assist individuals interested in coaching at various levels in a variety of team, dual, and individual sports.

### **MINOR REQUIREMENTS**

---

The minor in Athletic Coaching is 12 hours. Students must have completed 45 hours of undergraduate coursework, be considered at the junior level, have an overall GPA of 2.5, and have a major in a program other than Physical Education.

#### **REQUIRED MINOR COURSES: (12 CREDIT HOURS)**

---

#### **MINOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS**

---

- PET 4765 - Scientific Principles of Athletic Coaching **Credit(s): 3**
- PET 4851 - Advanced Issues in Coaching **Credit(s): 3**

#### **MINOR ELECTIVE COURSES: 2 COURSES; 6 CREDIT HOURS**

---

Students must choose 2 of the following courses:

- ATR 2010C - Care and Prevention of Physical Injuries **Credit(s): 3**
- PET 3031 - Motor Behavior **Credit(s): 3**
- PET 4380 - Applied Exercise Science **Credit(s): 3**
- SPM 2019 - Issues in Sport **Credit(s): 3**

### **GPA REQUIREMENTS**

---

Students must earn an overall GPA of 2.0.

### **GRADING REQUIREMENTS**

---

Students must earn a C- or higher in each course.

### **ADVISING INFORMATION**

---

**To schedule an advising appointment:**

Prospective or current students with an active UID can schedule an appointment online: <https://usf.appiancloud.com/suite/sites/archivum/page/archivum/report/daQEig>

Prospective students who have not yet applied or students who are inactive (e.g., dismissed or not enrolled for 3 consecutive terms) should contact the appropriate advising location in their intended major: <https://www.usf.edu/undergrad/students/advising.aspx>

## Science of Physical Activity Minor

---

### TOTAL MINOR HOURS: 12

Students who successfully complete the minor in the Science of Physical Activity will have a background in basic physical activity knowledge which may assist individuals interested in coaching and working with adults and children in physical activity settings.

### MINOR REQUIREMENTS

---

The minor in the Science of Physical Activity is 11-12 hours. Students must have completed 45 hours of undergraduate coursework, be considered at the junior level, have an overall GPA of 2.5, and have a major in a program other than Physical Education.

### MINOR CORE (9 CREDIT HOURS)

---

- PET 3031 - Motor Behavior **Credit(s): 3**
- PET 4380 - Applied Exercise Science **Credit(s): 3**
- PET 4510 - Measurement and Evaluation in Physical Education **Credit(s): 3**

### MINOR ELECTIVES (3 CREDIT HOURS)

---

Students must choose one of the following courses:

- PET 4820 - Sport Skill Proficiency **Credit(s): 3**
- SPM 2019 - Issues in Sport **Credit(s): 3**

### GPA REQUIREMENTS

---

Students must earn an overall GPA of 2.0

### GRADING REQUIREMENTS

---

Students must earn a C- or higher in each course.

### ADVISING INFORMATION

---

## College of Engineering

---

4202 E. Fowler Avenue, ENG 030  
Tampa, FL 33620  
(813) 974-3780  
<https://www.usf.edu/engineering/>

**Physical Location:** The College of Engineering is at the corner of Leroy Collins Blvd. and Alumni Drive.

### About the College

The College of Engineering offers undergraduate and graduate programs to prepare students for a broad spectrum of professional careers in engineering. Laboratory experiences, as well as real-world participation in technological problem solving, are key aspects of a student's education. The laboratory and research facilities of the College of Engineering, close collaboration with professional societies and the many industries in the metropolitan Tampa Bay area provide a wide range of experiential learning opportunities for College of Engineering students at the University of South Florida.

The college offers undergraduate degrees in Aerospace Engineering, Biomedical Engineering, Chemical Engineering, Civil Engineering, Electrical Engineering, Environmental Engineering, Industrial Engineering, and Mechanical Engineering. In addition, the college offers minors in Aerospace Engineering and Biomedical Engineering. The degree programs of the College are developed with an emphasis on three broad aspects of engineering and technological activity: design, research, and the operation of complex technological systems. The undergraduate degree programs provide a strong, broad-based, fundamental education as preparation for careers in industry and government, or as preparation for advanced studies in professional schools of engineering, technology, science, law, business, and medicine.

At the graduate level, students work in close collaboration with faculty, pursuing advanced topics within their disciplines which will result in advancements in their fields and society at large. Students who are interested in advanced design or research should pursue a traditional or accelerated program leading to a Master of Science degree in the designated discipline. The supervision of the academic programs is the function of the administrative departments together with several coordinators. Each department is responsible for specific professional programs, faculty, laboratories, and student advising.

The Departments and Programs section that follows contains descriptions of the baccalaureate degrees offered by the College. Students interested in particular programs offered by the College of Engineering should direct their inquiries to the College of Engineering's Office of Student Services. Information is also available on the College's website: <https://www.usf.edu/engineering/>.

### Mission, Vision, Values

---

#### *Mission*

To profoundly shape and impact lives through the steadfast pursuit of world-class engineering research, education, and innovation.

#### *Vision*

We aspire to be at the forefront of engineering research and education, cultivating knowledgeable, passionate engineers who are dedicated to need-based, solutions-oriented engineering.

#### *Values*

We share a culture of excellence, characterized by an emphasis on students, research, innovation, partnership, inclusivity, agility, and the future.

### Accreditation

---

The USF bachelor of science degree programs in Biomedical Engineering, Chemical Engineering, Civil Engineering, Electrical Engineering, Environmental Engineering, Industrial Engineering, and Mechanical Engineering are

# COLLEGE OF ENGINEERING

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

accredited by the Engineering Accreditation Commission of ABET (<https://www.abet.org>) under the General Criteria and similarly named program criteria for each discipline.

## Other Information

### *Professional Registration*

Students who have attained senior status and are in good academic standing in an EAC/ABET-accredited engineering program, are eligible to register for examinations leading to licensure as a professional engineer. The first examination, called the Fundamentals of Engineering (FE) Exam, is offered by the Florida Board of Professional Engineers and is usually taken the semester prior to graduation. In addition to the knowledge acquired through the engineering curriculum, many students take advantage of review courses offered in the College of Engineering to prepare for the FE examination. Registering for the FE exam during the senior year is strongly encouraged.

### *Students in the University Honors College*

College of Engineering students participating in the University Honors Program are able to complete their Engineering Bachelor's degree in four years. Students who qualify for the Honors Program at USF should contact the Honors College or Engineering Student Services to learn about the benefits of this prestigious program.

### *Army, Air Force and Naval R.O.T.C. for Students*

The academic and technological knowledge from a College of Engineering degree grants a distinct advantage to individuals interested in a military appointment or career. This is especially true for those participating in one of the ROTC programs at USF.

### *Bachelor's/Master's Pathway Programs*

Well-qualified students who, at the beginning of their senior year, are clearly interested in graduate study are invited to apply to the individual Bachelor's/Master's Pathways academic programs offered by various departments within the College of Engineering.

## Housing

---

### **The Engineering Living Learning Community – College of Engineering Housing at the Tampa campus**

The Engineering Living Learning Community (LLC) provides extra support and services for College of Engineering students. Freshmen and continuing residents have a built-in network of peer support, tutoring services, and academic support programs right in the hall. The LLC is open to all first time in college and returning Engineering LLC students declared in the College of Engineering. To learn more and apply, visit the Living Learning Community website.

## College-Level Requirements

---

### **Minimum Continuation Requirements**

All College of Engineering undergraduate students must meet the following criteria:

1. Maintain a cumulative 2.0 USF GPA
2. Maintain a cumulative 2.0 Overall GPA
3. Earn a minimum 2.0 semester GPA
4. Earn the required grade in math, science and college courses in no more than two (2) registered attempts. Grades of W, IF, U, and R are considered attempts.

### **Warning**

Students who do not meet the required minimum semester GPA are initially given a warning.

### **Probation**

Students will be placed on probation if they have any of the following:

1. Two semesters with a term GPA under 2.0 or
2. Less than a 2.0 cumulative USF GPA or
3. Less than a 2.0 Overall GPA.

Students on probation will be ineligible for further registration in the College. In order to continue, students must obtain individually designed academic plans approved by their academic advisor and will be closely monitored.

# COLLEGE OF ENGINEERING

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

Failure to meet the terms of the academic plans will result in the reselection of a major outside the College of Engineering.

### **Reselect Major**

In addition to the conditions outlined above, students who fail to meet the grade requirement in math, science and college courses in no more than two (2) registered attempts must reselect a major outside the College of Engineering. Please keep in mind that the College provides a wide range of services to assist in selecting a new academic and career path.

### **Academic Dismissal**

Students academically dismissed from the University of South Florida, or those who leave on probation, may choose to attend another post-secondary institution, and reapply to USF after their overall GPA meets minimum requirements. The College may consider them for readmission if they meet the minimum College of Engineering admission requirements for transfer students, as well as the program entrance requirements for their intended major as published in the University of South Florida Undergraduate Catalog for their term of readmission.

## **Other Requirements**

---

### **Years to Degree**

The College of Engineering requires that a student completes the baccalaureate degree within five years after beginning the specialization courses for their major. Specialization courses taken more than five years prior to graduation will not be counted toward the degree. Exceptions may be granted by the academic department.

### **University, College and Program Requirements**

The College requirements described in this section above are in addition to requirements set forth in the university policy and procedures section and the departmental sections of this catalog. It is the student's responsibility to complete all university, college, program and curricular requirements prior to graduation.

### **Student Laptop Computer Requirement**

All students entering the College of Engineering are required to have a laptop computer that they can use in their major classes and labs.

### **Disruption of Academic Process and Academic Dishonesty**

The College of Engineering will maintain an environment that encourages all to study and conduct engineering research free from undue disruption. Disruption of the Academic Process is a matter the College is obliged to report to Student Judicial Services. Academic dishonesty, in any form, is taken very seriously by the College of Engineering and will result in sanctions. The most serious penalty is dismissal from the university. (See university policies - Academic Integrity of Students)

## **Admission Requirements**

---

### **Preparation for Entering the College of Engineering**

High school students anticipating a career in engineering must present a strong academic record that includes four years of advanced high school mathematics (analytical geometry, trigonometry, pre-calculus, calculus) and science, including chemistry and physics. Prospective students who lack sufficient preparation in high school may need additional preparatory coursework.

Newly admitted first year students are required to take and successfully complete the university's Math Placement Test (MPT) first two subjects, basic algebra and college algebra. Students who completed pre-calculus or calculus in high school will also take the MPT for pre-calculus/trigonometry. A score of 12 out of 15 on the MPT subject exams is passing. Students who successfully complete all three MPT subjects are encouraged to start in Calculus I fall term for degree progression. More information about the MPT is online at <http://math.usf.edu/placement/>. Exemption for students who have already received credit for calculus I.

# COLLEGE OF ENGINEERING

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

All summer admits are required to enroll in a 3-credit math preparatory course during the Summer B session and earn a minimum grade of "S" satisfactory. Students who are unable to successfully complete the course may be redirected to another major as stated in the university Degree Progression Policy 10-505.

First year summer admits, and conditional admits will participate in at least one College of Engineering academic support program geared toward successful degree progression their first fall/spring semester. Examples of an academic support program include course-based learning communities, weekly academic guidance sessions, and/or weekly tutoring.

### Admission Requirements for First Year Students

First time in college students and lower-level transfer students (12-29 credits), who meet the criteria below, are granted entry into the specific College of Engineering program.

1. Admitted to the University of South Florida as a degree seeking student;
2. Meets at least one of the below requirements:
  - SATM - a minimum quantitative score of 610 or
  - ACTM - a minimum score of 26 or
  - Have a minimum High School GPA of 3.6 on the USF adjusted scale.

Biomedical Engineering is a specialized admissions program. Students interested in this program need to refer to the Biomedical Engineering program section in the catalog.

**Once admitted, students may need to meet additional program specific requirements for progression to the upper division.** Please refer to the program section in the catalog for details.

For the specific state mandated common prerequisite courses for each program within the College of Engineering, please see the section entitled, "State Mandated Common Prerequisites" located under the program section of the catalog.

### Admission Requirements for Transfer Students

Lower-level transfer students with 12-29 credits of post-secondary course work will be admitted under the requirements for first year students.

Mid-level transfer students who have completed 30-59 credit hours of post-secondary course work who meet the criteria below and are in compliance with college-level requirements and college graduation requirements are accepted directly into the specific College of Engineering program\*.

1. Fully admitted to the University of South Florida as a degree-seeking student with at least 30 earned credits.
2. Students must have successfully completed two of the following four courses and must have earned a minimum grade of B or better (no B-) in at least one of the requirements (maximum two attempts allowed to earn required grade and a withdrawal is considered an attempt):
  - Calculus I (MAC X281 or MAC X311 or equivalent)
  - Calculus II (MAC X282 or MAC X312 or equivalent)
  - Calculus-based Physics I plus lab (PHY X048L or PHY X045L)
  - Chemistry I with lab (CHM X045 and CHM X045L) or CHM X045C or equivalent

*Successful completion of courses requires earning the minimum required grade within two attempts. Unless stated otherwise, the minimum required grade is a C (not C-).*

Upper-level transfer students with 60 or more credit hours of post-secondary course work, who meet all of the criteria below and are in compliance with college-level requirements and college graduation requirements are accepted directly into the specific College of Engineering program \*.

1. Fully admitted to the University of South Florida as a degree-seeking student;
2. Students must have successfully completed all of the following courses and must have earned a minimum grade of B or better (no B-) in at least one of the requirements (maximum two attempts allowed to earn required grade and a withdrawal is considered an attempt).
  - Calculus I (MAC X281 or MAC X311 or equivalent)
  - Calculus II (MAC X282 or MAC X312 or equivalent)

# COLLEGE OF ENGINEERING

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- Calculus-based Physics I plus lab (PHY X048L or PHY X045L)

*Successful completion of courses requires earning the minimum required grade within two (2) attempts. Unless stated otherwise, the minimum required grade is a C (not C-).*

\*Biomedical Engineering is a limited access program. Students interested in this program need to refer to the Biomedical Engineering program section in the catalog for details.

Students who are not admissible to the college are ineligible to enroll in college restricted courses. **Once admitted, students may need to meet additional program specific requirements for progression to the upper division.** Please refer to the program section in the catalog for details.

For the specific state-mandated common prerequisite courses for each program within the College of Engineering, please see the section entitled, "State Mandated Common Prerequisites" located under the program section of the catalog.

The USF College of Engineering will accept transfer credit from non-Florida Statewide Common Course Numbering System courses when appropriate if the transferred course has been passed with a grade of C or better, and it is determined to be equivalent in both content and quality. In some cases, credit for a course *may* be granted, but the hours accepted may be less than the hours earned at another school. In general, engineering and technology courses taken at technical schools, or as part of professional or military training, are not applicable to the degree programs of the College of Engineering. Transfer students should be prepared to submit detailed course syllabi from the previous institution if requested.

While credit for work from other institutions may be granted subject to the conditions of the previous paragraph, at least 30 credit hours including a minimum number of semester hours of engineering coursework, specified by the degree-granting department, must be taken at USF to receive the Baccalaureate degree. Prospective transfer students may contact the Office of Engineering Student Services at (813) 974-2684 to request an assessment.

## Graduation Requirements

---

### Minimum Graduation Requirements

All undergraduate students admitted to any academic program in the College of Engineering must maintain a minimum cumulative GPA of 2.0 in each of the following categories:

1. Overall Undergraduate GPA
2. USF GPA
3. Math and Science courses (best attempt)
4. Engineering Courses
5. Courses within the major (specialization)

As stated in USF Degree Progression Policy 10-505, students not meeting minimum GPA requirements for graduation may be redirected to another major.

### Graduation Application Procedures

Each College of Engineering student is required to complete an application for graduation and graduation checklist. Students should meet with their program advisor to review graduation qualifications and obtain approval well in advance of the College graduation application deadline. The graduation application deadline for the college is set prior to the university deadline and is posted on the College of Engineering Student Services website or department website.

Note: Applications are generally due before the beginning of the graduating term. Individual academic departments may have a graduation application deadline that precedes the college one.

## Baccalaureate-Level Degree Programs

---

### Aerospace Engineering (BSAE)

<https://www.usf.edu/engineering/me/>

Graduates of this major are employed in design, manufacturing, contracting, operations, marketing, and management in virtually all segments of industry and government, including, but not limited to, aeronautics, aerospace, propulsion;

# COLLEGE OF ENGINEERING

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

automotive, internal combustion engines, fuel cells, and transportation; propulsion systems; power generation; heating, ventilation, and air conditioning; structures and machinery design; micro and nanomaterials and semiconductors.

### *Biomedical Engineering (BSBE)*

<https://www.usf.edu/engineering/bme/>

Biomedical Engineering is the confluence of engineering, biology and medicine. Main application areas are the development and testing of new medical devices, systems and drugs/medications to prevent or cure illnesses and medical conditions.

### *Chemical Engineering (BSCH)*

<https://www.usf.edu/engineering/chbme/>

Students take course work in advanced chemistry, thermodynamics, fluids, heat and mass transfer, separation processes, and reaction systems. The program prepares students upon graduation to pursue careers in industry or with government organizations.

### *Civil Engineering (BSCE)*

<https://www.usf.edu/engineering/cee/>

Civil engineers design and supervise the construction of roads, buildings, airports, tunnels, dams, bridges, and water supply and sewage systems. Students can focus on these specialties: structures, water resources, environmental, transportation, and geotechnical.

### *Electrical Engineering (BSEE)*

<https://www.usf.edu/engineering/ee/>

The program offers study in all areas fundamental to electrical engineering and the electrical sciences - circuit analysis and design, bioelectrical systems, mechatronics and robotics, embedded systems, wireless circuits and systems, communication systems, power and energy, MEMS, and nano- and micro- devices and systems.

### *Environmental Engineering (BSEV)*

<https://www.usf.edu/engineering/cee/>

The program offers study to solve complex problems, supporting human and environmental needs while mitigating adverse environmental, health, and economic impacts associated with human activities. The degree is an interdisciplinary engineering program designed to provide students with a strong foundation in both theoretical and applied aspects of Environmental Engineering.

### *Industrial Engineering (BSIE)*

<https://www.usf.edu/engineering/imse/>

Industrial engineering is ideal for individuals interested in formulating mathematical, statistical, and computer simulation models of complex systems in manufacturing, logistics, information, healthcare, transportation, financial, utilities, entertainment, and service. IE's analyze model results to make engineering decisions for improving system performance and developing public policies.

### *Mechanical Engineering (BSME)*

<https://www.usf.edu/engineering/me/>

Mechanical engineering is a discipline that applies the principles of physics and materials science for analysis, design, manufacturing, and maintenance of mechanical systems. It is the branch of engineering that involves the production and usage of heat and mechanical power for the design, production, and operation of machines and tools. It is one of the oldest and broadest engineering disciplines.

## **Bachelor's/Master's Pathways**

---

- B.S. in Chemical Engineering (B.S.C.H.)/M.S. in Biomedical Engineering (M.S.B.E.)
- B.S. in Chemical Engineering (B.S.C.H.)/M.S. in Chemical Engineering (M.S.C.H.)
- B.S. in Chemical Engineering (B.S.C.H.)/M.S. in Engineering Management (M.S.E.M.)
- B.S. in Chemical Engineering (B.S.C.H.)/M.S. in Materials Science and Engineering (M.S.M.S.E.)
- B.S. in Civil Engineering (B.S.C.E.)/M.S. in Civil Engineering (M.S.C.E.)

# COLLEGE OF ENGINEERING

---

---

- B.S. in Civil Engineering (B.S.C.E.)/M.S. in Engineering Management (M.S.E.M.)
- B.S. in Civil Engineering (B.S.C.E.)/M.S. in Materials Science and Engineering (M.S.M.S.E.)
- B.S. in Civil Engineering (B.S.C.E.)/M.S. in Environmental Engineering (M.S.E.V.)
- B.S. in Electrical Engineering (B.S.E.E.)/M.S. in Electrical Engineering (M.S.E.E.)
- B.S. in Electrical Engineering (B.S.E.E.)/M.S. in Materials Science and Engineering (M.S.M.S.E.)

## Minors

---

### Aerospace Engineering

(<https://cloud.usf.edu/catalog/undergrad/aerospace-engineering-minor>)

The Aerospace Engineering minor offers a broad educational experience, ensuring that students not only grasp the theories and concepts of introductory aerospace engineering but also hone the requisite practical skills. Specifically, students will be positioned advantageously for a smooth transition to postgraduation, whether they choose to pursue employment in the aerospace industry or continue their academic journey with advanced studies.

### Biomedical Engineering

(<https://cloud.usf.edu/catalog/undergrad/biomedical-engineering-minor>)

The Biomedical Engineering minor is open only to non-Engineering students majoring in STEM fields (including Biology, Chemistry, Mathematics, and Physics) who satisfy the prerequisites listed below and are interested in engineering approaches to biomedical problems.

## Undergraduate Advising Information

---

Effective pursuit of studies within the College of Engineering requires careful attention to both the sequence and the type of courses taken. The college curriculum differs in key respects from the study plans of other majors even in the first year. Professional advisors in the College of Engineering provide individualized academic planning and guidance. New students must attend the university's Orientation program. They will be introduced to the college advisors during this program and receive advisement for their first semester. The student and advisors jointly work out a plan of study that meets both the student's career objectives and the College of Engineering's degree requirements. While the College provides advising services to assist students with academic planning, the student is responsible for knowing and meeting all performance standards and graduation requirements.

All majors are initially advised in the Office of Engineering Student Services. Please visit <https://www.usf.edu/engineering/student-services/academic-advising/index.aspx> for a list of advisors and their contact information.

### Contact Information:

University of South Florida  
Engineering Student Services  
4202 E. Fowler Avenue, ENG030  
Tampa, FL 33620-5350  
<https://www.usf.edu/engineering/student-services/>

Office Hours: Monday through Friday from 8 am until 5 pm  
Office Location: ENC 1302, Engineering Building III room 1302  
Main Phone: 813-974-2684

### To schedule an advising appointment:

- Prospective or current students with an active UID can schedule an appointment online through Archivum or the Office of Engineering Student Services website.
- Prospective students who have not yet applied or students who are inactive (e.g., dismissed or not enrolled for 3 consecutive terms) should contact the appropriate advising location in their intended major:  
<https://www.usf.edu/undergrad/students/advising.aspx>

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

## Chemical Engineering B.S.C.H.

---

**TOTAL DEGREE HOURS: 125**

Students pursuing the Bachelor of Science in Chemical Engineering take coursework in advanced chemistry, thermodynamics, fluids, heat, and mass transfer, numerical methods, separation processes, reacting systems, instrumentation, control, and plant and product design. Students must also satisfactorily complete a design project as part of their major. Chemical engineering students must maintain a GPA of 2.0 in required departmental courses. Therefore, it is imperative that the students retain close contact with their advisor. Students completing this major normally initiate their careers in manufacturing, environmental, and biological enterprises. Chemical engineers are found in administrative, technical, and research positions in these industries. Main products of these industries are petrochemicals, polymers, fibers, natural and synthetic fuels, electronic materials, fertilizers, pharmaceuticals, biomaterials, etc.

### **MISSION STATEMENT**

---

The mission of the Department of Chemical, Biological, and Materials Engineering is to advance fundamental and applied engineering science of, and to prepare graduates with foundational knowledge and contemporary skills for, the analysis, design, and safe and sustainable operation of chemical, biological, and materials systems, processes, products, and methods in a manner compatible with professional engineering ethics and societal values.

### **PROGRAM EDUCATIONAL OBJECTIVES AND STUDENT OUTCOMES**

---

#### **PROGRAM EDUCATIONAL OBJECTIVES**

---

The overall objective of the Bachelor's Degree Program in Chemical Engineering at the University of South Florida is to prepare graduates for successful careers in the chemical engineering and related professions. Accordingly, graduates of this program who have chosen to pursue a career in engineering shall achieve the following within a few years after graduation:

1. Demonstrate professional engineering competence by holding positions of increasing responsibility in industry, business, government and/or educational institutions.
2. Advance the state of engineering knowledge and practice at regional, national, and/or global levels.
3. Further expand technical skills, knowledge and understanding through continuing education, pursuit of advanced degrees, and/or pursuit of professional license in their chosen professional roles.

#### **EXPECTED STUDENT OUTCOMES FOR B.S. IN CHEMICAL ENGINEERING**

---

**ABET 1:** Students will demonstrate an ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.

**ABET 2:** Students will demonstrate an ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.

**ABET 3:** Students will demonstrate an ability to communicate effectively with a range of audiences.

**ABET 4:** Students will demonstrate an ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.

**ABET 5:** Students will demonstrate an ability to function effectively on a team whose members together provide leadership, create a collaborative environment, establish goals, plan tasks, and meet objectives.

**ABET 6:** Students will demonstrate an ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.

**ABET 7:** Students will demonstrate an ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

# COLLEGE OF ENGINEERING

---

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

## UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Engineering, see the information at College of Engineering.

## DEPARTMENTAL POLICIES

In addition to the College of Engineering's graduation requirements, the department has the following policies:

1. Mandatory academic advising of students for each term.
2. Exit interviews as a graduation requirement.

## PROGRESSION REQUIREMENTS - CHEMICAL ENGINEERING B.S.C.H.

In addition to meeting the College of Engineering's continuation requirements, students majoring in the Chemical Engineering program must meet all of the following progression requirements to continue in the major:

1. First Year Students must complete ECH 3023 - Material and Energy Balances with a minimum grade of C (C- is insufficient) by no later than the end of the fifth semester (not counting summers). Upper-level transfer students must meet the same course and grade requirement by the end of the third semester (not counting summers). The semester count begins upon admission to USF.
2. Each student must not accumulate more than a total of three (3) grades of D, F, or W, in any combination, for the collection of required major specialization courses.

Students unable to satisfy these progression requirements will be required to reselect their major.

## REQUIRED COURSES: (110 CREDIT HOURS)

### STATE MANDATED COMMON COURSE PREREQUISITES - CHEMICAL ENGINEERING B.S.C.H. (31 CREDIT HOURS)\*

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper-division of a particular baccalaureate degree program.

Transfer students should complete the following prerequisite courses at the lower-level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- MAC X311 - 4 credit hours
- MAC X312 - 4 credit hours
- MAC X313 - 4 credit hours
- MAP X302 **OR** MAP X305 - 3 credit hours
- (CHM X045 and CHM X045L) **OR** CHM X045C - 4 credit hours
- (CHM X046 and CHM X046L) **OR** CHM X046C - 4 credit hours
- (PHY X048 and PHY X048L) **OR** PHY X048C - 4 credit hours
- (PHY X049 and PHY X049L) **OR** PHY X049C **OR** (PHY X044 and PHY X049L) - 4 credit hours

\* All state common prerequisite courses count towards major-required Mathematics and Science courses and are not additional credit hours

### STATE MATHEMATICS PATHWAY – CHEMICAL ENGINEERING B.S.C.H. (7 CREDIT HOURS)\*

# COLLEGE OF ENGINEERING

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

The Chemical Engineering B.S.C.H. uses the Algebra through Calculus Mathematics Pathway with the following requirements:

- MAC 1105 - College Algebra **Credit(s): 3** \*\*
- MAC 2311 - Calculus I **Credit(s): 4**

\* Mathematics Pathway courses count towards the State Common Prerequisite math courses and are not additional credits.

\*\* Students may place out of MAC 1105 and begin at a higher-level math class.

## MAJOR CORE COURSES: 35 COURSES; 92 CREDIT HOURS

---

### MATH AND SCIENCE: 15 COURSES; 39 CREDIT HOURS

---

- BSC 2010 - Biology I Cellular Processes **Credit(s): 3**
- CHM 2045 - General Chemistry I **Credit(s): 3**
- CHM 2045L - General Chemistry I Laboratory **Credit(s): 1**
- CHM 2046 - General Chemistry II **Credit(s): 3**
- CHM 2046L - General Chemistry II Laboratory **Credit(s): 1**
- CHM 2210 - Organic Chemistry I **Credit(s): 3**
- CHM 2210L - Organic Chemistry Laboratory I **Credit(s): 2**
- EGN 3433 - Modeling and Analysis of Engineering Systems **Credit(s): 3**  
OR MAP 2302 - Differential Equations **Credit(s): 3**
- MAC 2311 - Calculus I **Credit(s): 4**
- MAC 2312 - Calculus II **Credit(s): 4**
- MAC 2313 - Calculus III **Credit(s): 4**
- PHY 2048 - General Physics I - Calculus Based **Credit(s): 3**
- PHY 2048L - General Physics I Laboratory **Credit(s): 1**
- PHY 2049 - General Physics II - Calculus Based **Credit(s): 3**
- PHY 2049L - General Physics II Laboratory **Credit(s): 1**

### BASIC ENGINEERING: 2 COURSES; 3 CREDIT HOURS

---

- EGN 3000 - Foundations of Engineering **Credit(s): 0-3**
- EGN 3000L - Foundations of Engineering Lab **Credit(s): 3**

### SPECIALIZATION: 18 COURSES; 50 CREDIT HOURS

---

- ECH 3002 - Introduction to Chemical and Biomolecular Engineering **Credit(s): 2**
- ECH 3023 - Material and Energy Balances **Credit(s): 3**
- ECH 3101 - Chemical Engineering Thermodynamics I **Credit(s): 3**
- ECH 3240L - Chemical Engineering Laboratory I **Credit(s): 2**
- ECH 3266 - Transport Phenomena I **Credit(s): 3**
- ECH 3854 - Engineering Computations **Credit(s): 3**
- ECH 4123 - Chemical Engineering Thermodynamics II **Credit(s): 3**
- ECH 4241L - Chemical Engineering Laboratory II **Credit(s): 2**
- ECH 4267 - Transport Phenomena II **Credit(s): 3**
- ECH 4323 - Process Dynamics and Control **Credit(s): 3**
- ECH 4418 - Separation Processes **Credit(s): 3**
- ECH 4504 - Kinetics and Reaction Engineering **Credit(s): 3**
- ECH 4605 - Product and Process Systems Engineering **Credit(s): 3**
- ECH 4615C - Product and Process Design **Credit(s): 3**
- ECH 4680C - Product Development **Credit(s): 3**
- ECH 4715 - Chemical Process Safety and Ethics **Credit(s): 2**
- ECH 4846 - Numerical Methods in Chemical Engineering **Credit(s): 3**
- EMA 4003 - Introduction to Materials Science **Credit(s): 3**

### MAJOR ELECTIVES: 15 CREDIT HOURS

---

# COLLEGE OF ENGINEERING

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

A maximum of 9 credits of S-graded coursework (Independent Study, Internship) may apply towards the major electives.

Note: Consult with the department undergraduate advisor for additional upper-level departmental and/or science electives and special topics courses that may be available.

- BME 4571 - Nanomedicine **Credit(s): 3**
- ECH 3783 - Sustaining the Earth: An Engineering Approach **Credit(s): 3**
- ECH 4804 - Synthetic Fuel Production **Credit(s): 3**
- ECH 4905 - Independent Study **Credit(s): 1-4**
- ECH 4914 - Advanced Undergraduate Research Experience **Credit(s): 0-3**
- ECH 4931 - Special Topics in Chemical Engineering II **Credit(s): 1-3**
- ECH 4936 - Undergraduate Seminar **Credit(s): 1**
- ECH 4944 - Industry Internship **Credit(s): 1-3**
- ENV 4053C - Fate and Transport of Chemicals in the Environment **Credit(s): 3**

## ADDITIONAL INFORMATION - CHEMICAL ENGINEERING B.S.C.H.

---

### GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.

### GRADING REQUIREMENTS

Many courses required for the B.S. degree in Chemical Engineering have other prerequisite courses. Prerequisite courses must be completed with a grade of "C" or better (C- is insufficient) before the student is allowed to take the course. This applies to prerequisite courses taken in other departments as well. The passing grade for terminal courses which are not prerequisite courses is a D-.

Below is a list of courses for which a D- or better is sufficient:

- ECH 4241L - Chemical Engineering Laboratory II
- ECH 4715 - Chemical Process Safety and Ethics
- EMA 4003 - Introduction to Materials Science
- Any course in the **Major Elective section** that is NOT S/U

Note: There are two terminal courses that are an exception, in that they require a **C or better**. Specifically,

- ECH 4615C - Product and Process Design
- ECH 4680C - Product Development

### RESIDENCY REQUIREMENTS

Transfer students must complete a minimum of 18 hours of approved specialization courses in the major at USF. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in Chemical Engineering degree program.

### INTERNSHIP OPPORTUNITIES

The College of Engineering and USF's Center for Career and Professional Development Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the College of Engineering and pursue actual internships during their sophomore, junior and senior years.

## BACHELOR'S/MASTER'S PATHWAYS

Students majoring in Chemical Engineering have the option to pursue one of the following Bachelor's/Master's Pathways:

- B.S.C.H. in Chemical Engineering and M.S.B.E. in Biomedical Engineering
- B.S.C.H. in Chemical Engineering and M.S.C.H. in Chemical Engineering
- B.S.C.H. in Chemical Engineering and M.S.E.M. in Engineering Management
- B.S.C.H. in Chemical Engineering and M.S.M.S.E. in Materials Science and Engineering

For more information, see the Graduate Catalog.

## ACCREDITATION INFORMATION

The Chemical Engineering (B.S.) program is accredited by the Engineering Accreditation Commission of ABET, <https://www.abet.org>, under the General Criteria and Program Criteria for Chemical, Biochemical, Biomolecular and Similarly Named Engineering Programs.

## RESEARCH OPPORTUNITIES - COLLEGE OF ENGINEERING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements.

## ADVISING INFORMATION - CHEMICAL ENGINEERING B.S.C.H.

## Civil Engineering B.S.C.E.

---

**TOTAL DEGREE HOURS: 128**

Civil engineers will be entrusted by society to create a sustainable world and enhance the global quality of life. Civil engineers will serve as master planners, designers, constructors, and operators of society's economic and social engine, the built environment (i.e., infrastructure); innovators and integrators of ideas and technology across the public, private, and academic sectors; managers of risk and uncertainty caused by natural events, accidents, and other threats; stewards of the natural environment and its resources; and, leaders in discussions and decisions shaping public environmental and infrastructure policy.

### **MISSION STATEMENT**

---

The Bachelor of Science in Civil Engineering in the Department of Civil and Environmental Engineering at the University of South Florida will provide undergraduate students with strong, broad-based, engineering education which gives them the basic intellectual and organization skills that allow them to work with complex systems with technological, social and environmental components.

As many of the major's graduates begin work upon graduation in industry or with governmental organizations, the curriculum is designed to prepare students for these roles by requiring a number of courses in the various fields of civil engineering and by providing limited specialization in one given area. The curriculum is designed to encourage lifelong learning and to prepare students for undertaking advanced studies in engineering or in other professional areas.

### **PROGRAM EDUCATIONAL OBJECTIVES AND STUDENT OUTCOMES**

---

The Civil Engineering major and curriculum of the Department of Civil and Environmental Engineering are designed to meet the needs of all students within the context of the Major's Mission Statement. The Major Educational Objectives associated with the Major's Mission Statement are:

1. Graduates can obtain positions in both public and private organizations.
2. Graduates are continuing their professional development by extending their professional knowledge through independent learning, continuing education courses, conferences, workshops, short courses, graduate study and involvement in professional societies.
3. Graduates who are working in public or private organizations which encourage professional registration, will have made appropriate progress towards achieving that registration.

The following list defines the Student Outcomes of the Civil and Environmental Engineering program:

1. An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics
2. An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors
3. An ability to communicate effectively with a range of audiences
4. An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts
5. An ability to function effectively on a team whose members together provide leadership, create a collaborative environment, establish goals, plan tasks, and meet objectives.
6. An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions
7. An ability to acquire and apply new knowledge as needed, using appropriate learning strategies

Please refer to the mission statement on the department website for additional information.

## PROGRESSION REQUIREMENT IN THE UPPER DIVISION - CIVIL ENGINEERING B.S.C.E.

Civil Engineering students who have fully met the below requirements and are in good academic standing, may progress into the upper division of the major. Prior to progression into the upper division, a student may be permitted to take no more than two departmental engineering courses. The Department may have continuation requirements which specify minimum performance standards in core engineering courses which must be met before further registration in the Department is granted.

1. Completion of with a minimum grade of a C in each course and a 3.0 GPA (based on best attempt with a maximum of two attempts) in these prerequisites:
  - CHM 2045 - General Chemistry I **Credit(s): 3** AND CHM 2045L - General Chemistry I Laboratory **Credit(s): 1**
  - MAC 2311 - Calculus I **Credit(s): 4**  
AND MAC 2312 - Calculus II **Credit(s): 4**  
AND MAC 2313 - Calculus III **Credit(s): 4**
  - PHY 2048 - General Physics I - Calculus Based **Credit(s): 3** AND PHY 2048L - General Physics I Laboratory **Credit(s): 1**
  - PHY 2049 - General Physics II - Calculus Based **Credit(s): 3** AND PHY 2049L - General Physics II Laboratory **Credit(s): 1**
2. A minimum overall GPA of 2.0
3. A minimum USF GPA of 2.0

## MINIMUM CONTINUATION REQUIREMENTS - CIVIL ENGINEERING B.S.C.E.

Continuation requires a minimum grade of C- as well as a 2.5 GPA (based on best attempt) for the following courses:

- EGN 3311 - Statics **Credit(s): 3**
- EGN 3331 - Mechanics of Materials **Credit(s): 3**
- EGN 3353 - Basic Fluid Mechanics **Credit(s): 3**
- EGN 3365 - Materials Engineering I **Credit(s): 3**

## DEPARTMENTAL POLICIES

In addition to the College's graduation requirements, the department has the following policies:

- All students must participate in mandatory advising prior to each term.
- All students must participate in department assessment activities and successfully complete an exit interview before graduating.
- All students must consider the advice of the Department to attempt to pass the Fundamentals of Engineering Exam (F.E. Exam).
- All students must periodically provide writing samples as part of the department's writing assessment program.
- Students must pass the capstone design course with a grade of C- or better during the calendar year of graduation.

## REQUIRED COURSES: (116 CREDIT HOURS)

## STATE MANDATED COMMON COURSE PREREQUISITES - CIVIL ENGINEERING B.S.C.E. (27 CREDIT HOURS)\*

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper-division of a particular baccalaureate degree program.

# COLLEGE OF ENGINEERING

### TECHNICAL ELECTIVE COURSES FOR THE TRACKS

These courses are based on the students' choice of track. Coursework which cannot be double counted in the major.

Consult with the department undergraduate advisor for additional electives that may be available. The approved list of technical elective courses for the tracks include:

CCE 3000\*: 4999\*, CEG 3000\*: 4999\*, CES 3000\*: 4999\*, CGN 3000\*: 4999\*, CWR 3000\*: 4999\*, ENV 3000\*: 4999\*, TTE 3000\*: 4999\*

- SUR 2101C - Engineering Land Surveying **Credit(s): 3**

---

### ADDITIONAL INFORMATION - CIVIL ENGINEERING B.S.C.E.

#### GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, 2.0 overall GPA, and 2.5 continuation GPA.

#### GRADING REQUIREMENTS

Unless otherwise stated, the minimum acceptable grade in all BSCE required courses is a C- or higher.

A total of only two D grades are allowed in all BSCE required engineering, and most specialization courses. Students cannot graduate with Ds in the following lists of courses that correspond to their track (specialty):

- Environmental/Water track: Environmental Systems Engineering, Hydraulics, Water Quality and Treatment, Water Resources Engineering I, and Capstone Design ( CWR 4812 - Capstone Water Resources- Environmental Design **Credit(s): 3** ).
- Geotechnical/Transportation track: Mechanics of Materials, Geotechnical Engineering I, Geotechnical Engineering II, Transportation Engineering I, Transportation Engineering II, and Capstone Design ( CEG 4850 - Capstone Geotechnical/Transportation Design **Credit(s): 3** ).
- Structures/Materials/Geotechnical track: Structures, Materials Engineering I, Mechanics of Materials, Geotechnical Engineering I, Concepts of Steel Design, Concepts of Concrete Design, Concrete Construction Materials, and Capstone Design ( CES 4750 - Capstone Structural/Geotechnical/ Material Design **Credit(s): 3** ).

#### RESIDENCY REQUIREMENTS

Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

The College of Engineering and USF's Center for Career and Professional Development Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the College of Engineering and pursue actual internships during their sophomore, junior and senior years.

## BACHELOR'S/MASTER'S PATHWAYS

Students majoring in Civil Engineering have the option to pursue one of the following Bachelor's/Master's Pathways:

- B.S.C.E. in Civil Engineering and M.S.C.E. in Civil Engineering
- B.S.C.E. in Civil Engineering and M.S.E.M. in Engineering Management
- B.S.C.E. in Civil Engineering and M.S.E.V. in Environmental Engineering
- B.S.C.E. in Civil Engineering and M.S.M.S.E. in Materials Science and Engineering

For more information, see the Graduate Catalog.

## ACCREDITATION INFORMATION

The Civil Engineering (B.S.) program is accredited by the Engineering Accreditation Commission of ABET, <https://www.abet.org>, under the General Criteria and Program Criteria for Civil and Similarly Named Engineering Programs.

## RESEARCH OPPORTUNITIES - COLLEGE OF ENGINEERING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements.

## ADVISING INFORMATION - CIVIL ENGINEERING B.S.C.E.

All incoming freshman and transfer students must meet with one of the college advisors in the Engineering Student Services (ESS).

## Environmental Engineering B.S.E.V.

---

TOTAL DEGREE HOURS: 120

Environmental engineers solve complex problems, supporting human and environmental needs while mitigating adverse environmental, health, and economic impacts associated with human activities. The degree is an interdisciplinary engineering program designed to provide students with a strong foundation in both theoretical and applied aspects of environmental engineering. It emphasizes traditional areas of transport, fate, and treatment of chemical, physical, and microbial pollutants in water, air, and soil along with important 21<sup>st</sup>-century themes of infrastructure, sustainability, health, data science, community engagement, and global citizenship. Coursework covers fundamental science and engineering concepts applied to environmental processes, natural and built environments, and engineering design, as well as applied learning experiences including community-engaged laboratory projects and a capstone design course that partners with stakeholders to solve local environmental problems.

Graduates are trained to integrate considerations of risk, uncertainty, sustainability, life-cycle principles, and environmental impacts into their problem solving, to apply concepts of professional practice and project management, and to understand the roles and responsibilities of public institutions and private organizations pertaining to environmental policy and regulations. The world needs environmental engineers to provide economic and social opportunities for: an increasing population, reliable water and wastewater systems, improved air quality and transportation systems, protection of public and environmental health, management of nutrient pollution that adversely impacts water bodies, ecosystem and brownfield restoration, other infrastructure improvements, advancing global health and food systems, managing wastes in a more sustainable manner, and developing strategies to mitigate global climate change. Graduates have local and global employment opportunities with industry, engineering design firms, local/state/federal governments, and nongovernmental organizations, along with numerous opportunities to advance their education at the Master's or Ph.D. levels.

### Certified Global Pathway

This program has been certified as a Global Pathway, which has significant global content. Students in Global Pathway programs are well positioned to earn the Global Citizen Award. For more information, visit the Office of Student Engagement in Research and Innovation (SERI) website.

## MISSION STATEMENT

The Bachelor of Science in Environmental Engineering in the Department of Civil and Environmental Engineering at the University of South Florida will provide undergraduate students with strong, broad-based, engineering education which gives them the basic intellectual and organization skills that allow them to work with complex systems with technological, social and environmental components.

As many of the major's graduates begin work upon graduation in industry or with governmental organizations, the curriculum is designed to prepare students for these roles by requiring a number of courses in the various fields of environmental engineering and by providing limited specialization in one given area. The curriculum is designed to encourage lifelong learning and to prepare students for undertaking advanced studies in engineering or in other professional areas.

## PROGRAM EDUCATIONAL OBJECTIVES AND STUDENT OUTCOMES

The Environmental Engineering major and curriculum of the Department of Civil and Environmental Engineering are designed to meet the needs of all students within the context of the Major's Mission Statement. The Major Educational Objectives associated with the Major's Mission Statement are:

1. Graduates apply their technical and civic knowledge and a systems approach in developing smart, sustainable, and collaborative solutions for critical infrastructures that protect public health and well-being and the environment while promoting safety.
2. Graduates engage meaningfully and effectively with local, state, and global stakeholders and communities to develop environmental engineering solutions.
3. Graduates behave ethically and responsibly, continue their professional development, and participate fully in their profession and society.

# COLLEGE OF ENGINEERING

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

The following list defines the Student Outcomes of the Civil and Environmental Engineering program:

1. An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics (*critical thinking skill*)
2. An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors (*critical thinking skill*).
3. An ability to communicate effectively with a range of audiences (*communication skill*).
4. An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts (*critical thinking skill*).
5. An ability to function effectively on a team whose members together provide leadership, create a collaborative environment, establish goals, plan tasks, and meet objectives (*communication skill*).
6. An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions (*critical thinking skill*).
7. An ability to acquire and apply new knowledge as needed, using appropriate learning strategies (*critical thinking skill*).

ABET accreditation program criteria also require that graduates of the program have the ability to design environmental engineering systems that include considerations of risk, uncertainty, sustainability, life-cycle principles, and environmental impacts, to apply concepts of professional practice and project management, and to understand the roles and responsibilities of public institutions and private organizations pertaining to environmental policy and regulations. A cumulating capstone design experiences allows students to use modern engineering techniques, skills and tools to design appropriate environmental systems to meet the needs of a local community.

Assessment of student learning outcomes will be performed through a variety of mechanisms that include core task assessments, examinations, assignments, and capstone experiences. Also, students' achievement of the identified core learning outcomes will be measured. The results of the assessments will be used to improve student achievement and program effectiveness.

## UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING

---

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Engineering, see the information at College of Engineering.

## PROGRESSION REQUIREMENTS IN THE UPPER DIVISION - ENVIRONMENTAL ENGINEERING B.S.E.V.

---

Environmental Engineering students who have fully met the below requirements and are in good academic standing, may progress into the upper division of the major. Prior to progression into the upper division, a student may be permitted to take no more than two departmental Engineering courses. The Department may have continuation requirements that specify minimum performance standards in core Engineering courses that must be met before further registration in the Department is granted.

1. Completion of each of the following prerequisite courses with a minimum grade of a C in each course and a 3.0 GPA (based on best attempt with a maximum of two attempts):
  - **CHM 2045 - General Chemistry I Credit(s): 3 AND CHM 2045L - General Chemistry I Laboratory Credit(s): 1**
  - **MAC 2311 - Calculus I Credit(s): 4 AND MAC 2312 - Calculus II Credit(s): 4 AND MAC 2313 - Calculus III Credit(s): 4**
  - **PHY 2048 - General Physics I - Calculus Based Credit(s): 3 AND PHY 2048L - General Physics I Laboratory Credit(s): 1**

# COLLEGE OF ENGINEERING

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- **PHY 2049 - General Physics II - Calculus Based Credit(s): 3 AND PHY 2049L - General Physics II Laboratory Credit(s): 1**
  - 2. A minimum overall GPA of 2.0
  - 3. A minimum USF GPA of 2.0

## MINIMUM CONTINUATION REQUIREMENTS - ENVIRONMENTAL ENGINEERING B.S.E.V.

---

Continuation requires a minimum grade of C-, as well as a 2.5 GPA (based on best attempt), for the following courses:

- **EGN 3311 - Statics Credit(s): 3**
- **EGN 3353 - Basic Fluid Mechanics Credit(s): 3**
- **ENV 4001 - Environmental Systems Engineering Credit(s): 3**

## DEPARTMENTAL POLICIES

---

In addition to the College's graduation requirements, the department has the following policies:

- All students must participate in mandatory advising prior to each term.
- All students must participate in department assessment activities and successfully complete an exit interview before graduating.
- All students must consider the advice of the Department to complete and pass the Fundamentals of Engineering Exam (F.E. Exam).
- All students must periodically provide writing samples as part of the department's writing assessment program. Students must pass the capstone design course with a grade of C- or better during the calendar year of graduation.
- All students must pass the capstone design course with a grade of C- or better during the calendar year of graduation.

## REQUIRED COURSES: (105 CREDIT HOURS)

---

### STATE MANDATED COMMON COURSE PREREQUISITES - ENVIRONMENTAL ENGINEERING B.S.E.V. (31 CREDIT HOURS)\*

---

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- **MAC X311 OR MAC X281 - 4 credit hours**
- **MAC X312 OR MAC X282 - 4 credit hours**
- **MAC X313 OR MAC X283 - 4 credit hours**
- **MAP X302 OR MAP X305 - 3 credit hours**
- **(CHM X045 AND CHM X045L) OR CHM X045C OR (CHS X440 AND CHS X440L) - 4 credit hours**
- **(CHM X046 AND CHM X046L) OR CHM X046C - 4 credit hours**
- **(PHY X048 AND PHY X048L) OR PHY X048C - 4 credit hours**
- **(PHY X049 AND PHY X049L) OR PHY X049C OR (PHY X044 AND PHY X049L) - 4 credit hours**

\* All state common prerequisite courses count towards major-required Mathematics and Science courses and are not additional credit hours

# COLLEGE OF ENGINEERING

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

## STATE MATHEMATICS PATHWAY – ENVIRONMENTAL ENGINEERING B.S.E.V. (7 CREDIT HOURS)\*

The Environmental Engineering B.S.E.V. uses the Algebra through Calculus Mathematics Pathway with the following requirements:

- MAC 1105 - College Algebra **Credit(s): 3** \*\*
- MAC 2311 - Calculus I **Credit(s): 4**

\* Mathematics Pathway courses count towards the State Common Prerequisite math courses and are not additional credits.

\*\* Students may place out of MAC 1105 and begin at a higher-level math class.

## REQUIRED SUPPORTING COURSES: 4 COURSES; 10 CREDIT HOURS

The following courses are supporting courses for this major. They are required for the major, but are not counted in the total major hours but are counted toward the total program hours of 120 credit hours. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

- BSC 2010 - Biology I Cellular Processes **Credit(s): 3**
- BSC 2010L - Cellular Processes Laboratory **Credit(s): 1**
- EGN 1113 - Introduction to Design Graphics **Credit(s): 3**
- GLY 3850 - Geology For Engineers **Credit(s): 3** - Note: ESC 2000 - Introduction to Earth Science **OR** GLY 2010 - Dynamic Earth: Introduction to Physical Geology are acceptable substitutes

## MAJOR CORE COURSES: 34 COURSES; 89 CREDIT HOURS

---

### MATH AND SCIENCE COURSES: 12 COURSES; 31 CREDIT HOURS

- CHM 2045 - General Chemistry I **Credit(s): 3**
- CHM 2045L - General Chemistry I Laboratory **Credit(s): 1**
- CHM 2046 - General Chemistry II **Credit(s): 3**
- CHM 2046L - General Chemistry II Laboratory **Credit(s): 1**
- EGN 3343 - Thermodynamics I **Credit(s): 3**
- MAC 2311 - Calculus I **Credit(s): 4**
- MAC 2312 - Calculus II **Credit(s): 4**
- MAC 2313 - Calculus III **Credit(s): 4**
- PHY 2048 - General Physics I - Calculus Based **Credit(s): 3**
- PHY 2048L - General Physics I Laboratory **Credit(s): 1**
- PHY 2049 - General Physics II - Calculus Based **Credit(s): 3**
- PHY 2049L - General Physics II Laboratory **Credit(s): 1**

### BASIC ENGINEERING COURSES: 6 COURSES; 15 CREDIT HOURS

- EGN 3000 - Foundations of Engineering **Credit(s): 0-3**
- EGN 3000L - Foundations of Engineering Lab **Credit(s): 3**
- EGN 3343 - Thermodynamics I **Credit(s): 3**
- EGN 2440 - Probability and Statistics with Calculus **Credit(s): 3**  
**OR** STA 2023 - Introductory Statistics I **Credit(s): 3**

Note: Students are strongly encouraged to take EGN 3443, if they have not transferred STA 2023 to USF.

- EGN 2615 - Economical Analysis of Systems **Credit(s): 3**
- EGN 4453 - Numerical & Computer Tools I in Civil & Env Eng **Credit(s): 3**

## CONTINUATION COURSES: 3 COURSES; 9 CREDIT HOURS

- EGN 3311 - Statics **Credit(s): 3**
- EGN 3353 - Basic Fluid Mechanics **Credit(s): 3**
- ENV 4001 - Environmental Systems Engineering **Credit(s): 3**

## SPECIALIZATION COURSES: 12 COURSES; 31 CREDIT HOURS

- CGN 4122 - Professional and Ethical Issues in Engineering **Credit(s): 3**
- CWR 4202 - Hydraulics **Credit(s): 3**
- CWR 4202L - Civil Engineering Hydraulics Laboratory **Credit(s): 1**
- CWR 4540 - Water Resources Engineering I **Credit(s): 3**
- ENV 2061 - Engineering Sustainable and Healthy Environments **Credit(s): 2**
- ENV 4004L - Environmental Engineering Lab **Credit(s): 1**
- ENV 4053C - Fate and Transport of Chemicals in the Environment **Credit(s): 3**
- ENV 4071 - Environmental Site Assessment **Credit(s): 3**
- ENV 4102 - Air Pollution Fundamentals **Credit(s): 3**
- ENV 4417 - Water Quality and Treatment **Credit(s): 3**
- ENV 4612 - Green Engineering for Sustainability **Credit(s): 3**
- ENV 4620 - Envision Sustainable Communities **Credit(s): 3**

## CAPSTONE DESIGN COURSE: 1 COURSE; 3 CREDIT HOURS

- CWR 4812 - Capstone Water Resources-Environmental Design **Credit(s): 3**

## UNRESTRICTIVE/GENERAL ELECTIVES: 6 CREDIT HOURS

The Department suggests the following list of technical electives student make take to supplement their Environmental Engineering knowledge and meet the credit hour requirements of the degree program. The courses may be utilized to fulfill unrestricted/general electives.

## BASIC AND ENVIRONMENTAL SCIENCES TECHNICAL ELECTIVE OPTIONS

- CHM 2210 - Organic Chemistry I **Credit(s): 3**
- ENV 4082 - Environmental Field Sampling **Credit(s): 3**
- EVR 4027 - Wetland Environments **Credit(s): 3**
- GLY 4734 - Beaches and Coastal Environments **Credit(s): 3**

## CRITICAL INFRASTRUCTURE TECHNICAL ELECTIVE OPTIONS

- CCE 4031 - Construction Management **Credit(s): 3**
- CWR 4541 - Water Resources Engineering II **Credit(s): 3**
- CWR 4620 - Ecological Engineering **Credit(s): 3**
- ENV 4351 - Solid Waste Engineering **Credit(s): 2**
- SUR 2101C - Engineering Land Surveying **Credit(s): 3**
- TTE 4003 - Transportation and Society **Credit(s): 3**

## DATA SCIENCE TECHNICAL ELECTIVE OPTIONS

- EGN 4454 - Numerical & Computer Tools II in Civil & Env Eng **Credit(s): 2**
- GEO 3164C - Research Methods in Geography **Credit(s): 3**
- GIS 3006 - Mapping and Geovisualization **Credit(s): 3**
- GIS 4035C - Remote Sensing of the Environment **Credit(s): 3**
- GIS 4043C - Geographic Information Systems **Credit(s): 3**

# COLLEGE OF ENGINEERING

## HEALTH AND SAFETY TECHNICAL ELECTIVE OPTIONS

- HSC 3503 - Principles of Toxicology **Credit(s): 3**
- HSC 4213 - Environmental and Occupational Risk Analysis **Credit(s): 3**
- HSC 4430 - Occupational Health and Safety **Credit(s): 3**

## ENERGY TECHNICAL ELECTIVE OPTIONS

- EEL 4283 - Sustainable Energy **Credit(s): 3**
- ENV 2073 - Global Warming: Science and Politics of a Contemporary Issue **Credit(s): 3**

## GLOBAL CITIZENS TECHNICAL ELECTIVE OPTIONS

- GEO 4340 - Natural Hazards **Credit(s): 3**
- HSC 4211 - Health, Behavior and Society **Credit(s): 3**
- HSC 4624 - Foundations of Global Health **Credit(s): 3**
- PHC 4250 - Crisis Leadership in Disasters **Credit(s): 3**

## EDUCATION ABROAD TECHNICAL ELECTIVE OPTION

Students are able to take 3-6 credit hours of their technical electives through education abroad programs. The specific education abroad course(s) must be approved in advance by the Department.

## ADDITIONAL INFORMATION - ENVIRONMENTAL ENGINEERING B.S.E.V.

### GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, 2.0 overall GPA, and 2.5 continuation GPA.

### GRADING REQUIREMENTS

Unless otherwise stated, the minimum acceptable grade in all BSEV required courses is a C- or higher.

A total of only two D grades are allowed in all BSEV required engineering courses and most specialization courses.

### RESIDENCY REQUIREMENTS

Transfer students must complete a minimum number of approved Specialization courses in the major at USF. The minimum number of USF Specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic Engineering courses are not considered Specialization courses. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved Specialization hours taken in the degree-granting department beyond those Specialization hours required for the first degree.

### INTERNSHIP OPPORTUNITIES

The College of Engineering and USF's Center for Career and Professional Development Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the College of Engineering and pursue actual internships during their sophomore, junior and senior years.

### ACCREDITATION INFORMATION

The Environmental Engineering (B.S.) program is accredited by the Engineering Accreditation Commission of ABET, <https://www.abet.org>, under the General Criteria and Program Criteria for Environmental Engineering and Similarly Named Engineering Programs.

## Electrical Engineering B.S.E.E.

---

**TOTAL DEGREE HOURS: 128**

The Electrical Engineering major offers study in all areas fundamental to the analysis, design, and development of electrical devices and systems. The areas covered by the major include foundational topics such as circuits and electrical power and their many applications such as the Internet of Things, Smart Grid, Security, Data Analytics and Machine Learning & AI. The major offers curriculum tracks that include: Bioelectrical Systems, Communication Systems, Energy, Power and Sustainability, Mechatronics, Robotics and Embedded Systems, Micro and Nano-scale Systems and Wireless Systems and Systems and Security. Additional information on these areas may be found at: <http://www.usf.edu/engineering/ee/documents/trackdescriptions.pdf>. Well-equipped laboratories reinforce fundamental concepts, while providing real world hands-on exposure.

### **MISSION STATEMENT**

The mission of the Electrical Engineering Department in the College of Engineering at the University of South Florida is to provide a high quality education in electrical engineering for our students and practicing professionals; create new knowledge and solve real world problems via innovative research, and disseminate this information for the benefit of society; and to engage in effective regional, national and international service and outreach.

### **PROGRAM EDUCATIONAL OBJECTIVES AND STUDENT OUTCOMES**

---

#### **Educational Objectives**

The Electrical Engineering Department in the College of Engineering at the University of South Florida is committed to graduating electrical engineers who shall within a few years of graduation:

- Demonstrate a progression in technical competence and increasing responsibility in the practice of engineering, and the ability to contribute to the range of perspectives and creativity in the workplace.
- Continue to develop professionally through life-long learning, advanced education, or other creative pursuits in science and technology.

#### **Student Outcomes**

1. An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
2. An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
3. An ability to communicate effectively with a range of audiences.
4. An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
5. An ability to function effectively on a team whose members together provide leadership, create a collaborative environment, establish goals, plan tasks, and meet objectives.
6. An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

Please refer to the mission statement on the department website for additional information.

## PROGRESSION REQUIREMENTS IN THE UPPER DIVISION - ELECTRICAL ENGINEERING B.S.E.E.

Electrical Engineering students who have fully met the below requirements and are in good academic standing, may progress into the upper division of the major. Prior to progression into the upper division, a student may be permitted to take no more than two departmental engineering courses beyond the first two years. Upon admission to the department all students must meet with the Undergraduate Program Coordinator, to discuss their pathway to graduation, and the department's Academic Integrity policies. The Department has continuation requirements which specify minimum performance standards in core major courses which must be met before further registration in the Department is granted.

1. Completion of:
  - CHM 2045 - General Chemistry I **Credit(s): 3** AND CHM 2045L - General Chemistry I Laboratory **Credit(s): 1**
  - MAC 2311 - Calculus I **Credit(s): 4**  
AND MAC 2312 - Calculus II **Credit(s): 4**  
AND MAC 2313 - Calculus III **Credit(s): 4**
  - PHY 2048 - General Physics I - Calculus Based **Credit(s): 3**  
AND PHY 2048L - General Physics I Laboratory **Credit(s): 1**

A minimum grade of C in each course and a 3.0 GPA based upon the best attempt in these courses (maximum two attempts) for guaranteed progression to the upper division, OR a 2.75 GPA based upon the best attempt in these courses for a conditional progression to the upper division pending review of complete transcript.

2. A minimum overall GPA of 2.0
3. A minimum USF GPA of 2.0

## DEPARTMENTAL POLICIES

In addition to the College's graduation requirement, the department has the following policies:

- Students must consult with an academic advisor for the development of their individual academic study plan, and selection and approval of their Electrical Engineering Technical Electives.
- To hear a brief welcome message, access current course listings and to schedule an appointment with an EE undergraduate advisor, the student can use the following link <https://www.usf.edu/engineering/ee/undergraduate/ugadvising.aspx>
- In order to reach an EE undergraduate advisor via e-mail, please use the following: ENG-EEAdvising@usf.edu
- Students must complete Exit interviews as a graduation requirement.

## REQUIRED COURSES: (113 CREDIT HOURS)

---

## STATE MANDATED COMMON COURSE PREREQUISITES - ELECTRICAL ENGINEERING B.S.E.E. (27 CREDIT HOURS)\*

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- MAC X311 **OR** MAC X281 - 4 credit hours
- MAC X312 **OR** MAC X282 - 4 credit hours
- MAC X313 **OR** MAC X283 - 4 credit hours

- MAP 2302 - Differential Equations **Credit(s): 3**  
**OR** EGN 3433 - Modeling and Analysis of Engineering Systems **Credit(s): 3**
- PHY 2048 - General Physics I - Calculus Based **Credit(s): 3**
- PHY 2048L - General Physics I Laboratory **Credit(s): 1**

Note: EEL 3472C is required. If Physics II is transferred, it will count as a major elective. Physics II does not count as an upper-level elective for the major if taken after being admitted to the department (Upper level Degree Progression).

### BASIC ENGINEERING COURSES: 4 COURSES; 9 CREDIT HOURS

- EGN 3000 - Foundations of Engineering **Credit(s): 0-3**
- EGN 3000L - Foundations of Engineering Lab **Credit(s): 3**
- EGN 2440 - Probability and Statistics with Calculus **Credit(s): 3**
- EGN 2615 - Economical Analysis of Systems **Credit(s): 3**

---

## MAJOR CORE COURSES: 18 COURSES; 43 CREDIT HOURS

---

### REQUIRED CORE: 14 COURSES; 31 CREDIT HOURS

- EEE 3394 - Electrical Engineering Science I - Electronic Materials **Credit(s): 3**
- EEL 2161 - Programming with C **Credit(s): 3**
- EEL 3115L - Laboratory I **Credit(s): 1**
- EEL 3163C - Computer Tool Lab **Credit(s): 1**

# COLLEGE OF ENGINEERING

---

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- EEL 3705 - Fundamentals of Digital Circuits **Credit(s): 3**
- EEL 3705L - Fundamentals of Digital Circuits Laboratory **Credit(s): 1**
- EEL 4102 - Signals and Systems **Credit(s): 3**
- EEL 4835 - Programming Design **Credit(s): 3**
- EGN 3373 - Electrical Systems I **Credit(s): 3**
- EGN 3374 - Introduction to Electrical Systems II **Credit(s): 3**
- EGN 3420 - Engineering Analysis **Credit(s): 4**
- EGS 2070 - Professional Formation of Engineers 1 **Credit(s): 1**
- EGS 3071 - Professional Formation of Engineers 2 **Credit(s): 1**
- EGS 3072 - Professional Formation of Engineers 3 **Credit(s): 1**

## **ELECTIVE CORE: 4 COURSES; 12 CREDIT HOURS**

Students must choose four (4) out of the six (6) courses listed below. Each course serves as a "gateway" to one of the Technical Tracks (see technical tracks and technical electives lists below).

- EEE 3302 - Electronics I **Credit(s): 3** (Gateway Course for Technical Track #1)
- EEL 4512C - Introduction to Communication Systems **Credit(s): 3** (Gateway Course for Technical Tracks #2 & #7)
- EGN 3375 - Electromechanical Systems **Credit(s): 3** (Gateway Course for Technical Track #3)
- EEL 4657 - Linear Control Systems **Credit(s): 3** (Gateway Course for Technical Track #4)
- EEE 4351C - Semiconductor Devices **Credit(s): 3** (Gateway Course for Technical Track #5)
- EEL 4423C - Wireless Circuits & Systems Design Laboratory **Credit(s): 3** (Gateway Course for Technical Track #6)

## **MAJOR TRACK ELECTIVES: 13 TO 16 CREDIT HOURS**

Students must complete a minimum of two (2) technical tracks as areas of specialization. To complete a track, students must select at least two (2) minimum 3-credit hour courses (called Track Electives) and one (1) minimum 1-credit hour laboratory (called Track Elective Labs) from courses listed under that track. The only exception is Track 6 in which the lab component is included in the Gateway course. **As a general rule, courses cannot be double counted across different tracks or the core.**

See Track and Technical Electives lists below. Please contact the department advisors (eng-eeadvising@usf.edu) for more information on registering for graduate courses.

### **TRACK 1: BIOELECTRICAL SYSTEMS**

#### **Track 1 Courses:**

- EEE 4215 - Biomedical Optical Spectroscopy and Imaging **Credit(s): 3**
- EEE 4260C - Bioelectricity **Credit(s): 3**
- EEE 4271 - Bioelectronics **Credit(s): 3**
- EEE 4410 - System on a Chip **Credit(s): 3**
- EEE 4506 - Biomedical Image Processing **Credit(s): 3**

#### **Track 1 Lab:**

- EEL 3116L - Laboratory II **Credit(s): 1**

### **TRACK 2: COMMUNICATION SYSTEMS**

#### **Track 2 Courses:**

- EEE 4423 - Quantum Computing and Communications **Credit(s): 3**
- EEE 4746 - Wireless Mobile Computing and Security **Credit(s): 3**
- EEL 4423C - Wireless Circuits & Systems Design Laboratory **Credit(s): 3**
- EEL 4540 - Radar Systems **Credit(s): 3**
- EEL 4595 - Mobile and Personal Communication **Credit(s): 3**
- EEL 4727C - Digital Signal Processing with Field Programmable **Credit(s): 3**
- EEL 4756 - Digital Signal Processing **Credit(s): 3**

# COLLEGE OF ENGINEERING

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

### Track 2 Lab:

- EEL 4513L - Wireless Communication Systems Laboratory **Credit(s): 3**
- EEL 4743L - Microprocessor Laboratory **Credit(s): 1**

Note: Courses EEL 4423C or EEL 4727C may be used towards the lab requirement.

## TRACK 3: ENERGY, POWER, AND SUSTAINABILITY

---

### Track 3 Courses:

- EEL 4212 - Energy Delivery Systems **Credit(s): 3**
- EEL 4214 - Electric (Utility) Distribution Systems **Credit(s): 3**
- EEL 4224 - Electric Machines and Drives **Credit(s): 3**
- EEL 4241 - Power Electronics **Credit(s): 3**
- EEL 4251 - Power System Analysis **Credit(s): 3**
- EEL 4252 - Power Systems II **Credit(s): 3**
- EEL 4271 - Power System Protection **Credit(s): 3**
- EEL 4283 - Sustainable Energy **Credit(s): 3**

### Track 3 Lab:

- EEL 4206L - Electromechanical Energy System Lab **Credit(s): 1**

## TRACK 4: MECHATRONICS, ROBOTICS, AND EMBEDDED SYSTEMS

---

### Track 4 Courses:

- EEL 3100 - Network Analysis and Design **Credit(s): 3**
- EEL 4663 - Applied Robotics **Credit(s): 3**
- EEL 4680 - Applied Mechatronics **Credit(s): 3**
- EEL 4740 - Embedded Systems **Credit(s): 3**
- EEL 4744 - Microprocessor Principles and Applications **Credit(s): 3**

### Track 4 Lab:

- EEL 4657L - Linear Control Systems Laboratory **Credit(s): 1**
- EEL 4743L - Microprocessor Laboratory **Credit(s): 1**

## TRACK 5: MICRO AND NANO-SCALE SYSTEMS

---

### Track 5 Courses:

- EEE 3302 - Electronics I **Credit(s): 3**
- EEE 4274 - MEMS I: Chemical/Biomedical Sensors and Microfabrication **Credit(s): 3**
- EEE 4359 - Analog CMOS VLSI Design **Credit(s): 3**
- EEL 4567 - Electro-Optics **Credit(s): 3**

### Track 5 Lab:

- EEL 3116L - Laboratory II **Credit(s): 1**

## TRACK 6: WIRELESS CIRCUITS AND SYSTEMS

---

### Track 6 Courses:

- EEL 4420 - RF & Microwave Measurements **Credit(s): 2-3**
- EEL 4421 - RF/Microwave Circuits I **Credit(s): 3**
- EEL 4422 - RF/Microwave Circuits II **Credit(s): 3**
- EEL 4461 - Antenna Theory **Credit(s): 3**
- EEL 4540 - Radar Systems **Credit(s): 3**
- EEL 4513L - Wireless Communication Systems Laboratory **Credit(s): 3**

Note: Lab requirement for Track 6 - Wireless Circuits and Systems - is met with the gateway course EEL 4423C.

## TRACK 7: SYSTEMS AND SECURITY

---

### Track 7 Courses:

# COLLEGE OF ENGINEERING

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- EEE 4746 - Wireless Mobile Computing and Security **Credit(s): 3**
- EEE 4748 - Cryptography and Data Security **Credit(s): 3**
- EEE 4774 - Data Analytics **Credit(s): 3**
- EEL 4782 - Data Networks and Systems and Security **Credit(s): 3**
- EEL 4872 - AI and Security in Cyber Physical Systems **Credit(s): 3**

### Track 7 Lab:

- EEL 4743L - Microprocessor Laboratory **Credit(s): 1**

## CAPSTONE DESIGN SEQUENCE COURSES: 2 COURSES; 6 CREDIT HOURS

---

- EEL 4906 - EE Design One **Credit(s): 3**
- EEL 4914 - EE Design 2 **Credit(s): 3**

Please note that the capstone design sequence including the EEL 4906 - EE Design One and the EEL 4914 - EE Design 2 courses, must be taken within the final year of the student's degree program.

## MAJOR TECHNICAL ELECTIVES: 12 TO 15 CREDIT HOURS

---

Select 12 to 15 credit hours of course and laboratory work from any of the Electrical Engineering upper-level (3000- or 4000-level) courses listed in the Undergraduate Catalog. Students may choose more coursework under their two specialization tracks, or choose breadth over depth by choosing courses in other Electrical Engineering areas.

**The exact number of required credits for major technical electives depends on the selection of track elective courses and the number of credits taken in each track. The total number of credits completed in track and technical electives should be 28 hours.** For example, if students complete 14 credits in their track electives they are required to take 14 additional credits as their technical electives. If students complete 16 credits in their track electives due to registering for a 3-credit track elective lab in addition to two 3-credit track elective courses, they are required to take 12 additional credits as their technical electives.

- Students can complete up to 3 credit hours of general technical elective courses at the 3000 and 4000 levels, with prior department approval such as an engineering course outside of the Electrical Engineering department, courses in physics, math, biology etc. or the Leadership in Engineering course.
- In order to recognize our students' extra-curricular professional formation activities, the department also allows the students to take EEL 4940 - Undergraduate Internship Experience for up to 3-credit hours if they secure an internship within the electrical engineering discipline. The credit hours will depend on the specifics of the internship (i. e., part-time versus full-time) and will be approved by the undergraduate program director Dr. Ismail Uysal. Students are encouraged to reach out to EE Advising at eng-eeadvising@usf.edu when they receive an offer for an internship for further instructions.
- Students can also receive technical elective credits for undergraduate research activities. All students who engage in undergraduate research or independent study with a faculty member are expected to enroll in EEL 4915 - Advanced Undergraduate Research Experience for 0-credit hours. Based on the specifics and work intensity of their research they can sign up for up to 3-credit hours to be counted towards their major electives.
- **The combined contribution of internship and research credits towards degree completion cannot exceed 3 hours.** For example a student can use 3-credits of internship or 2-credits of internship and 1-credit of research and so on.

EEE 3000-4999 or EEL 3000-4999 or EGN 3060 or EGN 3375

- EEL 4940 - Undergraduate Internship Experience **Credit(s): 0-3**
- EEL 4915 - Advanced Undergraduate Research Experience **Credit(s): 0-3**

## ADDITIONAL INFORMATION - ELECTRICAL ENGINEERING B.S.E.E.

---

### GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA

### GRADING REQUIREMENTS

---

# COLLEGE OF ENGINEERING

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

Unless otherwise stated, the minimum acceptable grade in BSEE required math, science, engineering and specialization courses is a C or higher (C- is insufficient).

### RESIDENCY REQUIREMENTS

Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

### INTERNSHIP OPPORTUNITIES

The College of Engineering and USF's Center for Career and Professional Development Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the engineering college and pursue actual internships during their sophomore, junior, and senior years.

Students seeking to secure an internship, are strongly encouraged to sign up on Handshake (<https://usf.joinhandshake.com/login>) and complete their profile.

### BACHELOR'S/MASTER'S PATHWAYS

Students majoring in Electrical Engineering have the option to pursue one of the following Bachelor's/Master's Pathways:

- B.S.E.E. in Electrical Engineering and M.S.E.E in Electrical Engineering
- B.S.E.E. in Electrical Engineering and M.S.E.M. in Engineering Management
- B.S.E.E. in Electrical Engineering and M.S.M.S.E. in Materials Science and Engineering

For more information, see the Graduate Catalog.

### ACCREDITATION INFORMATION

The Electrical Engineering (B.S.) program is accredited by the Engineering Accreditation Commission of ABET, <https://www.abet.org>, under the General Criteria and Program Criteria for Electrical, Computer, Communications, Telecommunication(s) and Similarly Named Engineering Programs.

### RESEARCH OPPORTUNITIES - COLLEGE OF ENGINEERING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements.

### ADVISING INFORMATION - ELECTRICAL ENGINEERING B.S.E.E.

All incoming freshman and transfer students must meet with one of the college advisors in the Engineering Student Services (ESS).

## Industrial Engineering B.S.I.E.

---

**TOTAL DEGREE HOURS: 120**

Industrial engineering (IE) is a field of study intended for individuals who are interested in formulating mathematical, statistical, and computer simulation models of complex systems in manufacturing, logistics and supply chain, healthcare, transportation, finance, utilities, entertainment, and other service industries. IEs learn to develop and apply data driven models supported by artificial intelligence and machine learning techniques to make engineering decisions for improving system performance and developing public policies. The scope of the industrial engineering profession is very broad.

### **MISSION STATEMENT**

---

The mission of the IMSE Department is to:

- Assure student success through a high-quality education which integrates the latest research and practices of the field;
- Pursue excellence in interdisciplinary research and innovation;
- Engage with the profession and the community.

Please see the mission statement on the department website for additional information.

### **PROGRAM EDUCATIONAL OBJECTIVES**

---

Our graduates are expected to:

1. Lead and engage in cross-functional teams at regional, national, and global levels.
2. Pursue professional growth and lifelong learning to advance technology and industry trends.
3. Solve relevant problems and improve systems creatively and ethically by applying concepts of industrial engineering.

### **STUDENT OUTCOMES**

---

The graduates of the B.S. degree program in Industrial Engineering at USF will demonstrate that they have an ability to:

1. Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
2. Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social environmental, and economic factors.
3. Communicate effectively with a range of audiences.
4. Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
5. Function effectively on a team whose members together provide leadership, create a collaborative environment, establish goals, plan tasks, and meet objectives.
6. Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. Acquire and apply new knowledge as needed, using appropriate learning strategies.

### **PROGRAM CRITERIA**

---

The Program Criteria for the Industrial and Similarly Named Engineering Programs

#### **Lead Society: Institute of Industrial and Systems Engineers**

##### **1. Curriculum**

The curriculum must provide both breadth and depth across the range of engineering science, computer science, and engineering design topics implied by the title and objectives of the program.

The curriculum must include design, analysis, operation, and improvement of integrated systems that produce or supply products or services in an effective, efficient, sustainable, and socially responsible manner.

The curriculum must utilize real-world experiences and business perspectives.

# COLLEGE OF ENGINEERING

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

The curriculum must include the topical areas of productivity analysis, operations research, probability, statistics, engineering economy, and human factors.

### 2. Faculty

The program must demonstrate that faculty members who teach core industrial engineering courses have an understanding of professional practice and maintain currency in their respective professional areas.

## UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING

---

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Engineering, see the information at College of Engineering.

## PROGRESSION REQUIREMENTS IN THE UPPER DIVISION - INDUSTRIAL ENGINEERING B.S.I.E.

---

Industrial Engineering students who have fully met the below requirements and are in good academic standing, may progress into the upper division for the major. Prior to progression into the upper division, a student may be permitted to take no more than two departmental Engineering courses. The department may have continuation requirements which specify minimum performance standards in core major courses which must be met before further registration in the department is granted.

1. Completion of with a minimum grade of C in each course and a 3.0 GPA based upon the best attempt in these courses:
  - **CHM 2045 - General Chemistry I Credit(s): 3 AND CHM 2045L - General Chemistry I Laboratory Credit(s): 1**
  - **MAC 2311 - Calculus I Credit(s): 4 AND MAC 2312 - Calculus II Credit(s): 4 AND MAC 2313 - Calculus III Credit(s): 4**
  - **PHY 2048 - General Physics I - Calculus Based Credit(s): 3 AND PHY 2048L - General Physics I Laboratory Credit(s): 1**
  - **PHY 2049 - General Physics II - Calculus Based Credit(s): 3 AND PHY 2049L - General Physics II Laboratory Credit(s): 1**
2. A minimum overall GPA of 2.5
3. A minimum USF GPA of 2.5

Students who meet the minimum USF GPA and overall GPA requirements, but not the preferred qualifications (#1 above) may submit a Conditional Progression form to the IMSE Undergraduate Committee for consideration. Forms for the Fall term are due by October 1<sup>st</sup> and Spring term are due by March 1<sup>st</sup>.

## DEPARTMENTAL POLICIES

---

The Department has the following policies:

- Mandatory academic advising of students for each term,
- Exit interviews as a graduation requirement,
- Students are encouraged to take the FE Exam.

## REQUIRED COURSES: (105 CREDIT HOURS)

---

## STATE MANDATED COMMON COURSE PREREQUISITES - INDUSTRIAL ENGINEERING B.S.I.E. (27 CREDIT HOURS)\*

---

# COLLEGE OF ENGINEERING

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- MAC X311 **OR** MAC X281 - 4 credit hours
- MAC X312 **OR** MAC X282 - 4 credit hours
- MAC X313 **OR** MAC X283 - 4 credit hours
- MAP X302 **OR** MAP X305 - 3 credit hours
- (CHM X045 **AND** CHM X045L) **OR** CHM X045C **OR** (CHS X440 **AND** CHS X440L) - 4 credit hours
- (PHY X048 **AND** PHY X048L) **OR** PHY X048C - 4 credit hours
- (PHY X049 **AND** PHY X049L) **OR** PHY X049C **OR** (PHY X044 **AND** PHY X049L) - 4 credit hours

\* All state common prerequisite courses count towards major-required Mathematics and Science courses and are not additional credit hours

## STATE MATHEMATICS PATHWAY - INDUSTRIAL ENGINEERING B.S.I.E. (7 CREDIT HOURS)\*

The Industrial Engineering B.S.I.E. uses the Algebra through Calculus Mathematics Pathway with the following requirements:

- MAC 1105 - College Algebra **Credit(s): 3** \*\*
- MAC 2311 - Calculus I **Credit(s): 4**

\* Mathematics Pathway courses count towards the State Common Prerequisite math courses and are not additional credits.

\*\* Students may place out of MAC 1105 and begin at a higher-level math class.

## MAJOR CORE COURSES: 35 COURSES; 98 CREDIT HOURS

---

### MATH AND SCIENCE COURSES: 10 COURSES; 27 CREDIT HOURS

- CHM 2045 - General Chemistry I **Credit(s): 3**
- CHM 2045L - General Chemistry I Laboratory **Credit(s): 1**

The Industrial Engineering (B.S.) program is accredited by the Engineering Accreditation Commission of ABET, <https://www.abet.org>, under the General Criteria and Program Criteria for Industrial Engineering and Similarly Named Engineering Programs.

### RESEARCH OPPORTUNITIES - COLLEGE OF ENGINEERING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements.

### ADVISING INFORMATION - INDUSTRIAL ENGINEERING B.S.I.E.

Students who wish to declare Industrial Engineering as their major **must apply to be admitted into the department**. A department application and an IE flowchart with courses completed must be obtained from Engineering Student Services in Engineering Building III (ENC) 1302 prior to an initial advising appointment request in the department. This should be done when the four core prerequisites of EGN 1113 - Introduction to Design Graphics, EGN 2440 - Probability and Statistics with Calculus, EGN 4450 - Introduction to Linear Systems, and EGN 2615 - Economical Analysis of Systems have been satisfactorily completed, **and** the minimum entrance requirements are met. The first departmental advising session will be scheduled with the Undergraduate Director, Dr. Kingsley Reeves. Subsequently, the student will be assigned to an IE faculty as their permanent advisor for the remainder of their semesters until completion of their degree.

Visit <http://www.usf.edu/engineering/imse/about-us/contacts.aspx> for contact information.

## Aerospace Engineering B.S.A.E.

---

**TOTAL DEGREE HOURS: 128**

Students pursuing a Bachelor of Science in Aerospace Engineering take coursework in aerodynamics, flight mechanics, propulsion, computer-aided design, solid and fluid mechanics, motion planning & control, Aerostructures, composite materials, finite element analysis, etc. This is supplemented by elective coursework in bioastronautics, supersonic & hypersonic flows, astrodynamics, autonomous vehicle systems, etc. Laboratories are available for basic instrumentation, thermal and fluid sciences, solid mechanics, data acquisition, controls, and CAD/CAE. Graduates of this major are employed in design, manufacturing, contracting, operations, marketing, and management in virtually all segments of industry and government, including, but not limited to, aeronautics, aerospace, propulsion; automotive, internal combustion engines, fuel cells, and transportation; propulsion systems; power generation; heating, ventilation, and air conditioning; structures and machinery design; micro and nanomaterials and semiconductors.

### **MISSION STATEMENT**

---

The Mission of the Department of Mechanical and Aerospace Engineering in the College of Engineering at the University of South Florida is to provide a quality undergraduate and graduate education for students entering the engineering profession or seeking careers in related fields: to advance scientific knowledge through basic and applied research; to disseminate technical information through scholarly publications, conferences, and continuing education; to advance the profession through service within the associated societies, and to promote activities which serve global development.

### **PROGRAM EDUCATIONAL OBJECTIVES**

---

Our Graduates, within a few years after graduation, will successfully:

- A. Apply aerospace engineering knowledge and skills of problem-solving, design, modeling, testing, and research to address the needs of society and organizations.
- B. Pursue continued career development, including postgraduate study in engineering or other fields.
- C. Seek leadership positions, communicate effectively, and participate in multidisciplinary collaborations.
- D. Demonstrate professional and ethical responsibility in their careers.

### **UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING**

---

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Engineering, see the information at College of Engineering.

### **PROGRESSION REQUIREMENTS IN THE UPPER DIVISION: AEROSPACE ENGINEERING B.S.A.E.**

---

Aerospace Engineering students who have fully met the below requirements and are in good academic standing may progress into the upper division of the major. Before progressing into the upper division, a student may be permitted to take no more than two departmental engineering courses. The department may have continuation requirements that specify minimum performance standards in core major courses, which must be met before further registration in the department is granted.

1. Completion of the following courses with a cumulative 3.0 GPA based on best attempt (maximum two attempts) and a minimum grade of C in each course:

# COLLEGE OF ENGINEERING

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- CHM 2045 - General Chemistry I **Credit(s): 3** AND CHM 2045L - General Chemistry I Laboratory **Credit(s): 1**
  - MAC 2311 - Calculus I **Credit(s): 4**
  - MAC 2312 - Calculus II **Credit(s): 4**
  - MAC 2313 - Calculus III **Credit(s): 4**

2. A minimum overall GPA of 2.5
3. A minimum USF GPA of 2.5

## MINIMUM CONTINUATION REQUIREMENTS - AEROSPACE ENGINEERING B.S.A.E.

---

- Completion of EGN 3311 - Statics **Credit(s): 3** and EGN 3321 - Dynamics **Credit(s): 3** with a minimum grade of "C+" in each course (grade of C is insufficient).
- Completion of EML 3500 - Mechanics of Solids **Credit(s): 3** and EGN 3343 - Thermodynamics I **Credit(s): 3** with a minimum grade of C in each course (C- is insufficient).

## REQUIRED COURSES: (105 CREDIT HOURS)

---

### STATE MANDATED COMMON COURSE PREREQUISITES - AEROSPACE ENGINEERING B.S.A.E. (27 CREDIT HOURS)\*

---

Following Florida BOG Regulation 8.010, state-mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State-Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- MAC X311 **OR** MAC X281 - 4 credit hours
- MAC X312 **OR** MAC X282 - 4 credit hours

## ADDITIONAL INFORMATION - AEROSPACE ENGINEERING B.S.A.E.

---

### GPA REQUIREMENTS

Students must maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.

### GRADING REQUIREMENTS

The minimum acceptable grade in all BSAE-required math and science courses is a C or higher (C- is insufficient). The minimum acceptable grade in engineering and specialization courses, which are prerequisites to other degree-required courses, is a C-, except as stated in the Department Continuation Requirements. The passing grade for terminal engineering and specialization courses is a C-.

### COURSE GRADE REQUIREMENT

Continuation requires completing EGN 3311 - Statics and EGN 3321 - Dynamics with a minimum grade of "C+" in each course (a grade of C is insufficient). Also, completion of EML 3500 - Mechanics of Solids and EGN 3343 - Thermodynamics I with a minimum grade of C in each course (C- is insufficient).

### RESIDENCY REQUIREMENTS

Transfer students must complete a minimum number of approved specialization courses in the major at USF. The respective academic department establishes the minimum number of USF specialization credit hours required, which must be at least 18. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A dual-degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree-granting department beyond those specialization hours required for the first degree.

### INTERNSHIP OPPORTUNITIES

The College of Engineering and USF's Center for Career and Professional Development Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. Various industries and government agencies offer engineering students internships and cooperative education employment opportunities. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students typically apply for participation in this program during their first year in the engineering college and pursue actual internships during their sophomore, junior, and senior years.

### RESEARCH OPPORTUNITIES - COLLEGE OF ENGINEERING

---

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements.

### ADVISING INFORMATION - AEROSPACE ENGINEERING B.S.A.E.

---

USF students schedule advising appointments online through the USF Archivum platform. The students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation. <https://www.usf.edu/engineering/student-services/>

## Mechanical Engineering B.S.M.E.

---

**TOTAL DEGREE HOURS: 128**

Students pursuing the Bachelor of Science in Mechanical Engineering take coursework in thermodynamics, heat transfer, instrumentation, measurements, computer-aided design, solid and fluid mechanics, dynamics, machine analysis and design, mechanical design, manufacturing processes, vibrations and controls. This is supplemented by elective coursework in such areas as sustainability, internal combustion engines, refrigeration and air conditioning, mechanical design, robotics, propulsion, manufacturing, bio-engineering, alternative energy, thermal design, composite materials, and tribology. Laboratories are available for basic instrumentation, thermal and fluid sciences, solid mechanics, data acquisition, controls, CAD/CAE, and vibrations. Graduates of this major are employed in design, manufacturing, contracting, operations, marketing, and management in virtually all segments of industry and government, including, but not limited to: aeronautics, aerospace and propulsion; automotive, internal combustion engines, fuel cells and transportation; propulsion systems; power generation; heating, ventilation and air conditioning; structures and machinery design; mining and oil exploration; paper, textile, food, and petrochemical industries/processing/manufacturing; micro and nano materials and semiconductors; and biomaterials and bioengineering. There are abundant career opportunities in a wide range of industries because mechanical equipment is required in every aspect of modern industry.

## **MISSION STATEMENT**

---

The Mission of the Department of Mechanical and Aerospace Engineering in the College of Engineering at the University of South Florida is to provide a quality undergraduate and graduate education for students entering the mechanical engineering profession or seeking careers in related fields: to advance scientific knowledge through basic and applied research; to disseminate technical information through scholarly publications, conferences and continuing education; to advance the profession through service within the associated societies, and to promote activities which serve global development.

## **PROGRAM EDUCATIONAL OBJECTIVES AND ABET STUDENT OUTCOMES**

---

### **PROGRAM EDUCATIONAL OBJECTIVES**

---

Our Graduates, within a few years after graduation, will successfully:

- A. Apply mechanical engineering knowledge and skills to address the needs of society and organizations.
- B. Pursue continued career development that may include postgraduate study in engineering or other fields.
- C. Seek leadership positions, communicate effectively, and participate in multidisciplinary collaborations.
- D. Demonstrate professional and ethical responsibility in their careers.

### **ABET STUDENT OUTCOMES**

---

The graduates of the B.S. degree program in Mechanical Engineering at USF will demonstrate that they have an ability to:

1. Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
2. Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
3. Communicate effectively with a range of audiences.
4. Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
5. Function effectively on a team whose members together provide leadership, create a collaborative environment, establish goals, plan tasks, and meet objectives.
6. Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. Acquire and apply new knowledge as needed, using appropriate learning strategies.

## THE PROGRAM CRITERIA FOR MECHANICAL AND SIMILARLY NAMED ENGINEERING PROGRAMS

Lead Society: *American Society of Mechanical Engineers*

### 1. Curriculum

In preparation for professional practice, the curriculum must include:

- a. principles of engineering, basic science, and mathematics (including multivariate calculus and differential equations);
- b. applications of these topics to modeling, analysis, design, and realization of physical systems, components, or processes;
- c. coverage of both thermal and mechanical systems; and
- d. in-depth coverage of either thermal or mechanical systems.

### 2. Faculty

The program must demonstrate that faculty members responsible for the upper-level professional courses maintain currency in their specialty area(s).

## UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING

# COLLEGE OF ENGINEERING

---

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

## GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.

## GRADING REQUIREMENTS

The minimum acceptable grade in all BSME required math and science courses is a C or higher (C- is insufficient). The minimum acceptable grade in engineering and specialization courses which are prerequisites to other degree required courses is a C-, except as stated in the Department Continuation Requirements. The passing grade for terminal engineering and specialization courses is a C-.

## COURSE GRADE REQUIREMENT

Continuation requires completion of EGN 3311 - Statics and EGN 3321 - Dynamics with a minimum grade of "C+" in each course (grade of C is insufficient). Also, completion of EML 3500 - Mechanics of Solids and EGN 3343 - Thermodynamics I with a minimum grade of C in each course (C- is insufficient).

## RESIDENCY REQUIREMENTS

Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic engineering courses are not considered specialization courses. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

## INTERNSHIP OPPORTUNITIES

The College of Engineering and USF's Center for Career and Professional Development Cooperative Education (Co-Op) program provides services for students interested in experiential educational experiences. A wide variety of industries and government agencies offer internships and cooperative education employment opportunities for engineering students. Participants gain valuable expertise in practical applications and other aspects of operations and development in a professional engineering environment. Students normally apply for participation in this program during their first year in the engineering college and pursue actual internships during their sophomore, junior, and senior years.

## ACCREDITATION INFORMATION

The Mechanical Engineering (B.S.) program is accredited by the Engineering Accreditation Commission of ABET, <https://www.abet.org>, under the General Criteria and Program Criteria for Mechanical and Similarly Named Engineering Programs.

## RESEARCH OPPORTUNITIES - COLLEGE OF ENGINEERING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements.

## Aerospace Engineering Minor

---

The primary objective of introducing the Aerospace Engineering minor is to cater to the growing interests and needs of students who are drawn to the Aerospace Engineering sector. This minor will offer a broad educational experience, ensuring that students not only grasp the theories and concepts of introductory aerospace engineering but also hone the requisite practical skills. Specifically, students will be positioned advantageously for a smooth transition to postgraduation, whether they choose to pursue employment in the aerospace industry or continue their academic journey with advanced studies.

### **AEROSPACE ENGINEERING MINOR**

---

Completion of the minor requires 12 credits hours (6 Credit Hours required core classes and 6 Credit Hours of approved minor electives) with 2.0 cumulative grade point average and a minimum grade of C- in each course. A maximum of 3 credit hours of the minor courses (core and electives) may be counted towards requirements for the Mechanical Engineering major.

#### **MINOR PREREQUISITES**

---

1. Completion of the following courses with a cumulative 3.0 GPA based on best attempt (maximum two attempts) and a minimum grade of C in each course:
  - CHM 2045 - General Chemistry I **AND** CHM 2045L - General Chemistry I Laboratory  
**OR** CHS 2440 - General Chemistry for Engineers **AND** CHS 2440L - General Chemistry for Engineers Lab
  - MAC 2311 - Calculus I **OR** MAC 2281 - Engineering Calculus I
  - MAC 2312 - Calculus II **OR** MAC 2282 - Engineering Calculus II
  - MAC 2313 - Calculus III **OR** MAC 2283 - Engineering Calculus III
  - PHY 2048 - General Physics I - Calculus Based **AND** PHY 2048L - General Physics I Laboratory
  - PHY 2049 - General Physics II - Calculus Based **AND** PHY 2049 - General Physics II - Calculus Based
2. Completion of EGN 3311 - Statics and EGN 3321 - Dynamics with a minimum grade of "C+" in each course (grade of C is insufficient).
3. Completion of EML 3500 - Mechanics of Solids and EGN 3343 - Thermodynamics I with a minimum grade of C in each course (C- is insufficient).
4. Completion of EML 3701 - Fluid Systems, EML 4123 - Heat Transfer, and EML 4312 - Mechanical Controls with a minimum grade of C-.
5. A minimum overall GPA of 2.5
6. A minimum USF GPA of 2.5

#### **REQUIRED MINOR CORE (6 CREDIT HOURS)**

---

- EAS 4020 - Introduction to Flight **Credit(s): 3**
- EAS 4101 - Fundamentals of Aerodynamics **Credit(s): 3**

#### **MINOR ELECTIVES (6 CREDIT HOURS)**

---

Students select two of the following electives:

- BME 4440 - Introduction to Bioastronautics **Credit(s): 3**
- EML 4230 - Introduction to Composite Materials **Credit(s): 3**
- EML 4536 - Applied Finite Element Analysis **Credit(s): 3**

#### **ADVISING INFORMATION**

---

Students who wish to pursue the Aerospace minor should contact the Mechanical Engineering for advising. See [https://www.usf.edu/engineering/me/undergraduate/ug\\_advising.aspx](https://www.usf.edu/engineering/me/undergraduate/ug_advising.aspx)

Pre-Mechanical Engineering students need to refer to the "Pre-Admitted Mechanical Engineering Undergraduates" tab. If you are in need of advising you may walk-in during office hours or make an appointment.

## Biomedical Engineering B.S.B.E.

---

**TOTAL DEGREE HOURS: 126**

### **MISSION STATEMENT**

The mission of the USF Department of Medical Engineering is to advance excellence in biomedical engineering education through a joint venture between the Morsani College of Medicine and the College of Engineering by conducting innovative translational research, developing impactful cutting-edge technologies, and preparing highly talented students for success as multidisciplinary global leaders across the fields of engineering, healthcare, and biomedical sciences.

### **PROGRAM EDUCATIONAL OBJECTIVES AND STUDENT OUTCOMES**

---

The graduates from the Department of Medical Engineering undergraduate biomedical engineering major are expected to achieve the following educational objectives:

1. To develop into successful, ethical biomedical engineers, healthcare professionals, or other related practitioners guided by an interdisciplinary curriculum, extracurricular activities and targeted internship experience.
2. To continue to pursue and expand their technical and professional knowledge and skills through academic and industrial training and lifelong learning.
3. To contribute to the local, national and global communities using experiences and skills acquired through their biomedical engineering education at the University of South Florida (USF).

### **ABET STUDENT LEARNING OUTCOMES**

---

The graduates of the B.S. degree program in Biomedical Engineering at USF will demonstrate that they have:

1. An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
2. An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
3. An ability to communicate effectively with a range of audiences.
4. An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
5. An ability to function effectively on a team whose members together provide leadership, create a collaborative environment, establish goals, plan tasks, and meet objectives.
6. An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.
8. An ability to write complex programming code in at least one language to solve complex biomedical engineering problems and systems.

Furthermore, the structure of the curriculum provides both breadth and depth across the range of engineering and science topics consistent with the program educational objectives and student outcomes. The curriculum prepares graduates with experience in:

- (a) Applying principles of engineering, biology, human physiology, chemistry, calculus-based physics, mathematics (through differential equations) and statistics;
- (b) Solving bio/biomedical engineering problems, including those associated with the interaction between living and non-living systems;
- (c) Analyzing, modeling, designing, and realizing bio/biomedical engineering devices, systems, components, or processes; and
- (d) Making measurements on and interpreting data from living systems.

### **SPECIALIZED ADMISSIONS - BIOMEDICAL ENGINEERING B.S.B.E.**

---

This major has additional admissions requirements as listed in this section.

# COLLEGE OF ENGINEERING

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

The Biomedical Engineering major is a specialized admissions program due to the following reasons: 1) limited space, equipment and other instructional facilities, including required laboratories; and 2) the program is of such a nature that in order to demonstrate potential for success in the program, applicants must attain a grade point average as noted below.

### **First-Year Students:**

Incoming first-year students who are interested in the Biomedical Engineering Major program must meet the following entrance criteria for this rigorous specialized admissions program:

- Minimum SAT Math 640 or ACT Math 27 or CLT 27
- Minimum High School Weighted GPA of 3.6 (as determined by USF Undergraduate Admissions)
- Ideally, students will have completed advanced high school courses in Chemistry, Physics, Calculus and Biology.

### **Sophomores:**

Current USF students must meet the following minimum requirements to be considered for admission to the upper-division program.

- Minimum cumulative 3.5 GPA for the prerequisite courses, as listed below (best attempt);\*
- Minimum grade of C in each prerequisite course listed below;
- No more than two attempts allowed for the prerequisite courses listed below (withdrawals included);
- Completion of the first three semesters of the BME plan of study by the end of the third semester after matriculation to the University with a minimum 3.2 cumulative GPA for those semesters;
- Completed BME departmental online application.

\*Only the best attempt in each prerequisite course as listed below, is considered for admission into the BME program.

Students apply for admission to the upper-division BME major once all prerequisite courses are complete, which would typically happen in the spring semester of the sophomore year.

### **CONTINUATION REQUIREMENT:**

In addition to the requirements above, in order for students to be allowed to continue into the upper-division BME major beginning in the fall semester of the junior year, they must also earn a 3.2 or higher Engineering GPA (includes all College of Engineering courses) by the end of the fourth semester of the BME plan of study.

### **Transfers:**

Transfer students must meet the following minimum requirements to be considered for admission into the BME program.

- Completed BME departmental online application;
- Minimum 2.0 cumulative (overall) GPA;
- Minimum cumulative 3.5 GPA in the prerequisite courses listed below;
- Minimum grade of C in each prerequisite course listed below;
- No more than two attempts allowed for the prerequisite courses listed below (withdrawals included).

Applicants who do not meet the minimum admission requirements as stated above will not be eligible for admission into the BME program.

Transfer applications are referred to the department only after the USF Office of Admissions (including official transcripts) considers them complete. Applications are reviewed periodically and not on a rolling basis. The date of review may vary depending on the number of applications received.

Transfer applicants coming from out-of-state or private Florida institutions will be considered on a space available basis only.

### **PREREQUISITE COURSES FOR ADMISSION TO THE UPPER-DIVISION MAJOR**

## UNIVERSITY ADMISSIONS - COLLEGE OF ENGINEERING

---

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

For Admission information specific to the College of Engineering, see the information at College of Engineering.

## DEPARTMENTAL POLICIES

---

In addition to the college's graduation requirements, the department has the following policies:

1. Mandatory academic advising of students for each term.
2. Exit interviews as a graduation requirement.

## REQUIRED COURSES: (108 CREDIT HOURS)

---

### STATE MANDATED COMMON COURSE PREREQUISITES - BIOMEDICAL ENGINEERING B.S.B.E. (33 CREDIT HOURS)\*

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper-division of a particular baccalaureate degree program.

Transfer students should complete the following prerequisite courses at the lower-level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- (MAC X311 **AND** MAC X312 **AND** MAC X313) **OR** (MAC X281 **AND** MAC X282 **AND** MAC X283) - 4 credit hours
- MAP X302 **OR** MAP X305 **OR** ECH X301 - 3 credit hours
- CHM X045C **OR** (CHM X045 **AND** CHM X045L) **OR** (CHM X095 **AND** CHM X095L) **OR** CHS X440C **OR** (CHM X440 **AND** CHM X440L) - 4 credit hours
- PHY X048C **OR** [PHY X048 **AND** (PHY X048L **OR** PHY X064L)] - 5 credit hours
- PHY X049C **OR** [PHY X049 **AND** (PHY X049L **OR** PHY X064L)] - 5 credit hours
- (CHM X046 **AND** CHM X046L) **OR** (CHM X096 **AND** CHM X096L) **OR** CHM X046C - 4 credit hours
- BSC X010C **OR** [BSC X010 **AND** (BSC X010L **OR** BSC X044L)] - 4 credit hours

---

- CHM X217 **OR** CHM X210 - 3 credit hours

\* All state common prerequisite courses count towards major-required Mathematics and Science courses and are not additional credit hours. These courses are also used to meet the Math and Science requirements for the major so are not additional credits.

## STATE MATHEMATICS PATHWAY – BIOMEDICAL ENGINEERING B.S.B.E. (7 CREDIT HOURS)\*

The Biomedical Engineering B.S.B.E. uses the Algebra through Calculus Mathematics Pathway with the following requirements:

- MAC 1105 - College Algebra **Credit(s): 3** \*\*
- MAC 2281 - Engineering Calculus I **Credit(s): 4**

\* Mathematics Pathway courses count towards the State Common Prerequisite mathematics courses and are not additional credits.

\*\* Students may place out of MAC 1105 and begin at a higher-level math class.

## MAJOR CORE COURSES: 36 COURSES; 96 CREDIT HOURS

### MATH AND SCIENCE: 15 COURSES; 38 CREDIT HOURS

- BSC 2010 - Biology I Cellular Processes **Credit(s): 3**
- BSC 2010L - Cellular Processes Laboratory **Credit(s): 1**

- BME 4514C - Embedded Systems for Biomedical Engineers **Credit(s): 3**
- BME 4882 - Biomedical Engineering Design I **Credit(s): 3**
- BME 4883C - Biomedical Engineering Design II **Credit(s): 3**

## MAJOR ELECTIVES: 4 COURSES; 12 CREDIT HOURS

In addition to the core curriculum, students are required to complete 6 credits of STEM electives and 6 credits of BME electives. Students may select elective courses from the lists below or petition the Medical Engineering department, prior to registration, for approval of any non-listed courses.

- 6 hours of BME Upper-Level Electives
- 6 hours of STEM Upper-Level Electives

## BME ELECTIVE OPTIONS

- BME 4423 - Connectomics **Credit(s): 3**
- BME 4440 - Introduction to Bioastronautics **Credit(s): 3**
- BME 4509 - Bioelectronics **Credit(s): 3**
- BME 4531 - Introduction to Medical Imaging **Credit(s): 3**
- BME 4571 - Nanomedicine **Credit(s): 3**
- BME 4581 - Fundamental of BioMEMS **Credit(s): 3**
- BME 4714 - Advanced Mathematics for BME **Credit(s): 3**
- BME 4931 - Selected Topics in Biomedical Engineering **Credit(s): 1-3**
- CAP 4662 - Introduction to Robotics **Credit(s): 3**
- ECH 4504 - Kinetics and Reaction Engineering **Credit(s): 3**
- EEE 4260C - Bioelectricity **Credit(s): 3**
- EEE 4274 - MEMS I: Chemical/Biomedical Sensors and Microfabrication **Credit(s): 3**
- EML 3022 - Computer Aided Design and Engineering **Credit(s): 3**
- EML 4575 - Principles of Fracture Mechanics **Credit(s): 3**

## STEM ELECTIVE OPTIONS

- Any Engineering course at 3xxx or 4xxx level.
- Any BSC or CHM or MCB or PCB or PHY or Math courses in 3xxx or 4xxx level for Science major.

## PROFESSIONAL ELECTIVE OPTIONS

- BME 4914 - Biomedical Engineering Research Experience **Credit(s): 0-3**
- BME 4943 - Biomedical Engineering Industry Internship Experience **Credit(s): 0-3**

## ADDITIONAL INFORMATION - BIOMEDICAL ENGINEERING B.S.B.E.

### GPA REQUIREMENTS

Students must have and maintain a minimum 2.0 semester GPA, 2.0 Math and Science GPA, 2.0 Engineering GPA, 2.0 Specialization GPA, 2.0 USF GPA, and 2.0 overall GPA.

### GRADING REQUIREMENTS

A total of one D grade is allowed in all BSBE required courses. Upon receiving a D, a grade petition form must be submitted to progress in the BME major. If another D is received, the student must repeat the petitioned course. The student will not be required able to take additional BME courses until the second D is successfully completed with a passing grade.

Unless otherwise stated, the minimum acceptable grade in BSBE required math, science, engineering and specialization courses is a C or higher (C- is insufficient).

### RESIDENCY REQUIREMENTS

# COLLEGE OF ENGINEERING

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

Transfer students must complete a minimum number of approved specialization courses in the major at USF. The minimum number of USF specialization credit hours required is established by the respective academic department. In no case will this be less than 18 hours. Basic Engineering courses are not considered specialization courses. The University residency requirement must also be met.

A dual degree student must meet the requirements of each major and have a minimum of 18 approved specialization hours taken in the degree granting department beyond those specialization hours required for the first degree.

## BACHELOR'S/MASTER'S PATHWAYS

Students majoring in Biomedical Engineering have the option to pursue one of the following Bachelor's/Master's Pathways:

- B.S.B.E. Biomedical Engineering/M.S.B.E. Biomedical Engineering

For more information, see the Graduate Catalog.

## ACCREDITATION INFORMATION

The Biomedical Engineering (B.S.) program is accredited by the Engineering Accreditation Commission of ABET, <https://www.abet.org>, under the General Criteria and Program Criteria for Bioengineering, Biomedical and Similarly Named Engineering Programs.

## RESEARCH OPPORTUNITIES - COLLEGE OF ENGINEERING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements.

## ADVISING INFORMATION - BIOMEDICAL ENGINEERING B.S.B.E.

All incoming freshman and transfer students must meet with the Medical Engineering Department undergraduate advisor.

## Biomedical Engineering Minor

---

The Biomedical Engineering Minor is open only to non-Engineering students majoring in STEM fields (including Biology, Chemistry, Mathematics, and Physics) who satisfy the prerequisites listed below and are interested in engineering approaches to biomedical problems. The 15-credit minor covers key topics in the discipline. The minor also fulfills the majority of coursework requirements for non-Engineering applicants to the Master's degree program in Biomedical Engineering.

### **MINOR REQUIREMENTS: 15**

---

#### **ENGINEERING SCIENCE CORE (6 CREDIT HOURS)**

---

Students must complete the following two (6 credit hours) engineering science courses:

- EGN 3343 - Thermodynamics I **Credit(s): 3**
- EGN 3373 - Electrical Systems I **Credit(s): 3**

#### **BIOMEDICAL ENGINEERING ELECTIVES (9 CREDIT HOURS)**

---

Students must complete any three (9 credit hours) of the following biomedical engineering courses:

- BME 3009 - Introduction to Biomedical Engineering **Credit(s): 3**
- BME 3053 - Computer Programming for BME **Credit(s): 3**
- BME 3060 - Biomedical Engineering Fundamentals **Credit(s): 3**
- BME 4232 - Biomechanics **Credit(s): 3**
- BME 4503 - Biomedical Instrumentation **Credit(s): 3**

## College of Nursing

---

### About the College

---

The College of Nursing is an integral part of USF Health and the University of South Florida. We strive to live by our mission to employ the core values of excellence, innovation, inclusion, and respect to educate future nurses, advance nursing science, and implement evidence-based clinical practice to improve health and wellness.

At the College of Nursing, the faculty and staff strive to assist students in excelling in a high-impact, innovative research and entrepreneurial environment. Students can choose from a baccalaureate, master's, Doctorate of Nursing Practice, and Ph.D. Nursing science degrees. We offer the V-CARE pathway, a Bachelor of Science in Nursing pathway, created for service members and veterans who have completed training as Army or Air Force medics and Navy corpsmen.

### Mission, Vision, Values

---

**Mission:** Employ the core values of excellence, innovation, inclusion, and respect to educate future nurses, advance nursing science, and implement evidence-based clinical practice to improve health and wellness.

**Vision:** Be the aspirational leader in nursing education, research and practice.

**Values:** Respect, Integrity, Inclusion, Excellence, Innovation, Partnership

### Accreditation

---

The baccalaureate degree program in nursing at the University of South Florida is accredited by the Commission on Collegiate Nursing Education, 655 K Street NW, Suite 750, Washington, DC 20001, 202-887-6791.

The University of South Florida (USF) is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate, baccalaureate, master's, specialist, and doctorate degrees.

Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097, or call 404-679-4500 for questions about the accreditation of the University of South Florida.

### College-Level Requirements

---

The College of Nursing is a specialized admissions college and uses selective criteria for the admission of students.

Any student who applies to the undergraduate program in the College of Nursing is initially coded as "pre-nursing" prior to official acceptance to the College of Nursing. Final admission to all Nursing programs is conditional upon passing a Level 2 background check.

### Admission Requirements

---

In addition to university admission requirements, the College of Nursing has additional admission requirements for each pathway. Please review the admission requirements for the specific pathway to which you are applying.

### Background Checks, Fingerprinting, Drug Testing and Immunizations

---

All students who are admitted to the College of Nursing are required to complete a background check, drug screening, and immunization verification. In addition, students are mandated to carry health insurance during their enrollment in the College of Nursing. All required documentation should be submitted via <https://portal.castlebranch.com/ud98>.

- The requirements are as follows: MMR, Varicella, Hepatitis B, Documentation of a Tdap booster, TB skin test, CPR certification from the American Heart Association, a flu shot, HIPPA, and health insurance.
- All requirements must be completed by the first week of class to matriculate.
- The Castle Branch account must be created with a USF email address, which is only available to students who have been admitted to the College of Nursing.
- Final admission to all nursing majors is conditional upon passing a Level 2 background check. Students who do not pass the level 2 background check will not be refunded the cost by either the college or Castle Branch.

### **Program-Specific Requirements**

Students must be admitted by the USF Office of Admissions in addition to applying to the College of Nursing through NursingCAS. Students must have the Tampa campus as their home campus.

### **Student Computer Requirement**

<https://health.usf.edu/nursing/undergraduate/student-resources> (click Computer Requirements)

All USF College of Nursing students are required to have a laptop/notebook computer with wireless internet connection. Students are also required to have a compatible webcam and microphone; the webcam and microphone should either be built into your notebook or be a portable model. Specific information on requirements can be found via the link provided.

Students in all nursing courses are expected to meet these requirements to successfully participate in their courses. Failure to meet these technology standards may result in inability to complete course or program requirements. It is the student's responsibility to ensure all requirements are met prior to the start of the semester.

### **Nursing Trailblazers Living Learning Community – Housing at the Tampa campus**

The Nursing Trailblazers LLC, located in Poplar Hall, creates a unique opportunity for nursing students to live and study together. Students co-enroll in critical prerequisite course work, participate in special events and activities designed to introduce them to the healthcare profession, and network with College of Nursing administrators, faculty, and student leaders. Students also enjoy in-hall academic advising throughout the year, as well as in-hall tutoring for selected courses! To learn more and apply, visit: <https://www.usf.edu/housing/residential-learning/lrc-major/pre-nursing.aspx>.

### **Nursing Programs**

#### **Nursing: Accelerated Second Degree**

<https://health.usf.edu/nursing/undergraduate/programs/second-degree>

The Accelerated Second Bachelor's Degree pathway (SBN) is for students who have a baccalaureate degree in another field and a minimum undergraduate GPA of 3.00. Students with a bachelor's degree in a non-nursing field and who have completed all the nursing pre-requisite courses may be considered for admission into the Accelerated Second Bachelor's Degree pathway; upon completion, students will earn a second bachelor's degree. This is a full-time, specialized admissions program, as mandated by the state, and is structured sequentially. Admission is competitive.

#### **Criteria for Accelerated Second Bachelor's Degree**

- Admission to the University of South Florida (Tampa campus), as a degree-seeking, second baccalaureate undergraduate student.
- Completed application to the College of Nursing through NursingCAS prior to the published deadline for the intended term of entry.
- Completion of first bachelor's degree from an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission at the time of application to the USF College of Nursing.
- Minimum 3.0 cumulative GPA on all undergraduate work.
- Minimum 3.0 nursing prerequisite GPA.
- Completion of at least seven of the eight nursing prerequisite courses by the published deadline for the intended term of entry.
  - Note: Students that are enrolled in their one, final nursing prerequisite past the application deadline must complete the course by the program state date, with a minimum grade of C or better, while

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

maintaining a cumulative GPA greater than or equal to 3.0. If the course is graded on a +/- system, a C- grade is acceptable.

If a student receives a grade of less than C in any two prerequisite courses while declared as pre-nursing, the student will be required to select another major at the University of South Florida. Grade forgiveness will not apply to the mandated requirement of changing the major. In addition, if a student does not meet the minimum GPA to be eligible to apply for admission following 60 completed hours and all prerequisite courses attempted, the student will be required to select another major at the University of South Florida.

## Nursing: Upper Division

<https://health.usf.edu/nursing/undergraduate/programs/upper-division>

The Upper Division pathway (NUR) is our traditional baccalaureate nursing pathway for students who have completed nursing prerequisite courses and university general education requirements. This is a full-time, specialized admissions program, as mandated by the state, and is structured sequentially. Admission is competitive.

Criteria for Nursing: Upper Division:

- Admission to the University of South Florida (Tampa campus), as a degree-seeking undergraduate student.
- Completed application to the College of Nursing through NursingCAS prior to the published deadline for the intended term of entry.
- Minimum 3.60 cumulative GPA on all undergraduate work.
- Minimum 3.0 nursing prerequisite GPA.
- Completion of at least seven of the eight nursing prerequisites courses by published application deadline for the intended term of entry
  - Note: Students that are enrolled in their one, final nursing prerequisite past the application deadline must complete the course by the program state date, with a minimum grade of C or better, while maintaining a cumulative GPA greater than or equal to 3.0. If the course is graded on a +/- system, a C- grade is acceptable.
- Completion of English Composition I, English Composition II, and State General Education Mathematics with a C grade or better by published application deadline.
- Completion of the university's foreign language entrance requirement (FLENT) and university General Education requirements by the intended term of entry.

If a student receives a grade of less than C in any two prerequisite courses while declared as pre-nursing, the student will be required to select another major at the University of South Florida. Grade forgiveness will not apply to the mandated requirement of changing the major. In addition, if a student does not meet the minimum GPA to be eligible to apply for admission following 60 completed hours and all prerequisite courses attempted, the student will be required to select another major at the University of South Florida.

## Nursing: Veteran to BSN (V-CARE)

<https://health.usf.edu/nursing/undergraduate/programs/vbsn>

The Veteran to BSN (V-CARE) pathway allows service members and veterans with medical training experience as Army or Air Force medics or Navy corpsmen the opportunity to receive a Bachelor's of Science in Nursing degree. Graduates may then take the National Council Licensure Examination (NCLEX) to earn their RN license. Prerequisites can be completed at an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission with completion of nursing coursework at the Tampa campus.

The V-CARE pathway is a full-time, specialized admissions program, as mandated by the state, and is structured sequentially. Admission is competitive.

Criteria for Nursing: Veteran to BSN (V-CARE):

- Admission to the University of South Florida (Tampa campus) as a degree-seeking undergraduate student.
- Completed application to the College of Nursing through NursingCAS prior to the published deadline for the intended term of entry.
- Applicants must have U.S. Army Medic, U.S. Air Force Medic, or U.S. Navy Corpsman training and experience to be a candidate for the V-CARE pathway.

- Completion of English Composition I, English Composition II, and State General Education Mathematics with a C grade or better by published application deadline.
- Completion of the university's foreign language entrance requirement (FLENT) and university General Education requirements by the intended term of entry.

## Grading & Progression Policy

In addition to the university's policies on progression, The College of Nursing holds a progression policy for all students within the nursing undergraduate program. Students admitted to all nursing pathways at The College of Nursing are required to earn a minimum grade of C in didactic courses and an S in lab/clinical courses. Progression in the pathways is based on GPA, course content and overall performance in lab/clinical. Failure to meet the grade minimum may result in dismissal from the College.

For further information on progression and grading policies, visit the College of Nursing website and click Handbook. <https://health.usf.edu/nursing/undergraduate/student-resources>.

## Other Program Information

### *NCLEX-RN Examination*

Upon successful completion of the program requirements and upon recommendation by the Dean, graduates are eligible to take the National Council Licensure Examination (NCLEX-RN) leading to the registered nurse (RN) license to practice nursing.

The College of Nursing cannot guarantee that the Board of Nursing will authorize students with criminal or substance abuse histories to complete NCLEX-RN licensure examination. Therefore, it is of the utmost importance (1) to address such situations with the College of Nursing and the Board of Nursing as early as possible and (2) to notify the College of Nursing Compliance Officer within 72 hours on any changes in conduct records, including arrests, convictions, changes to RN license status, or other activities that impact the background investigation or the ability to practice that occur at any time during their program of study.

## Other Nursing Pathways

### *Freshman Nursing Pathways*

Freshmen Nursing Pathway (FNR) is a distinct pathway for first time in college (FTIC) students who have been admitted to the university as nursing majors. Those students who meet high SAT/ACT scores and a competitive high school GPA will be offered admissions into the Freshmen Nursing Pathway. Students admitted into this pathway will follow progression criteria established by the College of Nursing to remain in the pathway. This is a full-time, specialized admissions program, as mandated by the state, and is structured sequentially. Admission is competitive.

- Maintain a 3.6 overall GPA.
- Complete the Nursing state-mandated prerequisites at the University of South Florida with a minimum grade of "B-" or better.
- 5 of 8 prerequisite courses completed by the fall semester of the student's sophomore year. The remaining three prerequisite courses must be completed in the fall semester of the sophomore year.
- Complete General Education requirements and the Foreign Language Entrance Requirement (FLENT) by the end of the spring semester of the sophomore year.
- Complete the Civics Literacy requirement by the end of the spring semester of the sophomore year.
- Participate in a formal written response submission and receive a passing score.
- Successfully complete NUR 3825 - Introduction to the Profession of Nursing Credit(s): 2 Grade of "C" or better (view the Grading & Nursing Progression Policy above).

### *Nursing Honors Program B.S. to PhD Accelerated Pathway*

The Honors College has partnered with the USF College of Nursing to provide first-time in college (FTIC) freshmen with an accelerated pathway into the USF PhD program. This pathway allows Honors College students majoring in nursing the opportunity to receive admission to the College of Nursing and complete a PhD in Nursing Science degree in seven years, provided that the student continues to meet all the benchmarks of the program, including a successful interview with the College of Nursing. This is a full-time, specialized admissions program, as mandated by the state, and is structured sequentially. Admission is competitive.

#### **Criteria for Admission:**

- Admission to the University of South Florida's (Tampa campus) Honors College as a Nursing student.
- Minimum SAT score of 1360 or a combined ACT of 29.
- Minimum 3.8+ weighted high school GPA, as calculated by USF Office of Undergraduate Admissions.
- U.S. Citizenship or permanent residency (this pathway does not admit international applicants).

As a condition of membership in the Nursing Honors Program B.S. to PhD Accelerated Pathway, students must meet the following requirements:

- Maintenance of a 3.6 GPA with grades of B or better in all state-mandated nursing prerequisites.
- Adherence to approved program plan of study.
- Completion of BSN degree and successful Florida RN licensure by the start of the PhD program.

## **Baccalaureate Degree Pathways**

---

### *Global Pathways*

<http://www.usf.edu/gcp/students/index.aspx>

A Global Pathway is an undergraduate major or degree program that has significant global content and align with the goals of USF's Quality Enhancement Plan, the Global Citizens Project. Global Pathways provide students with the opportunity to practice and apply global competencies through the major or degree program. Students in the Global Pathway programs are well-positioned to earn the Global Citizen Award and become eligible to apply for a study abroad scholarship offered by the Global Citizens Project. The following program is designated as a Global Pathway Program:

#### **Nursing – BSN Upper Division Major**

The V-CARE pathway is a full-time, specialized admissions program, as mandated by the state, and is structured sequentially. Admission is competitive.

### **Advising Information**

Academic advising for the College of Nursing is available for admitted undergraduate and graduate nursing students.

The College of Nursing Student Affairs Office supports undergraduate nursing academic advising. We are open from 8:00 AM to 5:00 PM on weekdays and closed on university holidays. You may schedule an appointment to meet with an academic advisor by scheduling online via <https://usf.appiancloud.com/>.

Graduate nursing students who have been admitted to the USF College of Nursing MSN or DNP pathways should email [con-gradadvising@usf.edu](mailto:con-gradadvising@usf.edu) to connect with their academic advisor. Students admitted to the DNP Nurse Anesthesiology program should email [melissajay@usf.edu](mailto:melissajay@usf.edu), and admitted PhD students should email [emilychambers@usf.edu](mailto:emilychambers@usf.edu).

## Nursing: Accelerated Second Bachelor's Degree Pathway B.S.N.

---

TOTAL DEGREE HOURS: 62

The **Accelerated Second Bachelor's Degree** (SBN) pathway is for students who have a baccalaureate degree in another field and a minimum undergraduate GPA of 3.00. Students with a bachelor's degree in a non-nursing field and who have completed all the Nursing prerequisite courses may be considered for admission into the Accelerated Second Bachelor's Degree pathway; upon completion, students will earn a second bachelor's degree.

### SPECIALIZED ADMISSIONS

---

**THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.**

This is a full-time, specialized admissions program, as mandated by the State, and is structured sequentially. Admission is competitive. Any student who applies to the undergraduate program in the College of Nursing is initially coded as "Pre-Nursing" prior to official acceptance to the College of Nursing.

**Admissions Requirements:**

- Admission to the University of South Florida (Tampa), as a degree-seeking undergraduate student.
- Completed application to the College of Nursing prior to the published deadline for the intended term of entry.
- Completion of first bachelor's degree from an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission at the time of application to the USF College of Nursing.
- Minimum 3.0 cumulative GPA on all undergraduate work.
- Completion of at least seven of the eight Nursing prerequisite courses by the published deadline for the intended term of entry
  - Note: Any outstanding Nursing prerequisites must be completed by the program state date, with a minimum grade of C or better, while maintaining a cumulative GPA greater than or equal to 3.0.
- Participation in a formal interview with College of nursing faculty, if selected.

If a student receives a grade of less than C in any two prerequisite courses while declared as pre-nursing, the student will be required to select another major at the University of South Florida. Grade forgiveness will not apply the mandated requirement of changing the major. In addition, if a student does not meet the minimum GPA to be eligible to apply for admission following 60 completed hours and all prerequisite courses attempted, the student will be required to select another major at the University of South Florida.

## ADDITIONAL INFORMATION - NURSING: ACCELERATED SECOND BACHELOR'S B.S.N.

---

### GPA REQUIREMENTS

Minimum 3.0 cumulative GPA on all undergraduate work.

### GRADING REQUIREMENT

All nursing courses must be passed with a C or better in didactic and an S in clinical.

### RESEARCH OPPORTUNITIES - COLLEGE OF NURSING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

### ADVISING INFORMATION - COLLEGE OF NURSING

USF students can schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor to discuss course planning, degree progression, and career preparation.

- STA X014 **OR** STA X023 **OR** STA X122 - 3 credit hours

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

NOTE: Epidemiology (3 credits) is recommended but not required.

#### STATE MATHEMATICS PATHWAY – COLLEGE OF NURSING (6 CREDIT HOURS)\*

The College of Nursing uses the Statistical Reasoning Mathematics Pathway with the following requirements:

- STA 2023 - Introductory Statistics I **Credit(s): 3\*\***
- Three (3) credits in any other mathematics course for which STA 2023 is a prerequisite or any additional math course necessary for the degree

\* Mathematics Pathway courses count towards the State Common Prerequisite math courses and are not additional credits.

\*\* Any of the STA X014 or STA X023 or STA X122 courses taken for state common prerequisites can meet this statistics requirement.

## ADDITIONAL INFORMATION - NURSING: UPPER DIVISION B.S.N.

---

### GPA REQUIREMENTS

Minimum 3.60 cumulative GPA on all undergraduate work.

### GRADING REQUIREMENT

All nursing courses must be passed with a C or better in didactic and an S in clinical.

### RESEARCH OPPORTUNITIES - COLLEGE OF NURSING

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

### ADVISING INFORMATION - COLLEGE OF NURSING

USF students can schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor to discuss course planning, degree progression, and career preparation.

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

## Nursing: V-CARE B.S.N.

---

### TOTAL DEGREE HOURS: 120

The Veteran to BSN (V-CARE) major allows service members and veterans with medical training experience as medics and corpsmen the opportunity to receive a Bachelor of Science in Nursing degree. The V-CARE major is typically completed in consecutive semesters (after prerequisites, Foreign Language, and General Education requirements). Graduates may then take the National Council Licensure Examination (NCLEX) to earn their RN license. Prerequisites can be completed at an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission with completion of nursing coursework at the Tampa campus.

## SPECIALIZED ADMISSIONS

---

### THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.

---

This is a full-time, specialized admissions program, as mandated by the state, and is structured sequentially. Admission is competitive.

#### Admission Requirements

- Admission to the University of South Florida (Tampa campus) as a degree seeking undergraduate student.
- Completed application to the College of Nursing prior to the published deadline for the intended term of entry.
- Applicants must have U.S. Army Medic, U.S. Air Force Medic, or U.S. Navy Corpsman training and experience to be a candidate for the V-CARE major.
- Minimum 3.0 cumulative GPA on all undergraduate coursework.
- Completion of the Nursing prerequisite courses by the published application deadline for the intended term of entry.
  - Students who do not have all prerequisite courses completed by the intended term of entry may be eligible for conditional admission.
  - Note: Any outstanding Nursing prerequisite courses must be completed by the program start date, with a C or better, while maintaining a cumulative GPA greater than or equal to 3.0.
- Completion of English Composition I, English Composition II and State General Education Mathematics requirement by the published application deadline.
- Participation in a formal interview with College of Nursing faculty, if selected.
- Completion of the University's foreign language entrance requirement (FLENT) and University General Education requirements.
- Submission of a professional resume.

## UNIVERSITY ADMISSIONS - COLLEGE OF NURSING

---

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## PROGRESSION REQUIREMENTS - COLLEGE OF NURSING

---

Please refer to the USF College of Nursing Student Handbook for grade and progression requirements.

## TRANSFERRING TO USF NURSING

---

The University's Enhanced General Education requirements and College of Nursing's prerequisite/support courses may be completed through the A.A. degree from a Florida College System institution. If a student wishes to transfer without an A.A. degree and has fewer than 60 semester hours of acceptable credit, the student must meet the

# COLLEGE OF NURSING

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

university's entering freshman requirements including ACT or SAT test scores, GPA, and course requirements. The A.A. degree satisfies admission requirements only if courses are carefully selected and include the required major prerequisite/support courses.

### REQUIRED COURSES: (94 CREDIT HOURS)

---

#### STATE MANDATED COMMON COURSE PREREQUISITES (27 CREDIT HOURS)

The state-mandated nursing common pre-requisites are required to be completed before the published application deadline for the intended term of entry. A grade of 'C' or better is required while maintaining a cumulative GPA equal to or greater than 3.0.

The College of Nursing requires certain courses within the Enhanced General Education requirement for the natural, social and behavioral sciences, and mathematics. Students must complete the prerequisite courses listed below prior to being admitted to the V-CARE major. All prerequisite courses must be completed with a grade of "C" or higher.

All courses not approved by the Florida State Course Numbering System (includes all Florida public colleges, universities, and College System institutions) used to satisfy these prerequisite requirements will be evaluated individually on the basis of content and will require a catalog course description and a copy of the syllabus for assessment.

- BSC X085C **OR** (BSC X085 **AND** BSC X085L) **OR** BSC X093C **OR** (BSC X093 **AND** BSC X093L) - 4 credit hours

### About the College

---

3010 USF Banyan Circle  
Tampa, FL 33612  
(813) 974-4633  
<https://health.usf.edu/publichealth>

**Location:** The College of Public Health is located on the corner of Bruce B. Downs Avenue and Fletcher Avenue in the North-West corner of USF.

With selfless dedication, we promise to use our transformational research and interdisciplinary approach to passionately solve problems and create conditions that allow every person the universal right to health and well-being. Our Practice is Our Passion. Degree programs are offered in multiple platforms to accommodate student needs. On-campus courses are available throughout the day and evening. The College offers almost 100 courses online, including six (6) complete degree programs. College of Public Health (COPH) students embrace opportunities to see public health in practice in a variety of global settings. Through study abroad courses, international field experiences, and other opportunities, students annually travel to more than 20 countries, including Panama, Belize, Uganda, Malaysia and Ecuador among others.

### Mission, Vision, Values

---

#### *Mission*

Advancing the public's health by developing a talented pool of public health leaders through education, research, and practice.

#### *Vision*

To be the exemplar in discovery, innovation, and transformation to advance the public's health.

#### *COPH Core Values*

Excellence, Social and Ethical Responsibility, Social Justice, Collaboration, Global Perspective, Altruism, Boldness.

#### *Accreditation*

The College of Public Health is accredited by the Council on Education in Public Health (CEPH). CEPH is an independent agency that is recognized by the US Department of Education to accredit schools of public health. The College has been reaccredited for seven years, through July 1st, 2026; this is the maximum possible number of years attainable in a reaccreditation cycle.

#### *Housing*

##### *College of Public Health Bulls in Health Living Learning Community (LLC)*

The COPH Bulls in Health Living Learning Community is open to first year students, transfer students and current students who either currently major or plan to major in Health Sciences or Public Health. In the College of Public Health, our practice is our passion and the COPH Bulls in Health LLC will set you on a path to success. Students in the LLC will co-enroll in critical health sciences prerequisites or public health course work, and participate in special events and activities to introduce you to the College of Public Health and USF Health.

Additionally, the LLC allows you to network with administrators, faculty and high achieving student leaders in the College of Public Health. You will also have an Academic Advisor from your major with office hours in your residence hall to answer your questions and assist you in reaching your individualized goals. While in the LLC, you will develop the skills necessary to reach your personal, professional, and educational goals throughout your time at USF and in your future career. For more information, visit the COPH Living Learning Community website.

### **College-Level Requirements**

# COLLEGE OF PUBLIC HEALTH

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

### *Admission Requirements, Initial Major Declaration and Change of Major*

Admission to the College of Public Health is open to students who have been accepted to the University of South Florida and who declare a major in a particular field provided that students are able to meet degree progression standards per USF Policy 10-505. Please be advised that the Public Health, Health and Physical Rehabilitation Science, and Health and Nutrition Science majors are offered only on the Tampa campus. Bachelor of Science in Health Sciences Concentrations at each campus, are as follows:

- Tampa Campus: Biological Health Sciences, Social and Behavioral Health Sciences, Healthcare Administration, Health Information Technology, and Healthcare Simulation Science.
- Sarasota-Manatee Campus: Biological Health Sciences and Social and Behavioral Health Sciences concentrations offered.
- St. Petersburg Campus: Biological Health Sciences, Social and Behavioral Health Sciences, Healthcare Administration, and Health Information Technology.

**Declaration of Major:** Undergraduate students must submit a formal declaration of major for admission into the College. This usually occurs during orientation and advising for new students. Students who wish to change their major after matriculation also need to seek approval. Declaration and Change of major requests should be completed online at: <https://health.usf.edu/publichealth/undergrad/declaration>.

To ensure students are able to meet degree progression standards per USF Policy 10-505, the Office of Admissions and College of Public Health staff will review student records before processing declaration or change of major requests. Students who cannot complete the requested major within degree progression limits will not be permitted to pursue the major. Students preparing for a career in health professions must plan their courses carefully because of the sequential nature of the curricula.

**Declaration of Minor:** Undergraduate student may declare a minor at any point during the first term of enrollment and thereafter (as early as possible), but prior to applying for graduation. Students must complete a minimum of six (6) upper level credits exclusive to the minor that will not count toward the student's major or other minors at USF. Students should obtain prior approval with the specific requirements and forms from the college and department in which the minor is offered. Minor declarations should be completed online at: <https://health.usf.edu/publichealth/undergrad/declaration>.

### **College-Level Graduation Requirements**

---

1. Students must complete all state and university level graduation requirements.
2. Maintain a minimum GPA of 2.0 in USF coursework.
3. Physical Education coursework is limited to two (2) semester hours.
4. ROTC courses that are primarily physical training and field experiences will not be applied to College of Public Health degree programs. All other military Science coursework will apply, in particular, coursework utilized toward completing an established ROTC minor will be applied to the total hours toward degree.
5. When earning a double major/dual degree, a maximum of two (2) departmental courses or eight (8) credit hours may be used to satisfy requirements between majors. Students should check with the college and respective departments when pursuing more than one major/degree.
  - o The College of Public Health defines a "major" as courses listed in the major requirements (including electives and concentration coursework).
6. Maximum of 20 hours of S/U option. S/U contracts must be negotiated in writing within the first three (3) weeks of the term. None of the 20 credits may be taken in the student's major unless S/U is the only grading option. Coursework fulfilling the Major, General Education Core Curriculum Requirements and the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) may not be taken S/U.
7. The Audit option is available only during the first 5 days of classes.
8. Must successfully complete (C- or higher) a minimum of 120 unduplicated credit hours with a USF and cumulative GPA of a 2.0 or higher. "D" grades are not acceptable in the majors of Public Health and Health Sciences.
9. Complete all major course requirements.
10. College of Public Health students are expected to complete a minimum of 50% of their major, concentration and/or minor coursework in residence at USF.

# COLLEGE OF PUBLIC HEALTH

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

### Graduation Requirements

- Must successfully complete (C- or higher) a minimum of 120 unduplicated credit hours with a USF and cumulative GPA of a 2.0 or higher.
- Must meet the Foreign Language Entrance Requirement.
- Students must satisfy State Communication Requirement and State Computation Requirement. Transfer students who enter the University of South Florida with 60 or more semester hours from an institution accredited by either the Higher Learning Commission, the Middle States Commission on Higher Education, the New England Commission of Higher Education, the Northwest Commission on Colleges and Universities, the Southern Association of Colleges and Schools Commission on Colleges, or the WASC Senior College and University Commission are considered to have met the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math).
- Complete the General Education Core and State Communication and Computation Requirement of 36 hours.
- Complete all major course requirements.
- None of the coursework taken for the major may be taken as an S/U grade, unless S/U is the only grading option available.
- The Audit option is available only during the first five (5) days of classes.
- Complete a minimum of 42 hours of upper-level courses (numbered 3000 or above).
- Thirty (30) of the last 60 semester hours must be completed at USF to fulfill the residency requirement.

### Baccalaureate-Level Degree Programs

When earning a double major/concurrent degree, a maximum of two (2) departmental or programmatic courses or eight (8) credit hours may be used to satisfy requirements between majors. Students should check with the college and respective departments when pursuing more than one major/degree.

- Health Sciences, as an interdisciplinary program, requires prior approval for overlapping coursework between double majors/concurrent degrees.

#### *Bachelor of Science in Health Sciences*

<https://health.usf.edu/publichealth/undergrad/bshs>

This Bachelor of Science in Health Sciences is designed for those interested in health science, the health care industry, and the allied health professions. The degree has a flexible curriculum so students may choose an area of specialization to suit their career interests. Career choices after graduation include working in health-related nonprofit organizations, governmental and community agencies, medical records, patient education, geriatric care settings, diagnostic laboratories, hospitals, the pharmaceutical industry, medical and wellness facilities, and businesses.

Students graduating with this degree may enter the workforce or continue their education in a variety of fields that might include advanced degree programs in Health Management, Physical or Occupational Therapy, Physician Assistant, Health Administration, Healthcare Informatics, to name a few. This degree has greater flexibility and students may have more exposure to social science, business, and humanities courses than the more natural science- and mathematics-intensive degrees sometimes required for some health-based professional schools. Students take foundational courses (24 credit hours) in Health Sciences then choose from 5 concentrations (21 credits each) based on their career goals.

Depending on the concentrations chosen students can go on to everything from clinical graduate programs to social services, administrative and technology positions. The flexible and interdisciplinary nature of this exciting degree prepares tomorrow's healthcare leaders with a strong foundation for success.

Concentrations include:

- Biological Health Sciences Concentration
- Health Care Administration Concentration
- Health Information Technology Concentration
- Healthcare Simulation Science Concentration
- Social and Behavioral Health Sciences Concentration

## Global Pathways

A Global Pathway is an undergraduate major or degree program that has significant global content. Global Pathways provide students with the opportunity to practice and apply global competencies through the major or degree program.

### *Bachelor of Science in Health and Nutrition Science*

<https://health.usf.edu/publichealth/undergrad/bshns>

The Bachelor of Science in Health and Nutrition Science is designed for students interested in the scientific principles of nutrition and their application in health promotion and disease prevention. The program cultivates a deep understanding of nutrition and its impact on health. Graduates are prepared to make meaningful contributions to the health and well-being of individuals and communities.

Students in this program are equipped for careers in nutrition and health promotion, health and wellness coaching, community health education, food service management, public health and nutrition policy, and research in nutrition science. Graduates may find career opportunities in health-related organizations, public health agencies, wellness programs, and nutrition education. They may also pursue further education in related fields, including dietetics.

This major offers a solid foundation for immediate employment while also preparing students with the necessary prerequisites for further education in various medical fields. It opens doors to advanced degrees in health and medicine, including opportunities to become a Registered Dietitian. This major enables students to apply to a variety of accredited graduate programs in dietetics and other health related areas.

### *Bachelor of Science in Health and Physical Rehabilitation Science*

<https://health.usf.edu/publichealth/undergrad/bsprs>

The Bachelor of Science in Health and Physical Rehabilitation Science is designed for students interested in rehabilitation. The program cultivates a deep understanding of physical well-being. This curriculum provides a strong science background and requires students to complete coursework in the clinical aspects of rehabilitation and wellness. It exposes students to the interdisciplinary field of physical rehabilitation, to improve quality of life for individuals with disabilities or recovering from injury, illness, or surgery. Additionally, it will provide students with the skills needed to enhance lives through movement, health, and wellness.

Students in this program are equipped for graduate level coursework in rehabilitation sciences and other movement science professional programs such as physical therapy, occupational therapy, athletic training, and more. Graduates may find career opportunities in healthcare settings, hospitals, or clinics. This major offers a solid foundation for immediate employment in medical equipment sales or as a physical therapy aide, occupational therapy aide, health education specialist, or clinical laboratory technician.

### *Bachelor of Science in Public Health*

<https://health.usf.edu/publichealth/undergrad/bsph>

USF offers the first Bachelor of Science in Public Health housed in an accredited College of Public Health in Florida. The Bachelor of Science in Public Health at the University of South Florida provides students with a flexible degree emphasizing skill development to promote future academic and career success within public health and clinical health professions.

Students majoring in public health can pursue specialized coursework in pre-health, epidemiology, biostatistics, food safety, infection control, nutrition, global health, environmental and occupational health, and health coaching, among others. This innovative curriculum can be completed either fully online or through a mix of online and classroom-based courses. The B.S. in Public Health provides student-centered courses required for entry-level public health jobs found in government agencies, health corporations, community non-profit organizations and health care facilities.

**Career Options:** This program prepares students for graduate study in public health, health administration, community health, and health professions. Students can also pursue careers as health educators, community navigators, community outreach workers, emergency planning officers, FEMA officers, disease intervention specialists, research specialists, safety coordinators, health inspectors, food safety officers, environmental health

---

consultants, health plan enrollment specialists, or policy analysts. Public health graduates work in government, non-profit, philanthropic, and hospital-based settings.

### **Accelerated Programs**

The College offers several programs the Fast Track from BSPH to MPH. For more information, please see Bachelor's/Master's Pathways.

### **Minors**

The College of Public Health offers the following minors. For more information, see <https://health.usf.edu/publichealth/undergrad/minors>

- **General Public Health**  
The goal of the General Public Health minor is to provide students with a broad foundation necessary to understand and appreciate the field of Public Health.
- **Community Engaged Homeland Security & Emergency Management**  
The Community Engaged Homeland Security & Emergency Management minor provides a broad foundation of homeland security and emergency management coursework for individuals interested in pursuing a career in local, state or national government and military careers.
- **Environmental Health**  
The Environmental Health minor provides students with a broad range of courses necessary to pursue an advanced degree in the field of Environmental and Occupational Health and Safety or to seek entry-level employment in a related field and is preparatory for careers in: environmental science, industrial hygiene, toxicology, risk assessment, and related health sciences careers.
- **Infection Control**  
The Infection Control minor is based on the competencies in the National Board Certification Exam for infection control. The minor provides a foundation of infection prevention and control principles for individuals interested in pursuing a career in infection prevention and control at a healthcare facility or alternate setting; or those who need this knowledge base to pursue opportunities at a local, state or national public health department; a governmental agency; an academic and/or research institution; or any other applicable arena.
- **Nutrition**  
The Nutrition minor is both personally and professionally relevant, emphasizing health promotion, optimal human performance, disease prevention, quality of life and longevity. Career opportunities that are complemented by a nutrition minor include public health, health sciences, food technology, psychology, gerontology, social work, health promotion and communication, with potential employment in the public and/or private sector.

College of Public Health Advising: [HSS-SPAdvise@usf.edu](mailto:HSS-SPAdvise@usf.edu)

The advising team at the USF College of Public Health provides guidance on academic policies, requirements, and processes. Just as each College of Public Health student is unique, so is each degree plan. Advising is determined to working alongside students to design individualized plans while providing compassionate guidance in their educational journey.

## Health and Nutrition Science B.S.

---

**TOTAL DEGREE HOURS: 120**

The Bachelor of Science in Health and Nutrition Science is designed for students interested in the scientific principles of nutrition and their application in health promotion and disease prevention. The program cultivates a deep understanding of nutrition and its impact on health. Graduates are prepared to make meaningful contributions to the health and well-being of individuals and communities.

Students in this program are equipped for careers in nutrition and health promotion, health and wellness coaching, community health education, food service management, public health and nutrition policy, and research in nutrition science. Graduates may find career opportunities in health-related organizations, public health agencies, wellness programs, and nutrition education. They may also pursue further education in related fields, including dietetics.

This major offers a solid foundation for immediate employment while also preparing students with the necessary prerequisites for further education in various medical fields. It opens doors to advanced degrees in health and medicine, including opportunities to become a Registered Dietitian. This major enables students to apply to a variety of accredited graduate programs in dietetics and other health related areas.

## UNIVERSITY ADMISSIONS - COLLEGE OF PUBLIC HEALTH

---

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- Freshman: <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- Transfer: <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- International: <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## PROGRESSION REQUIREMENTS

---

Health and Nutrition Science requires a minimum adjusted Grade Point Average (GPA) of a 3.0 in all college level course work. If the minimum course grade is not met to progress in the course sequencing plan, the College of Public Health reserves the right to reselect the student into the major of Health Sciences.

## REQUIRED COURSES: (73 CREDIT HOURS)

---

### STATE MANDATED COMMON COURSE PREREQUISITES - HEALTH SCIENCES B.S. (18-20 CREDIT HOURS)

---

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

## Health and Physical Rehabilitation Science B.S.

---

**TOTAL DEGREE HOURS: 120**

The Bachelor of Science in Health and Physical Rehabilitation Science is designed for students interested in rehabilitation. The program cultivates a deep understanding of physical well-being. This curriculum provides a strong science background and requires students to complete coursework in the clinical aspects of rehabilitation and wellness. It exposes students to the interdisciplinary field of physical rehabilitation, to improve quality of life for individuals with disabilities or recovering from injury, illness, or surgery. Additionally, it will provide students with the skills needed to enhance lives through movement, health, and wellness.

Students in this program are equipped for graduate level coursework in rehabilitation sciences and other movement science professional programs such as physical therapy, occupational therapy, athletic training, and more. Graduates may find career opportunities in healthcare settings, hospitals, or clinics. This major offers a solid foundation for immediate employment in medical equipment sales or as a physical therapy aide, occupational therapy aide, health education specialist, or clinical laboratory technician.

## Health Sciences B.S., with Biological Health Sciences Concentration

---

TOTAL DEGREE HOURS: 120

The Bachelor of Science in Health Sciences with a concentration in Biological Health Sciences is designed for students who are passionate about pursuing health-related fields or going on to clinical or non-clinical graduate programs.

This concentration delves into the scientific foundation of human health and disease. Through core science and public health courses, this innovative concentration equips graduates with specialized skills across health-related settings. The flexible curriculum allows students to tailor their coursework to their career goals.

As the health field continues to grow, this concentration prepares students for careers in pharmaceutical sales, clinical lab management, health and wellness, and prepares students for entry into graduate programs in recreational therapy, occupational therapy, physician assistant, public health, and other pre-clinical professions.

## Health Sciences B.S., with Health Care Administration Concentration

---

TOTAL DEGREE HOURS: 120

The Bachelor of Science in Health Sciences with a concentration in Healthcare Administration is designed to equip students with the knowledge and skills necessary to manage, lead, and navigate the complexities of healthcare organizations. This concentration blends foundational health sciences education with specialized coursework in healthcare management, policy, and business practices. It prepares students for leadership roles in a wide range of healthcare settings, including hospitals, clinics, long-term care facilities, public health organizations, and healthcare consulting firms.

This concentration provides students with the essential skills and knowledge to excel in healthcare management roles, where they can drive improvements in the efficiency, quality, and accessibility of healthcare services.

Graduates are prepared for both immediate entry into the workforce and continued education in advanced healthcare administration programs.

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

### **RESEARCH OPPORTUNITIES - HEALTH SCIENCES B.S.**

A maximum of 4 credits of Undergraduate Research (IDS 4910 - Community Research) may be applied to the major with a maximum of 1 credit taken per semester.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## Health Sciences B.S., with Health Information Technology Concentration

---

TOTAL DEGREE HOURS: 120

The Bachelor of Science in Health Sciences with a concentration in Health Information Technology is designed to prepare students for careers at the intersection of healthcare and technology. This program combines foundational knowledge in health sciences with specialized training in health information management, data analytics, and healthcare IT systems. Graduates will be equipped to manage, secure, and analyze health information, contributing to the improvement of healthcare delivery, patient outcomes, and organizational efficiency.

This concentration prepares students for a dynamic and growing field in health information technology. Students in this concentration can go into careers in medical records management, information technologies, software and internet development, project management, and consulting. This concentration also prepares students for entry into graduate programs in administration, policy, and health informatics.

Graduates will be able to leverage their technical skills to enhance the efficiency, accuracy, and security of healthcare information systems, ultimately contributing to better health outcomes.

### STATE MANDATED COMMON COURSE PREREQUISITES - HEALTH SCIENCES B.S. (18-20 CREDIT HOURS)

---

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

- BSC X005 **OR** (BSC X010 **AND** BSC X010L) **OR** (BSC X007C **OR** BSC X005L) – 3-4 credit hours
- MAC X105 College Algebra – 3 credit hours
- PSY X012 Introduction to Psychological Science – 3 credit hours
- STA X023 **OR** STA X014 – 3 credit hours
- DEP X053 **OR** DEP X004 **OR** DEP X000 **OR** CLP X140 – 3 credit hours
- APK X105C **OR** (BSC X085 **AND** BSC X085L) **OR** BSC X093 **OR** BSC X094 – 3-4 credit hours

### STATE MATHEMATICS PATHWAY – HEALTH SCIENCES B.S. (6 CREDIT HOURS)\*

---

The Health Sciences B.S. uses the Statistical Reasoning Mathematics Pathway with the following requirements:

- STA 2023 - Introductory Statistics I **Credit(s): 3** \*\*
- MAC 1105 - College Algebra **Credit(s): 3**

\* Mathematics Pathway courses count towards the State Common Prerequisite math courses and are not additional credits.

\*\* STA X023 or STA X014 courses taken for state common prerequisites can meet this statistics requirement.

## Health Sciences B.S., with Healthcare Simulation Science Concentration

---

TOTAL DEGREE HOURS: 120

The Bachelor of Science in Health Sciences with a concentration in Healthcare Simulation Science is designed for students passionate about advancing healthcare education and improving patient outcomes through simulation. This innovative program equips graduates with specialized skills in healthcare simulation operations, including managing cutting-edge technologies, scenario design, and program delivery. As healthcare simulation grows, this concentration prepares students to excel in roles focused on clinical training, interdisciplinary collaboration, and advancing healthcare simulation systems.

The flexible curriculum allows students to tailor coursework to career goals in simulation-based education, patient safety, healthcare technology, and leadership. Graduates may pursue advanced education in fields like medical education, modeling and simulation, clinical informatics, public health, and more.

With an emphasis on experiential learning, technical skills, and theoretical knowledge, this program prepares graduates for leadership roles in the rapidly evolving healthcare simulation industry.

## Health Sciences B.S., with Social and Behavioral Health Sciences Concentration

TOTAL DEGREE HOURS: 120

The Bachelor of Science in Health Sciences with a concentration in Social and Behavioral Sciences is designed to provide students with a deep understanding of how social, cultural, psychological, and behavioral factors influence individual and community health. This concentration integrates the study of human behavior with health sciences, preparing students to address health concerns across different populations, promote wellness, and contribute to the development of effective health policies and interventions. The flexible curriculum allows students to tailor the coursework to their career goals. This concentration is ideal for those interested in pursuing careers in behavioral health, healthcare administration, social work, mental health, public health, and health education.

This concentration prepares students to work in fields that address the behavioral and social aspects of health, enabling them to contribute meaningfully to efforts aimed at improving the public's health and promoting well-being in communities.

## ADDITIONAL INFORMATION - PUBLIC HEALTH B.S.

### GPA REQUIREMENTS

Maintain a major GPA of 2.0 in USF coursework.

### GRADING REQUIREMENT

None of the coursework taken in the student's major may be taken as an S/U grade, unless S/U is the only grading option. Coursework fulfilling the State Communication Requirement (formerly known as Gordon Rule Writing) and State Computation Requirement (formerly known as Gordon Rule Math) and General Education requirements may not be taken as S/U.

The Audit option is available only during the first 5 days of classes.

Grades of D+ or lower are not acceptable in the major.

### RESIDENCY REQUIREMENT

Students in the College of Public Health are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF.

### OTHER INFORMATION

Students completing the B.S. in Public Health will be able to:

1. Identify and articulate the core functions of public health.
  1. Explain the basic principles of epidemiology.
  2. Assess social and behavioral interventions to improve health of populations.
  3. Identify the impact of the environment and communicable diseases on health.
  4. Explain the role that public health plays in disaster prevention and management and evaluate public policy issues with respect to access, quality and cost when understanding health disparities within vulnerable populations.
2. Exhibit critical thinking and analytical abilities, including the capacities to engage in inductive and deductive thinking and quantitative reason, and to construct sound arguments.
  1. Identify topics pertaining to public health research.
  2. Generate research questions, analyze and present data, and interpret and discuss findings.
  3. Demonstrate awareness about current public health topics including an analysis of the societal attitudes that generate differences on current public health topics.
3. Communicate using effective oral skills.
  1. Demonstrate an ability to contribute effectively to group discussions and presentations.
  2. Apply effective public speaking skills during classroom presentations.
4. Develop effective written presentations.
  1. Demonstrate the use of information literacy skills such as locating and evaluating pertinent public health information.
  2. Demonstrate the ability to use library resources and scientific databases.
  3. Exhibit proper referencing secondary materials in APA format.

## RESEARCH OPPORTUNITIES - PUBLIC HEALTH B.S.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 - Advanced Undergraduate Research Experience course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## General Public Health Minor

---

**TOTAL MINOR HOURS: 15**

The goal of the General Public Health minor is to introduce students to the field of public health. Public health professionals seek to prevent disease and promote health and well-being among communities. This is important for human and environmental health. This minor provides students with a range of courses designed to understand important public health concepts such as epidemiology, determinants of health, and health policy. And, students can tailor the minor by selecting a course that most interests them and prepares them for their future career aspirations.

### **MINOR CORE (15 CREDIT HOURS)**

---

- HSC 4551 - Survey of Human Diseases **Credit(s): 3**
- PHC 2100 - Introduction to Public Health **Credit(s): 3**
- PHC 4030 - Introduction to Epidemiology **Credit(s): 3**
- PHC 4101 - Overview of Public Health Programs and Policies **Credit(s): 3**

Select one of the following courses:

- HSC 4211 - Health, Behavior and Society **Credit(s): 3**
- HSC 4624 - Foundations of Global Health **Credit(s): 3**
- PHC 3302 - Introduction to Environmental and Occupational Health **Credit(s): 3**
- PHC 4069 - Biostatistics in Society **Credit(s): 3**
- PHC 4464 - Introduction to Health Disparities & Social Determ **Credit(s): 3**

### **GPA REQUIREMENTS**

---

USF coursework for a minor must have a minimum GPA of at least 2.0.

### **GRADING REQUIREMENT**

---

A minimum grade of C- for all required courses.

### **RESIDENCY REQUIREMENTS**

---

A minimum of 6 credit hours must be obtained from upper-level electives at USF, that are unique to the minor.

## College of Design, Art, and Performance

4202 E. Fowler Avenue, FAH 110  
Tampa, FL 33620  
(813) 974-2301  
<https://www.usf.edu/arts/>

**Physical Location:** The College of Design, Art, and Performance Administrative and Student Services/Advising offices for all programs on the Tampa campus are located in FAH 120 on the Tampa campus. The FAH building is adjacent to parking lot 3C on USF Holly Drive. The physical address of 13001 USF S. Laurel Drive adjacent to parking lot 9A. The St. Petersburg campus Graphic Arts Program Student Services/Advising office is located in HBR 129.

## About the College

The College of Design, Art, and Performance is the creative center of the University of South Florida's Tampa campus and offers programs to prepare students for careers in architecture, community design, art, art history, music, theatre, and dance. The St. Petersburg campus offers the Graphic Arts program. USF is not only the starting point of a career in the arts, but Tampa Bay is also a perfect place to become part of the arts community.

At USF, we provide our students with hands-on experiences and real-world opportunities for exhibitions, performances, concerts, and creative practice within the College of Design, Art, and Performance facilities and venues. Students also participate in design, research, performance and exhibition projects across the Tampa Bay community. We proudly feature our students, faculty and guest artists in more than 250-300 stage productions, concerts, exhibitions and lectures each year. College of Design, Art, and Performance events (exhibitions, performances, concerts, guest artist/scholar lectures) are free and open to the public.

Research and Professional Practice conducted by faculty, staff, and students in the College of Design, Art, and Performance provides significant opportunities for discovery and expands the practice of our students, staff, faculty and community of artists through individual and interdisciplinary work, global explorations of perspectives and local community engagement. The academic programs and three research units of the College of Design, Art, and Performance – the Institute for Research in Art, the Center for Music Education Research and the Florida Center for Community Design and Research – exemplify the interdisciplinary significance of the arts. Through these academic and research units, our students are exposed to various contemporary works that become incorporated into their curriculum and expand their own scholarly research and creative professional practices.

## Mission, Vision, Guiding Principles and Values

### *Mission*

The mission of the college is to conduct research/professional practice that transforms art, performance, and design at the highest level which, in turn, enhances our ability to offer a world-class education to our students.

The college facilitates and promotes an interdisciplinary ecosystem that nurtures, prepares, and educates students and faculty to become creative leaders dedicated to promoting a more just society.

We aspire to elevate the level of inquiry and discourse within and beyond the classroom while we innovate and create new approaches, crafts, methodologies, and skills that change creative practice and arts disciplines as our global context evolves.

### *Vision*

The college strives to become nationally prominent for being a creative community vested in addressing the most pressing issues of our time while maintaining a firm grounding in equity, excellence, and diversity that will empower

# COLLEGE OF DESIGN, ART, AND PERFORMANCE

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

students and faculty to frame their own futures. The college will be an engine for socio-economic progress through professional practice, research, advocacy, and meaningful engagement.

### *Guiding Principles and Values*

We believe the arts are a vital component in achieving a just society that fosters engaged citizens, prosperous communities, and fulfilled individuals.

The college values an inclusive and diverse educational environment where ethnic, racial, cultural, and gender differences, among others, are respected and supported. The College strives to establish policies and practices that will ensure equity in leadership and equal access to resources and opportunities for academic success and career advancement for faculty, staff, and students.

Students and faculty together will study and engage, through their practice, challenging social, political, cultural, and ecological issues facing the world today.

We recognize that individual and collective excellence entails a responsibility to ensure that every member of our community has support and the opportunity to succeed.

## **Accreditation**

---

### **School of Architecture & Community Design**

The USF School of Architecture & Community Design is accredited by the National Architectural Accrediting Board. For additional information about NAAB, visit their website at <http://www.naab.org>

### **School of Art & Art History**

The USF School of Art & Art History is accredited by the National Association of Schools of Art and Design. For additional information about NASAD, visit their website at <http://www.nasad.arts-accredit.org>

### **School of Music**

The USF School of Music is accredited by the National Association of Schools of Music. For additional information about NASM, visit their website at <http://www.nasm.arts-accredit.org>

### **School of Theatre & Dance**

The Theatre Program is accredited by the National Association of Schools of Theatre. For additional information about NAST, visit their website at <https://nast.arts-accredit.org/>

The Dance Program is accredited by the National Association of Schools of Dance. For additional information about NASD, visit their website at: <https://nasd.arts-accredit.org>

### **Contemporary Art Museum**

The USF Contemporary Art Museum is accredited by American Alliance of Museums. For additional information about AAM, visit their website at <https://www.aam-us.org/>

## **College-Level Requirements**

---

### **Admission Requirements**

To apply for academic programs in the College of Design, Art, and Performance, you must first be accepted to the University of South Florida. Once you meet USF requirements (<https://www.usf.edu/admissions/>), you can apply to your program of interest. Some programs require an audition or portfolio submission. Check individual requirements for your program of interest before applying.

**Step 1:** Apply for admission to the University of South Florida <https://secure.vzcollegeapp.com/usf/>

**Step 2:** Apply for admission to the College of Design, Art, and Performance' schools, please see Program-Specific Requirements.

# COLLEGE OF DESIGN, ART, AND PERFORMANCE

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

## General Requirements for Bachelor Degree Programs within the College of Design, Art, and Performance

1. All Bachelor degree programs require 120 credit hours.
2. Students admitted to the College of Design, Art, and Performance with transfer credits, or former students returning with credits dating ten or more years prior to admission (or readmission), will have those credits reviewed by the College and department/school and may be required to take specified competency tests in their major area.
3. A maximum number of ROTC credits totaling no more than the maximum allowed in the Free Elective Area for each major may be counted toward all degrees.
4. A maximum of four credit hours of elective Physical Education credits taken at USF may be counted as general elective credit.
5. Students must satisfactorily meet the State Communication Requirement and State Computation Requirement.
6. Students applying for a B.A. degree must demonstrate competency in a foreign language as described under Foreign Language Competency Policy of this catalog.
7. For degree programs, see requirements listed under each School.
8. Students are expected to complete a minimum of 50% of their major and/or minor coursework in residence at USF. A student must also earn 30 of the last 60 hours of credits in residence at USF. However, any course work to be taken and any credits to be earned outside of the university must have prior approval from the appropriate school and the college in order to apply these credits toward graduation.
9. Waiver of prerequisite coursework totaling no more than 12 credit hours in the major or College requirements is possible by demonstration of competence. Unless credit is awarded by approved official tests, i.e., AP, CLEP, the credit hours must be made up according to school or college recommendations. A faculty committee conducts waiver reviews. Specific questions concerning program requirements for all degrees in the College or other related problems should be directed to the College of Design, Art, and Performance.

## College Policy for Academic Progress

The following criteria will serve as the bases for unenrollment from a major in the College of Design, Art, and Performance:

1. Grade point average below 2.0 in the major.
2. Recommendation by major applied (studio) art, art history, graphic arts, dance, music or theatre faculty with approval of respective school director.
3. The school may recommend probationary status (rather than unenrollment) for one semester when academic progress is not maintained.

## Directed Studies Contracts

All Directed Studies and other variable credit courses in the College of Design, Art, and Performance require contracts between students and instructors describing the work to be undertaken by the student and specifying the credit hours. It is the student's responsibility to obtain the necessary signatures and make the required distribution of all copies. Important: the student must have their signed copy of a contract at the time of registration.

## Permission Procedures

Admission into some courses is possible only by consent of instructor (CI), consent of chairperson (CC), consent of advisor, or by audition or portfolio review. When such special permission is required, it will be the student's responsibility to obtain any required permission prior to registration.

## Program-Specific Requirements

### School of Architecture & Community Design

<https://www.usf.edu/arts/architecture/>

# COLLEGE OF DESIGN, ART, AND PERFORMANCE

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

Bachelor degrees are not awarded through the School of Architecture & Community Design. However, you can enroll in the Pre-Architecture program as an undergraduate. Once you have completed those courses, you are able to enroll in the Master degree programs.

### **School of Art & Art History**

<https://www.usf.edu/arts/art/apply/index.aspx>

The School of Art & Art History offers Bachelor degrees in both Studio Art and Art History. No additional materials are required for admission to the undergraduate BA and BFA in Studio Art, or BA in Art History.

### **Graphic Arts B.F.A.**

<https://www.usf.edu/arts/art/academics/graphic-arts/>

The B.F.A. Degree in Graphic Arts on the St. Petersburg campus is a specialized admissions, upper-level program of study. Students are accepted in the Spring and begin the program as a cohort in the Fall semester. Admission into the B.F.A. program is contingent upon the student having a 3.25 or higher major GPA, which must be maintained after admission for the degree to be awarded. Student competency will be evaluated individually and is based upon criteria such as GPA, writing skill, and a portfolio of work indicative of: (1) concept, execution and presentation of studio artwork, (2) conceptual understanding of art and design standards, (3) applications of art and design concepts, (4) examples of drawing methods and materials, and (5) historical knowledge of art and design as evidenced by previous assignments in visual problem solving.

### **School of Music**

<https://www.usf.edu/arts/music/>

The School of Music provides a variety of areas of study for undergraduate programs. This includes brass, acoustic and electronic composition, jazz studies, music education, percussion, piano, strings, voice, and woodwinds. An instrument and/or voice audition is required for admission to all degree programs and concentrations.

### **School of Theatre & Dance**

<https://www.usf.edu/arts/theatre-and-dance/>

The School of Theatre & Dance offers undergraduate degrees only. Auditions are required for admission to the Dance programs. Theatre auditions only take place for upper-level performance coursework but are not required for admission.

### **Graduation Requirements**

Degree Requirements: Baccalaureate/Undergraduate - USF Regulation 3.007

<https://usf.app.box.com/v/usfregulation3007>

### **General Education Requirements**

Students must complete 36 hours of general education following state and university requirements. For more information, please visit the **General Education Information** section of this catalog.

### **Civics Literacy Requirement**

All students earning a baccalaureate degree will need to complete the Civics Literacy requirement as stated in Florida Statute 1007.25 ([http://www.leg.state.fl.us/Statutes/index.cfm?App\\_mode=Display\\_Statute&URL=1000-1099/1007/Sections/1007.25.html](http://www.leg.state.fl.us/Statutes/index.cfm?App_mode=Display_Statute&URL=1000-1099/1007/Sections/1007.25.html)).

# COLLEGE OF DESIGN, ART, AND PERFORMANCE

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

For information on the exact requirement, please visit the USF Civics Literacy website: <https://www.usf.edu/undergrad/students/civics-literacy.aspx>.

### **Summer Enrollment Requirement**

All students entering USF with fewer than 60 semester hours of credit are required to earn at least nine semester hours of credit prior to graduation by attendance during one or more Summer terms in courses offered by USF or any one of the State University System of Florida institutions. The university may waive the application of this rule in cases of unusual hardship.

A student who wishes to have the rule waived must complete a *Request for Waiver of Mandatory Summer Enrollment Form* available in the Office of the Registrar ([https://www.usf.edu/registrar/documents/forms\\_2019/summer\\_waiver\\_request\\_form\\_2019.pdf](https://www.usf.edu/registrar/documents/forms_2019/summer_waiver_request_form_2019.pdf)). After submission of the form to the Office of the Registrar, the student will receive notification to their USF email of the action taken.

### **University of South Florida Requirements**

In addition to Florida Board of Governors and/or state requirements, USF has the following USF specific minimum requirements that are designed to assure the academic integrity of the degree programs at each System Institution:

1. Successful completion of a minimum of 120 unduplicated semester credit hours through university coursework, acceleration mechanisms, and/or transfer credit, including courses specifically approved as repeatable for credit (e.g. practica, ensembles and field experiences);
2. A minimum adjusted grade point average (GPA) of 2.00 on all course work taken at USF and an overall 2.00 on all college-level work attempted;
3. Satisfactory completion of major requirements in a chosen degree program, including additional requirements set by the college offering the degree, as published in the current Undergraduate Catalog;
4. Successful completion of at least forty-two (42) semester hours in courses numbered 3000 and above;
5. Successful completion of at least 25% of the total credit hours required for the degree program must be in courses offered by USF;
6. Registration and successful completion of at least thirty (30) of the last sixty (60) semester hours must be completed at USF. CLEP credit does not count toward academic residence. Colleges may have specific academic residency requirements for specified degrees and students are responsible for reviewing the current Undergraduate Catalog to ensure compliance
7. Program and/or College Requirements: All students must be aware of and satisfactorily complete any additional requirements that may be required by a specific program and/or college from which they are earning the degree as set forth in the current Undergraduate Catalog.
8. General Academic Approval: Successful completion of academic coursework constituting the student's program of study, minor, honors thesis, or certification examination does not guarantee award of the baccalaureate degree. Faculty judgment of the academic performance of the student is inherent in the educational process in determining whether the award of the baccalaureate degree or admission into higher-level degree program is warranted.

Instructions for submitting your USF Graduation Application are available on the Office of Registrar's website at <https://www.usf.edu/registrar/services/apply-for-graduation/index.aspx>

Remember to keep up with deadlines when applying for graduation and registering for commencement. These dates are different each semester, so check the Office of the Registrar's website regularly.

For information about *The Art's Graduation Celebration*, see <https://www.usf.edu/arts/advising/graduation-celebration.aspx>.

### **Other Information - Interdisciplinary Study**

There is no formal interdisciplinary arts degree offered in the College of Design, Art, and Performance. However, it is possible for a student to pursue such a program of study in the College by utilizing general electives allowed in the major program. A student may also choose a double undergraduate major in two units or arts disciplines within the

# COLLEGE OF DESIGN, ART, AND PERFORMANCE

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

College of Design, Art, and Performance as a means of interdisciplinary study. See the major advisor in the programs of particular interest.

### **Baccalaureate-Level Degree Programs**

---

#### **Bachelor of Arts**

---

##### **Art History**

<https://www.usf.edu/arts/art/academics/art-history/bachelor-of-arts.aspx>

Our B.A. program develops skills in critical looking, thinking and writing, and is excellent preparation for students interested in pursuing graduate studies in art history or considering a museum profession or other work in today's professional art world.

##### **Dance**

<https://www.usf.edu/arts/theatre-and-dance/academics/dance-programs/dance-studies/index.aspx>

The focus of this degree is to enable the student to combine dance with another area of interest and encourage the development of an individualized program of study through the selection of general education requirements as well as a focused selection of elective courses.

##### **Music Studies**

<https://www.usf.edu/arts/music/academics/undergraduate-degrees.aspx>

The Bachelor of Arts in Music Studies is a non-professional degree for students who wish to supplement other interests with music study. This program is ideal as part of a double major with a field outside of music. Requirements include approximately 50 hours in music with emphasis choices in performance, composition, history and theory. An instrument and/or vocal audition is required for admission to this degree program.

##### **Studio Art**

<https://www.usf.edu/arts/art/academics/undergraduate-degrees/ba-in-studio-art.aspx>

The B.A. in Studio Art is a 120 credit hour degree that is designed to develop the student's consciousness of aesthetic and ideological aspects of art and its relationship to life. The degree also assists students in the realization of personal ideas, art making skills and imagery. The B.A. is oriented toward a general and broad immersion in the field. Studio courses are supplemented with studies in art history, foreign language and an abundance of electives both within the School of Art and Art History and throughout the campus.

##### **Theatre**

<https://www.usf.edu/arts/theatre-and-dance/academics/theatre-programs/index.aspx>

Through its curriculum and production program, students have the opportunity to prepare for a professional career in the theatre or to continue their studies at the graduate level. Our exclusively undergraduate program boasts intensive studies in the disciplines of performance, design and theatre arts as well as a close working relationship with our nationally and internationally recognized faculty.

### **Bachelor of Fine Arts**

---

##### **Dance**

<https://www.usf.edu/arts/theatre-and-dance/academics/dance-programs/dance-performance/index.aspx>

# COLLEGE OF DESIGN, ART, AND PERFORMANCE

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

The BFA in Dance Performance offers professional preparation, which includes extensive study in Studio Technique, Choreographic Studies and Dance Theory. The focus of this degree is the development of dancers who will enter the professional world of dance/arts as performers and choreographers.

### **Graphic Arts (GRAP)**

<https://www.usf.edu/arts/art/academics/graphic-arts/>

The Graphic Arts degree offers students a sequence of rigorous courses that balance critical thinking and pragmatic experience, complemented by the enriched experience of the liberal arts environment of the St. Petersburg campus.

At USF, Graphic Arts students have the option of a concentration in illustration or graphic design. This program guides students in building the imagination, aesthetic sensitivity, and powers of critical thought required to succeed as visual communicators. The curriculum emphasizes expertise in image development, typography, print and screen-based graphics, and interactive design. The program prepares students for the rigor of professional design practice through an internship program, courses in production, and portfolio development. Additionally, students design, organize and promote an exhibition of their final senior project.

### **Studio Art**

<https://www.usf.edu/arts/art/academics/undergraduate-degrees/bfa-in-studio-art.aspx>

The BFA in Studio Art is a 120 credit hour degree that is the initial professional degree in the field. As such, it has a concentrated focus on the development of art making skills combined with conceptual and critical thinking. The degree is designed to develop the student's consciousness of aesthetic and ideological aspects of art and its relationship to life. Studio studies and experiences are of prime importance in the preparation of BFA students for professional lives in the visual arts.

### **Bachelor of Music**

---

#### **Music Performance**

<https://www.usf.edu/music/academics/undergraduate-degrees.aspx>

The Bachelor of Music is a professional degree for students who wish to pursue a career in music. Students interested in a BM can choose between three areas of concentration: acoustic and electronic composition, jazz studies and performance. This program requires 120 credit hours that includes intense private study on their principle instrument and participation in ensembles. An instrument and/or vocal audition is required for admission to this degree program.

### **Bachelor of Science**

---

#### **Design**

<https://www.usf.edu/arts/academics/design.aspx>

The Bachelor of Science in Design degree program will instill a participatory design model that focuses on the designer's ability to craft systems and teams that are uniquely adept at including the voices of all constituencies. The curriculum encourages creative problem-solving, critical thinking, data literacy, basic programming, adaptability, and collaboration, all grounded in an interdisciplinary mindset. At the core of the degree program is an investigation into the formative role of design in shaping human values and experiences, conceptualizing digital and physical products, services, brands, and experiences for numerous industries.

The program uniquely pairs a broad study in the arts, information and data literacy, computational thinking, creative problem solving through ideation, iteration, and prototyping, preparing graduates for meaningful employment across a

# COLLEGE OF DESIGN, ART, AND PERFORMANCE

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

variety of industries. It creates leaders ready to address the challenges that local and global communities face in the future by engaging in multiple marketplaces while enriching culture through creativity and innovation.

### **Music Education**

<https://www.usf.edu/arts/music/academics/undergraduate-degrees.aspx>

The Bachelor of Science degree in Music Education is a professional degree for students who are interested in teaching music in K-12 schools in the ever-changing music classrooms of the 21st century. This program is an intense study of music and education courses that provide students with state certification upon graduation. In addition to private study on their principle instrument and participation in ensembles, students complete music theory, history and literature sequences, and take a variety of music education courses. An instrument and/or vocal audition is required for admission to this degree program.

### **Minors**

---

#### **Art**

<https://www.usf.edu/arts/art/academics/minors-and-certificates/>

A minor in the arts strengthens your critical thinking and visual communication skills, enhancing your ability to solve problems creatively. The School of Art & Art History offers two concentrations for the Minor in Studio Art and Art History.

#### **Dance**

<https://www.usf.edu/arts/theatre-and-dance/academics/minors-undergraduate-certificates/index.aspx>

The Dance Minor is designed to provide students with a scope of experiences in dance, which includes studio technique, creative studio studies and dance theory. The student seeking a Dance Minor should arrange to meet with the academic advisor in dance.

#### **Theatre**

<https://www.usf.edu/arts/theatre-and-dance/academics/minors-undergraduate-certificates/index.aspx>

The Theatre minor is structured to give students an overview of drama and theatre, in terms of history, performance, and criticism. The curriculum involves the student in both the practical and theoretical aspects of the theatre process.

### **Concentrations**

---

A concentration is any organized set of courses that is offered as part of a major and enhances or complements the degree program to be awarded in a manner that leads to specific educational or occupational goals, and/or from different disciplines that provide an interdisciplinary focus.

### Advanced Dance Studies

<https://www.usf.edu/arts/theatre-and-dance/academics/minors-undergraduate-certificates/index.aspx>

This certificate is designed for students who possess a strong background in dance technique (ballet/modern). It is meant for individuals who would like to heighten their studies in dance and earn advanced level training.

### Art History

<https://www.usf.edu/arts/art/academics/minors-and-certificates/>

The Certificate in Art History is designed for undergraduate students majoring in another field who also seek a concentration in art history. This certificate constitutes a sequence of five art history courses (15 credit hours) that provides students with a broad introduction to the field of art history.

### Dance Medicine and Science

<https://www.usf.edu/arts/theatre-and-dance/academics/minors-undergraduate-certificates/dance-medicine-science-certificate.aspx>

This certificate is designed for students who are degree-seeking (any major) and who possess a strong interest in exploring the field of dance medicine/science. This certificate program will give students a basic understanding of issues pertaining to the wellness of dancers such as: typical injury and misalignment patterns, injury prevention and treatment, injury risk factors, effective conditioning, muscular analysis of dance movement, and current topics in dance medicine/science research.

### Visualization and Design

<https://www.usf.edu/arts/art/academics/minors-and-certificates/certificate-in-visualization-and-design.aspx>

The Certificate in Visualization and Design provides theoretical studies and hands-on practice for all majors interested in the creative design of visual communication. Outcomes include building a portfolio from a variety of visual media and prepares those who complete the certificate for fields (depending on course selections) ranging from media designers, to animators, to research and product designers, to graphic/data developers.

Student Services & Advising offers academic support to prospective and current students in the USF College of Design, Art, and Performance. This includes the School of Architecture & Community Design, School of Art & Art History, School of Music and School of Theatre & Dance.

The Student Services & Advising Office assists prospective and current students with individualized academic planning. A few services provided include academic advisement, career guidance, and opportunities to engage with the College of Design, Art, and Performance community. Our academic advisors meet with students one-on-one to help each student map a path to graduation with opportunities for growth and knowledge during their time at USF.

To schedule an advising appointment:

- Prospective or current students with an active UID can schedule an appointment online through Archivum or the College's Student Services website.
- Prospective students who have not yet applied or students who are inactive (e.g., dismissed or not enrolled for 3 consecutive terms) should contact the appropriate advising location in their intended major:

## Art History B.A.

**TOTAL DEGREE HOURS: 120**

The curriculum in Art History reflects the belief that a traditional liberal arts program, supplemented by travel, is the best preparation for students who wish to teach the history of art at the college level or work in museums and galleries. Students will not specialize in a particular area such as Renaissance or Modern, but will acquire a general knowledge of the history of art. **All Art History majors are required to take at least one 4000-level non-Western Art History course.** Courses in areas such as history, philosophy, and literature are recommended as electives, both as supplement to undergraduate courses in art history and as a background for future graduate work. Art History majors are required to take courses in studio art as a means of better understanding what is involved in the art making process. It is important that students make every effort to travel to major museums in this country and, if possible, abroad.

## Graphic Arts B.F.A. with Graphic Design Concentration

**TOTAL DEGREE HOURS: 120**

The Graphic Arts degree offers students a sequence of rigorous courses that balance critical thinking and pragmatic experience, complemented by the enriched experience of the liberal arts environment of the University of South Florida.

Graphic artists develop the images that give voice to the world around us. Using their raw materials - the ability to think, draw, write, speak and design - students learn the skills to solve specific visual problems. The study of typography, design concepts, and digital technology develops an understanding of the tradition, practice, and process of graphic design.

This program guides students in building the imagination, aesthetic sensitivity, and powers of critical thought required to succeed as visual communicators. The curriculum emphasizes expertise in image development, typography, print and screen-based graphics, and interactive design. The program prepares students for the rigor of professional design practice through an internship program, courses in production, and portfolio development. Additionally, students design, organize and promote an exhibition of their final senior project.

### **SPECIALIZED ADMISSIONS - GRAPHIC ARTS B.F.A.**

The Graphic Arts B.F.A. program requires a portfolio submission, along with completion of the State Mandated Common Course Prerequisites. Completion of each common prerequisite with a minimum grade of C- is required, along with a 3.25 GPA. An overall 2.5 GPA is another requirement for admission into the program.

### **UNIVERSITY ADMISSIONS - COLLEGE OF DESIGN, ART, AND PERFORMANCE**

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>

## GRADUATION REQUIREMENTS - GRAPHIC ARTS B.F.A.

**Major GPA** (All USF courses which are applied to major requirements): 3.25

**General Education GPA** (All USF courses which are applied to General Education requirements): 2.0

**USF GPA:** 2.0

**Overall GPA:** 2.0

## GRAPHIC ARTS REQUIRED COURSES: (75 CREDIT HOURS)

The Graphic Arts degree offers students a sequence of rigorous courses that balance critical thinking and pragmatic experience, complemented by the enriched experience of the liberal arts environment of the University of South Florida.

Graphic artists develop the images that give voice to the world around us. Using their raw materials - the ability to think, draw, write, speak and design - students learn the skills to solve specific visual problems. The study of typography, design concepts, and digital technology develops an understanding of the tradition, practice, and process of graphic design.

This program guides students in building the imagination, aesthetic sensitivity, and powers of critical thought required to succeed as visual communicators. The curriculum emphasizes expertise in image development, typography, print and screen-based graphics, and interactive design. The program prepares students for the rigor of professional design practice through an internship program, courses in production, and portfolio development. Additionally, students design, organize and promote an exhibition of their final senior project.

## STATE MANDATED COMMON COURSE PREREQUISITES - GRAPHIC ARTS B.F.A. (21 CREDIT HOURS)

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program.

Completion of each common prerequisite with a minimum grade of C- is required, along with a 3.25 GPA.

- ART X300 – 3 credit hours
- ART X201 – 3 credit hours
- DIG X000 **OR** ART X602 **OR** GRA X143C **OR** ART X600 – 3 credit hours
- ARH X053 **OR** ARH X051 **OR** ARH X000-X999 – 3 credit hours
- ART X301 **OR** ART X203 **OR** PGY X101 **OR** ART X330C **OR** PGY X401 – 3 credit hours
- GRA X111 **OR** GRA X190 – 3 credit hours
- GRA X000-X999 **OR** GRA X208 **OR** DIG X025 – 3 credit hours

**FOR ALL MAJORS:** Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

## STATE MATHEMATICS PATHWAY – GRAPHIC ARTS B.F.A. (6 CREDIT HOURS)

## Studio Art B.A.

---

### TOTAL DEGREE HOURS: 120

This degree is designed to develop the student's consciousness of aesthetic and ideological aspects of art and its relationship to life. The degree also assists students in the realization of personal ideas, art making skills and imagery. The BA is oriented toward a general and broad immersion in the field. Studio courses are supplemented with studies in art history, foreign language, and an abundance of electives both within the School of Art and Art History and throughout the campus. While the BA in Studio Art is not usually the preferred preparation for moving on to the Master of Fine Arts degree, it is quite appropriate for seeking other advanced degrees, especially in the Liberal Arts or other similar programs.

## UNIVERSITY ADMISSIONS - COLLEGE OF DESIGN, ART, AND PERFORMANCE

## ADDITIONAL INFORMATION - STUDIO ART B.A.

### FOREIGN LANGUAGE REQUIREMENT

Any student seeking a B.A. in Studio Art must satisfy the Foreign Language Exit requirement (FLEX).

### GPA REQUIREMENTS

**Major GPA** (All USF courses which are applied to major requirements): 2.0

**General Education GPA** (All USF courses which are applied to General Education requirements): 2.0

**USF GPA:** 2.0

**Overall GPA:** 2.0

### GRADING REQUIREMENT

All coursework in the School of Art & Art History must have a grade of C or better to satisfy program requirements.

### RESIDENCY REQUIREMENT

**Department and College of Design, Art, and Performance Major Academic Residency Requirement** - 50% of major must be completed at USF

**USF Academic Residency Requirement** - 30 of the last 60 hours earned must be from USF

### OTHER INFORMATION

Students are encouraged to take additional credits in the Studio Workshops and Theme Studio Courses to fulfill art electives.

### RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

### ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

For questions, [Art-Advise@usf.edu](mailto:Art-Advise@usf.edu)

## Studio Art B.F.A.

**TOTAL DEGREE HOURS: 120**

The B.F.A. program in Studio Art will expose the student to many possibilities in the art-making process. The areas of emphasis in art media are animation, painting, drawing, printmaking, photography, sculpture, ceramics, and video. These options provide access to a comprehensive program of study in art. Students can develop their conceptual and technical skills in a particular art discipline or decide to investigate a specific subject through the use of numerous media and "mixed" forms of art.

## UNIVERSITY ADMISSIONS - COLLEGE OF DESIGN, ART, AND PERFORMANCE

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## STUDIO ART REQUIRED COURSES: (83 CREDIT HOURS)

### STATE MANDATED COMMON COURSE PREREQUISITES - STUDIO ART B.F.A. (24 CREDIT HOURS)

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

**Note:** It is recommended that transfer students complete both Design I and Design II prior to transfer. If a student does not complete Design I and Design II prior to transfer they should wait and enroll in ART 2201C - Concepts and Practices I and ART 2203C - Concepts and Practices II (Concepts and Practices II) at USF.

## Studio Art B.F.A., with Animation and Digital Modeling Concentration

---

### TOTAL DEGREE HOURS: 120

The B.F.A. program in Studio Art will expose the student to many possibilities in the art-making process. The program has a concentration in animation and areas of specialization in painting, drawing, printmaking, photography, sculpture, ceramics, and video. These options provide access to a comprehensive program of study in art. Students can develop their conceptual and technical skills in a particular art discipline or decide to investigate a specific subject through the use of numerous media and "mixed" forms of art.

The concentration in animation is a blend between art and design, courses offered within the program explore a range of topics in motion, composition, acting, visual storytelling, 3D modeling, lighting, and concept design. Also, students can selectively combine the study of Animation and Digital Modeling with other disciplines within the department in order to fully explore their creative interests.

## UNIVERSITY ADMISSIONS - COLLEGE OF DESIGN, ART, AND PERFORMANCE

If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## OTHER INFORMATION

The USF School of Art & Art History hosts fully equipped studios in all of these disciplines.

Transfer credit from other institutions is accepted on the basis of a transcript evaluation. The School of Art & Art History accepts transfer credit from all Florida programs that are part of the "common course prerequisites."

## ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

## **Art History Minor**

The minor in art history consists of 15 credit hours. Students pursuing this minor may study art history from a variety of areas, including but not limited to Greek Art, Roman Art, Ancient Egyptian and Near Eastern Art, Renaissance Art, Islamic Art, and Twentieth Century Art. As a writing discipline, the Minor in Art History develops the student's critical analysis and communication skills.

### **MINOR REQUIREMENTS**

A minimum of 15 credit hours is required for the minor in art history, in the following distribution.

- A maximum of three credit hours in ARH 4800 - Critical Studies in Art History and ARH 4930 - Art History: Selected Topics can be applied to the minor.

### **TOTAL MINOR CREDIT HOURS: 15**

### **MINOR CORE CREDIT HOURS: 15**

#### **I. ART HISTORY FOUNDATIONS (6 HOURS)**

- ARH 2050 - History of Visual Arts I **Credit(s): 3**
- ARH 2051 - History of Visual Arts II **Credit(s): 3**

#### **II. SPECIALIZED ART HISTORY STUDY (9 HOURS)**

Three (3) 4000-level courses in Art History (3 hours each) from the following list:

- ARH 4115 - Ancient Egyptian and Near Eastern Art **Credit(s): 3**
- ARH 4130 - Greek Art **Credit(s): 3**
- ARH 4151 - Roman Art **Credit(s): 3**
- ARH 4200 - Medieval Art **Credit(s): 3**
- ARH 4301 - Renaissance Art **Credit(s): 3**
- ARH 4310 - Early Italian Renaissance **Credit(s): 3**
- ARH 4312 - Late Italian Renaissance **Credit(s): 3**
- ARH 4333 - Northern Renaissance Art **Credit(s): 3**
- ARH 4350 - Baroque and Rococo Art **Credit(s): 3**
- ARH 4430 - Nineteenth Century Art **Credit(s): 3**
- ARH 4450 - Twentieth Century Art **Credit(s): 3**

# COLLEGE OF DESIGN, ART, AND PERFORMANCE

---

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- ARH 4475C - Contemporary Issues in Art **Credit(s): 3**
- ARH 4530 - Asian Art **Credit(s): 3**
- ARH 4571 - Themes in Islamic Art and Architecture **Credit(s): 3**
- ARH 4800 - Critical Studies in Art History **Credit(s): 3**
- ARH 4890 - Paris Art History **Credit(s): 3**
- ARH 4930 - Art History: Selected Topics **Credit(s): 1-3**

## GPA REQUIREMENTS

---

A minimum overall GPA of 2.0 is required for the minor.

## GRADING REQUIREMENTS

---

Students must earn a "C" or better in their minor coursework.

## OTHER REQUIREMENTS

---

Studio Art majors (BA/BFA) and Graphic Arts majors may apply Art History courses required for their program toward an Art History minor. Per University guidelines, these students "must complete a minimum of 6 credits and two courses exclusive to the minor that will not count toward the student's major or other minors. These credits/courses must be completed at USF and must be upper level courses." Interested students in these programs should consult with their advisor to clarify expectations before declaring an Art History minor.

## ADVISING INFORMATION

---

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

## Art Studio Minor

The Minor in Art Studio at the University of South Florida is designed to provide students with a scope of experiences in art. The program consists of 24 credit hours of study that strengthens your critical thinking and visual communication skills, enhancing your ability to solve problems creatively.

### MINOR REQUIREMENTS (24 CREDIT HOURS)

A minimum of 24 credit hours is required for the minor in Art Studio, in the following distribution:

#### ART AREA PREPARATION (18 CREDIT HOURS)

- ARH 2050 - History of Visual Arts I **Credit(s): 3**
- ARH 2051 - History of Visual Arts II **Credit(s): 3**
- ART 2201C - Concepts and Practices I **Credit(s): 3**
- ART 2203C - Concepts and Practices II **Credit(s): 3**
- ART 2301C - Beginning Drawing **Credit(s): 3**
- ART 3310C - Intermediate Drawing **Credit(s): 3**  
OR DIG 3119C - Digital Drawing **Credit(s): 3**

#### ART STUDIO (6 CREDIT HOURS)

#### BEGINNING STUDIO WORKSHOP (3 CREDIT HOURS)

Students will choose one from of the following courses:

- ART 2400C - Beginning Printmaking **Credit(s): 3**
- ART 2500C - Painting I **Credit(s): 3**
- ART 2701C - Beginning Sculpture **Credit(s): 3**
- ART 2750C - Beginning Ceramics **Credit(s): 3**
- FIL 2723C - Introduction to Animation **Credit(s): 3**
- PGY 2401C - Beginning Photography **Credit(s): 3**

#### INTERMEDIATE STUDIO WORKSHOPS (3 CREDIT HOURS)

Students will choose one from of the following courses:

ART 3XXX, ART 4XXX, FIL 3XXX, FIL 4XXX, DIG 3XXX, DIG 4XXX, PGY 3XXX, PGY 4XXX

Students have the opportunity for studio experience in a variety of areas: Animation & Digital Modeling, Ceramics, Drawing, Painting, Photography, Printmaking, Sculpture & Extended Media, and Video.

## Art History Certificate

### TOTAL CERTIFICATE HOURS: 15

The Certificate in Art History is designed for undergraduate students majoring in another field who also seek a concentration in art history. This certificate constitutes a sequence of five art history courses (15 credit hours) that provides students with a broad introduction to the field of art history.

### CERTIFICATE CORE (6 CREDIT HOURS)

- ARH 2050 - History of Visual Arts I **Credit(s): 3**
- ARH 2051 - History of Visual Arts II **Credit(s): 3**

### CERTIFICATE ELECTIVES (9 CREDIT HOURS)

Students choose nine credit hours of coursework from the following list of courses:

- ARH 4115 - Ancient Egyptian and Near Eastern Art **Credit(s): 3**
- ARH 4130 - Greek Art **Credit(s): 3**
- ARH 4151 - Roman Art **Credit(s): 3**
- ARH 4200 - Medieval Art **Credit(s): 3**
- ARH 4301 - Renaissance Art **Credit(s): 3**
- ARH 4310 - Early Italian Renaissance **Credit(s): 3**
- ARH 4312 - Late Italian Renaissance **Credit(s): 3**
- ARH 4333 - Northern Renaissance Art **Credit(s): 3**
- ARH 4350 - Baroque and Rococo Art **Credit(s): 3**
- ARH 4430 - Nineteenth Century Art **Credit(s): 3**
- ARH 4450 - Twentieth Century Art **Credit(s): 3**
- ARH 4475C - Contemporary Issues in Art **Credit(s): 3**
- ARH 4530 - Asian Art **Credit(s): 3**
- ARH 4571 - Themes in Islamic Art and Architecture **Credit(s): 3**

## GPA REQUIREMENTS

A cumulative GPA of 2.5 in the certificate coursework is required.

## GRADING REQUIREMENTS

Courses must be taken on a letter-grade basis. The minimum acceptable grade for each course for the certificate is a C.

---

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

## OTHER REQUIREMENTS

Students may substitute their last three hours in the certificate curriculum (their final art history course) for any art history seminar:

- ARH 4800 - Critical Studies in Art History **Credit(s): 3**

## Visualization and Design Certificate

---

**TOTAL CERTIFICATE HOURS: 18**

The Certificate in Visualization and Design provides theoretical studies and hands-on practice for all majors interested in the creative design of visual communication. Outcomes include building a portfolio from a variety of visual media and prepares those who complete the certificate for fields (depending on course selections) ranging from media designers, to animators, to research and product designers, to graphic/data developers.

### CERTIFICATE CORE (6 CREDIT HOURS)

Required courses (6 credit hours):

- ART 2201C - Concepts and Practices | **Credit(s): 3**
- VIC 3001 - Visual Literacy **Credit(s): 3**

### CERTIFICATE ELECTIVES (12 CREDIT HOURS)

#### ART ELECTIVES (6 CREDIT HOURS)

Select two courses:

- ART 2301C - Beginning Drawing **Credit(s): 3**
- ART 2611C - Beginning Film and Video **Credit(s): 3**
- ART 3613C - Live Action Filmmaking **Credit(s): 3**
- ART 3616C - Computer Animation **Credit(s): 3**
- PGY 2401C - Beginning Photography **Credit(s): 3**
- PGY 3410C - Intermediate Photography **Credit(s): 3**

#### MASS COMMUNICATION ELECTIVES (6 CREDIT HOURS)

Select two courses:

- ADV 2214 - Mass Communications Design and Content Creation **Credit(s): 3**
- ADV 4710 - Portfolio Building **Credit(s): 3**
- JOU 4212 - Magazine Design and Production **Credit(s): 3**
- MMC 4936 - Selected Topics in Mass Communications Studies **Credit(s): 1-3 \***
- Graphics in Visual Communication
- Visualization of Big Data
- Visual Analytics
- PGY 3610C - Photojournalism | **Credit(s): 3**
- PUR 4101 - Public Relations Design and Production **Credit(s): 3**
- VIC 3400C - Visual Design for Globalized Media **Credit(s): 3**

## **Music Education B.S.**

**TOTAL DEGREE HOURS: 120**

**Certified Global Pathway Program**

The Bachelor of Science (B.S.) in Music Education is designed to prepare students as practitioners in the field. Practical experience is the underlying value in all courses and field experiences. Students receive direct experience with music education philosophies, theories, and practices through course work and laboratory settings, as well as the K-12 schools at all stages in the program. Students' progress towards a robust, semester-long, student-teaching experience. This degree program challenges and prepares students to not only embrace the traditions of music education in the schools, but also to incorporate new potentials for the future.

This program has been certified as a Global Pathway, which has significant global content. Students in Global Pathway programs are well positioned to earn the Global Citizen Award. For more information, visit the Office of Student Engagement in Research and Innovation (SERI) website.

## **UNIVERSITY ADMISSIONS - COLLEGE OF DESIGN, ART, AND PERFORMANCE**

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## **PROGRESSION REQUIREMENTS - MUSIC EDUCATION B.S.**

In order to take advanced coursework in the music education program, students must present evidence that they have attained an average of B for three aural theory courses (MUT 1241, MUT 1242) and have maintained an overall USF GPA of 3.0. These standards are prerequisites for MUE 3424, MUE 3425, MUE 4311, MUE 4331, MUE 4332, MUE 4936, MUS 4940, and MUE 4940. Evidence can be in the form of either an updated USF transcript or a current degree audit report. This information must be presented to the academic advisor before the end of the drop/add week in order to enroll in any of these eight music education courses.

## **REQUIRED COURSES: (60 CREDIT HOURS)**

### **STATE MANDATED COMMON COURSE PREREQUISITES - MUSIC EDUCATION B.S. (35 CREDIT HOURS)**

# COLLEGE OF DESIGN, ART, AND PERFORMANCE

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program.

Unless state otherwise, a grade of C is the minimum acceptable grade in a prerequisite course.

**Core Requirements (15 credit hours):**

- EDF X005 Introduction to Education and Field Experience or MUE X040 Foundations of Music Education (K-12) - 3 credit hours
- MUT X111 Music Theory I **OR** MUT X121 Music Theory I-Integrated - 3 credit hours
- MUT X112 Music Theory II **OR** MUT X122 Music Theory II-Integrated - 3 credit hours

## ADDITIONAL INFORMATION - MUSIC EDUCATION B.S.

---

### OTHER REQUIREMENTS

**The Florida Teacher Certification Exam (FTCE)**

The FTCE (Florida Teacher Certification Exam), which includes the GKT (General Knowledge Test), the PEd (Professional Education Exam), and the SAE (Subject Area Examination in Music) must be taken before entering the internship and successfully completed for the degree and for Florida teacher certification. A copy of the GKT results must be given by the student to the Music Advisor immediately upon receipt.

The exam includes the General Knowledge Test (GKT), the Professional Education Exam (PEd), and the Subject Area Exam (SAE in Music). The GKT is taken separately. However, the PEd and the SAE can be taken together. Observe deadline notes below!

- **If you are interning in the Fall semester**, you must submit all passing scores of the required General Knowledge Test to the Music Advisor no later than 5:00 pm on the Friday after the preceding Spring commencement date in order to be guaranteed certification for degree completion.
- **If you are interning in the Spring semester**, you must submit all passing scores of the required General Knowledge Test to the Music Advisor no later than 5:00 pm on the Friday after the preceding Summer commencement date in order to be guaranteed certification for degree completion.
- **Warning:** Failure to adhere to the guidelines above will result in your **inability to intern** during the semester for which you have applied.
- **Copies of passing scores** of the Professional Education Exam and the Subject Area Exam must be submitted to the Music Advisor. These scores must be submitted no later than 5:00 pm on the Friday following the graduation ceremony during the semester in which you are interning.

**Junior Recital For BS Degree in Music Education**

Students will present a teaching recital during their final semester of applied study. The student will be responsible for securing a site (either a K-12 school or community venue) away from the USF campus. The Recital must include at least one solo piece (with or without accompaniment), at least one chamber piece, and at least one original composition for any combination of instruments/voices. The music portion should last at least 30 minutes and should be representative of the quality of musicianship of the students' experience. The applied faculty will approve the

# COLLEGE OF DESIGN, ART, AND PERFORMANCE

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

music selection, while a music education faculty member will coordinate the teaching event and activity plan for the event. The Recital will center around a quality performance and effective teaching that includes audience participation beyond listening, such as participatory music-making, co-creation, and critical reflection/discussion in action. Exceptions may be made by the Director of the School of Music when deemed appropriate.

## GPA REQUIREMENTS

Major GPA (All USF courses which are applied to major requirements): 2.5

General Education GPA (All USF courses which are applied to General Education requirements): 2.0

USF GPA: 2.0

Overall GPA: 2.0

## GRADING REQUIREMENTS

The minimum acceptable grade for music, music education, education, and State Communication Requirement and State Computation Requirement courses is "C-."

Aural theory courses must have an average grade of "B."

All music education courses must be completed with a C- or better. No "S" grades.

## RESIDENCY REQUIREMENT

**Department and College of Design, Art, and Performance Major Academic Residency Requirement** - 50% of major must be completed at USF

**USF Academic Residency Requirement** - 30 of the last 60 hours earned must be from USF

## ACCREDITATION INFORMATION

National Association of Schools of Music

## RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## OTHER INFORMATION

All-Steinway School

## ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

## **Music Performance B.M., with Acoustic & Electronic Composition Concentration**

**TOTAL DEGREE HOURS: 120**

The Music Performance degree is a degree for students who wish to pursue a career in music. Students interested in a B.M. degree may choose between concentrations in: Performance, Contemporary Commercial Music, Jazz Studies, or Acoustic & Electronic Composition. This degree program requires 120 credit hours of study that include private study on the student's principal instrument and participation in ensembles. Additionally, students complete music theory, history and literature sequences, and take additional coursework in their chosen concentration. Graduates from BM programs at USF find themselves in very competitive positions for graduate study and musical careers. Admission into the BM in music degree requires an audition on your major instrument.

## **UNIVERSITY ADMISSIONS - COLLEGE OF DESIGN, ART, AND PERFORMANCE**

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## **MUSIC PERFORMANCE REQUIRED COURSES: (128 CREDIT HOURS)**

### **STATE MANDATED COMMON COURSE PREREQUISITES - MUSIC PERFORMANCE B.M. (68 CREDIT HOURS)**

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

## STATE MATHEMATICS PATHWAY – MUSIC PERFORMANCE B.M. (6 CREDIT HOURS)

The Music Performance B.M. uses the Mathematical Thinking in Context Mathematics Pathway with the following requirements:

- MGF 1130 - Mathematical Thinking **Credit(s): 3**
- MGF 1131 - Mathematical Thinking in Context **Credit(s): 3**

## MUSIC PERFORMANCE SUPPORTING REQUIRED COURSES: 1 COURSE; 0 CREDITS

The following course is a supporting course for this major. It is required for the major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

All B.M. degree students must register and pass **MUS 2010** for six semesters. A passing grade requires a minimum of seven recorded attendances at School of Music concert/recital events each semester.

- MUS 2010 - Recital Attendance **Credit(s): 0**

## MUSIC PERFORMANCE MAJOR CORE: 5 COURSES; 14 CREDIT HOURS

---

### MUSIC HISTORY/ETHNOMUSICOLOGY: 2 COURSES; 6 CREDIT HOURS

Any two Music History/Ethnomusicology courses.

### ADDITIONAL MUSIC: 3 COURSES; 8 CREDIT HOURS

- IDS 2640 - Creativity in the Arts **Credit(s): 2**
- MUM 2050 - Introduction to Entrepreneurship in Music **Credit(s): 3**
- MUS 4308 - Music Technology with Artificial Intelligence **Credit(s): 3**

## MUSIC PERFORMANCE CONCENTRATION REQUIREMENTS

---

Students complete the Music Performance program of study and one of the following four concentrations:

- Acoustic & Electronic Composition
- Contemporary Commercial Music
- Jazz Studies
- Performance

### ACOUSTIC & ELECTRONIC COMPOSITION CONCENTRATION: 14 COURSES; 32 CREDIT HOURS

---

#### FOUNDATION: 2 COURSES; 4 CREDIT HOURS

- MUT 2116 - Music Theory III **Credit(s): 3**
- MUT 2246 - Aural Skills III **Credit(s): 1**

#### ACOUSTIC MUSIC: 8 COURSES; 16 CREDIT HOURS

- MUC 3401 - Electronic Music-Analog Synthesis I **Credit(s): 3**
- MUC 3441 - Electronic Music-Digital Synthesis I **Credit(s): 3**
- MUC 4403 - Electronic Music-Real-Time Performance I **Credit(s): 3**

## **OTHER CONCENTRATION REQUIREMENTS**

---

### **SENIOR RECITAL REQUIREMENT**

The second semester of the senior year is the only semester in the composition sequence that does not require the student to be in a composition class. Instead, students are required to register for Senior Recital (2 credits), which will have a scheduled meeting time (1 hour a week) and syllabus. This meeting time will be student-directed, but one or more composition faculty will be available to help answer questions at the students' request.

The Senior Recital Requirement consists of the following:

1. Portfolio Presentation (30 percent of final grade)
2. Recital (30 percent of final grade)
3. Participation in the Senior Project Concert (15 percent of final grade)
4. Senior Presentation in Composition Seminar (12 percent of final grade)
5. Composers Orchestra composition (13 percent of final grade)
6. Continued participation in Composition Seminar and Notation Emporium

### **PORTFOLIO**

Portfolios must be presented in final form by Monday, 5:00 PM, the last week of classes. Students will consult with faculty throughout the semester on assembling and fine-tuning the material. Faculty will review the portfolio by the time of final jury (final exam week). The portfolio will consist of the following:

1. A digital archive of all of the student's acoustic and electronic projects created over the 8-semester MUC sequence (this can be presented on the web or in physical copy, e.g. DVD, flash drive, etc.)
2. A database of performances, performers, etc. (hard copy)
3. 3 to 5 scores individually bound and professionally presented (at least one of these scores needs to be for both acoustic instruments and electronic media)
4. A curriculum vitae (hard copy)
5. A 300-word artist's statement (hard copy)

### **RECITAL**

Seniors are responsible for scheduling, preparing for and presenting a 60-minute concert of their music during their final semester. This recital must take place during the semester that the student is registered for Senior Recital, and it is recommended to be before week 15 to allow time for preparing the video for the portfolio. It is expected to be professionally produced in one of the USF SOM halls, most likely in the Barness Recital Hall. The programming must include works for acoustic instruments, electronic media and work that combines the two. The recital will be assessed on quality of preparation, presentation and professional effectiveness (publicity, draw, archiving, etc.).

### **SENIOR PROJECT CONCERT**

---

# COLLEGE OF DESIGN, ART, AND PERFORMANCE

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

Senior composition majors who are registered for Senior Recital will collaborate on and present a concert during the same semester. It will feature music and performances by the seniors primarily, but can involve other performers as well. Unlike the solo senior recital concert, it is required that this concert be off campus. Students have a scheduled meeting time that they can use each week for this purpose. This concert will be assessed on quality of preparation, presentation and professional effectiveness (publicity, draw, archiving, etc.).

### **SENIOR PRESENTATION IN COMPOSITION SEMINAR**

Each senior will give 30-50 minute presentation on their music and issues surrounding it. This can be as a preview to their senior recital. Presentations must be scheduled by week 4, and no presentation will be scheduled after week 14. The presentation will be assessed on content as well as professionalism of presentation.

### **COMPOSERS' ORCHESTRA COMPOSITION**

Each senior will be required to compose and program a piece written especially for the Composers' Orchestra, an ad-hoc group of performing composition majors assembled for this purpose. The performance may take place in the Senior Recital or Senior Project concert, but it needs to be performed by week 15 at the latest. This final score and recording will be provided with the portfolio in addition to the 3-5 scores of other work.

### **COMPOSITION SEMINAR AND NOTATION EMPORIUM**

Seniors in their final semester are expected to participate in the weekly seminar and emporium. Attendance is required and excessive absences or late arrivals can affect the Senior Recital final grade. (See attendance policy)  
*The Recital Approval form (available on music advisor's door) must be completed and returned to the advisor.*

### **ADDITIONAL INFORMATION - MUSIC PERFORMANCE B.M.**

---

#### **OTHER REQUIREMENTS**

**JUNIOR RECITAL FOR BM DEGREES:** A public recital (must be shared with another junior recital) will be given during the student's junior year. The student should have achieved junior classification as defined by the university and should be enrolled at the 3000 level in applied music, which would normally occur during a student's third year of study. Credit may be granted to transfer students for junior recitals completed at other institutions. This recital should have been completed during the student's junior year at that institution and a request for recognition of that recital should be made in writing to the applied division coordinator. No studio teacher is under any obligation to accept these transfer recitals.

**SENIOR RECITAL FOR BM DEGREE:** A public recital will be given during a student's senior year. The student should have achieved senior classification as defined by the university and should be enrolled at the 4000 level in applied music, which would normally occur during a student's fourth year of study. A senior recital performed at another institution will not satisfy graduation requirements for USF. The recital must be performed on the USF campus and the student must be enrolled in the studio of a USF faculty member during the term of said recital unless written permission to deviate from this policy is obtained from the School of Music Director.

#### **GPA REQUIREMENTS**

**Major GPA** (All USF courses which are applied to major requirements): 2.0

**General Education GPA** (All USF courses which are applied to General Education requirements): 2.0

**USF GPA:** 2.0

**Overall GPA:** 2.0

#### **GRADING REQUIREMENT**

All music majors must earn at least a C- in every music course required for their degree program. Sequel courses may not be taken until prerequisites are satisfied with appropriate grades or waivers.

#### **RESEARCH OPPORTUNITIES**

---

# COLLEGE OF DESIGN, ART, AND PERFORMANCE

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## ADVISING INFORMATION

---

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

For questions, [MusicAdvise@usf.edu](mailto:MusicAdvise@usf.edu)

## Music Performance B.M., with Contemporary Commercial Music Concentration

---

**TOTAL DEGREE HOURS: 120**

The Bachelor of Music (B.M.) Contemporary Commercial Music (CCM) concentration is a professional degree for students who are interested in a career in some area of the music industry. This program is an intense study and practice of music making in contemporary genres based on student choice and interest.

The CCM concentration at USF focuses on innovative courses that combine academic experience with real-world application to help students achieve their goals. Our cutting-edge facilities and faculty that combine academic scholarship with real-world industry experience within a large research university make USF a unique and valuable choice for students.

## UNIVERSITY ADMISSIONS - COLLEGE OF DESIGN, ART, AND PERFORMANCE

---

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## MUSIC PERFORMANCE REQUIRED COURSES: (128 CREDIT HOURS)

---

### STATE MANDATED COMMON COURSE PREREQUISITES - MUSIC PERFORMANCE B.M. (68 CREDIT HOURS)

---

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

## **Music Performance B.M., with Jazz Studies Concentration**

**TOTAL DEGREE HOURS: 120**

The Music Performance degree is a degree for students who wish to pursue a career in music. Students interested in a B.M. degree may choose between concentrations in: Performance, Contemporary Commercial Music, Jazz Studies, or Acoustic & Electronic Composition. This degree program requires 120 credit hours of study that include private study on the student's principal instrument and participation in ensembles. Additionally, students complete music theory, history and literature sequences, and take additional coursework in their chosen concentration. Graduates from BM programs at USF find themselves in very competitive positions for graduate study and musical careers. Admission into the BM in music degree requires an audition on your major instrument.

**Overall GPA:** 2.0

### GRADING REQUIREMENT

All music majors must earn at least a C- in every music course required for their degree program. Sequel courses may not be taken until prerequisites are satisfied with appropriate grades or waivers.

### RESEARCH OPPORTUNITIES

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

### ADVISING INFORMATION

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

## Music Performance B.M., with Performance Concentration

**TOTAL DEGREE HOURS: 120**

The Music Performance degree is a degree for students who wish to pursue a career in music. Students interested in a B.M. degree may choose between concentrations in: Performance, Contemporary Commercial Music, Jazz Studies, or Acoustic & Electronic Composition. This degree program requires 120 credit hours of study that include private study on the student's principal instrument and participation in ensembles. Additionally, students complete music theory, history and literature sequences, and take additional coursework in their chosen concentration. Graduates from BM programs at USF find themselves in very competitive positions for graduate study and musical careers. Admission into the BM in music degree requires an audition on your major instrument.

## UNIVERSITY ADMISSIONS - COLLEGE OF DESIGN, ART, AND PERFORMANCE

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## MUSIC PERFORMANCE REQUIRED COURSES: (128 CREDIT HOURS)

### STATE MANDATED COMMON COURSE PREREQUISITES - MUSIC PERFORMANCE B.M. (68 CREDIT HOURS)

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program. Students wishing to transfer to USF should complete an A.A. degree at a Florida College System institution. Some courses required for the major may also meet General Education requirements thereby transferring maximum hours to the university.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

#### Music Theory Requirement (12-13 credits)

- MUT X111 Music Theory 1 **OR** MUT X121 Music Theory I-Integrated - 3 credit hours
- MUT X112 Music Theory II **OR** MUT X122 Music Theory II-Integrated - 3 credit hours

# COLLEGE OF DESIGN, ART, AND PERFORMANCE

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- MUT X116 Music Theory III **OR** MUT X126 Music Theory III-Integrated - 3-4 credit hours
- MUT X127 Music Theory IV-Integrated **OR** MUT X117 Music Theory IV - 3 credit hours

**Piano Proficiency Requirement (28 credits)** - Repeat the course work for 4 semesters.

- MVK X111\* Keyboard Skills - 1 - 2 credit hours
- MVK X112\* Class Instruction - Freshman - Keyboard - 1 credit hour
- MVK X121\* Keyboard Skills III - 2 credit hours
- MVK X122\* Keyboard Skills IV - 2 credit hours

\* USF accepts competency test credits (Secondary Piano Proficiency by examination).

**Student Focus Requirement (4 credits)** - This is defined as courses under one of the specified prefixes that constantly maintain the digit 1 or 2 (depending upon which course) while allowing 0-9 to replace each "X." The prefix varies depending upon the student's focus (i.e., Brass, Strings, Woodwinds, etc.) Two examples of possible courses for MVB X011 are MVB 1011 or MVB 1311. Two examples for MVW XX2X are MVW 2223 and MVW 2222.

Repeat the course work for 2 semesters:

- MVJ XX1X Applied Music: Jazz - 2 credit hours
- MVK XX1X Applied Music: Keyboard - 2 credit hours
- MVO XX1X Applied Music: Other - 2 credit hours
- MVP XX1X Applied Music: Percussion - 2 credit hours
- MVS XX1X Applied Music: Strings - 2 credit hours
- MVV XX1X Applied Music: Voice - 2 credit hours
- MVW XX1X Applied Music: Woodwinds - 2 credit hours
- MVH XX1X Historical Instruments - 2 credit hours
- MVB XX1X Applied Music: Brasses - 2 credit hours

**National Accreditation Requirement (16 credits)** - Music program national accreditation requires minimum semesters of exposure in specified coursework.

Repeat the course work for 4 semesters.

- MUN X000-X999 Music Ensembles - 4 credit hours

**Additional Requirement (4-6 credits)**

- MUT X272 ET, SS & KBD Harmony I - 1 credit hour
- MUT X276 ET, SS & KBD Harmony II - 1 credit hour
- MUT X277 ET, SS & KBD Harmony IV - 3 credit hour
- MUT X271 ET, SS & KBD Harmony I - 1 credit hour

**OR**

- MUT X221 1st YR Sight Singing I - 1 credit hour
- MUT X222 1st YR Sight Singing II - 1 credit hour
- MUT X226 1st YR Sight Singing I - 1 credit hour
- MUT X227 1st YR Sight Singing IV - 1 credit hour

**OR**

- MUT X241 Aural Theory I - 1 credit hour
- MUT X242 Aural Theory II - 1 credit hour
- MUT X246 Aural Theory III - 1 credit hour
- MUT X247 Aural Theory IV - 1 credit hour

State Mathematics Pathway – Music Performance B.M. (6 Credit Hours)

# COLLEGE OF DESIGN, ART, AND PERFORMANCE

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

The Music Performance B.M. uses the Mathematical Thinking in Context Mathematics Pathway with the following requirements:

- MGF 1130 - Mathematical Thinking **Credit(s): 3**
- MGF 1131 - Mathematical Thinking in Context **Credit(s): 3**

### **MUSIC PERFORMANCE SUPPORTING REQUIRED COURSES: 1 COURSE; 0 CREDITS**

The following course is a supporting course for this major. It is required for the major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

All B.M. degree students must register and pass **MUS 2010** for six semesters. A passing grade requires a minimum of seven recorded attendances at School of Music concert/recital events each semester.

- MUS 2010 - Recital Attendance **Credit(s): 0**

### **MUSIC PERFORMANCE MAJOR CORE COURSES: 6 COURSES; 17 CREDIT HOURS**

---

#### **MUSIC HISTORY/ETHNOMUSICOLOGY: 2 COURSES; 6 CREDIT HOURS**

Any two music history/ethnomusicology courses with MUH 2XXX, MUH 3XXX, MUH 4XXX

#### **ADDITIONAL MUSIC: 4 COURSES; 11 CREDIT HOURS**

- IDS 2640 - Creativity in the Arts **Credit(s): 2**
- MUM 2050 - Introduction to Entrepreneurship in Music **Credit(s): 3**
- MUS 4308 - Music Technology with Artificial Intelligence **Credit(s): 3**
- MUS 4954C - Music Performance Recital **Credit(s): 3**

### **MUSIC PERFORMANCE CONCENTRATION REQUIREMENTS**

Students complete the Music Performance program of study and one of the following four concentrations:

- Acoustic & Electronic Composition
- Contemporary Commercial Music
- Jazz Studies
- Performance

### **PERFORMANCE CONCENTRATION: 20-28 CREDIT HOURS**

---

#### **CONCENTRATION CORE: 3 COURSES; 10 -14 CREDIT HOURS**

- MUN 3143 - Major Music Ensemble **Credit(s): 1**

Note: Major Music Ensemble taken 4 terms

Piano Specialization does not take additional major ensemble

Voice Specialization takes only one term of additional major ensemble

- MVO 1411 - Applied Music Lower Level **Credit(s): 1-4**
- MVO 3431 - Applied Music Upper Level **Credit(s): 1-4**

## **ADDITIONAL INFORMATION - MUSIC PERFORMANCE B.M.**

### **OTHER REQUIREMENTS**

**JUNIOR RECITAL FOR BM DEGREES:** A public recital (must be shared with another junior recital) will be given during the student's junior year. The student should have achieved junior classification as defined by the university and should be enrolled at the 3000 level in applied music, which would normally occur during a student's third year of study. Credit may be granted to transfer students for junior recitals completed at other institutions. This recital should have been completed during the student's junior year at that institution and a request for recognition of that recital should be made in writing to the applied division coordinator. No studio teacher is under any obligation to accept these transfer recitals.

**SENIOR RECITAL FOR BM DEGREE:** A public recital will be given during a student's senior year. The student should have achieved senior classification as defined by the university and should be enrolled at the 4000 level in applied music, which would normally occur during a student's fourth year of study. A senior recital performed at another institution will not satisfy graduation requirements for USF. The recital must be performed on the USF campus and the student must be enrolled in the studio of a USF faculty member during the term of said recital unless written permission to deviate from this policy is obtained from the School of Music Director.

### **GPA REQUIREMENTS**

**Major GPA** (All USF courses which are applied to major requirements): 2.0

**General Education GPA** (All USF courses which are applied to General Education requirements): 2.0

**USF GPA:** 2.0

**Overall GPA:** 2.0

### **GRADING REQUIREMENT**

All music majors must earn at least a C- in every music course required for their degree program. Sequel courses may not be taken until prerequisites are satisfied with appropriate grades or waivers.

### **RESEARCH OPPORTUNITIES**

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. ## REQUIRED COURSES: (59 CREDIT HOURS)

### STATE MANDATED COMMON COURSE PREREQUISITES - MUSIC STUDIES B.A. (30 CREDIT HOURS)

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C- is the minimum acceptable grade in prerequisite courses.

- MUT X111 **OR** MUT X121 - 3 credit hours
- MUT X112 **OR** MUT X122 - 3 credit hours
- MUT X116 **OR** MUT X126 - 3 credit hours
- MUT X117 **OR** MUT X127 - 3 credit hours
- Select from the following options for 4 credits:
  - (MUT X241 **AND** MUT X242 **AND** X246 **AND** MUT X247) - 1 credit each for 4 total credit hours
  - (MUT X221 **AND** MUT X222 **AND** X226 **AND** X227) - 1 credit each for 4 total credit hours
  - (MUT X271 **AND** X272 **AND** X276 **AND** X277) - 1 credit each for 4 total credit hours
- Take 4 semesters of the following coursework: \*

# COLLEGE OF DESIGN, ART, AND PERFORMANCE

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- MUN XXXX (4 credit hours)
- Take 2 semesters of the following coursework: \*
  - MVX XX1X (2-4 credit hours) \*\*
- Take 2 semesters of the following coursework: \*
  - MVX XX2X (2-4 credit hours) \*\*
- Repeat these courses up to 4 semesters in order to gain piano proficiency: \*\*\*
  - (MVK X111 **AND** MVK X112 **AND** MVK X121 **AND** MVK X122)

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

\* Music program national accreditation requires minimum semesters of exposure in specified coursework.

\*\* DEFINITIONS: MVxXX1X and MVxXX2X are defined as courses under one of the specified prefixes that constantly maintain the digit 1 or 2 (depending upon which course) while allowing 0-9 to replace each "X." The prefix varies depending upon the student's focus (i.e., Brass, Strings, Woodwinds, etc.) Prefix areas to choose from are MVB, MVH, MVJ, MVK, MVO, MVP, MVS, MVV, and MVW. Two examples of possible courses are MVB1011 or MVP1311. Examples for MVxXX2X are MVW2223 and MVK2222.

\*\*\* Or Secondary Piano Proficiency by examination.

## STATE MATHEMATICS PATHWAY – MUSIC STUDIES B.A. (6 CREDIT HOURS)

The Music Studies B.A. uses the Mathematical Thinking in Context Mathematics Pathway with the following requirements:

- MGF 1130 - Mathematical Thinking **Credit(s): 3**
- MGF 1131 - Mathematical Thinking in Context **Credit(s): 3**

## MAJOR CORE COURSES: 4 COURSES; 11 CREDIT HOURS

- IDS 2640 - Creativity in the Arts **Credit(s): 2**
- MUM 2050 - Introduction to Entrepreneurship in Music **Credit(s): 3**
- MUS 4308 - Music Technology with Artificial Intelligence **Credit(s): 3**
- Take one music history or ethnomusicology course. MUH 2XXX, 3XXX, 4XXX

## MUSIC EMPHASIS: 12 CREDIT HOURS

Students take 12 credit hours of music courses in any of these areas (or combination) of specialization:

- Music Performance
- Jazz Music
- Commercial Music
- Composition
- Music Academic
- Hybrid Music

## SUPPORTING REQUIRED COURSE: 1 COURSE; 0 CREDIT HOURS

The following course is a prerequisite and supporting course for this major. It is required for the major. The degree will not be awarded if this course has not been taken by the end of the student's final semester.

- MUS 2010 - Recital Attendance **Credit(s): 0**

Attendance at minimum four (4) programs per semester for four semesters. Must be registered each of the semesters.

## **Dance B.A., with Dance Studies Concentration**

**TOTAL DEGREE HOURS: 120**

The focus of this degree is to enable the student to combine dance with another area of interest and encourage the development of an individualized program of study through the selection of general education requirements as well as a focused selection of elective courses. The selection of electives should be designed to provide each student with the maximum value of a liberal arts education within a focused area of study. A student with additional interest in another field (e.g., African Studies, Anthropology, Communications, Education, Health Science, History, Psychology, Religious Studies, Theatre, Women's Studies, etc.) should complete a focused study in that area along with the core of study in dance. Each student is required to develop a final independent project incorporating dance with their focused study. Dance students must continue to take at least one technique course each semester. At the end of the third semester, the faculty will determine if appropriate progression has been made for continuation in the B.A. Dance major.

### **SPECIALIZED ADMISSIONS - DANCE B.A.**

**THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.**

The B.A. in Dance is an open access program. Students who begin as B.A. will not be allowed to move to a B.F.A degree (no exceptions will be granted). Some classes in the Dance program will require a successful audition and space availability, participation in the major does not guarantee access.

### **UNIVERSITY ADMISSIONS - COLLEGE OF DESIGN, ART, AND PERFORMANCE**

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

### **PROGRESSION REQUIREMENTS - DANCE B.A.**

#### **Critiques**

1. All students will be evaluated periodically by the faculty and critiqued each semester and will participate in progress conferences with the faculty.
2. If a student evidences deficiency in some area or in continuing progress toward the degree, the student may be placed on probation within the Dance program.
3. Failure to make satisfactory progress after being placed on probation shall constitute grounds for program recommendation to drop and discontinue the major.

#### **Additional Standards**

# COLLEGE OF DESIGN, ART, AND PERFORMANCE

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

In addition to meeting the specific requirements and standards discussed above, the student and advisor will periodically evaluate the student's general progress. Students are required to meet with the Academic Advisor in Dance each semester. An unsatisfactory rating in one or more of the following areas could place the student on probation. A student on probation is given a specific amount of time to achieve a satisfactory rating before being dropped from the major program. The criteria include:

- Appropriate academic progress.
- Adequate technical skills and adaptability.
- Class probation and program probation require review, i.e., reinstatement in good standing or recommendation to drop major.

## **REQUIRED COURSES: (39-41 CREDIT HOURS)**

---

### **STATE MANDATED COMMON COURSE PREREQUISITES - DANCE B.A. (12 CREDIT HOURS)**

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Although credit or elective credit toward the major will be given for these courses, placement in upper-level technique classes will continue to be based on individual proficiency. Other technique courses in other styles of dance may be accepted toward the major on a case-by-case basis at the discretion of the university. Transfer dance credits must be evaluated by faculty and dance advisor at time of entrance.

- DAN X610 Music and Dance (two course sequence) - 3 credit hours
- TPA X200 **OR** TPA X223 **OR** TPA X232 - 3 credit hours
- DAA X200-X209\* - 3 credit hours
- DAA X100-X109\*\* - 3 credit hours

\* Up to 10 credit hours of any lower-level Ballet Technique courses within the X200-X209 taxonomy.

\*\* Up to 10 credit hours of any lower level-Modern Technique courses within the X100-X109 taxonomy.

---

**Major GPA** (All USF courses which are applied to major requirements): 2.0

**General Education GPA** (All USF courses which are applied to General Education requirements): 2.0

**USF GPA:** 2.0

**Overall GPA:** 2.0

## GRADING REQUIREMENTS

A student must receive a C grade or better in required prerequisite courses and major course for Dance majors.

## RESIDENCY REQUIREMENT

**Department and College of Design, Art, and Performance Major Academic Residency Requirement** - 50% of major must be completed at USF

**USF Academic Residency Requirement** - 30 of the last 60 hours earned must be from USF

## RESEARCH OPPORTUNITIES

Note: Students in the B.A. take two Research courses as part of their degree program and complete an independent research project.

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## ACCREDITATION INFORMATION - DANCE B.A./B.F.A.

The University of South Florida is an accredited institutional member of the National Association of Schools of Dance (NASD).

## ADVISING INFORMATION - SCHOOL OF THEATRE AND DANCE

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

## Dance B.F.A., with Ballet Concentration

TOTAL DEGREE HOURS: 120

The B.F.A. in Dance (Ballet or Modern concentrations) offers professional preparation, which includes extensive study in Studio Technique, Choreographic Studies, and Dance Studies. The focus of this degree is the development of dancers who will enter the professional world of dance/arts as performers and choreographers. Beyond the expectations for continuing opportunities for performance, students selecting the B.F.A. will develop and present solo and group senior choreographic projects.

### SPECIALIZED ADMISSIONS - DANCE B.F.A.

THIS MAJOR HAS ADDITIONAL ADMISSIONS REQUIREMENTS AS LISTED IN THIS SECTION.

The B.F.A. is a **specialized admissions program**. Students must participate in a selective admissions procedure. At the end of their third semester, students will be assessed by Dance faculty to determine eligibility for continuing in the BFA Dance Major. Dancers must continue to take technique courses throughout their degree program.

### UNIVERSITY ADMISSIONS - COLLEGE OF DESIGN, ART, AND PERFORMANCE

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

### PROGRESSION REQUIREMENTS - DANCE B.F.A.

#### Critiques

1. All students will be evaluated periodically by the faculty and critiqued each semester and will participate in progress conferences with the faculty.
2. If a student evidences deficiency in some area or in continuing progress toward the degree, the student may be placed on probation within the Dance program.
3. Failure to make satisfactory progress after being placed on probation shall constitute grounds for program recommendation to drop and discontinue the major.

#### Additional Standards

In addition to meeting the specific requirements and standards discussed above, the student and advisor will periodically evaluate the student's general progress. Students are required to meet with the Academic Advisor in Dance each semester. An unsatisfactory rating in one or more of the following areas could place the student on probation. A student on probation is given a specific amount of time to achieve a satisfactory rating before being dropped from the major program. The criteria include:

1. Appropriate academic progress.
2. Adequate technical skills and adaptability.
3. B average in concentration core studio technique classes.

# COLLEGE OF DESIGN, ART, AND PERFORMANCE

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

4. Physical conditioning that includes: nutrition, flexibility, strength, and healthful weight management necessary to facilitate safe technical and artistic expression.
5. Class probation and program probation require review, i.e., reinstatement in good standing or recommendation to drop major.

---

## REQUIRED COURSES: (86 CREDIT HOURS)

---

### STATE MANDATED COMMON COURSE PREREQUISITES - DANCE B.F.A. (24 CREDIT HOURS)

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the following prerequisite courses at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

Although credit or elective credit toward the major will be given for these courses, placement in upper-level technique classes will continue to be based on individual proficiency. Other technique courses in other styles of dance may be accepted toward the major on a case-by-case basis, at the discretion of the University. Transfer dance credits must be evaluated by faculty and the Dance advisor at time of entrance.

Any 24 credit hours from the following 30 hours will be accepted toward the major:

- DAA X610 Dance Composition/Choreography - 2 credit hours
- DAA X611 Dance Composition/Choreography - 2 credit hours
- DAA X680 Performance I \* - 1 credit hour
- DAA X681 Performance II \* - 1 credit hour
- DAA X200-X209 Dance, Emphasis on Activity \*\* - 8 credit hours
- DAA X100-X109 Dance, Emphasis on Activity \*\*\* - 8 credit hours
- DAN X610 Music and Dance (Two course sequence) **OR** DAN X600 (single course) - 3 credit hours
- DAN X611 **OR** DAN X601 - 3 credit hours

\* Or any lower-level Repertory course in the X400-X499 series up to 4 credit hours.

\*\* Up to 8 credit hours of any lower-level Ballet Technique courses within the X200-X209 taxonomy.

\*\*\* Up to 8 credit hours of any lower-level Contemporary Technique courses within the X100-X109 taxonomy.

### STATE MATHEMATICS PATHWAY – DANCE B.F.A. (6 CREDIT HOURS)

The Dance B.F.A. uses the Mathematical Thinking in Context Mathematics Pathway with the following requirements:

- MGF 1130 - Mathematical Thinking **Credit(s): 3**
- MGF 1131 - Mathematical Thinking in Context **Credit(s): 3**

---

## DANCE B.F.A. MAJOR CORE COURSES: 14 COURSES; 31 CREDIT HOURS

---

### DANCE STUDIES: 7 COURSES; 18 CREDIT HOURS

- DAN 2100 - Understanding the Dance Experience **Credit(s): 3**
- DAN 2160 - Entry Seminar **Credit(s): 2**

- DAA 4617 - Choreography IV **Credit(s): 2**

## DANCE B.F.A. CONCENTRATION REQUIREMENTS

Students complete the Dance B.F.A. program of study and one of the following two concentrations:

- Ballet
- Contemporary Dance

## BALLET CONCENTRATION: 13 COURSES; 50 CREDIT HOURS

All Dance BFA Majors with a Ballet Concentration must take these courses:

## CONCENTRATION DANCE STUDIES REQUIREMENT: 3 COURSES; 7 CREDIT HOURS

- DAE 4340 - Dance Pedagogy: Secondary Curriculum **Credit(s): 3**
- DAE 4340L - Dance Pedagogy: Internship **Credit(s): 1**
- DAN 4434 - Laban Movement Analysis **Credit(s): 3**

## CONCENTRATION CREATIVE STUDIO REQUIREMENT: 1 COURSE; 2 CREDIT HOURS

- DAA 4694 - Senior Choreography Project **Credit(s): 1-5 (x2 semesters = 2 credits)**

## CONCENTRATION STUDIO TECHNIQUE REQUIREMENT: 7 COURSES; 34 CREDIT HOURS

Dance BFA majors with a Ballet Concentration are required to achieve level 4 in ballet technique and level 2 in modern technique. All dance majors are required to register for at least one technique course each semester (fall and spring) they are enrolled as a dance major at USF, even after they have met the appropriate level requirement.

Progression to the required level assumes that the student will need to complete 2 semesters of level 1 and level 2 in both techniques.

All incoming first-year majors\* start in Level 1 in the Modern course sequence and take the following to fulfill the Ballet concentration requirements:

- DAA 2104 - Contemporary Dance I **Credit(s): 3**
- DAA 3108 - Contemporary Dance II **Credit(s): 3**

In the Ballet course sequence, all incoming students begin based on their audition placement. If placed in Level 1, students take the following in progression each year to fulfill the Ballet concentration requirements:

- DAA 2204 - Ballet I **Credit(s): 3**

# COLLEGE OF DESIGN, ART, AND PERFORMANCE

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- DAA 3214 - Ballet II **Credit(s): 1-3**

- DAA 4211 - Ballet IV **Credit(s): 1-3**
- DAA 3294 - Ballet Variations **Credit(s): 1**

Reminder, dance majors students continue to take at least one technique course each semester. Variable credit hours for studio technique courses are available once the degree concentration requirement has been met. Please check in with your academic advisor with any questions.

\*Incoming transfers may be placed at a higher level within the modern technique sequence.

## CONCENTRATION PERFORMANCE REQUIREMENT: 1 COURSE; 4 CREDIT HOURS

Dance BFA majors with a Ballet concentration are required to register for at least four performance credits. As a part of the curriculum within the USF Dance Department, majors are expected to participate in the co-curricular Dance Concert(s). Majors may be in more than this number of works throughout their time at USF, but each major must enroll in at least the required number of credits. Please check in with your academic advisor with any questions.

- DAA 4687 - Performance **Credit(s): 1-2** (repeated for total 4 credits)

## CONCENTRATION ELECTIVES: 1 COURSE; 3 CREDIT HOURS

Students are encouraged to take additional 2000-, 3000- or 4000-level Dance and Theatre courses to fulfill the remaining general elective requirement for the concentration.

Please consult Catalog for full listing of Dance and Theatre course titles and consult **Student Self-Service** for current selected topics courses.

- MVV 1211 - Applied Voice **Credit(s): 1**

## DANCE CORE: 12 CREDIT HOURS

Students are required to take 12 credit hours of dance, it is HIGHLY recommended to do them across 6 semesters. Students may audition for other dance classes as a substitute, but this is dependent upon successful audition and space.

- DAA 2100 - Movement Practices **Credit(s): 1-2**

## MUSICAL THEATRE ACTING CORE: 5 COURSES; 15 CREDITS

Students are required to take all of the following classes, some classes will require a successful audition for access.

- TPP 3155 - Acting II **Credit(s): 3**
- TPP 3251C - Acting the Song **Credit(s): 3**
- TPP 3252C - Musical Theater Scene Study **Credit(s): 3**
- TPP 4221 - Audition Workshop for Actors **Credit(s): 3**
- TPP 4923 - Music Theatre Workshop **Credit(s): 3**

## MUSICAL THEATRE CREATION: 1 COURSE; 3 CREDITS

# COLLEGE OF DESIGN, ART, AND PERFORMANCE

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

Students must select one of the following (pending audition/permission) or get an approved substitute with an advisor:

- DAA 3614 - Choreography I **Credit(s): 2**
- OR TPP 4235 - Ensemble Studio **Credit(s): 3**
- OR TPP 4600 - Writing For The Theatre **Credit(s): 3**

## ADDITIONAL INFORMATION

---

### AUDITION AND PORTFOLIO REVIEW

---

All students desiring admittance into the upper level musical theatre performance courses must audition. This normally occurs after the completion of the sophomore year.

### GPA REQUIREMENTS

---

**Major GPA** (All USF courses which are applied to major requirements): 2.0

**General Education GPA** (All USF courses which are applied to General Education requirements): 2.0

**USF GPA:** 2.0

**Overall GPA:** 2.0

### GRADING REQUIREMENTS

---

A minimum grade of C is required in major courses.

### RESIDENCY REQUIREMENT

---

Department and College of Design, Art, and Performance **Major Academic Residency Requirement** - 50% of major must be completed at USF

**USF Academic Residency Requirement** - 30 of the last 60 hours earned must be from USF

### ACCREDITATION INFORMATION

---

USF is fully accredited by the National Association of Schools of Theatre (NAST), the National Association of Schools of Dance (NASD), and the National Association of Schools of Music (NASM)

### RESEARCH OPPORTUNITIES

---

All undergraduate students in any degree program can participate in undergraduate research. There are a number of options to receive academic credit for a mentored research experience and to have the experience show on the official transcript. Students who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 2912, IDS 4914 or IDS 4910 courses. These courses will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) will assist students in understanding the various course options.

### ADVISING INFORMATION

---

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

For questions, [TheatreAndDance@usf.edu](mailto:TheatreAndDance@usf.edu)

## Theatre B.A., with Design and Technology Concentration

**TOTAL DEGREE HOURS: 120**

Through its curriculum and production program, students have the opportunity to prepare for a professional career in the theatre or to continue their studies at the graduate level. Our exclusively undergraduate program boasts intensive studies in the disciplines of performance, design and theatre arts as well as a close working relationship with our nationally and internationally recognized faculty.

### Certified Global Pathway Program

This program has been certified as a Global Pathway, which has significant global content. Students in Global Pathway programs are well positioned to earn the Global Citizen Award. For more information, visit the Office of Student Engagement in Research and Innovation (SERI) website.

## UNIVERSITY ADMISSIONS - COLLEGE OF DESIGN, ART, AND PERFORMANCE

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following links:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## THEATRE B.A. REQUIRED COURSES: (61 CREDIT HOURS)

### STATE MANDATED COMMON COURSE PREREQUISITES - THEATRE B.A. (21-24 CREDIT HOURS)

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer students should complete the State Mandated Common Course Prerequisites at the lower level prior to entering the university. If these courses are not taken at a Florida College System institution, they must be completed before the degree is granted. Successful completion of the common prerequisites alone does not guarantee a student admission into the degree program.

Unless stated otherwise, a grade of C is the minimum acceptable grade in prerequisite courses.

- Theatre Arts

## THEATRE ARTS CONCENTRATION: 8 COURSES; 24 CREDIT HOURS

The Theatre Arts Concentration is intended for the student who, in consultation with the Theatre Advisor, wishes to construct his/her own degree program from a broad spectrum of theatre courses. In addition to courses in performance and design, areas of study available are Technical Theatre, Playwriting, Stage Management, Directing, Literature and Criticism, and more.

## CONCENTRATION CORE: 8 COURSES; 24 CREDIT HOURS

24 additional Theatre credits must include:

- 3 credit hours of TPP courses.
- 21 credit hours of THE; TPA, TPP courses (9 credit hours must be at the upper level).

## ADDITIONAL INFORMATION - THEATRE B.A.

### AUDITION AND PORTFOLIO REVIEW

All students desiring admittance into the upper level acting courses must audition and those entering the upper level design sequence must present a portfolio. This normally occurs after the completion of the sophomore year.

### FOREIGN LANGUAGE REQUIREMENT

All students earning a BA degree in Theatre must complete the Foreign Language Exit Requirement.

### GPA REQUIREMENTS

**Major GPA** (All USF courses which are applied to major requirements): 2.0

**General Education GPA** (All USF courses which are applied to General Education requirements): 2.0

**USF GPA:** 2.0

**Overall GPA:** 2.0

### GRADING REQUIREMENTS

A minimum grade of C is required in major courses.

### RESIDENCY REQUIREMENT

**Department and College of Design, Art, and Performance Major Academic Residency Requirement** - 50% of major must be completed at USF

**USF Academic Residency Requirement** - 30 of the last 60 hours earned must be from USF

### RESEARCH OPPORTUNITIES

# COLLEGE OF DESIGN, ART, AND PERFORMANCE

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## ACCREDITATION INFORMATION

---

USF is fully accredited by the National Association of Schools of Theatre (NAST).

## ADVISING INFORMATION

---

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

## Dance Minor

### **TOTAL MINOR HOURS: 18**

The Dance Minor is designed to provide students with a scope of experiences in dance that include studio technique, creative studio studies and dance studies. The student selecting a Dance Minor should arrange to meet with the academic advisor in dance prior to enrolling for classes.

### **DANCE MINOR REQUIREMENTS**

#### **MINOR CORE: 5 HOURS**

All Dance Minors must complete these courses (5 credit hours):

- DAA 3624 - Dance Improvisation **Credit(s): 2**
- DAN 2100 - Understanding the Dance Experience **Credit(s): 3**

#### **MINOR STUDIO TECHNIQUE REQUIREMENT: 4 CREDIT HOURS**

All Minors must complete at least 4 credit hours of Studio Technique classes.

More can be taken as electives for the minor. All students can take the Dance Movement Practice courses. Additionally, Dance minors may audition for Upper-Level technique courses. Please visit the Dance website for audition information and application. Note: Many major-level classes are limited access and require an audition for placement into these specific class and instructor approval. Dance Majors have priority in registering for dance classes.

- DAA 2100 - Movement Practices **Credit(s): 1-2**
- DAA 2104 - Contemporary Dance I **Credit(s): 3**
- DAA 2200 - Fundamentals Of Ballet **Credit(s): 2**
- DAA 2204 - Ballet I **Credit(s): 3**
- DAA 2500 - Fundamentals Of Jazz Dance **Credit(s): 2**
- DAA 3108 - Contemporary Dance II **Credit(s): 3**
- DAA 3109 - Contemporary Dance III **Credit(s): 1-3**
- DAA 3209 - Ballet III **Credit(s): 1-3**
- DAA 3214 - Ballet II **Credit(s): 1-3**
- DAA 4110 - Contemporary Dance IV **Credit(s): 1-4**
- DAA 4211 - Ballet IV **Credit(s): 1-3**

#### **MINOR ELECTIVES: 9 CREDIT HOURS**

Dance minors should complete at least 9 credit hours of electives, at least 6 hours of which needs to be at the 3000+ level. Many classes require an audition and placement into the class and instructor approval.

- DAA 2100 - Movement Practices **Credit(s): 1-2**
- DAA 2104 - Contemporary Dance I **Credit(s): 3**
- DAA 2204 - Ballet I **Credit(s): 3**
- DAA 2500 - Fundamentals Of Jazz Dance **Credit(s): 2**

## Theatre Minor

**TOTAL MINOR HOURS: 24**

The Theatre minor is structured to give students an overview of drama and theatre, in terms of history, performance, and criticism. The curriculum involves the student in both the practical and theoretical aspects of the theatre process. The minor offers ample opportunities for students to apply their skills onstage and/or backstage.

### **THEATRE MINOR CORE (15 CREDIT HOURS)**

- THE 2000 - Theater and Culture **Credit(s): 3**
- TPP 2110 - Acting I **Credit(s): 3**
- TPA 2200 - Introduction to Technical Theatre **Credit(s): 3**
- TPA 2200L - Intro to Technical Theatre Lab **Credit(s): 1**
- TPA 2290 - Technical Theatre Practicum I **Credit(s): 1**
- TPA 3007C - Introduction to Entertainment Design **Credit(s): 3**

### **THEATRE PRACTICUM ELECTIVE**

Select **ONE** additional practicum course from:

- TPA 2290 - Technical Theatre Practicum I **Credit(s): 1**
- TPP 2190 - Rehearsal and Performance Practicum I **Credit(s): 1**

### **THEATRE MINOR ELECTIVES (9 CREDIT HOURS)**

In addition to the Theatre Minor Cores courses, students must take a minimum of 9 credits hours chosen from courses with the following prefix: THE, TPP, TPA and with the approval of the advisor.

All audition and portfolio requirements apply.

### **GPA REQUIREMENTS**

Students must maintain an overall GPA of 2.0.

### **GRADING REQUIREMENTS**

A minimum grade of C is required for minor courses.

### **ADVISING INFORMATION**

USF students schedule advising appointments online through USF Archivum Platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

## Advanced Dance Studies Certificate

### TOTAL CERTIFICATE HOURS: 12

This certificate is designed for students who possess a strong background in dance technique (ballet/modern). It is meant for individuals who would like to heighten their studies in dance and earn advanced level training.

### CERTIFICATE REQUIREMENTS

Students are required to take 12 credit hours composed of the course options below. At least one semester of either Ballet IV or Modern Dance IV is required.

### CERTIFICATE CORE: 1 COURSE; 3 CREDIT HOURS

Required course:

- DAA 4211 - Ballet IV **Credit(s): 1-3**  
OR DAA 4110 - Contemporary Dance IV **Credit(s): 1-4**

### CERTIFICATE ELECTIVES (9 CREDIT HOURS)

Students choose nine credit hours of coursework from the following list of courses.

Note: Ballet and Modern classes may be repeated.

- DAA 3109 - Contemporary Dance III **Credit(s): 1-3**
- DAA 3209 - Ballet III **Credit(s): 1-3**
- DAA 3624 - Dance Improvisation **Credit(s): 2**
- DAA 3294 - Ballet Variations **Credit(s): 1**
- DAA 4110 - Contemporary Dance IV **Credit(s): 1-4**
- DAA 4211 - Ballet IV **Credit(s): 1-3**
- DAA 4687 - Performance **Credit(s): 1-2**

### GRADING REQUIREMENT

A grade of B- or higher in all courses is required.

### RESIDENCY REQUIREMENT

A minimum of six (6) credit hours of coursework taken at USF is required to meet residency requirements.

### OTHER REQUIREMENTS

Students must audition for placement through the dance program and place into at least the level III of ballet or modern in order to qualify to pursue the certificate.

### OTHER INFORMATION

Any degree-seeking student not currently majoring in Dance B.F.A. or B.A. or any non-degree seeking student may pursue the Advanced Dance Studies certificate.

### ADVISING INFORMATION

Intent to pursue the certificate should be discussed with the academic advisor for Dance, Nadine Niforos via email at [nniforos@usf.edu](mailto:nniforos@usf.edu) or 813-974-1739.

# COLLEGE OF DESIGN, ART, AND PERFORMANCE

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

## Dance Medicine and Science Certificate

### TOTAL CERTIFICATE HOURS: 20

This certificate is designed for students who are degree seeking (any major) and who possess a strong interest in exploring the field of dance medicine and science. This certificate program provides students with a basic understanding of issues pertaining to the health and wellness of dancers such as: typical injury and misalignment patterns, injury prevention and management, injury risk factors, effective conditioning, muscular analysis of dance movement, mental health concerns, nutrition recommendations and fitness parameters.

The curriculum addresses current topics in dance medicine and science research, and students learn research methods for conducting dance-science research. Undergirding this specialized study are support courses which address the structure and function of body systems, the mechanical principles related to motor performance, the physiological effects of exercise, nutrition, and principles of motor development and skill acquisition. Also included in the dance medicine and science domain of study and within the certificate curriculum are "dance for health" aspects, which embrace the evidence-based use of dance as a healing and wellness modality applied with a variety of populations.

The capstone experience is undertaken in the Research in Dance I and II courses where students review research literature in the field and design an individualized research project exploring a relevant topic. Students are mentored throughout the forthcoming completion of the research project, and completion of the project is required to earn the certificate. Opportunities for students to present their research in external regional, national and international forums are encouraged and facilitated through mentorship. Students may also participate in synergistic learning experiences, including performing arts medicine conferences, dance science and somatics lab sessions, guest speaker presentations, and other performing arts medicine related activities at USF and beyond.

DM&S students are encouraged to join the USF Performing Arts Medicine Collaborative Student Chapter as a way to engage other students with similar interests and collaborate towards common goals. The project should be fully completed within two (2) semesters after the Research in Dance II course. Students who are dance majors, health science majors, exercise science majors, or physical education majors interested in dance medicine and science, are encouraged to apply. Other majors are also welcome. Students are required to take 20 credit hours composed of the courses below. Intent to pursue the certificate should be discussed with the academic advisor for dance and the Certificate Coordinator.

### CERTIFICATE CORE (14 CREDIT HOURS)

- BSC 2085 - Anatomy and Physiology I **Credit(s): 3 \*\***
- BSC 2085L - Anatomy and Physiology Lab I for Nursing and other Healthcare Professionals **Credit(s): 1 \*\***
- DAN 3714 - Dance Kinesiology **Credit(s): 3**
- DAN 3853 - Foundations in Dance Medicine and Science **Credit(s): 2**
- DAN 4162 - Research in Dance I **Credit(s): 3**
- DAN 4163 - Research in Dance II **Credit(s): 2**
- IDS 4914 - Advanced Undergraduate Research Experience **Credit(s): 0-4**

### CERTIFICATE ELECTIVES (6 CREDIT HOURS)

Students choose six credit hours of coursework from the following list of courses.

- APK 3120 - Exercise Physiology **Credit(s): 3**
- APK 3220 - Biomechanics in Human Motion **Credit(s): 3 \*\***
- APK 3163 - Nutrition for Fitness and Sport **Credit(s): 3 \*\*\***
- ATR 2010C - Care and Prevention of Physical Injuries **Credit(s): 3**
- BSC 2086 - Human Anatomy & Physiology II **Credit(s): 3** and BSC 2086L - Anatomy and Physiology Lab II for Nursing and other Healthcare Professionals **Credit(s): 1 \***
- HLP 2081 - Personal Wellness: A Lifetime Commitment **Credit(s): 3**

# COLLEGE OF DESIGN, ART, AND PERFORMANCE

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- HSC 4697 - Performing Artists Health Risk and Care **Credit(s): 3**
- HUN 2201 - Fundamentals of Human Nutrition **Credit(s): 3**
- PET 3031 - Motor Behavior **Credit(s): 3**

### Course Notes

\*Anatomy and Physiology I and II for Nursing and other Healthcare Professionals with lab are required as prerequisites for these courses. Non-major and major sections (for Exercise Science majors) of these courses are offered in alternating semesters.

\*\*This course is restricted to health professions majors but open to other USF students pending space availability. Anatomy and Physiology transfer courses will also be accepted to meet this requirement. Special consideration for registration access will be given to students in the dance medicine certificate program.

\*\*\*Exercise Science majors only. Permission may be granted on a case-by-case basis, pending space availability and instructor approval.

## **GPA REQUIREMENTS**

---

Students must maintain an overall GPA of 2.0.

## **GRADING REQUIREMENT**

---

A grade of C+ or higher in all courses is required.

## **RESIDENCY REQUIREMENT**

---

A minimum of ten (10) credit hours of coursework taken at USF is required to meet residency requirements.

## **OTHER REQUIREMENTS**

---

DAN 3853 - Foundations in Dance Medicine and Science should usually be taken as early as possible in the course sequence.

The Research in Dance courses should generally be taken last in the course sequence. Electives may be taken concurrently with the Research in Dance courses. Ideally, the student should take the Research in Dance II course last as it is part of the capstone research experience. Students typically complete their research projects one or two semesters after the Research in Dance II course and during this time they register for the zero credit IDS 4914 course.

## **OTHER INFORMATION**

---

Any degree-seeking student or any non-degree seeking student may pursue the Dance Medicine/Science certificate. Substitutions for the certificate electives may be considered if they are relevant to the student's preparation for their research project and align with the objectives of the certificate. These exceptions may be discussed in consultation with the Academic Advisor and Certificate Coordinator.

Students can work at their own pace in terms of completion of the certificate. The timeline will vary depending upon each student's circumstance and should be discussed with the academic advisor and certificate coordinator.

BSC 2085 and BSC 2085L Anatomy and Physiology I for Health Professions with lab qualify as a General Education Core Natural Sciences (SGEN)

## **ADVISING INFORMATION**

---

Intent to pursue the certificate should be discussed with the academic advisor for Theatre and Dance, Deana-Kaye Russell [deanakaye@usf.edu](mailto:deanakaye@usf.edu) and the Coordinator for the DM&S Certificate, Dr. Merry Lynn Morris, [mmorris3@usf.edu](mailto:mmorris3@usf.edu)

The Judy Genshaft Honors College offers an enriched learning experience that combines the resources of one of the country's top research universities with the personal attention and close-knit community you would expect from a top-tier small liberal arts institution. The College enrolls high-ability students from virtually every major at USF in an interdisciplinary program designed to provide future leaders with integrative ideas and skills that enhance the training they receive in their major area of study. The primary goals of the Judy Genshaft Honors College are to (1) cultivate Practical Wisdom through critical, creative, and collaborative interdisciplinary learning, (2) foster a nuanced global perspective on contemporary issues through an internationalized curriculum and study abroad experiences, and (3) encourage a rich and integrated understanding of personal, social, and environmental concerns through active and reflective community engagement.

## Mission, Vision, Values

---

The mission of the Judy Genshaft Honors College is to cultivate intellectual creativity and critical thinking, ethical discernment, and the desire for a life of learning through both engaged action and skillful reflection. Through interdisciplinary inquiry and experiential learning, both locally and globally, we seek to foster Practical Wisdom. Our curriculum equips students to put ideas and values into practice in order to grow personally and contribute to the broader communities in which each plays a role. Because we value self-cultivation, we encourage creativity and purposeful play. Because we value community, we practice locally engaged collaborative learning. Because we value our environment, we practice careful cultivation and design. Because we value global thinking, we practice responsible citizenship and engaged learning in locations around the world.

## Admission Requirements

---

### Admission for FTIC Students

The Judy Genshaft Honors College actively recruits students who have demonstrated academic excellence through high test scores and high school GPA. We also know that excellence takes a variety of forms, and therefore we encourage applications from any student who wants to be considered on the basis of their achievements. The Judy Genshaft Honors College application requires an essay and resume. Applications are reviewed by a team of current Honors students, faculty, and staff. The application link can be found on our Admissions website at <https://www.usf.edu/honors/prospective-students/application-criteria.aspx>.

### Admission for Transfer or Continuing USF Students

---

# JUDY GENSHAFT HONORS COLLEGE

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

The Judy Genshaft Honors College offers admission for students who are already enrolled as USF students, or who are transferring to USF from a state or community college. Information can be found on our Transfer/Continuing USF Students webpage at <https://www.usf.edu/honors/prospective-students/index.aspx>.

### **Program-Specific Requirements**

---

#### **General Requirements for Judy Genshaft Honors College Distinction**

---

Completion of the Judy Genshaft Honors College curriculum with a USF GPA of 3.25 or above shall be noted on a student's diploma and transcript, and recognized at the Judy Genshaft Honors College graduation ceremony.

#### **Academic Curriculum for FTIC Admits (15-18 credits)**

---

First time in college students admitted to the Judy Genshaft Honors College will select and complete the academic curriculum with four core honors courses (two of which are required) and then select a research option.

##### **Core Honors Courses:**

- IDH 2010 - Acquisition of Knowledge [Required]
- IDH 3100 - Arts and Humanities
- IDH 3350 - Honors Natural Sciences
- IDH 3400 - Honors Social and Behavioral Sciences
- IDH 3600 - Seminar in Applied Ethics
- IDH 4200 - Geographical Perspectives Honors [Required]
- IDH 4930 - Selected Topics
- IDH 4950 - Honors Project

##### **Research Options:**

- Honors Thesis - IDH 4970 - Honors Thesis, taken twice (6 credits).
- Honors College Capstone - IDH 4950 - Honors Project, plus one core honors course (6 credits total). FTIC Engineering majors will have the additional core honors course waived.
- Departmental Honors - Complete the requirements for a university departmental honors program.

#### **Academic Curriculum for Continuing USF or Transfer Student Admits (12 credits)**

---

Students admitted to the Judy Genshaft Honors College after having been enrolled as a USF student, or as transfer students, will complete the academic curriculum with two core honors courses and then select a research option.

##### **Core Honors Courses:**

- 2 IDH core courses of your choice (6 credits).

##### **Research Options:**

- Honors Thesis - IDH 4970 - Honors Thesis, taken twice (6 credits).
- Honors Capstone - IDH 4950 - Honors Project, plus one core honors course (6 credits). FTIC Engineering majors will have the additional core honors course waived.
- Departmental Honors - Complete the requirements for a university departmental honors program.

#### **Co-curricular Experiential Learning Requirements**

---

All Honors students, both FTIC and Continuing/Transfer students, are required to complete two experiential co-curricular components; for more information see: <https://www.usf.edu/honors/prospective-students/experiential-learning-requirements.aspx>.

#### **Grading Requirements and Policies**

---

Students in good standing have a minimum a 3.25 Overall GPA (grade forgiveness does not apply), are actively completing the requirements for the Judy Genshaft Honors College, and have completed an IDH core course in the last three semesters. Students in good standing have the privilege of priority status for course registration.

# JUDY GENSHAFT HONORS COLLEGE

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

Students with a USF GPA below a 3.25 (but 3.25 or higher overall), will be placed on Honors Probation. Students on probation can continue to enroll in Honors courses and meet with their Honors advisor. Students will be removed from probationary status when a 3.25 GPA is achieved.

Students with a GPA below 2.75, will be dismissed from the Judy Genshaft Honors College. Additionally, students who earn a "D" or "F" in an Honors course will be dismissed from the College. The university's grade forgiveness policy does not apply to Judy Genshaft Honors College courses.

### **Judy Genshaft Honors Scholarships**

The Judy Genshaft Honors College awards scholarships to its new and continuing students based on the completion of competencies (see: <https://www.usf.edu/honors/prospective-students/scholarships.aspx>).

In addition, thanks to the generosity of many donors, there are more than 30 competitive scholarships available exclusively to Honors College students. Students may apply for these Honors-specific awards, as well as, general USF scholarships (see: <http://www.usf.edu/financial-aid/scholarships/index.aspx>). These applications typically open in November and are due in January for new students and April for continuing students.

### *Study Abroad Scholarships*

Providing students with the opportunity to expand their global awareness and understanding through study abroad programs is central to our mission. Most Honors students will qualify for very generous travel scholarships to fund study abroad opportunities in locations around the world (see <https://www.usf.edu/honors/prospective-students/scholarships.aspx>).

### *Hosted Scholarship Programs*

The Judy Genshaft Honors College hosts several scholarship programs for both Honors and non-Honors students, including the George Jenkins Scholars Program, the Holcombe Scholars Program, and the Robert and Susan Ableidinger Scholarship (see <https://www.usf.edu/honors/prospective-students/hosted-scholarships.aspx>).

### *Office of National Scholars*

Housed within the Judy Genshaft Honors College, the Office of National Scholars recruits and mentors high achieving students from across USF, both undergraduate and graduate, and supports their applications for prestigious nationally competitive scholarships, fellowships and awards such as the Rhodes, Marshall, Mitchell, Fulbright, Goldwater and Truman. Some awards support graduate or professional study in the U.S., while others involve education abroad or independent research. These opportunities are open to all qualified USF students who wish to apply.

Director: Sayan Basu

Location/Phone: HON 1001; (813) 974-3087

Web Address: <https://www.usf.edu/ons/>

### **Judy Genshaft Honors College Living Learning Community (LLC) - Honors Housing at the Tampa and St. Petersburg Campuses**

The Honors LLC is a residential experience open to available to The Judy Genshaft Honors College students on all three USF campuses. We strive to create a respectful and close-knit community while celebrating the diversity of our students. The focus of our community is to simultaneously develop our students' academic and extracurricular interests. To do so, we host programs and activities related to career exploration, networking, and connecting with the Honors faculty. More information can be found on the Honors College Housing website.

### **Bachelor's/Graduate Pathways**

---

#### **Judy Genshaft Honors College Pathway Programs**

Students can earn their undergraduate and public health, medical, or pharmacy degrees at an accelerated pace through one of The Judy Genshaft Honors College Bachelor's/Graduate Pathways programs. For more information, see the Graduate Catalog.

## Muma College of Business

### About the College

<http://www.usf.edu/business/>

The Muma College of Business offers courses of study leading to both undergraduate and graduate degrees. All degree programs in the Muma College of Business are fully accredited by AACSB International — The Association to Advance Collegiate Schools of Business.

### Mission and Vision

#### Mission

We emphasize creativity and analytics to promote student success, produce scholarship with impact, and engage with all stakeholders in a diverse global environment.

#### Vision

Transforming minds: Transforming business. We aspire to be internationally recognized for developing business professionals who provide analytical and creative solutions in a global environment.

### Accreditation

The Muma College of Business offers courses of study leading to both undergraduate and graduate degrees. All degree programs in the Muma College of Business are fully accredited by AACSB International — The Association to Advance Collegiate Schools of Business.

AACSB provides internationally recognized, specialized accreditation for business and accounting programs at the bachelor's, master's, and doctoral level. The AACSB Accreditation Standards challenge post-secondary educators to pursue excellence and continuous improvement throughout their business programs. AACSB Accreditation is known, worldwide, as the longest standing, most recognized form of specialized/professional accreditation an institution and its business programs can earn. AACSB-accredited schools have the highest quality faculty, relevant and challenging curriculum, and provide educational and career opportunities that are not found at other business schools.

### Admission Progression Requirements for the Muma College of Business

Students interested in pursuing a degree offered by the Muma College of Business must complete the required prerequisites for entering the College in addition to other related criteria listed below.

- Minimum of 60 semester hours of college credit earned

# MUMA COLLEGE OF BUSINESS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- Minimum cumulative grade point average of 2.0 on all college-level work and a minimum of 2.0 on all credit attempted at USF, including any prior to renewal.
- Completion of the following State Mandated Common Prerequisites (or equivalents) with a grade of C or higher in each course and an overall 2.5 GPA in all seven (7) courses:
  - ACG X021/ACG X022 Financial Accounting (or ACG X001 & ACG X011)\*
  - ACG X071 Managerial Accounting (or X301)\*
  - CGS X100 Computers in Business or ISM 2411 - Introduction to Python for Business (or acceptable substitute, i.e., CGS X000, CGS X060, CGS X100C, CGS X101, CGS X518, CGS X531, CGS X570, ISM X000)
  - ECO X013 Principles of Macroeconomics
  - ECO X023 Principles of Microeconomics
  - MAC X233 Elementary Calculus or MAC X230
  - STA X023 Introductory Statistics or QMB X100 or STA X122 (STA X023 and QMB X100 are preferred)

\*Accounting majors must earn a C (not C-) in ACG 2021 & ACG 2071.

\*\* Entrepreneurship majors must also complete a leadership course as a required pre-requisite.

In computing entry grade point average all business and economics courses taken for S or U grades will be converted to C or F, respectively.

A minimum score of 550 on paper and pencil or 213 on computerized TOEFL is required, when applicable.

Students must be admitted to the Muma College of Business at least one term before their anticipated graduation date.

For more information, see the General Requirements at the Muma College of Business website

<http://www.usf.edu/business/undergraduate/requirements-general.aspx>

## Admission Requirements for Hospitality Management

Students must have a 2.0 overall and USF GPA and complete the following State Mandated Common Course Prerequisites:

- ACG X021 or ACG X022 or (ACG X001 and ACG X011) - 3 credit hours
- ACG X071 - 2-3 credit hours
- ECO X013 - 3 credit hours
- ECO X023 - 3 credit hours

## Admission Requirements for First Time in College Students

First time in college students who meet the criteria below are granted direct entry to the Muma College of Business.

- Admitted for Fall semester entry to USF as a degree seeking student OR
- Test scores: SAT minimum 1210, Math 570 or ACT 25, Math 25 AND
- Minimum weighted high school GPA: 3.5

First time in college students must meet the entrance requirements for their major, including GPA and state mandated pre-requisite courses, to enroll in upper- level major courses.

## Early Admissions Program – The Bulls Business Network

Membership in the Bulls Business Network (BBN) is open to first time in college students who have completed a USF application and declared an intent to major in business, and meet the FTIC admission requirements (listed above).

These freshmen are admitted directly to the Muma College of Business upon admission to USF (while the majority of students are fully admitted to the business college after two years of general course requirements). BBN members are eligible to live in the Bulls Business Community or the Zimmerman Advertising Program Community, residential programs described in the following section. BBN students have the opportunity to avoid mass lecture classes as smaller sections of core business classes are reserved exclusively for BBN members (availability is limited and determined by academic performance each semester). Students in the BBN may apply for special business

---

scholarships as well as join business student organizations normally restricted only to juniors and seniors. For admission criteria, visit <http://www.usf.edu/business/undergraduate/bbn/>.

### **Living-Learning Communities - The Bulls Business Community or Zimmerman Advertising Program (ZAP)**

Freshmen are encouraged to live on campus for the first year. As part of the Bulls Business Network, students are eligible to apply to the business-themed living learning communities, the Bulls Business Community (BBC) and Zimmerman Advertising Program Community (ZAP). Here, students are offered very different programming opportunities. An exclusive academic advisor and a graduate assistant aid students as they navigate the university and the college. Dinners with the dean, meetings with CEO's of various Tampa Bay businesses, improv sessions, study abroad opportunities, company tours and etiquette dinners are just a few of the beyond the books experiences provided to more than 100 business students living in Juniper Poplar. In addition, all BBC/ZAP students have the opportunity to apply to the Honors Program in Business. For further information about the BBC or ZAP please visit <https://www.usf.edu/business/undergraduate/bbc/>.

### **Business Honors Programs**

The Business Honors Program at the University of South Florida is one of the most prestigious programs established to inspire passion and nurture exemplary potential in students. Our program blends rigorous coursework and research activities with special residential, service, international, and applied learning opportunities found inside and outside of the classroom. The Business Honors Program brings together distinct features that include:

- Small classes that enhance learning
- Study abroad program geared toward understanding the global business environment
- Summer internship opportunities with top-rated business companies
- Comprehensive study in research and computational methods
- Research opportunities associated with your Honors thesis
- Corporate mentoring with industry leaders
- Personalized advising

### **Admission Requirements**

Academic Year	Requirements
Freshman	<ul style="list-style-type: none"><li>• A high school GPA of at least 3.5 (weighted)</li><li>• SAT/ACT score of at least 1210 out of 1600 (minimum 570 math) or ACT score of at least 25 (minimum 25 math)</li><li>• Two academic recommendation letters</li><li>• An academic/professional resume</li><li>• A completed BHP application form</li><li>• Acceptance to the Bulls Business Community OR Zimmerman Advertising Program</li></ul>

Students who are interested in BHP should also apply to the Judy Genshaft Honors College when applying for USF admission. Accepted BHP students will also be accepted into the Honors College.

### **Business Honors Program Description:**

The core curriculum for the Business Honors Program consists of four courses that fulfill most of the Muma College of Business foundation of knowledge and business skills requirements and four courses from the Honors College (IDH).

# MUMA COLLEGE OF BUSINESS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

The plan for courses for the BHP program would be as follows:

Year	Semester	Course Plan
Year 1	Fall	<ul style="list-style-type: none"><li>• GEB 2098 Professional Development I (1 Credit)</li><li>• IDH 2010 Acquisition of Knowledge (3 Credit)<ul style="list-style-type: none"><li>○ Meets the Honors College requirement (Open to FTIC Students only)</li><li>○ Counts towards non-business elective</li></ul></li></ul>
	Spring	<ul style="list-style-type: none"><li>• GEB 2099 Professional Development II (1 Credit)</li><li>• IDH 4200 Geographical Perspective<ul style="list-style-type: none"><li>○ Meets the Honors College requirement</li><li>○ Counts towards non-business electives</li></ul></li></ul>
	Summer	Study Abroad  (The Study abroad course can be used to help meet the summer requirement of 9 credit hours)
Year 2	Fall	<ul style="list-style-type: none"><li>• QMB 3253 BH Advanced Statistics (3 credits) (This replaces the QMB 2100 and QMB 3200/3302)</li><li>• IDH Honors Course (3 Credit)<ul style="list-style-type: none"><li>○ Meets the Honors College requirement</li><li>○ Counts towards non-business electives</li></ul></li></ul>
	Spring	<ul style="list-style-type: none"><li>• GEB 4935 Speakers Series (1 Credit)</li><li>• IDH Honors Course (3 Credit)<ul style="list-style-type: none"><li>○ Meets the Honors College requirement</li><li>○ Counts towards non-business electives</li></ul></li></ul>
	Summer	Internship 1
Year 3	Fall	GEB 4970 Thesis Hours (3 Credit) (offered only in the Fall) <ul style="list-style-type: none"><li>• Meets the Honors College thesis requirement</li></ul>
	Spring	XXX 4970 – Thesis Hours (3 Credit) (Thesis Presentation) <ul style="list-style-type: none"><li>• Meets the Honors College thesis requirement</li></ul>

- IDH courses are needed if the student is pursuing both the BHP and Judy Genshaft Honors (JGH) College program.

## Student Progress Reports

At the beginning of each fall semester, BHP students are required to complete a Student Progress Report. This document records progression toward degree requirements and ensures that the student is adhering to the program requirements listed in the Business Honors Pledge.

## Academic Performance

A Business Honors student must maintain a minimum USF GPA of 3.4 each semester.

## Business Honors Thesis

The Business Honors Program requires completing an honors thesis within the Muma College of Business. It emphasizes critical thinking, writing, and independent creative work. Research on the thesis should be academically rewarding and an exciting experience. The thesis must be related to the business major.

One honors thesis will satisfy the requirements for both the Business Honors Program and the Judy Genshaft Honors College.

# MUMA COLLEGE OF BUSINESS

---

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

## Other Requirements for the BHP Program

- Live in the Bulls Business Community for your first year at USF.
- Participate in all Business Honors Program activities, including Study Abroad, Honors Service-Learning Project, and Internships.

For more information, see <http://www.usf.edu/business/undergraduate/honors/program.aspx>.

## Transfer Student Admission Requirements

In addition to general admission requirements, transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF. For more information, see <http://www.usf.edu/business/undergraduate/requirements-transfer.aspx>.

Students who transfer to the USF Muma College of Business must meet the following admission guidelines below:

1. Minimum of 60 semester hours of college credit earned.
2. Minimum cumulative grade point average of 2.0 on all college-level work and a minimum of 2.0 on all credit attempted at USF, including any prior to renewal.
3. Completion all state mandated prerequisite courses with a grade of C or better in each course and an overall 2.5 GPA in all seven (7) courses. The courses are:
  - Financial Accounting\*: ACG X021/ACG X022 (or ACG X001 & ACG X011)
  - Managerial Accounting: ACG X071 (or ACG X301)
  - Computers in Business: CGS X100 (or acceptable substitute)
  - Principles of Macroeconomics: ECO X013
  - Principles of Microeconomics: ECO X023
  - Elementary Calculus\*\*: MAC X233 or MAC 2230
  - Statistics\*\*: QMB 2100 or STA 2023

\*Accounting majors must earn a C not C- in ACG 2021 & ACG 2071.

\*\*Hospitality Management majors only complete ECO 2013, ECO 2023, ACG 2021, and ACG 2071.

### NOTES:

- Entrepreneurship majors must complete a leadership course in addition to the seven pre-requisite courses listed above.

## Associate of Arts Transfers

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level that are offered as upper division courses at USF will not be accepted for upper division credit in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

## Associate of Science Transfers

Florida College System students pursuing an Associate of Science (AS) program in General Business Administration are fully admissible to USF. Please see a business advisor to determine the articulation of courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion. Students transferring to the Muma College of Business with an A.S. in General Business Administration may earn a major in only Management. Florida College System students pursuing an Associate of Science (AS) program in any other discipline should contact the B.S.A.S program in the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

# MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

## College-Level Requirements

---

### General Requirements for B.A./B.S. Degrees in Business

Students must satisfactorily complete a minimum of 120 semester hours. Of the minimum 120, at least 60 hours must be business courses, and a minimum of 54 hours must be non-business courses (i.e., all courses not normally offered by the Muma College of Business). Additional electives may be required to reach a minimum of 120 hours and can be either business or non-business.

As a part of the 120-hour requirements for the B.A. or B.S. degree, the following criteria also apply:

- **GPA:** A minimum grade-point average of 2.0 must be achieved in the following areas:
  - The major and minor fields
  - College foundation courses
  - All USF coursework
  - Overall GPA (USF and all transfer work)
- **State Communication and Computation Requirements:** Students must have satisfactorily completed the State Communication Requirement and State Computation Requirement.
- **Foreign Language:** All students must satisfy the University's Foreign Language Entrance Requirement (refer to the Academic Policies and Procedures section of the catalog). For the Bachelor of Arts degree in Global Business, students must demonstrate competency in a foreign language equivalent to a minimum of three semesters in the same foreign language. The Muma College of Business does not approve American Sign Language for the Foreign Language Exit Requirement.
- **Degree Requirement:** When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. When earning a Business Minor **AND** Business Major, no courses may overlap.
- **Residency:** Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 semester hours depending on major) of required business courses, including 12-18 semester hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.
- **International Course Requirement:** All business students are required to select at least one course that deals with contemporary international topics. Students may also satisfy the international course requirement by participating in an approved study abroad program. Consult with a business advisor for approved courses and study abroad program approval.
- **Academic Dismissal:** Students dismissed more than once from the University of South Florida for academic reasons will not be readmitted to the Muma College of Business.
- **Academic Progression:** The Muma College of Business supports the USF degree progression policy. Failure to meet degree progress may result in removal from the college to a program more appropriate to ensure students' success.

### Degree Requirements (120 credit hours)

---

#### Non-Business (54 hrs. minimum)

---

##### General Education Requirements

- Communication
  - State core requirement – (ENC 1101 is required) (3 credit hours)
  - USF Gen Ed – (ENC 1102 is required) (3 credit hours)
- Humanities
  - State Core requirement (3 credit hours)
  - USF Gen Ed Humanities (3 credit hours)
- Mathematics
  - State Core Requirement – (MAC 2233 is required) (3 credit hours)
  - USF Gen Ed Mathematics – (QMB 2100 is required) (3 credit hours)
- Natural Science
  - State Core Requirement (3 credits)

# MUMA COLLEGE OF BUSINESS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- USF Gen Ed Natural Science (3 credits)
- Social Science
  - State Core Social Science – (ECO 2013 is required) (3 credit hours)
  - USF Gen Ed Social Science – (ECO 2023 is required) (3 credit hours)
- General Education electives (any two courses from disciplines above) (6 credit hours)

### Non-Business Requirements for Business Majors

1. SPC 2608 - Public Speaking or COM 3110 - Communication For Business and the Professions
2. ENC 2251 - Professional Writing or ENC 3310 - Expository Writing or equivalent It is recommended that transfer students take ENC 2251 or ENC 3310 their first semester at USF.
3. PHI 1103 - Critical Thinking

### Additional Elective Credits

- Students may or may not need to take additional hours to meet the minimum of 54 non-business credits (See "Electives" heading below for a suggested course)
- Students must satisfy the State Civic Literacy Requirement (0-3 credits) See advisor for more information.

### Business (63-66 hrs. minimum):

1. **Foundation Courses in Business** - Required - a minimum grade of C- in each foundation course with an overall 2.0 GPA (36 credit hours):
  - BUL 3320 - Law And Business I
  - CAI 3801 - Artificial Intelligence and Analytics for Organizations
  - FIN 3403 - Principles of Finance
  - GEB 4890 - Strategic Management and Decision Making
  - MAN 3025 - Principles of Management
  - MAR 3023 - Basic Marketing
  - QMB 3302 - Data Analytics for Business
  - RMI 3004 - Principles of Risk Management
  - SCM 3005 - Supply Chain Management

### NOTES:

- Finance, Personal Finance, and Risk Management and Insurance majors must earn a C, not C-, in FIN 3403 with no more than two attempts.
  - Business Analytics and Information Systems (B.A.I.S.) and Information Assurance and Cybersecurity Management majors must earn C, not C-, in CAI 3801.
  - Advertising, Marketing, and Supply Chain Management majors must earn C, not C-, in MAR 3023.
  - Artificial Intelligence (AI) and Business Analytics majors must earn a B, and not a B-, in CAI 3801 and QMB 3302.
  - Hospitality Management majors complete different core courses, see major requirements.
1. **Major Requirements (18-27 credit hours)**
  2. **Required Business Electives (6 credit hours):**
    - CGS 2100 - Computers in Business or ISM 2411 - Introduction to Python for Business
    - GEB 3033 - Business Workplace Skills and Best Practices

### Electives in Business or Non-Business

Sufficient elective courses to reach a minimum of 120 hours (ranges from 0-3 credit hours if above requirements are met); minimum total hours 120.

### Grading Requirements

Courses are not available for audit. All courses in the major or minor field and all foundation coursework in business must be taken on a graded basis.

### D/F Policy

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business.

# MUMA COLLEGE OF BUSINESS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

The courses are: ACG 2021, ACG 2071, CGS 2100 (or equivalent), ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

### Other Requirements

---

#### *Computer Requirement*

All students entering the Muma College of Business are required to have a laptop computer with minimum 8 GB memory (RAM), 256 GB hard disk, and Intel i5 or above or equivalent processor with either Windows 11 (or above) or Mac OS 11 (or above) that they can use in their classes and labs. Example - <https://www.govconnection.com/product/acer-acer-a514-55-578c-14.0in.-1920nx.k5daa.002/41517225?cac=Result>

Other computing devices such as Chromebook, Android Tablet, iPad and Ubuntu Laptop will not be able to meet the requirements of classes at Muma College of Business. The laptop computer must be capable of connecting to the internet wirelessly and installing and accessing software applications through a central server, and have audio and video capabilities.

### Undergraduate Advising Information

---

The Undergraduate Advising Office assists business students with academic advising, course permitting, and registration.

Advising Services:

- Orientation for freshmen and transfer students.
- Academic advising and program information for pre-business and fully admitted students who have applied to the Muma College of Business and declared business as their intended major.
- Evaluation of undergraduate transcripts for all declared and admitted business transfer students.
- Assist students with their degree progression, retention, and timely graduation.
- Certification of graduation.

## **GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS**

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;

# MUMA COLLEGE OF BUSINESS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- Foreign language admissions coursework.

**Please note:** When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. When earning a Business Minor **AND** Business Major, no courses may overlap.

### **PROGRESSION REQUIREMENTS - ACCOUNTANCY AND ANALYTICS B.S.**

---

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

Students must enroll in ACG 3103 and ACG 3341 during their first semester within the Accountancy and Analytics major. Students are also required to complete at least one of these two required courses successfully with a grade of C (not C-) or higher on the first attempt. Students who are unable to pass both courses on the first attempt are assigned for major reselection. ("W" grades count as not passing with a grade of C or higher).

Students who pass one of these courses with a grade of C or higher, but either did not pass the other course with a grade of C or higher or withdrew from the other course are permitted a second attempt to retake that course. During a semester in which a student retakes one of the two required accounting courses, the student is only permitted to enroll in that one accounting course; the student may not enroll in any other accounting courses during that semester. Further, the student is required to pass the repeated accounting course with a grade of C or higher. If the student earns a grade of C- or lower or withdraws from that course, the student is assigned for major reselection.

Accountancy and Analytics majors may use the forgiveness policy only once in upper-level Accounting courses. One experiential learning course (e.g., ACG 4940 Accounting Internship) may be applied towards the 120-credit hour graduation requirement. Independent Research, ACG 4911, will not be accepted as credit toward the minimum major requirements.

Within the 120-semester-hour program, students must complete a minimum of 24 hours of upper-level Accounting coursework with a grade of C not C- in all courses. Accounting courses taken by Accountancy and Analytics majors on an S/U basis will not be counted toward the 120-hour graduation requirement, with the exception of ACG 4911 Independent Research.

### **REQUIRED COURSES: (87 CREDIT HOURS)**

---

### **STATE MANDATED COMMON COURSE PREREQUISITES - ACCOUNTANCY AND ANALYTICS B.S. (21 CREDIT HOURS)**

---

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business

# MUMA COLLEGE OF BUSINESS

---

---

advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of **C** or higher in each course and an overall 2.5 GPA in all seven (7) courses:

- ACG X021 Principles of Financial Accounting **OR** ACG X022 **OR** (ACG X001 **AND** ACG X011) - 3-6 credit hours\*
- ACG X071 Managerial Accounting **OR** ACG X301 - 3 credit hours\*
- CGS X100 Computers in Business **OR** CGS X100C **OR** CGS X570 **OR** CGS X060 **OR** CGS X531 **OR** CGS X000 **OR** ISM X000 **OR** CGS X518 **OR** CGS X101 **OR** ISM X411 - 3 credit hours
- ECO X013 Principles of Macroeconomics - 3 credit hours
- ECO X023 Principles of Microeconomics - 3 credit hours
- STA X023 Introductory Statistics **OR** STA X122 **OR** QMB X100 - 3 credit hours
- MAC X233 Elementary Calculus - 3 credit hours

\* Students must earn a C (not C-) in ACG X021 and ACG X071.

All students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.

## STATE MATHEMATICS PATHWAY – ACCOUNTANCY AND ANALYTICS B.S. (6 CREDIT HOURS)\*

The Accountancy and Analytics B.S. uses the Statistical Reasoning Mathematics Pathway with the following requirements:

- STA 2023 - Introductory Statistics I **Credit(s): 3** \*\*
- MAC 2233 - Calculus for Business **Credit(s): 3** \*\*\*

\* Mathematics Pathway courses count towards the State Common Prerequisite mathematics courses and are not additional credits.

\*\* STA X122 or QMB X100 courses taken for state common prerequisites can meet this statistics requirement.

\*\*\* MAC X311 or MAC X281 courses taken for state common prerequisites can meet this calculus requirement.

## BUSINESS FOUNDATION COURSES: 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation Course and an overall 2.0 GPA is required.

- BUL 3320 - Law And Business I **Credit(s): 3**
- CAI 3801 - Artificial Intelligence and Analytics for Organizations **Credit(s): 3**
- FIN 3403 - Principles of Finance **Credit(s): 3**
- GEB 4890 - Strategic Management and Decision Making **Credit(s): 3**
- MAN 3025 - Principles of Management **Credit(s): 3**
- MAR 3023 - Basic Marketing **Credit(s): 3**
- QMB 3302 - Data Analytics for Business **Credit(s): 3**
- RMI 3004 - Principles of Risk Management **Credit(s): 3**
- SCM 3005 - Supply Chain Management **Credit(s): 3**

**Notes:**

- Finance, Personal Financial Planning, and Risk Management and Insurance majors must earn a C, not a C-, in FIN 3403 with no more than two attempts.

### MAJOR CORE COURSES: 7 COURSES; 21 CREDIT HOURS

---

- ACG 3103 - Intermediate Financial Accounting I **Credit(s): 3**
- ACG 3113 - Intermediate Financial Accounting II **Credit(s): 3**
- ACG 3341 - Cost Accounting and Control I **Credit(s): 3**
- ACG 3401 - Accounting Information Systems **Credit(s): 3**
- ACG 4632 - Auditing I **Credit(s): 3**
- ACG 4840 - Analytics in Accounting **Credit(s): 3**
- TAX 4001 - Concepts of Federal Income Taxation **Credit(s): 3**

### MAJOR (RESTRICTED) ELECTIVE: 1 COURSE; 3 CREDIT HOURS

---

Choose one (1) course from the following list:

- ACG 4842 - Financial and Managerial Reporting with Data Analytics **Credit(s): 3**
- ACG 4843 - Advanced Auditing - Regulation Technology and Analytics **Credit(s): 3**
- TAX 4143 - Business Entities Taxation and Tax Analytics **Credit(s): 3**

### ADDITIONAL INFORMATION - ACCOUNTANCY AND ANALYTICS B.S.

---

#### GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

#### RESIDENCY REQUIREMENTS

**Major Residency:** Students must complete 18 hours of upper-level Accounting requirements in residency at USF.

**College Residency:** Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

#### OTHER REQUIREMENTS

- Accountancy and Analytics major courses must be no older than five (5) years to count for major credit. This applies both to continuing USF Accountancy and Analytics majors, as well as Accountancy and Analytics major courses transferred in from other institutions. A student may petition the Director for an exception to the policy and the Director may grant or deny such petition, at their discretion.
- **Computer Requirement:** All students entering the Muma College of Business are required to have a laptop computer with minimum 8 GB memory (RAM), 256 GB hard disk, and Intel i5 or above or equivalent processor with either Windows 11 (or above) or Mac OS 11 (or above) that they can use in their classes and

# MUMA COLLEGE OF BUSINESS

---

labs. Other computing devices such as Chromebook, Android Tablet, iPad, and Ubuntu Laptop will not be able to meet the requirements of classes at Muma College of Business. The laptop computer must be capable of connecting to the internet wirelessly and installing and accessing software applications through a central server and have audio and video capabilities

## RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

---

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## **Accounting (For Business Majors Only) Minor**

The Accounting minor is available to all Undergraduate Muma College of Business students, except those majoring in Accounting.

### **TOTAL MINOR CREDIT HOURS: 12**

### **MINOR CORE CREDIT HOURS: 12**

Note: Students must take ACG 3103 with ACG 3341 during the first semester and at least one of the other three courses listed below during the same semester.

- ACG 3103 - Intermediate Financial Accounting | **Credit(s): 3**
- ACG 3341 - Cost Accounting and Control | **Credit(s): 3**
- ACG 3401 - Accounting Information Systems **Credit(s): 3**
- TAX 4001 - Concepts of Federal Income Taxation **Credit(s): 3**

### **GPA REQUIREMENTS**

A GPA of 2.0 or higher must be achieved in all minor coursework. All attempts will be included in the GPA unless grade forgiveness has been used. Only one grade forgiveness may be used in the minor.

### **GRADING REQUIREMENTS**

A grade of C (not C-) or better must be earned in each of the four upper-level Accounting courses taken.

### **RESIDENCY REQUIREMENT**

Students must complete 12 hours in residency at USF.

### **OTHER REQUIREMENTS**

The Lynn Pippenger School of Accountancy has additional admission requirements beyond the entry requirements to the Muma College of Business.

1. Successful completion of ACG 3103 - Intermediate Financial Accounting I and ACG 3341 - Cost Accounting and Control I with no more than two attempts cumulatively between ACG 3103 and ACG 3341. "W" grades count as an attempt.
2. The pre-requisites for ACG 3103 and all accounting minor coursework require students to earn a grade of C, not C- in both ACG 2021 and ACG 2071. Students who fail to obtain a minimum grade of C (not C-) in ACG 3103 and ACG Co-requisite within two cumulative attempts will be withdrawn from the minor, as appropriate. "W" grades count as an attempt.
3. Accounting courses must be no older than five (5) years to count for degree credit.
4. A student may petition the Director for an exception to the policy and the Director may grant or deny such a petition, at their discretion.

## Legal Studies Minor

The Muma College of Business in conjunction with the College of Arts and Sciences (CAS), offers a Legal Studies minor that is open to all USF students regardless of their major. The minor in Legal Studies provides students with real law for the real world. The minor will:

- Instill in students a strong, pragmatic understanding of legal concepts, public policy, law, and its applications while emphasizing the implications on societies and business;
- Complement existing CAS and COB majors;
- Develop students' ability to recognize legal issues and manage risks;
- Develop students analytical, problem solving and negotiation skills along with their ethical sensitivity;
- Develop students' ability to formulate and advocate positions, and to use those skills to effectively communicate; and
- Improve students' leadership skills, social business skills, marketability, and employment prospects

## MINOR REQUIREMENTS

The Legal Studies Minor consists of:

Required Courses 6 hours

Elective Courses 9 hours

Total 15 hours

## TOTAL MINOR CREDIT HOURS: 15

### MINOR CORE COURSES (6 CREDIT HOURS)

- BUL 3320 - Law And Business I **Credit(s): 3**
- BUL 3321 - Law And Business II **Credit(s): 3**

### MINOR ELECTIVES (9 CREDIT HOURS)

- CJL 3110 - Substantive Criminal Law **Credit(s): 3**
- CJL 4115 - Environmental Law and Crime **Credit(s): 3**
- ECP 4451 - Law and Economics **Credit(s): 3**
- HFT 3603 - Hospitality Industry Law & Leadership Ethics **Credit(s): 3**

## **Finance B.S.**

### **TOTAL DEGREE HOURS: 120**

The Finance major provides a broad-based, analytical program for students anticipating a career in the management of both large and small organizations. Finance provides a good background for students seeking general careers in business. Finance majors can elect to take courses in the following areas that prepare them for entry and advanced careers in: financial management of corporations, management of financial institutions, investments, financial services, insurance, and real estate. In addition, the program in Finance is designed to provide the skills required by students earning degrees in other business disciplines and by students who seek professional degrees in areas such as law and public administration. The Finance program offers courses that enable the graduate to identify and solve problems in the acquisition and allocation of funds by organizations in the public and private sectors in domestic and international settings. It provides the background necessary for managing wealth in a risky environment. Finance relies on an interdisciplinary approach that draws on economic theory, accounting, information systems, and the quantitative decision frameworks of statistics and mathematics. The major is designed to ensure that graduates are familiar with the tools of financial decision making and that they possess the skills to stay abreast of the developments in the field. Finance graduates will understand the functions and operations of financial markets, become familiar with computer applications in finance, and know how to access and utilize financial information. Course content is designed to provide majors with an appreciation of cooperative work skills and to enhance their verbal and written communication skills.

## **UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS**

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## **PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS**

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100 (or equivalent), ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

## **GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS**

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;

# MUMA COLLEGE OF BUSINESS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

**Please note:** When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. When earning a Business Minor **AND** Business Major, no courses may overlap.

## **FINANCE REQUIRED COURSES: (81 CREDIT HOURS)**

---

### **STATE MANDATED COMMON COURSE PREREQUISITES - FINANCE B.S. (21 CREDIT HOURS)**

---

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of **C** or higher in each course and an overall 2.5 GPA in all seven (7) courses:

- ACG X021 Principles of Financial Accounting **OR** ACG X001 - 3 credit hours
- ACG X071 Managerial Accounting **OR** ACG X011 **OR** ACG X022 **OR** ACG X301 - 3 credit hours
- CGS X100 Computers in Business **OR** CGS X100C **OR** CGS X570 **OR** CGS X060 **OR** CGS X531 **OR** CGS X000 **OR** ISM X000 **OR** ISM X411 - 3 credit hours

- REE 4940 - Real Estate Internship **Credit(s): 3**
- Any other Finance or Related Course with approval from Department Chair

## **ADDITIONAL INFORMATION - FINANCE B.S.**

---

### **GPA REQUIREMENTS**

---

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

### **GRADING REQUIREMENTS**

---

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

Within the 120-credit hour program, students must complete a minimum of 21 hours of upper-level Finance/Personal Finance coursework beyond FIN 3403 with a grade of C- in all courses. Finance courses taken by Finance/Personal Finance majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

### **RESIDENCY REQUIREMENTS**

---

**Major Residency:** Students must complete 15 hours of upper-level Finance/Personal Finance requirements in residency at USF.

**College Residency:** Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent

---

(30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

### INTERNSHIP OPPORTUNITIES

It is strongly recommended that Finance students take an internship course (FIN 4940 - Finance Internship **or** REE 4940 - Real Estate Internship) as part of their plan of study. For more information go to: <https://www.usf.edu/business/talent-development/internships.aspx>.

### OTHER REQUIREMENTS

**Computer Requirement:** All students entering the Muma College of Business are required to have a laptop computer with minimum 8 GB memory (RAM), 256 GB hard disk, and Intel i5 or above or equivalent processor with either Windows 11 (or above) or Mac OS 11 (or above) that they can use in their classes and labs.

Other computing devices such as Chromebook, Android Tablet, iPad, and Ubuntu Laptop will not be able to meet the requirements of classes at Muma College of Business. The laptop computer must be capable of connecting to the internet wirelessly and installing and accessing software applications through a central server and have audio and video capabilities.

### RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## **Finance B.S., with Corporate Finance Concentration**

**TOTAL DEGREE HOURS: 120**

The Finance major provides a broad-based, analytical program for students anticipating a career in the management of both large and small organizations. Finance provides a good background for students seeking general careers in business. Finance majors can elect to take courses in the following areas that prepare them for entry and advanced careers in: financial management of corporations, management of financial institutions, investments, financial services, insurance, and real estate. In addition, the program in Finance is designed to provide the skills required by students earning degrees in other business disciplines and by students who seek professional degrees in areas such as law and public administration. The Finance program offers courses that enable the graduate to identify and solve problems in the acquisition and allocation of funds by organizations in the public and private sectors in domestic and international settings. It provides the background necessary for managing wealth in a risky environment. Finance relies on an interdisciplinary approach that draws on economic theory, accounting, information systems, and the quantitative decision frameworks of statistics and mathematics. The major is designed to ensure that graduates are familiar with the tools of financial decision making and that they possess the skills to stay abreast of the developments in the field. Finance graduates will understand the functions and operations of financial markets, become familiar with computer applications in finance, and know how to access and utilize financial information. Course content is designed to provide majors with an appreciation of cooperative work skills and to enhance their verbal and written communication skills.

## **UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS**

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## **PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS**

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100 (or equivalent), ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

## **GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS**

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);

# MUMA COLLEGE OF BUSINESS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

**Please note:** When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. When earning a Business Minor **AND** Business Major, no courses may overlap.

## FINANCE REQUIRED COURSES: (81 CREDIT HOURS)

---

### STATE MANDATED COMMON COURSE PREREQUISITES - FINANCE B.S. (21 CREDIT HOURS)

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of **C** or higher in each course and an overall 2.5 GPA in all seven (7) courses:

- ACG X021 Principles of Financial Accounting **OR** ACG X001 - 3 credit hours
- ACG X071 Managerial Accounting **OR** ACG X011 **OR** ACG X022 **OR** ACG X301 - 3 credit hours
- CGS X100 Computers in Business **OR** CGS X100C **OR** CGS X570 **OR** CGS X060 **OR** CGS X531 **OR** CGS X000 **OR** ISM X000 **OR** ISM X411 - 3 credit hours
- ECO X013 Principles of Macroeconomics - 3 credit hours

- CAI 3801 - Artificial Intelligence and Analytics for Organizations **Credit(s): 3**
- FIN 3403 - Principles of Finance **Credit(s): 3**
- GEB 4890 - Strategic Management and Decision Making **Credit(s): 3**
- MAN 3025 - Principles of Management **Credit(s): 3**
- MAR 3023 - Basic Marketing **Credit(s): 3**
- QMB 3302 - Data Analytics for Business **Credit(s): 3**
- RMI 3004 - Principles of Risk Management **Credit(s): 3**
- SCM 3005 - Supply Chain Management **Credit(s): 3**

#### Notes:

- Finance, Personal Financial Planning, and Risk Management and Insurance majors must earn a C, not a C-, in FIN 3403 with no more than two attempts.
- Business Analytics and Information Systems (B.A.I.S.) and Information Assurance and Cybersecurity Management majors must earn C, not C-, in CAI 3801.
- Advertising, Marketing, and Supply Chain Management majors must earn a C, not a C-, in MAR 3023.
- Artificial Intelligence (AI) and Business Analytics majors must earn a B, and not a B-, in CAI 3801 and QMB 3302.

### OTHER REQUIRED COURSES: 5 COURSES; 15 CREDIT HOURS

- COM 3110 - Communication For Business and the Professions **Credit(s): 3**  
OR SPC 2608 - Public Speaking **Credit(s): 3**
- ENC 2251 - Professional Writing **Credit(s): 3**  
OR ENC 3310 - Expository Writing **Credit(s): 3**
- GEB 3033 - Business Workplace Skills and Best Practices **Credit(s): 3**
- PHI 1103 - Critical Thinking **Credit(s): 3**
- Contemporary International Topics Course **Credit(s): 3**

### FINANCE MAJOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

- FIN 4443 - Financial Policies and Strategies **Credit(s): 3**
- FIN 4453 - Financial Modeling and Analytics **Credit(s): 3**
- FIN 4504 - Principles of Investments **Credit(s): 3**

### FINANCE CONCENTRATION REQUIREMENTS

Students complete the general Finance program of study or complete one of the following three concentrations:

- Corporate Finance

# MUMA COLLEGE OF BUSINESS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- Fintech
- Investment Analysis
- Real Estate

If students do not declare a concentration, they will follow the General Finance program of study and take a minimum of 12 credit hours to meet the major electives requirement.

### **FINTECH CONCENTRATION: 4 COURSES; 12 CREDIT HOURS**

---

#### **CONCENTRATION CORE COURSES: 2 COURSES; 6 CREDIT HOURS**

---

- FIN 4770 - Programming for FinTech **Credit(s): 3**
- FIN 4771 - Foundations of FinTech **Credit(s): 3**

#### **CONCENTRATION ELECTIVE COURSES: 2 COURSES; 6 CREDIT HOURS**

---

Select a minimum of two of the following courses:

- FIN 4773 - Big Data and Machine Learning in Finance **Credit(s): 3**
- FIN 4774 - Blockchain for Financial Services **Credit(s): 3**
- FIN 4940 - Finance Internship **Credit(s): 3**
- ISM 3232 - Business Application Development **Credit(s): 3**

Any relevant upper-level FIN or ISM XXXX course (with approval from the School Director)

### **ADDITIONAL INFORMATION - FINANCE B.S.**

---

#### **GPA REQUIREMENTS**

---

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

#### **GRADING REQUIREMENTS**

---

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

Within the 120-credit hour program, students must complete a minimum of 21 hours of upper-level Finance/Personal Finance coursework beyond FIN 3403 with a grade of C- in all courses. Finance courses taken by Finance/Personal Finance majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

#### **RESIDENCY REQUIREMENTS**

---

**Major Residency:** Students must complete 15 hours of upper-level Finance/Personal Finance requirements in residency at USF.

**College Residency:** Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

#### **INTERNSHIP OPPORTUNITIES**

---

It is strongly recommended that Finance students take an internship course (FIN 4940 - Finance Internship **or** REE 4940 - Real Estate Internship) as part of their plan of study. For more information go to: <https://www.usf.edu/business/talent-development/internships.aspx>.

#### **OTHER REQUIREMENTS**

---

**Computer Requirement:** All students entering the Muma College of Business are required to have a laptop computer with minimum 8 GB memory (RAM), 256 GB hard disk, and Intel i5 or above or equivalent processor with either Windows 11 (or above) or Mac OS 11 (or above) that they can use in their classes and labs.

# MUMA COLLEGE OF BUSINESS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

Other computing devices such as Chromebook, Android Tablet, iPad, and Ubuntu Laptop will not be able to meet the requirements of classes at Muma College of Business. The laptop computer must be capable of connecting to the internet wirelessly and installing and accessing software applications through a central server and have audio and video capabilities.

## RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

---

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## **Finance B.S., with Investment Analysis Concentration**

**TOTAL DEGREE HOURS: 120**

The Finance major provides a broad-based, analytical program for students anticipating a career in the management of both large and small organizations. Finance provides a good background for students seeking general careers in business. Finance majors can elect to take courses in the following areas that prepare them for entry and advanced careers in: financial management of corporations, management of financial institutions, investments, financial services, insurance, and real estate. In addition, the program in Finance is designed to provide the skills required by students earning degrees in other business disciplines and by students who seek professional degrees in areas such as law and public administration. The Finance program offers courses that enable the graduate to identify and solve problems in the acquisition and allocation of funds by organizations in the public and private sectors in domestic and international settings. It provides the background necessary for managing wealth in a risky environment. Finance relies on an interdisciplinary approach that draws on economic theory, accounting, information systems, and the quantitative decision frameworks of statistics and mathematics. The major is designed to ensure that graduates are familiar with the tools of financial decision making and that they possess the skills to stay abreast of the developments in the field. Finance graduates will understand the functions and operations of financial markets, become familiar with computer applications in finance, and know how to access and utilize financial information. Course content is designed to provide majors with an appreciation of cooperative work skills and to enhance their verbal and written communication skills.

## **UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS**

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

---

- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

**Please note:** When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. When earning a Business Minor **AND** Business Major, no courses may overlap.

## **FINANCE REQUIRED COURSES: (81 CREDIT HOURS)**

---

### **STATE MANDATED COMMON COURSE PREREQUISITES - FINANCE B.S. (21 CREDIT HOURS)**

---

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of **C** or higher in each course and an overall 2.5 GPA in all seven (7) courses:

- ACG X021 Principles of Financial Accounting **OR** ACG X001 - 3 credit hours
- ACG X071 Managerial Accounting **OR** ACG X011 **OR** ACG X022 **OR** ACG X301 - 3 credit hours
- CGS X100 Computers in Business **OR** CGS X100C **OR** CGS X570 **OR** CGS X060 **OR** CGS X531 **OR** CGS X000 **OR** ISM X000 **OR** ISM X411 - 3 credit hours
- ECO X013 Principles of Macroeconomics - 3 credit hours
- ECO X023 Principles of Microeconomics - 3 credit hours
- STA X023 Introductory Statistics **OR** STA X122 **OR** QMB X100 - 3 credit hours
- MAC X233 Elementary Calculus - 3 credit hours

- REE 4940 - Real Estate Internship **Credit(s): 3**
- RMI 3011 - Principles of Insurance **Credit(s): 3**
- XXX XXXX - Any other Finance or Related Course with approval from Department Chair

## ADDITIONAL INFORMATION - FINANCE B.S.

### GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

### GRADING REQUIREMENTS

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

Within the 120-credit hour program, students must complete a minimum of 21 hours of upper-level Finance/Personal Finance coursework beyond FIN 3403 with a grade of C- in all courses. Finance courses taken by Finance/Personal Finance majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

### RESIDENCY REQUIREMENTS

**Major Residency:** Students must complete 15 hours of upper-level Finance/Personal Finance requirements in residency at USF.

**College Residency:** Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

### INTERNSHIP OPPORTUNITIES

It is strongly recommended that Finance students take an internship course (FIN 4940 - Finance Internship **or** REE 4940 - Real Estate Internship) as part of their plan of study. For more information go to:  
<https://www.usf.edu/business/talent-development/internships.aspx>.

### OTHER REQUIREMENTS

**Computer Requirement:** All students entering the Muma College of Business are required to have a laptop computer with minimum 8 GB memory (RAM), 256 GB hard disk, and Intel i5 or above or equivalent processor with either Windows 11 (or above) or Mac OS 11 (or above) that they can use in their classes and labs.

Other computing devices such as Chromebook, Android Tablet, iPad, and Ubuntu Laptop will not be able to meet the requirements of classes at Muma College of Business. The laptop computer must be capable of connecting to the internet wirelessly and installing and accessing software applications through a central server and have audio and video capabilities.

## RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

---

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## Personal Financial Planning B.S.

TOTAL DEGREE HOURS: 120

The Personal Financial Planning program aims to equip students with the knowledge and skills needed to pursue careers in the financial planning and related industry. A financial planner takes a "big picture" view of a client's financial situation and makes financial planning recommendations based on the client's needs in areas such as budgeting and saving, taxes, investments, insurance and retirement planning. Alternatively, the planner may work with a client on a single financial issue but still within the context of that client's overall situation.

## UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100 (or equivalent), ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

## GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

**Please note:** When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. When earning a Business Minor **AND** Business Major, no courses may overlap.

## REQUIRED COURSES: (81 CREDIT HOURS)

### STATE MANDATED COMMON COURSE PREREQUISITES - PERSONAL FINANCIAL PLANNING (21 CREDIT HOURS)

# MUMA COLLEGE OF BUSINESS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of **C** or higher in each course and an overall 2.5 GPA in all seven (7) courses:

- ACG X021 Principles of Financial Accounting **OR** ACG X022 **OR** (ACG X001 **AND** ACG X011) - 3-6 credit hours
- ACG X071 Managerial Accounting **OR** ACG X301 - 3 credit hours
- CGS X100 Computers in Business **OR** CGS X100C **OR** CGS X570 **OR** CGS X060 **OR** CGS X531 **OR** CGS X000 **OR** ISM X000 **OR** ISM X411 - 3 credit hours
- ECO X013 Principles of Macroeconomics - 3 credit hours
- ECO X023 Principles of Microeconomics - 3 credit hours
- STA X023 Introductory Statistics **OR** STA X122 **OR** QMB X100 - 3 credit hours
- MAC X233 Elementary Calculus - 3 credit hours

## STATE MATHEMATICS PATHWAY – PERSONAL FINANCIAL PLANNING B.S. (6 CREDIT HOURS)\*

---

The Personal Financial Planning B.S. uses the Statistical Reasoning Mathematics Pathway with the following requirements:

- STA 2023 - Introductory Statistics I **Credit(s): 3** \*\*
- MAC 2233 - Calculus for Business **Credit(s): 3** \*\*\*

\* Mathematics Pathway courses count towards the State Common Prerequisite math courses and are not additional credits.

\*\* STA X122 or QMB X100 courses taken for state common prerequisites can meet this statistics requirement.

\*\*\* MAC X311 or MAC X281 courses taken for state common prerequisites can meet this calculus requirement.

## BUSINESS FOUNDATION COURSES: 9 COURSES; 27 CREDIT HOURS

---

A minimum grade of C- in each Foundation Course and an overall 2.0 GPA is required.

## **Hospitality Management B.S.**

**TOTAL DEGREE HOURS: 120**

The Bachelor of Science in Hospitality Management, in School of Hospitality & Tourism Management (SHTL) at the Sarasota-Manatee campus location, prepares graduates for global leadership positions in the hospitality industry through foundational knowledge of hospitality operations and experiences that develop critical thinkers who promote diversity, ethical responsibility, lifelong learning, and community engagement.

## **UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS**

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## **PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS**

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100 (or equivalent), ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

## **GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS**

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

**Please note:** When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. When earning a Business Minor AND Business Major, no courses may overlap.

## **REQUIRED COURSES: (78 CREDIT HOURS)**

## STATE MANDATED COMMON COURSE PREREQUISITES - HOSPITALITY MANAGEMENT (12 CREDIT HOURS)

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C- or higher in each course and an overall 2.0 GPA:

- ACG X021 Principles of Financial Accounting **OR** ACG X022 **OR** (ACG X001 **AND** ACG X011) - 3 credit hours
- ACG X071 Managerial Accounting - 2-3 credit hours
- ECO X013 Principles of Macroeconomics - 3 credit hours
- ECO X023 Principles of Microeconomics - 3 credit hours

## STATE MATHEMATICS PATHWAY - HOSPITALITY MANAGEMENT B.S. (6 CREDIT HOURS)

The Hospitality Management B.S. uses the Mathematical Thinking in Context Mathematics Pathway with the following requirements:

- MGF 1130 - Mathematical Thinking **Credit(s): 3**
- MGF 1131 - Mathematical Thinking in Context **Credit(s): 3**

## SUPPORTING REQUIRED COURSES: 2 COURSES; 6 CREDIT HOURS

The following courses are supporting courses for this major. They are required for the major. The degree will not be awarded if these courses have not been taken by the end of the student's final semester.

- COM 3110 - Communication For Business and the Professions **Credit(s): 3**  
**OR** SPC 2608 - Public Speaking **Credit(s): 3**
- ENC 3310 - Expository Writing **Credit(s): 3**  
**OR** ENC 2251 - Professional Writing **Credit(s): 3**

- MAN 3025 - Principles of Management **Credit(s): 3**

\*\* 300 required internship hours must be completed during HFT 4945 within the Hospitality Industry. Departmental approval needed and must be in senior standing.

## MAJOR (RESTRICTED) ELECTIVES: 2 COURSES; 5 CREDIT HOURS

Students may choose any upper level HFT courses from the following:

- HFT 3068 - History and Culture of Beer **Credit(s): 3**
- HFT 3700 - Tourism Management **Credit(s): 3**
- HFT 3754 - Conventions and Meetings Management **Credit(s): 3**
- HFT 3770 - Cruise Line Operations and Management **Credit(s): 3**
- HFT 3861 - Beverage Management **Credit(s): 3**
- HFT 3864 - Introduction to Beer Science **Credit(s): 3**
- HFT 3868 - International Wine and Culture **Credit(s): 3**
- HFT 3882 - Street Food Around the World **Credit(s): 3**
- HFT 3894 - International Food and Culture **Credit(s): 3**
- HFT 4069 - International Whisky and Culture **Credit(s): 3**
- HFT 4243 - Current Issues in Hospitality and Tourism **Credit(s): 3**
- HFT 4277 - Club Management **Credit(s): 3**
- HFT 4468 - Hospitality Revenue Management **Credit(s): 3**
- HFT 4701 - Sustainable Tourism Practices **Credit(s): 3**
- HFT 4757 - Event Management **Credit(s): 3**
- HFT 4930 - Special Topics in Hospitality **Credit(s): 1-3**
- HFT 4937 - Hospitality Speaker Series **Credit(s): 1**

## ADDITIONAL INFORMATION - HOSPITALITY MANAGEMENT B.S.

### OTHER REQUIREMENTS

Industry Experience Requirements: Students must complete a total of 1000 hours of industry experience.

- 700 hours prior, concurrent or subsequent to taking HFT 4945
- 300 hours while enrolled in HFT 4945

### GPA REQUIREMENTS

Students must earn at least a 2.00 overall GPA, USF GPA, and in the major to be certified for graduation.

# MUMA COLLEGE OF BUSINESS

---

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

## GRADING REQUIREMENTS

In the required core courses, students may not receive a grade lower than "C-."

## RESIDENCY REQUIREMENT

At least 50% of the major coursework must be completed at USF.

## OTHER INFORMATION

HFT 2930, Special Topics in Hospitality, may be used to satisfy any outstanding lower-level electives. Students must see academic advisor regarding this course.

## RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## Hospitality Management Minor

### TOTAL MINOR HOURS: 12

This minor is a result of the growing enrollment and interest in Hospitality Management on all three campuses. It is modeled after the 12-credit Muma College of Business Management minor. There will be three core classes and an elective class for the students to select from. The three core classes will provide a solid foundation to the hospitality management curriculum and the student will have an opportunity to elect the last course of their choice.

The mission of the Hospitality Management Minor is to empower the students to describe and analyze the sectors of the hospitality and tourism industry. Upon graduation, Hospitality Management Minor students will be able to do the following:

- Describe the various sectors and characteristics of the hospitality industry.
- Analyze the operations related to the lodging and restaurant industries.

### REQUIRED MINOR COURSES: (12 CREDIT HOURS)

Each academic minor conforms to these University requirements:

- A minor is a minimum of 12 semester hours.
- Students must complete a minimum of 6 credits and two courses exclusive to the minor that will not count toward the student's major or other minors. These credits/courses must be completed at USF and must be upper level courses.
- USF coursework for a minor must have a minimum GPA of 2.00; some minors have higher minimum GPA requirements.
- Only an undergraduate, degree-seeking student at USF is eligible for a minor.
- A minor can be applied for and awarded only in conjunction with applying for and receiving a baccalaureate degree.
- A maximum of 3 credits of S/U coursework may be counted toward the minor.

### MINOR CORE COURSES: 3 COURSES; 9 CREDIT HOURS

- HFT 3003 - Introduction to Hospitality and Tourism **Credit(s): 3**
- HFT 3263 - Restaurant Management **Credit(s): 3**
- HFT 4253 - Lodging Management **Credit(s): 3**

### MINOR ELECTIVE COURSES: 1 COURSES; 3 CREDIT HOURS

- Any class from the School of Hospitality and Tourism Management with an HFT prefix.

### ADVISING INFORMATION

USF students schedule advising appointments online through USF's Archivum platform. Students are encouraged to meet with their advisor each semester to discuss course planning, degree progression, and career preparation.

## Beverage Management Certificate

### **TOTAL CERTIFICATE HOURS: 12**

The Beverage Certificate Program aims to prepare students to deal with the problems and opportunities in a beverage operations environment. To this end, the courses provide students with relevant analytical, menu engineering, and communication skills that can, and are, applied to solve problems and understand cultural differences that can arise in beverage business contexts.

### **REQUIRED CERTIFICATE COURSES: (12 CREDIT HOURS)**

#### **CERTIFICATE CORE COURSES: 4 COURSES; 12 CREDIT HOURS**

- HFT 3068 - History and Culture of Beer **Credit(s): 3**
- HFT 3861 - Beverage Management **Credit(s): 3**
- HFT 3868 - International Wine and Culture **Credit(s): 3**
- HFT 4069 - International Whisky and Culture **Credit(s): 3**

### **GPA REQUIREMENTS**

A grade point average of 2.00 or better must be achieved in the certificate coursework at USF and in all certificate courses completed at other institutions.

### **RESIDENCY REQUIREMENTS**

At least 9 hours of the required 12 credit hours must be taken in residence at USF.

**ARTIFICIAL INTELLIGENCE (AI) AND BUSINESS ANALYTICS MAJOR CORE COURSES: 7 COURSES; 21 CREDIT HOURS**

Artificial Intelligence (AI) and Business Analytics consists of seven (7) required courses as below. Artificial Intelligence (AI) and Business Analytics major students must earn a minimum B grade, not B-, in both ISM 4212 and ISM 4641.

- ISM 4212 - Database Design and Administration **Credit(s): 3**
- ISM 4541 - Data Mining and Predictive Analytics **Credit(s): 3**
- ISM 4542 - Statistical Programming for Business Analytics **Credit(s): 3**
- ISM 4543 - Applied Data Science **Credit(s): 3**
- ISM 4545 - Big Data for AI and Analytics **Credit(s): 3**
- ISM 4641 - Python for Business Analytics **Credit(s): 3**
- ISM 4930 - Selected Topics in MIS **Credit(s): 1-3 \***

\* (NOTE: ISM 4930 Selected Topics Course is Data Visualization)

**ARTIFICIAL INTELLIGENCE (AI) AND BUSINESS ANALYTICS MAJOR ELECTIVE: 3 CREDIT HOURS**

Students must select 1 course (3 credits) from the list of following courses. Additional courses may be approved as an elective on case by case basis by the School Director or the Program Director.

- ISM 4314 - Project Management **Credit(s): 3**
- ISM 4323 - Information Security and IT Risk Management **Credit(s): 3**
- ISM 4547 - Excel with Data Modeling for Business Analytics **Credit(s): 3**
- ISM 4930 - Selected Topics in MIS **Credit(s): 1-3**
- ISM 4940 - Business Analytics & Information Systems Internship **Credit(s): 3**

## ADDITIONAL INFORMATION - ARTIFICIAL INTELLIGENCE (AI) AND BUSINESS ANALYTICS, B.S.

---

### GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

### GRADING REQUIREMENTS

- In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.
- Grade forgiveness may be used for only one upper-level major course.
- Within the 120 credit hour program, students must complete a minimum of 24 hours of upper-level Artificial Intelligence (AI) and Business Analytics coursework with a grade of C, not C- in all courses except CAI 3801, QMB 3302, ISM 4212, and ISM 4641 which require a grade of B, not B- in each. Business Analytics and Information Systems courses taken by Artificial Intelligence (AI) and Business Analytics majors on a S/U basis will not be counted towards the 120-hour graduation requirement.

### RESIDENCY REQUIREMENTS

**Major Residency:** Students must complete 18 hours of upper-level Artificial Intelligence and Business Analytics requirements in residency at USF.

**College Residency:** Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

### INTERNSHIP OPPORTUNITIES

It is strongly recommended that Artificial Intelligence (AI) and Business Analytics students take an internship course (ISM 4940 ) as part of their plan of study. For more information, please go to the Bellini Center for Talent Development (<https://www.usf.edu/business/talent-development/internships.aspx>).

### OTHER REQUIREMENTS

**Computer Requirement:** All students entering the Muma College of Business are required to have a laptop computer with minimum 8 GB memory (RAM), 256 GB hard disk, and Intel i5 or above or equivalent processor with either Windows 11 (or above) or Mac OS 11 (or above) that they can use in their classes and labs.

Other computing devices such as Chromebook, Android Tablet, iPad, and Ubuntu Laptop will not be able to meet the requirements of classes at Muma College of Business. The laptop computer must be capable of connecting to the internet wirelessly and installing and accessing software applications through a central server and have audio and video capabilities.

### RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## Business Analytics and Information Systems B.S.

Total Degree Hours: 120

The Business Analytics and Information Systems major provides the skills and knowledge necessary to enter the rapidly changing world of business analytics and information systems. Potential career paths include data analyst, business intelligence analyst, business analyst, consulting, systems analyst, database administrator, project manager or a myriad of technology management roles in business.

## UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100 (or equivalent), ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

## GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

**Please note:** When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. When earning a Business Minor **AND** Business Major, no courses may overlap.

## BUSINESS ANALYTICS AND INFORMATION SYSTEMS REQUIRED COURSES: (84 CREDIT HOURS)

## STATE MANDATED COMMON COURSE PREREQUISITES - BUSINESS ANALYTICS AND INFORMATION SYSTEMS B.S. (21 CREDIT HOURS)

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of **C** or higher in each course and an overall 2.5 GPA in all seven (7) courses:

- ACG X021 Principles of Financial Accounting **OR** ACG X022 **OR** (ACG X001 **AND** ACG X011) - 3-6 credit hours
- ACG X071 Managerial Accounting **OR** ACG X301 - 3 credit hours
- CGS X100 Computers in Business **OR** CGS X100C **OR** CGS X060 **OR** CGS X518 **OR** CGS X531 **OR** CGS X570 **OR** CGS X000 **OR** ISM X000 **OR** ISM X411 - 3 credit hours
- ECO X013 Principles of Macroeconomics - 3 credit hours
- ECO X023 Principles of Microeconomics - 3 credit hours
- STA X023 Introductory Statistics **OR** STA X122 **OR** QMB X100 - 3 credit hours
- MAC X233 Elementary Calculus **OR** MACX311- 3-4 credit hours

## STATE MATHEMATICS PATHWAY – BUSINESS ANALYTICS AND INFORMATION SYSTEMS B.S. (6 CREDIT HOURS)\*

The Business Analytics and Information Systems B.S. uses the Statistical Reasoning Mathematics Pathway with the following requirements:

- STA 2023 - Introductory Statistics I **Credit(s): 3** \*\*
- MAC 2233 - Calculus for Business **Credit(s): 3** \*\*\*

\* Mathematics Pathway courses count towards the State Common Prerequisite math courses and are not additional credits.

\*\* STA X122 or QMB X100 courses taken for state common prerequisites can meet this statistics requirement.

\*\*\* MAC X311 or MAC X281 courses taken for state common prerequisites can meet this calculus requirement.

## BUSINESS ANALYTICS AND INFORMATION SYSTEMS MAJOR CORE COURSES: 2 COURSES; 6 CREDIT HOURS

- ISM 3232 - Business Application Development **Credit(s): 3**

It is recommended that ISM 3232 be taken concurrently with CAI 3801.

- ISM 4212 - Database Design and Administration **Credit(s): 3**

## BUSINESS ANALYTICS AND INFORMATION SYSTEMS OTHER REQUIRED COURSES: 3 COURSES; 9 CREDIT HOURS

- ISM 3113 - Systems Analysis and Design **Credit(s): 3**
- ISM 4300 - Managing Information Resources **Credit(s): 3**
- ISM 4220 - Business Data Communications **Credit(s): 3** (recommended for students interested in cyber security career)  
**OR** ISM 4402 - Business Intelligence **Credit(s): 3** (recommended for students interested in mainstream business analytics careers)

## BUSINESS ANALYTICS AND INFORMATION SYSTEMS CONCENTRATION REQUIREMENTS

Students complete the general Business Analytics and Information Systems program of study or the following concentration:

# MUMA COLLEGE OF BUSINESS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- Cybersecurity

If students do not declare a concentration, they will follow the General Business Analytics and Information Systems program of study and take a minimum of 9 credit hours to meet the major electives requirement.

## **CYBERSECURITY CONCENTRATION: 3 COURSES; 9 CREDIT HOURS**

---

### **CONCENTRATION CORE: 1 COURSE; 3 CREDIT HOURS**

- ISM 4323 - Information Security and IT Risk Management **Credit(s): 3**

### **CONCENTRATION ELECTIVES: 2 COURSES; 6 CREDIT HOURS**

Select 2 courses from the following list of courses.

Note: If ISM 4220 or ISM 4402 are used to satisfy the major requirements, it cannot be used to fulfill the elective requirements.

- ISM 4220 - Business Data Communications **Credit(s): 3**
- ISM 4402 - Business Intelligence **Credit(s): 3**
- ISM 4041 - Global Cyber Ethics **Credit(s): 3**
- ISM 4432 - Software Testing **Credit(s): 3**
- ISM 4940 - Business Analytics & Information Systems Internship **Credit(s): 3**

## **ADDITIONAL INFORMATION - BUSINESS ANALYTICS AND INFORMATION SYSTEMS B.S.**

---

### **GPA REQUIREMENTS**

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

### **GRADING REQUIREMENTS**

- In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.
- Grade forgiveness may be used for only one upper-level major course.
- Within the 120 credit hour program, students must complete a minimum of 24 hours of upper-level Business Analytics and Information Systems coursework with a grade of C not C- in all courses, including CAI 3801. Business Analytics and Information Systems courses taken by majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

### **RESIDENCY REQUIREMENTS**

**Major Residency:** Students must complete 18 hours of upper-level Business Analytics and Information Systems requirements in residency at USF.

**College Residency:** Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

### **INTERNSHIP OPPORTUNITIES**

It is strongly recommended that Business Analytics and Information Systems students take an internship course (ISM 4940 - Business Analytics & Information Systems Internship) as part of their plan of study. For more information, please go to: <https://www.usf.edu/business/talent-development/internships.aspx>.

### **OTHER REQUIREMENTS**

**Computer Requirement:** All students entering the Muma College of Business are required to have a laptop computer with minimum 8 GB memory (RAM), 256 GB hard disk, and Intel i5 or above or equivalent processor with

# MUMA COLLEGE OF BUSINESS

---

---

either Windows 11 (or above) or Mac OS 11 (or above) that they can use in their classes and labs.

Other computing devices such as Chromebook, Android Tablet, iPad, and Ubuntu Laptop will not be able to meet the requirements of classes at Muma College of Business. The laptop computer must be capable of connecting to the internet wirelessly and installing and accessing software applications through a central server and have audio and video capabilities.

## Information Assurance and Cybersecurity Management, B.S.

### Total Degree Hours: 120

The Information Assurance and Cybersecurity Management (IACM) major has strong practical focus while grounded in robust theoretical approaches to develop a solid foundation of knowledge and skills necessary for information assurance and cybersecurity professionals. The key focus of the program is on the management of the cybersecurity function in organizations. Topics such as network security, database management, cloud security, risk management, cybersecurity governance, policies, and planning, and cybersecurity analytics and protocols are covered as they relate to managing the availability, integrity, authentication, confidentiality, and non-repudiation of the information infrastructure as well as managing its restoration, integrating protection, detection, and reaction capabilities.

## UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100 (or equivalent), ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

## GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

**Please note:** When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. When earning a Business Minor **AND** Business Major, no courses may overlap.

## REQUIRED COURSES: (87 CREDIT HOURS)

---

### STATE MANDATED COMMON COURSE PREREQUISITES - INFORMATION ASSURANCE AND CYBERSECURITY MANAGEMENT (21 CREDIT HOURS)

---

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of **C** or higher in each course and an overall 2.5 GPA in the seven (7) courses:

- ACG X021 Principles of Financial Accounting **OR** ACG X022 **OR** (ACG X001 **AND** ACG X011) - 3-6 credit hours
- ACG X071 Managerial Accounting **OR** ACG X301 - 3 credit hours
- CGS X100 Computers in Business **OR** CGS X100C **OR** CGS X570 **OR** CGS X060 **OR** CGS X531 **OR** CGS X000 **OR** ISM X000 **OR** CGS X518 **OR** ISM X411 - 3 credit hours
- ECO X013 Principles of Macroeconomics - 3 credit hours
- ECO X023 Principles of Microeconomics - 3 credit hours
- STA X023 Introductory Statistics **OR** STA X122 **OR** QMB X100 - 3 credit hours
- MAC X233 Elementary Calculus **OR** MAC X311 - 3 credit hours

### STATE MATHEMATICS PATHWAY – INFORMATION ASSURANCE AND CYBERSECURITY MANAGEMENT B.S. (6 CREDIT HOURS)\*

---

The Information Assurance and Cybersecurity Management B.S. uses the Statistical Reasoning Mathematics Pathway with the following requirements:

- STA 2023 - Introductory Statistics I **Credit(s): 3 \*\***
- MAC 2233 - Calculus for Business **Credit(s): 3 \*\*\***

\* Mathematics Pathway courses count towards the State Common Prerequisite math courses and are not additional credits.

\*\* STA X122 or QMB X100 courses taken for State Common Prerequisites can meet this statistics requirement.

\*\*\* MAC X311 or MAC X281 courses taken for State Common Prerequisites can meet this calculus requirement.

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

Within the 120-semester-hour program, students must complete a minimum of 27 hours of upper-level Information Assurance and Cybersecurity Management (IACM) coursework with a grade of C- in all courses, except CAI 3801, for which a minimum grade of C must be earned.

## INTERNSHIP OPPORTUNITIES

For more information on internship opportunities, please go to: <https://www.usf.edu/business/talent-development/internships.aspx>.

## RESIDENCY REQUIREMENTS

**Major Residency:** Students must complete 18 hours of upper-level Information Assurance and Cybersecurity Management requirements in residence at USF.

**College Residency:** Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

## OTHER REQUIREMENTS

**Computer Requirement:** All students entering the Muma College of Business are required to have a laptop computer with minimum 8 GB memory (RAM), 256 GB hard disk, and Intel i5 or above or equivalent processor with either Windows 11 (or above) or Mac OS 11 (or above) that they can use in their classes and labs.

Other computing devices such as Chromebook, Android Tablet, iPad, and Ubuntu Laptop will not be able to meet the requirements of classes at Muma College of Business. The laptop computer must be capable of connecting to the internet wirelessly and installing and accessing software applications through a central server and have audio and video capabilities.

## RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## Management B.S.

Total Degree Hours: 120

The undergraduate major in Management prepares students to manage and lead all aspects of organizations. It also prepares students for graduate study in business and other fields. Mastery of course content enables students to inspire themselves, others, teams, and organizations to coordinate efforts to provide effective outcomes. Content covered includes ethics and virtue, organizational behavior, human resources, domestic and international cultural differences, and negotiating skills. A capstone course integrates the learning objectives of the major in a study of a real company where students demonstrate that they can now apply effectively what they have learned.

Within the 120-credit hour program, students must complete a minimum of 21 hours of upper-level Management major coursework with a grade of C- in all courses.

## RESIDENCY REQUIREMENTS

**Major Residency:** Students must complete 15 credit hours of upper-level Management requirements in residency at USF.

**College Residency:** Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

## INTERNSHIP OPPORTUNITIES

It is recommended that Management students participate in an internship course (MAN 4940) as part of their plan of study.

## OTHER REQUIREMENTS

Within the 120 credit hour program, students must complete a minimum of 21 credit hours of upper-level Management coursework beyond MAN 3025. Management courses taken by Management majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

**Computer Requirement:** All students entering the Muma College of Business are required to have a laptop computer with minimum 8 GB memory (RAM), 256 GB hard disk, and Intel i5 or above or equivalent processor with either Windows 11 (or above) or Mac OS 11 (or above) that they can use in their classes and labs.

Other computing devices such as Chromebook, Android Tablet, iPad, and Ubuntu Laptop will not be able to meet the requirements of classes at Muma College of Business. The laptop computer must be capable of connecting to the internet wirelessly and installing and accessing software applications through a central server and have audio and video capabilities.

## RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## **Management B.S., with Aging Services Management Concentration**

Total Degree Hours: 120

The undergraduate major in Management prepares students to manage and lead all aspects of organizations. It also prepares students for graduate study in business and other fields. Mastery of course content enables students to inspire themselves, others, teams, and organizations to coordinate efforts to provide effective outcomes. Content covered includes ethics and virtue, organizational behavior, human resources, domestic and international cultural differences, and negotiating skills. A capstone course integrates the learning objectives of the major in a study of a real company where students demonstrate that they can now apply effectively what they have learned.

## **UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS**

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## **PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS**

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100 (or equivalent), ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

## **GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS**

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

**Please note:** When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. When earning a Business Minor **AND** Business Major, no courses may overlap.

## **MANAGEMENT REQUIRED COURSES: (93 CREDIT HOURS)**

### **STATE MANDATED COMMON COURSE PREREQUISITES - MUMA COLLEGE OF BUSINESS (21 CREDIT HOURS)**

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of **C** or higher in each course and an overall 2.5 GPA in all seven (7) courses:

- ACG X021 Principles of Financial Accounting **OR** ACG X022 **OR** (ACG X001 **AND** ACG X011) - 3-6 credit hours
- ACG X071 Managerial Accounting **OR** ACG X301 - 3 credit hours
- CGS X100 Computers in Business **OR** CGS X100C **OR** CGS X570 **OR** CGS X060 **OR** CGS X531 **OR** CGS X000 **OR** ISM X000 **OR** CGS X518 **OR** ISM X411 - 3 credit hours
- ECO X013 Principles of Macroeconomics - 3 credit hours
- ECO X023 Principles of Microeconomics - 3 credit hours
- STA X023 Introductory Statistics **OR** STA X122 **OR** QMB X100 - 3 credit hours
- MAC X233 Elementary Calculus - 3 credit hours

### **STATE MATHEMATICS PATHWAY – MANAGEMENT B.S. (6 CREDIT HOURS)\***

The Management B.S. uses the Statistical Reasoning Mathematics Pathway with the following requirements:

- STA 2023 - Introductory Statistics I **Credit(s): 3** \*\*
- MAC 2233 - Calculus for Business **Credit(s): 3** \*\*\*

\* Mathematics Pathway courses count towards the State Common Prerequisite math courses and are not additional credits.

\*\* QMB X100 preferred alternative; STA X122 can also meet this requirement.

\*\*\* MAC X311 or MAC X281 courses taken for state common prerequisites can meet this calculus requirement.

### **BUSINESS FOUNDATION COURSES: 9 COURSES; 27 CREDIT HOURS**

A minimum grade of C- in each Foundation Course and an overall 2.0 GPA is required.

- BUL 3320 - Law And Business I **Credit(s): 3**

## ADDITIONAL INFORMATION - MANAGEMENT B.S.

---

### GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

### GRADING REQUIREMENTS

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

Within the 120-credit hour program, students must complete a minimum of 21 hours of upper-level Management major coursework with a grade of C- in all courses.

### RESIDENCY REQUIREMENTS

**Major Residency:** Students must complete 15 credit hours of upper-level Management requirements in residency at USF.

**College Residency:** Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

### INTERNSHIP OPPORTUNITIES

It is recommended that Management students participate in an internship course (MAN 4940) as part of their plan of study.

### OTHER REQUIREMENTS

Within the 120 credit hour program, students must complete a minimum of 21 credit hours of upper-level Management coursework beyond MAN 3025. Management courses taken by Management majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

**Computer Requirement:** All students entering the Muma College of Business are required to have a laptop computer with minimum 8 GB memory (RAM), 256 GB hard disk, and Intel i5 or above or equivalent processor with either Windows 11 (or above) or Mac OS 11 (or above) that they can use in their classes and labs.

Other computing devices such as Chromebook, Android Tablet, iPad, and Ubuntu Laptop will not be able to meet the requirements of classes at Muma College of Business. The laptop computer must be capable of connecting to the internet wirelessly and installing and accessing software applications through a central server and have audio and video capabilities.

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

Within the 120-credit hour program, students must complete a minimum of 21 hours of upper-level Management major coursework with a grade of C- in all courses.

### **RESIDENCY REQUIREMENTS**

**Major Residency:** Students must complete 15 credit hours of upper-level Management requirements in residency at USF.

**College Residency:** Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

### **INTERNSHIP OPPORTUNITIES**

It is recommended that Management students participate in an internship course (MAN 4940) as part of their plan of study.

# MUMA COLLEGE OF BUSINESS

UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

## OTHER REQUIREMENTS

Within the 120 credit hour program, students must complete a minimum of 21 credit hours of upper-level Management coursework beyond MAN 3025. Management courses taken by Management majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

**Computer Requirement:** All students entering the Muma College of Business are required to have a laptop computer with minimum 8 GB memory (RAM), 256 GB hard disk, and Intel i5 or above or equivalent processor with either Windows 11 (or above) or Mac OS 11 (or above) that they can use in their classes and labs.

Other computing devices such as Chromebook, Android Tablet, iPad, and Ubuntu Laptop will not be able to meet the requirements of classes at Muma College of Business. The laptop computer must be capable of connecting to the internet wirelessly and installing and accessing software applications through a central server and have audio and video capabilities.

## RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## **Management B.S., with Project Management Concentration**

Total Degree Hours: 120

The undergraduate major in Management prepares students to manage and lead all aspects of organizations. It also prepares students for graduate study in business and other fields. Mastery of course content enables students to inspire themselves, others, teams, and organizations to coordinate efforts to provide effective outcomes. Content covered includes ethics and virtue, organizational behavior, human resources, domestic and international cultural differences, and negotiating skills. A capstone course integrates the learning objectives of the major in a study of a real company where students demonstrate that they can now apply effectively what they have learned.

## **UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS**

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## **PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS**

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. ## **GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS**

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

**Please note:** When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. When earning a Business Minor **AND** Business Major, no courses may overlap.

## **MANAGEMENT REQUIRED COURSES: (93 CREDIT HOURS)**

### **STATE MANDATED COMMON COURSE PREREQUISITES - MUMA COLLEGE OF BUSINESS (21 CREDIT HOURS)**

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of **C** or higher in each course and an overall 2.5 GPA in all seven (7) courses:

- ACG X021 Principles of Financial Accounting **OR** ACG X022 **OR** (ACG X001 **AND** ACG X011) - 3-6 credit hours
- ACG X071 Managerial Accounting **OR** ACG X301 - 3 credit hours
- CGS X100 Computers in Business **OR** CGS X100C **OR** CGS X570 **OR** CGS X060 **OR** CGS X531 **OR** CGS X000 **OR** ISM X000 **OR** CGS X518 **OR** ISM X411 - 3 credit hours
- ECO X013 Principles of Macroeconomics - 3 credit hours
- ECO X023 Principles of Microeconomics - 3 credit hours
- STA X023 Introductory Statistics **OR** STA X122 **OR** QMB X100 - 3 credit hours
- MAC X233 Elementary Calculus - 3 credit hours

### **STATE MATHEMATICS PATHWAY – MANAGEMENT B.S. (6 CREDIT HOURS)\***

The Management B.S. uses the Statistical Reasoning Mathematics Pathway with the following requirements:

- STA 2023 - Introductory Statistics I **Credit(s): 3** \*\*
- MAC 2233 - Calculus for Business **Credit(s): 3** \*\*\*

\* Mathematics Pathway courses count towards the State Common Prerequisite math courses and are not additional credits.

\*\* QMB X100 preferred alternative; STA X122 can also meet this requirement.

\*\*\* MAC X311 or MAC X281 courses taken for state common prerequisites can meet this calculus requirement.

### **BUSINESS FOUNDATION COURSES: 9 COURSES; 27 CREDIT HOURS**

A minimum grade of C- in each Foundation Course and an overall 2.0 GPA is required.

- BUL 3320 - Law And Business I **Credit(s): 3**

- Human Resources Management
- Project Management
- Organizational Leadership

If students do not declare a concentration, they will follow the General Management program of study and take a minimum of 12 credit hours to meet the major electives requirement.

## ORGANIZATIONAL LEADERSHIP CONCENTRATION: 4 COURSES; 12 CREDIT HOURS

---

Society faces numerous grand challenges such as social inequalities, poverty, environmental hazards, threats to human health, and aging populations. These concerns not only impact communities but also present significant risks and opportunities for businesses. Addressing these issues requires innovative leadership capable of navigating complex environments and driving sustainable solutions. This concentration emphasizes organizational leadership designed for students committed to solving society's most intractable problems by leveraging business strategies to create impactful solutions. Students will develop knowledge about this leadership approach and its importance for addressing societal issues and diverse stakeholders' interests. They will better understand the most pressing problems and stakeholder concerns while developing ethical reasoning and leadership skills, ranging from micro leadership for team building to macro leadership for sustainable social and environmental change relevant in business and non-profit contexts.

- MAN 4063 - Management Ethics **Credit(s): 3**
- MAN 4743 - Response of Business to Global Environmental Problems **Credit(s): 3**

## **CONCENTRATION ELECTIVES: 2 COURSES; 6 CREDIT HOURS**

Students must choose two courses from the following list:

- ENT 4214 - Entrepreneurial Leadership **Credit(s): 3**
- ENT 4803 - Sustainable Entrepreneurship **Credit(s): 3**
- MAN 4280 - Organizational Development and Change **Credit(s): 3**
- MAN 4402 - Employment Laws **Credit(s): 3**
- MAN 4600 - International Management **Credit(s): 3**

## **ADDITIONAL INFORMATION - MANAGEMENT B.S.**

### **GPA REQUIREMENTS**

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

### **GRADING REQUIREMENTS**

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100, ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

Within the 120-credit hour program, students must complete a minimum of 21 hours of upper-level Management major coursework with a grade of C- in all courses.

### **RESIDENCY REQUIREMENTS**

**Major Residency:** Students must complete 15 credit hours of upper-level Management requirements in residency at USF.

**College Residency:** Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

### **INTERNSHIP OPPORTUNITIES**

It is recommended that Management students participate in an internship course (MAN 4940) as part of their plan of study.

### **OTHER REQUIREMENTS**

Within the 120 credit hour program, students must complete a minimum of 21 credit hours of upper-level Management coursework beyond MAN 3025. Management courses taken by Management majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

**Computer Requirement:** All students entering the Muma College of Business are required to have a laptop computer with minimum 8 GB memory (RAM), 256 GB hard disk, and Intel i5 or above or equivalent processor with either Windows 11 (or above) or Mac OS 11 (or above) that they can use in their classes and labs.

Other computing devices such as Chromebook, Android Tablet, iPad, and Ubuntu Laptop will not be able to meet the requirements of classes at Muma College of Business. The laptop computer must be capable of connecting to the

# MUMA COLLEGE OF BUSINESS

---

---

internet wirelessly and installing and accessing software applications through a central server and have audio and video capabilities.

### **RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS**

---

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## **Business Analytics and Information Systems (for Business Majors only) Minor**

The Business Analytics and Information System minor is available to all undergraduate Business students (except those majoring in Business Analytics and Information Systems).

### **MINOR REQUIREMENTS**

For Business majors only.

### **TOTAL MINOR CREDIT HOURS: 12**

### **MINOR CORE CREDIT HOURS: 6**

Any two (2) out of the following three (3) courses:

- ISM 3113 - Systems Analysis and Design **Credit(s): 3**
- ISM 4212 - Database Design and Administration **Credit(s): 3**
- QMB 4250 - Business Analytics **Credit(s): 3**

### **MINOR ELECTIVE CREDIT HOURS: 6**

Six (6) hours of approved ISM electives.

### **GPA REQUIREMENT**

A grade point average of 2.0 or better must be achieved in the minor course work at USF and in all minor courses completed at other institutions.

### **GRADING REQUIREMENT**

A 2.0 overall in the courses for the minor is required, with no minimum grade in any course.

### **RESIDENCY REQUIREMENT**

Nine (9) of the 12 credit hours for the minor must be taken at USF.

### **OTHER INFORMATION - MUMA COLLEGE OF BUSINESS**

When earning a second degree, double major or concurrent degree, the Major Core and Major

Elective/Concentration areas of the degree audit must not overlap for both degrees. When earning a Business Minor  
**AND** Business Major, no courses may overlap.

## Health Care Administration Minor

*This minor is open to students from all colleges.*

To qualify for the Healthcare Administration Minor, students must successfully complete a minimum of fifteen (15) semester hours in Healthcare Administration coursework (nine (9) credit hours of required courses and six (6) credit hours of elective courses). A statement attesting to the completion of the Minor in Healthcare Administration will appear on the student's official transcript.

### Non-College of Business Students

To avoid unnecessary delays, it is strongly recommended that Non-Business majors take ECO 2023 - Principles of Microeconomics to fulfill the TGEC - Creative Thinking requirement (Enhanced General Education) as this course is a pre-requisite for the required course, ECP 3530 - Economics of Health.

## **TOTAL CREDIT HOURS: 15**

### **MINOR CORE (9 CREDIT HOURS)**

- ECP 3530 - Economics of Health **Credit(s): 3**
- MAN 3093 - Healthcare Management **Credit(s): 3**
- MAR 4712 - Healthcare Marketing **Credit(s): 3**

### **MINOR ELECTIVES (6 CREDIT HOURS)**

Additional Selected Topics courses may also qualify as HCA electives. Students should consult with an advisor about any additional approved courses.

Select two of the following courses.

- CAI 3801 - Artificial Intelligence and Analytics for Organizations **Credit(s): 3**
- ECO 4504 - Public Finance **Credit(s): 3**
- GEB 4894 - Healthcare Strategy **Credit(s): 3**
- HSA 3170 - Healthcare Finance **Credit(s): 3** NOTE: This class may not be used as an elective for FIN majors.
- MAN 3301 - Human Resource Management **Credit(s): 3**
- MAR 3400 - Professional Selling **Credit(s): 3**
- MAR 4503 - Buyer Behavior **Credit(s): 3**

## **GPA REQUIREMENTS**

A grade point average (GPA) of 2.0 or higher must be achieved in the coursework for the minor.

## **GRADING REQUIREMENTS**

No grade below a C- will be accepted for the major and concentration coursework.

## **Management (For Business Majors Only) Minor**

The focus of the Management minor is to provide an introductory understanding to non-management business majors about the theories and practices of Management. Students will be familiarized with the tools and techniques that managers use to plan, organize, lead people and processes in organizations.

### **MINOR REQUIREMENTS**

The Management minor is available to all Undergraduate Muma College of Business students, except those majoring in Management.

### **TOTAL MINOR CREDIT HOURS: 12**

#### **MINOR CORE (6 CREDIT HOURS)**

- MAN 3240 - Organizational Behavior Analysis **Credit(s): 3**
- MAN 3301 - Human Resource Management **Credit(s): 3**

#### **MINOR ELECTIVES (6 CREDIT HOURS)**

Select two (2) courses from the following list or any other approved Management elective.

- MAN 3093 - Healthcare Management **Credit(s): 3**
- MAN 4063 - Management Ethics **Credit(s): 3**
- MAN 4280 - Organizational Development and Change **Credit(s): 3**
- MAN 4282 - Organizational Assessment **Credit(s): 3**
- MAN 4402 - Employment Laws **Credit(s): 3**
- MAN 4441 - Negotiation and Conflict Resolution **Credit(s): 3**
- MAN 4600 - International Management **Credit(s): 3**
- MAN 4631 - Global Perspectives and Management Choices **Credit(s): 3**
- MAN 4930 - Selected Topics in Management **Credit(s): 1-3**

### **GPA REQUIREMENTS**

A GPA of 2.0 or better must be achieved in the minor course work at USF and in all minor courses completed at other institutions.

### **GRADING REQUIREMENTS**

A grade of "C" or higher in all minor course work.

### **RESIDENCY REQUIREMENTS**

Students must take nine (9) of the 12 credit hours for the minor must be taken at USF.

### **OTHER REQUIREMENTS**

Following courses not eligible to be used as electives:

- MAN 4931 - Independent Research **Credit(s): 1-4**
- MAN 4940 - Management Internship **Credit(s): 3**

## Business Analytics and Information Systems Certificate

This certificate is designed exclusively for non-business majors. This program provides the information systems and business analytics knowledge - without having to pursue a business minor - that will help students in these and other disciplines land a job where they can apply their skills in a corporate systems or analytics setting. There are no pre-requisites to begin the certificate and the sections set aside for this program are created with the non-business major in mind. While there is no specific point of entry for the program, there is a preferred sequence of coursework, starting with the Information Systems in Organizations class and ending with a specialized Business Intelligence course. All courses are available online.

## CERTIFICATE REQUIREMENTS

### CERTIFICATE CORE (15 CREDIT HOURS)

- CAI 3801 - Artificial Intelligence and Analytics for Organizations **Credit(s): 3**
- ISM 3113 - Systems Analysis and Design **Credit(s): 3**
- ISM 3232 - Business Application Development **Credit(s): 3**
- ISM 4212 - Database Design and Administration **Credit(s): 3**
- ISM 4547 - Excel with Data Modeling for Business Analytics **Credit(s): 3**

### GPA REQUIREMENTS

A grade point average of 2.00 or better must be achieved in the certificate coursework at USF and in all certificate courses completed at other institutions.

### RESIDENCY REQUIREMENT

At least 12 hours of the required 15 credit hours must be taken in residence at USF.

## Advertising B.S.

Total Degree Hours: 120

The Advertising major in the Muma College of Business is unique in that it is a collaborative effort between the Zimmerman School of Advertising and Mass Communications in the College of Arts and Sciences and the Marketing Department in the Muma College of Business. The major complements an existing Advertising track in the Mass Communications major and provides students the opportunity to combine the creative, media, and account planning aspects of advertising with knowledge, skills, and abilities in accounting, economics, finance, information systems, management, marketing and strategy.

## UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. ## GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

**Please note:** When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. When earning a Business Minor **AND** Business Major, no courses may overlap.

## REQUIRED COURSES: (95 CREDIT HOURS)

### STATE MANDATED COMMON COURSE PREREQUISITES - ADVERTISING B.S. (21 CREDIT HOURS)

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of C or higher in each course and an overall 2.5 GPA in the seven (7) courses:

- ACG X021 Principles of Financial Accounting **OR** ACG X022 **OR** (ACG X001 **AND** ACG X011) - 3-6 credit hours
- ACG X071 Managerial Accounting **OR** ACG X301 - 3 credit hours
- CGS X100 Computers in Business **OR** CGS X100C **OR** CGS X060 **OR** CGS X531 **OR** CGS X570 **OR** CGS X000 **OR** ISM X000 **OR** ISM X411 - 3 credit hours
- ECO X013 Principles of Macroeconomics - 3 credit hours
- ECO X023 Principles of Microeconomics - 3 credit hours
- STA X023 Introductory Statistics **OR** STA X122 **OR** QMB X100 - 3 credit hours
- MAC X233 Elementary Calculus - 3 credit hours

### STATE MATHEMATICS PATHWAY – ADVERTISING B.S. (6 CREDIT HOURS)\*

The Advertising B.S. uses the Statistical Reasoning Mathematics Pathway with the following requirements:

- STA 2023 - Introductory Statistics I **Credit(s): 3** \*\*
- MAC 2233 - Calculus for Business **Credit(s): 3** \*\*\*

\* Mathematics Pathway courses count towards the State Common Prerequisite math courses and are not additional credits.

\*\* STA X122 or QMB X100 courses taken for state common prerequisites can meet this statistics requirement.

\*\*\* MAC X311 or MAC X281 courses taken for state common prerequisites can meet this calculus requirement.

### BUSINESS FOUNDATION COURSES: 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation Course and an overall 2.0 GPA is required.

- BUL 3320 - Law And Business I **Credit(s): 3**

---

- All Advertising majors must participate a study abroad experience.
- All Advertising majors must live in the Zimmerman Advertising Program (ZAP) Living Learning Community during their freshman year.
- All Advertising majors must complete an approved international business course.

**Computer Requirement:** All students entering the Muma College of Business are required to have a laptop computer with minimum 8 GB memory (RAM), 256 GB hard disk, and Intel i5 or above or equivalent processor with either Windows 11 (or above) or Mac OS 11 (or above) that they can use in their classes and labs.

Other computing devices such as Chromebook, Android Tablet, iPad, and Ubuntu Laptop will not be able to meet the requirements of classes at Muma College of Business. The laptop computer must be capable of connecting to the internet wirelessly and installing and accessing software applications through a central server and have audio and video capabilities.

### RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

---

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## Entrepreneurship B.S.

Total Degree Hours: 120

A major in Entrepreneurship is intended for those students interested in the possibility of self-venturing or who may someday work in an existing entrepreneurial firm. Upon completion of this major, students will be especially prepared to leverage their knowledge to work in management positions within high growth, innovative firms or to take their own idea to market and create a new venture. This major utilizes an interdisciplinary approach to education thus providing a well-rounded knowledge of business.

Students will learn the creative nature of idea/opportunity identification and evaluation, the unique skills necessary to build an entrepreneurial firm, and the ability to interact with local community resources and mentors. In addition, students can develop their business concepts and start a new venture in the Student Innovation Incubator.

Further information about the Entrepreneurship major can be found at <http://www.usf.edu/entrepreneurship/>.

## UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100 (or equivalent), ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

## GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

**Please note:** When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. When earning a Business Minor **AND** Business Major, no courses may overlap.

### **REQUIRED COURSES: (84 CREDIT HOURS)**

#### **STATE MANDATED COMMON COURSE PREREQUISITES - ENTREPRENEURSHIP (24 CREDIT HOURS)**

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of **C** or higher in each course and an overall 2.5 GPA in all seven (7) courses:

- ACG X021 Principles of Financial Accounting - 3 credit hours
- ACG X071 Managerial Accounting - 3 credit hours
- CGS X100 Computers in Business **OR** ISM X411 - 3 credit hours
- ECO X013 Principles of Macroeconomics - 3 credit hours
- ECO X023 Principles of Microeconomics - 3 credit hours
- STA X023 Introductory Statistics\* **OR** STA X122 **OR** QMB X100\* - 3 credit hours
- LDR XXXX Any Leadership prefixed course **OR** SLS X261 - 3 credit hours
- MAC X233 Business Calculus - 3 credit hours

\* STA X023 and QMB X100 preferred

#### **STATE MATHEMATICS PATHWAY – ENTREPRENEURSHIP B.S. (6 CREDIT HOURS)\***

The Entrepreneurship B.S. uses the Statistical Reasoning Mathematics Pathway with the following requirements:

- STA 2023 - Introductory Statistics I **Credit(s): 3 \*\***
- MAC 2233 - Calculus for Business **Credit(s): 3 \*\*\***

\* Mathematics Pathway courses count towards the State Common Prerequisite math courses and are not additional

## Global Business B.A., with Business Analytics and Information Systems Concentration

Total Degree Hours: 120

Global Business refers to a business that is conducted across national borders. Firms face difficult challenges due to differences in country-specific political, economic, social, cultural, technological, institutional, regulatory, and organizational contexts.

The Bachelor of Arts in Global Business provides students with the knowledge, skills, and experience necessary for successful careers in the global business environment. Graduates will have not only a Global Business major, but also a concentration in one of the functional areas of business (Finance, Management, Marketing, and Business Analytics and Information Systems). With this preparation, graduates will find employment in many manufacturing, service or knowledge-based industries with global markets, global suppliers, global sources of finance and/or a globally diverse workforce. The Global Business program is unique in that it combines preparation in business administration with language studies and a meaningful overseas work or study experience.

## UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

## **ADDITIONAL INFORMATION - GLOBAL BUSINESS B.A.**

---

### **GPA REQUIREMENTS**

- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF.
- An overall 2.0 GPA average on all college-level coursework.

### **GRADING REQUIREMENTS**

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

Within the 120-semester-hour program, students must complete a minimum of 27 hours of upper-level coursework with a grade of C- in all courses.

### **RESIDENCY REQUIREMENTS**

**Major Residency:** Nine (9) of the 12 required major core credit hours must be taken at USF. At least 9 credit hours of concentration coursework must be taken in residence at USF.

**College Residency:** Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses. Normally, independent study and independent research courses do not fulfill this requirement.

### **INTERNSHIP OPPORTUNITIES**

It is strongly recommended that students do an internship as part of their study abroad experience. For more information, please go to: <https://www.usf.edu/business/talent-development/internships.aspx>.

### **OTHER REQUIREMENTS**

- An approved study abroad or overseas internship must be completed as part of the degree requirements.
- Courses used to satisfy a major in Accounting, Business Analytics and Information Systems, Finance, Management, or Marketing may not be used to satisfy the concentration requirement for the Global Business major. Courses used for a Global Business concentration cannot be used for a major.

**Computer Requirement:** All students entering the Muma College of Business are required to have a laptop computer with minimum 8 GB memory (RAM), 256 GB hard disk, and Intel i5 or above or equivalent processor with either Windows 11 (or above) or Mac OS 11 (or above) that they can use in their classes and labs.

## Global Business B.A., with Finance Concentration

Total Degree Hours: 120

Global Business refers to a business that is conducted across national borders. Firms face difficult challenges due to differences in country-specific political, economic, social, cultural, technological, institutional, regulatory, and organizational contexts.

The Bachelor of Arts in Global Business provides students with the knowledge, skills, and experience necessary for successful careers in the global business environment. Graduates will have not only a Global Business major, but also a concentration in one of the functional areas of business (Finance, Management, Marketing, and Business Analytics and Information Systems). With this preparation, graduates will find employment in many manufacturing, service or knowledge-based industries with global markets, global suppliers, global sources of finance and/or a globally diverse workforce. The Global Business program is unique in that it combines preparation in business administration with language studies and a meaningful overseas work or study experience.

## UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100 (or equivalent), ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

## GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

**Please note:** When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. When earning a Business Minor **AND** Business Major, no courses may overlap.

## **GLOBAL BUSINESS REQUIRED COURSES: (84 CREDIT HOURS)**

### **STATE MANDATED COMMON COURSE PREREQUISITES - MUMA COLLEGE OF BUSINESS (21 CREDIT HOURS)**

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of **C** or higher in each course and an overall 2.5 GPA in all seven (7) courses:

- ACG X021 Principles of Financial Accounting **OR** ACG X022 **OR** (ACG X001 **AND** ACG X011) - 3-6 credit hours
- ACG X071 Managerial Accounting **OR** ACG X301 - 3 credit hours
- CGS X100 Computers in Business **OR** CGS X100C **OR** CGS X570 **OR** CGS X060 **OR** CGS X531 **OR** CGS X000 **OR** ISM X000 **OR** CGS X518 **OR** ISM X411 - 3 credit hours
- ECO X013 Principles of Macroeconomics - 3 credit hours
- ECO X023 Principles of Microeconomics - 3 credit hours
- STA X023 Introductory Statistics **OR** STA X122 **OR** QMB X100 - 3 credit hours
- MAC X233 Elementary Calculus - 3 credit hours

### **STATE MATHEMATICS PATHWAY – GLOBAL BUSINESS B.A. (6 CREDIT HOURS)\***

The Global Business B.A. uses the Statistical Reasoning Mathematics Pathway with the following requirements:

- STA 2023 - Introductory Statistics I **Credit(s): 3 \*\***
- MAC 2233 - Calculus for Business **Credit(s): 3 \*\*\***

\* Mathematics Pathway courses count towards the State Common Prerequisite math courses and are not additional credits.

\*\* QMB X100 preferred alternative; STA X122 can also meet this requirement.

\*\*\* MAC X311 or MAC X281 courses taken for state common prerequisites can meet this calculus requirement.

### **BUSINESS FOUNDATION COURSES: 9 COURSES; 27 CREDIT HOURS**

A minimum grade of C- in each Foundation Course and an overall 2.0 GPA is required.

### ADDITIONAL INFORMATION - GLOBAL BUSINESS B.A.

#### GPA REQUIREMENTS

- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF.
- An overall 2.0 GPA average on all college-level coursework.

#### GRADING REQUIREMENTS

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

Within the 120-semester-hour program, students must complete a minimum of 27 hours of upper-level coursework with a grade of C- in all courses.

#### RESIDENCY REQUIREMENTS

**Major Residency:** Nine (9) of the 12 required major core credit hours must be taken at USF. At least 9 credit hours of concentration coursework must be taken in residence at USF.

**College Residency:** Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses. Normally, independent study and independent research courses do not fulfill this requirement.

#### INTERNSHIP OPPORTUNITIES

It is strongly recommended that students do an internship as part of their study abroad experience. For more information, please go to: <https://www.usf.edu/business/talent-development/internships.aspx>.

#### OTHER REQUIREMENTS

- An approved study abroad or overseas internship must be completed as part of the degree requirements.
- Courses used to satisfy a major in Accounting, Business Analytics and Information Systems, Finance, Management, or Marketing may not be used to satisfy the concentration requirement for the Global Business major. Courses used for a Global Business concentration cannot be used for a major.

**Computer Requirement:** All students entering the Muma College of Business are required to have a laptop computer with minimum 8 GB memory (RAM), 256 GB hard disk, and Intel i5 or above or equivalent processor with either Windows 11 (or above) or Mac OS 11 (or above) that they can use in their classes and labs.

Other computing devices such as Chromebook, Android Tablet, iPad, and Ubuntu Laptop will not be able to meet the requirements of classes at Muma College of Business. The laptop computer must be capable of connecting to the internet wirelessly and installing and accessing software applications through a central server and have audio and video capabilities.

#### RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## Global Business B.A., with Marketing Concentration

---

Total Degree Hours: 120

Global Business refers to a business that is conducted across national borders. Firms face difficult challenges due to differences in country-specific political, economic, social, cultural, technological, institutional, regulatory, and organizational contexts.

The Bachelor of Arts in Global Business provides students with the knowledge, skills, and experience necessary for successful careers in the global business environment. Graduates will have not only a Global Business major, but also a concentration in one of the functional areas of business (Finance, Management, Marketing, and Business Analytics and Information Systems). With this preparation, graduates will find employment in many manufacturing, service or knowledge-based industries with global markets, global suppliers, global sources of finance and/or a globally diverse workforce. The Global Business program is unique in that it combines preparation in business administration with language studies and a meaningful overseas work or study experience.

## UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

---

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

---

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100 (or equivalent), ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

## GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

---

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

**Please note:** When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. When earning a Business Minor AND Business Major, no courses may overlap.

## GLOBAL BUSINESS REQUIRED COURSES: (84 CREDIT HOURS)

## STATE MANDATED COMMON COURSE PREREQUISITES - MUMA COLLEGE OF BUSINESS (21 CREDIT HOURS)

---

# MUMA COLLEGE OF BUSINESS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of **C** or higher in each course and an overall 2.5 GPA in all seven (7) courses:

- ACG X021 Principles of Financial Accounting **OR** ACG X022 **OR** (ACG X001 **AND** ACG X011) - 3-6 credit hours
- ACG X071 Managerial Accounting **OR** ACG X301 - 3 credit hours
- CGS X100 Computers in Business **OR** CGS X100C **OR** CGS X570 **OR** CGS X060 **OR** CGS X531 **OR** CGS X000 **OR** ISM X000 **OR** CGS X518 **OR** ISM X411 - 3 credit hours
- ECO X013 Principles of Macroeconomics - 3 credit hours
- ECO X023 Principles of Microeconomics - 3 credit hours
- STA X023 Introductory Statistics **OR** STA X122 **OR** QMB X100 - 3 credit hours
- MAC X233 Elementary Calculus - 3 credit hours

## STATE MATHEMATICS PATHWAY – GLOBAL BUSINESS B.A. (6 CREDIT HOURS)\*

The Global Business B.A. uses the Statistical Reasoning Mathematics Pathway with the following requirements:

- STA 2023 - Introductory Statistics I **Credit(s): 3** \*\*
- MAC 2233 - Calculus for Business **Credit(s): 3** \*\*\*

\* Mathematics Pathway courses count towards the State Common Prerequisite math courses and are not additional credits.

\*\* QMB X100 preferred alternative; STA X122 can also meet this requirement.

\*\*\* MAC X311 or MAC X281 courses taken for state common prerequisites can meet this calculus requirement.

## BUSINESS FOUNDATION COURSES: 9 COURSES; 27 CREDIT HOURS

A minimum grade of C- in each Foundation Course and an overall 2.0 GPA is required.

- BUL 3320 - Law And Business I **Credit(s): 3**
- CAI 3801 - Artificial Intelligence and Analytics for Organizations **Credit(s): 3**
- FIN 3403 - Principles of Finance **Credit(s): 3**

Select a minimum of one of the following courses:

- MAR 3400 - Professional Selling **Credit(s): 3**
- MAR 4333 - Marketing Communications Management **Credit(s): 3**
- MAR 4503 - Buyer Behavior **Credit(s): 3**
- MAR 4712 - Healthcare Marketing **Credit(s): 3**

## ADDITIONAL INFORMATION - GLOBAL BUSINESS B.A.

### GPA REQUIREMENTS

- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF.
- An overall 2.0 GPA average on all college-level coursework.

### GRADING REQUIREMENTS

In computing entry grade point average, all business and economics courses taken for S or U grades will be converted to C or F, respectively.

Within the 120-semester-hour program, students must complete a minimum of 27 hours of upper-level coursework with a grade of C- in all courses.

### RESIDENCY REQUIREMENTS

**Major Residency:** Nine (9) of the 12 required major core credit hours must be taken at USF. At least 9 credit hours of concentration coursework must be taken in residence at USF.

**College Residency:** Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses. Normally, independent study and independent research courses do not fulfill this requirement.

### INTERNSHIP OPPORTUNITIES

It is strongly recommended that students do an internship as part of their study abroad experience. For more information, please go to: <https://www.usf.edu/business/talent-development/internships.aspx>.

### OTHER REQUIREMENTS

- An approved study abroad or overseas internship must be completed as part of the degree requirements.
- Courses used to satisfy a major in Accounting, Business Analytics and Information Systems, Finance, Management, or Marketing may not be used to satisfy the concentration requirement for the Global Business major. Courses used for a Global Business concentration cannot be used for a major.

**Computer Requirement:** All students entering the Muma College of Business are required to have a laptop computer with minimum 8 GB memory (RAM), 256 GB hard disk, and Intel i5 or above or equivalent processor with either Windows 11 (or above) or Mac OS 11 (or above) that they can use in their classes and labs.

Other computing devices such as Chromebook, Android Tablet, iPad, and Ubuntu Laptop will not be able to meet the requirements of classes at Muma College of Business. The laptop computer must be capable of connecting to the internet wirelessly and installing and accessing software applications through a central server and have audio and video capabilities.

### RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## Marketing B.S., with Digital Marketing and Analytics Concentration

---

Total Degree Hours: 120

Marketing is a dynamic field with many dimensions, including strategic planning, generating customer insights through market research, market segmentation & targeting, branding, product development/management, selecting and managing channels of distribution, pricing, marketing communications, sales, and customer relationship management. Marketing poses many challenges and yields generous rewards for those who meet these challenges. Marketing operations are carried out domestically and internationally in all business organizations that offer a good or service. Also, many marketing concepts are applicable to the operations of non-profit organizations such as governmental, educational, and healthcare institutions, as well as charitable and political campaigns. Marketing is the primary connecting mechanism between the firm or institution and its many constituents and can be conceptualized as the art and science of creating, communicating, and delivering exceptional value to customers. The changing needs, wants, and desires of customers amid a fiercely competitive environment and rapidly evolving technology contribute to the challenging and dynamic nature of marketing.

The Marketing program prepares students for initial entry and management positions in many areas of marketing with a curriculum that is concerned with:

- Understanding how to attract and retain customers;
- Being able to find, design, collect, and analyze marketing information to be used in managerial decision making;
- Building personal communication, creative, and critical thinking skills that businesses demand;
- Using digital and traditional media to reach customers;
- Preparing actionable marketing plans that leverage customer insights and the marketing mix to enable businesses and other institutions to attain their objectives;
- Understanding and being able to apply the latest marketing concepts and technologies

## Marketing B.S., with Market Development Concentration

---

Total Degree Hours: 120

Marketing is a dynamic field with many dimensions, including strategic planning, generating customer insights through market research, market segmentation & targeting, branding, product development/management, selecting and managing channels of distribution, pricing, marketing communications, sales, and customer relationship management. Marketing poses many challenges and yields generous rewards for those who meet these challenges. Marketing operations are carried out domestically and internationally in all business organizations that offer a good or service. Also, many marketing concepts are applicable to the operations of non-profit organizations such as governmental, educational, and healthcare institutions, as well as charitable and political campaigns. Marketing is the primary connecting mechanism between the firm or institution and its many constituents and can be conceptualized as the art and science of creating, communicating, and delivering exceptional value to customers. The changing needs, wants, and desires of customers amid a fiercely competitive environment and rapidly evolving technology contribute to the challenging and dynamic nature of marketing.

The Marketing program prepares students for initial entry and management positions in many areas of marketing with a curriculum that is concerned with:

- Understanding how to attract and retain customers;
- Being able to find, design, collect, and analyze marketing information to be used in managerial decision making;
- Building personal communication, creative, and critical thinking skills that businesses demand;
- Using digital and traditional media to reach customers;
- Preparing actionable marketing plans that leverage customer insights and the marketing mix to enable businesses and other institutions to attain their objectives;
- Understanding and being able to apply the latest marketing concepts and technologies

## UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

---

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

---

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100 (or equivalent), ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

## GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

---

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;

# MUMA COLLEGE OF BUSINESS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

**Please note:** When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. When earning a Business Minor **AND** Business Major, no courses may overlap.

### **MARKETING REQUIRED COURSES: (81 CREDIT HOURS)**

#### **STATE MANDATED COMMON COURSE PREREQUISITES - MUMA COLLEGE OF BUSINESS (21 CREDIT HOURS)**

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of **C** or higher in each course and an overall 2.5 GPA in all seven (7) courses:

- ACG X021 Principles of Financial Accounting **OR** ACG X022 **OR** (ACG X001 **AND** ACG X011) - 3-6 credit hours
- ACG X071 Managerial Accounting **OR** ACG X301 - 3 credit hours
- CGS X100 Computers in Business **OR** CGS X100C **OR** CGS X570 **OR** CGS X060 **OR** CGS X531 **OR** CGS X000 **OR** ISM X000 **OR** CGS X518 **OR** ISM X411 - 3 credit hours
- ECO X013 Principles of Macroeconomics - 3 credit hours
- ECO X023 Principles of Microeconomics - 3 credit hours
- STA X023 Introductory Statistics **OR** STA X122 **OR** QMB X100 - 3 credit hours
- MAC X233 Elementary Calculus - 3 credit hours

#### **STATE MATHEMATICS PATHWAY – MARKETING B.S. (6 CREDIT HOURS)\***

The Marketing B.S. uses the Statistical Reasoning Mathematics Pathway with the following requirements:

- STA 2023 - Introductory Statistics I **Credit(s): 3 \*\***
- MAC 2233 - Calculus for Business **Credit(s): 3 \*\*\***

# MUMA COLLEGE OF BUSINESS

---

## UNIVERSITY OF SOUTH FLORIDA 2025-2026 UNDERGRADUATE CATALOG

---

\* Mathematics Pathway courses count towards the State Common Prerequisite math courses and are not additional credits.

\*\* QMB X100 preferred alternative; STA X122 can also meet this requirement.

\*\*\* MAC X311 or MAC X281 courses taken for state common prerequisites can meet this calculus requirement.

## **BUSINESS FOUNDATION COURSES: 9 COURSES; 27 CREDIT HOURS**

A minimum grade of C- in each Foundation Course and an overall 2.0 GPA is required.

- BUL 3320 - Law And Business I **Credit(s): 3**
- CAI 3801 - Artificial Intelligence and Analytics for Organizations **Credit(s): 3**
- FIN 3403 - Principles of Finance **Credit(s): 3**
- GEB 4890 - Strategic Management and Decision Making **Credit(s): 3**
- MAN 3025 - Principles of Management **Credit(s): 3**
- MAR 3023 - Basic Marketing **Credit(s): 3**
- QMB 3302 - Data Analytics for Business **Credit(s): 3**
- RMI 3004 - Principles of Risk Management **Credit(s): 3**
- SCM 3005 - Supply Chain Management **Credit(s): 3**

### **Notes:**

- Finance, Personal Financial Planning, and Risk Management and Insurance majors must earn a C, not a C-, in FIN 3403 with no more than two attempts.
- Business Analytics and Information Systems (B.A.I.S.) and Information Assurance and Cybersecurity Management majors must earn C, not C-, in CAI 3801.
- Advertising, Marketing, and Supply Chain Management majors must earn a C, not a C-, in MAR 3023.
- Artificial Intelligence (AI) and Business Analytics majors must earn a B, and not a B-, in CAI 3801 and QMB 3302.

## **OTHER REQUIRED COURSES: 5 COURSES; 15 CREDIT HOURS**

- COM 3110 - Communication For Business and the Professions **Credit(s): 3**  
OR SPC 2608 - Public Speaking **Credit(s): 3**
- ENC 2251 - Professional Writing **Credit(s): 3**  
OR ENC 3310 - Expository Writing **Credit(s): 3**
- GEB 3033 - Business Workplace Skills and Best Practices **Credit(s): 3**
- PHI 1103 - Critical Thinking **Credit(s): 3**
- Contemporary International Topics Course **Credit(s): 3**

## **MARKETING MAJOR CORE COURSES: 4 COURSES; 12 CREDIT HOURS**

- MAR 3400 - Professional Selling **Credit(s): 3**
- MAR 4503 - Buyer Behavior **Credit(s): 3**
- MAR 4741 - Marketing Technology and AI **Credit(s): 3**
- MAR 4824 - Marketing Management Problems **Credit(s): 3**

## **MARKETING CONCENTRATION REQUIREMENTS**

Marketing majors choose one of the following two concentrations based on their initial career interests. The Market Development concentration prepares students for entry-level jobs in account management, business development, promotions, field marketing, and more generalized marketing positions. The Digital Marketing & Analytics concentration prepares students for more specialized and analytical jobs in marketing such as digital marketing, consumer insights, market research, and marketing analytics positions. Professionals from either track can advance with experience and/or graduate degrees to more senior roles in marketing and brand management.

- Market Development
- Digital Marketing and Analytics

## **MARKET DEVELOPMENT CONCENTRATION: 4 COURSES; 12 CREDIT HOURS**

- MAR 4333 - Marketing Communications Management **Credit(s): 3**
- MAR 4403 - Sales Management **Credit(s): 3**
- OR ENT 3613 - Creativity and Innovation in Entrepreneurial Firms **Credit(s): 3**

# MUMA COLLEGE OF BUSINESS

---

- MAR 4415 - Advanced Professional Selling **Credit(s): 3**
- MAR 4940 - Marketing Internship/Practicum **Credit(s): 3**
- **OR** MAR/ENT 3XXX-4XXX (Any Upper-Level MAR or ENT Elective) **Credit(s): 3**

### ADDITIONAL INFORMATION - MARKETING B.S.

---

#### GPA REQUIREMENTS

Students must earn a 2.0 GPA on all major coursework at USF and have an overall 2.0 major GPA, including any applicable transfer work.

#### GRADING REQUIREMENTS

Within the 120-semester-hour program, students must complete a minimum of 21 hours of upper-level Marketing coursework with a grade of C- in all courses, except MAR 3023 - Basic Marketing, in which a minimum grade of C must be earned.

Marketing courses taken by Marketing majors on an S/U basis will not be counted toward the 120-hour graduation requirement.

#### RESIDENCY REQUIREMENTS

**Major Residency:** Students must complete 15 hours of upper-level Marketing requirements in residency at USF.

**College Residency:** Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

#### INTERNSHIP OPPORTUNITIES

It is strongly recommended that Marketing and Supply Chain students take an internship course (MAR 4940 - Marketing Internship/Practicum or SCM 4941 - Supply Chain Management Internship) as part of their plan of study. For more information go to: <https://www.usf.edu/business/talent-development/internships.aspx>.

#### OTHER REQUIREMENTS

Within the 120-semester-hour program, students must complete a minimum of 21 hours in Marketing beyond MAR 3023 Basic Marketing.

**Computer Requirement:** All students entering the Muma College of Business are required to have a laptop computer with minimum 8 GB memory (RAM), 256 GB hard disk, and Intel i5 or above or equivalent processor with either Windows 11 (or above) or Mac OS 11 (or above) that they can use in their classes and labs.

Other computing devices such as Chromebook, Android Tablet, iPad, and Ubuntu Laptop will not be able to meet the requirements of classes at Muma College of Business. The laptop computer must be capable of connecting to the internet wirelessly and installing and accessing software applications through a central server and have audio and video capabilities.

#### RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

---

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.

## Supply Chain Management B.S.

---

Total Degree Hours: 120

The B.S. in Supply Chain Management equips students with the knowledge and skills needed to pursue careers in the supply chain industry. Supply chain management is a business function that ensures the efficient and effective management of the flow of goods, services and finances among firms around the world to transform raw materials into finished products along with management reverse flows (e.g., defective or damaged products, product returns, end-of-life disposal) in a sustainable manner. Graduates from this program enter the workforce in supply chain positions across multiple types of companies including manufacturing, distribution, transportation, and retailing. Students gain field-based experience through a required internship and a project in the capstone course.

## Entrepreneurship and Innovation Minor for Business and Industrial Engineering Majors

---

This is an interdisciplinary entrepreneurship minor available to USF Business and Industrial Engineering majors (other majors should take the Entrepreneurship and Innovation Minor for Non-Business and Non-Industrial Engineering Majors). This minor focuses on successful opportunity recognition; encourages application of creativity and innovation; and, develops leadership skills for new venture creation and organizational growth. This minor teaches valuable, real-world skills that will complement the major -- whether students would like to increase their entrepreneurial business skills, pursue their own business ideas, or learn ways to bring innovation and entrepreneurial leadership into existing positions and businesses.

### MINOR REQUIREMENTS

---

For Business and Industrial Engineering majors only. The minor requires a total of 12 credit hours.

### TOTAL MINOR CREDIT HOURS: 12

---

#### MINOR CORE CREDIT HOURS: 9

---

- ENT 3613 - Creativity and Innovation in Entrepreneurial Firms **Credit(s): 3**  
OR EIN 4200 - Creativity in Technology **Credit(s): 3** (Engineering students only)
- ENT 4014 - New Venture Formation **Credit(s): 3**
- ENT 4244 - Scalability in Entrepreneurial Firms **Credit(s): 3**  
OR ENT 4424 - Fundamentals of Venture Capital and Private Equity **Credit(s): 3**

#### MINOR ELECTIVE CREDIT HOURS: 3

---

Choose 3 credit hours:

- Any upper level Entrepreneurship courses with an ENT prefix (excluding ENT 3003 **and** ENT 3004)

### GPA REQUIREMENT

---

A GPA of 2.0 or better must be achieved in the course work at USF and in all minor courses completed at other institutions.

## Entrepreneurship and Innovation Minor for Non-Business and Non-Industrial Engineering Majors

---

This is an interdisciplinary entrepreneurship minor available to all USF undergraduate majors (except Business and Industrial Engineering -- these students should take the Entrepreneurship and Innovation Minor for Business and Industrial Minor). This minor provides a focus on successful opportunity recognition; encourages application of creativity and innovation; and, develops leadership skills for new venture creation and organizational growth. The Minor teaches valuable, real-world skills that will complement any major -- whether students would like to increase their entrepreneurial business skills, pursue their own business ideas, or learn ways to bring innovation and entrepreneurial leadership into existing positions and businesses.

### MINOR REQUIREMENTS

---

For Non-Business and Non-Industrial Engineering majors only. The minor requires a total of 12 credit hours.

#### TOTAL MINOR CREDIT HOURS: 12

---

#### MINOR CORE CREDIT HOURS: 9

---

- ENT 3003 - Principles of Business in Entrepreneurship **Credit(s): 3**
- ENT 3613 - Creativity and Innovation in Entrepreneurial Firms **Credit(s): 3**  
OR EIN 4200 - Creativity in Technology **Credit(s): 3** (Engineering students only)
- ENT 4014 - New Venture Formation **Credit(s): 3**

#### MINOR ELECTIVE CREDIT HOURS: 3

---

Choose 3 credit hours:

- ENT 4244 - Scalability in Entrepreneurial Firms **Credit(s): 3**
- OR
- ENT 4424 - Fundamentals of Venture Capital and Private Equity **Credit(s): 3**

### GPA REQUIREMENT

---

A GPA of 2.0 or better must be achieved in the course work at USF and in all minor courses completed at other institutions.

### GRADING REQUIREMENT

---

A grade of C (not C-) or better must be earned in each of the minor courses.

### RESIDENCY REQUIREMENTS

---

Students must take nine (9) of the 12 hours required in residency at USF.

### OTHER INFORMATION - MUMA COLLEGE OF BUSINESS

---

## International Business Minor

The minor in International Business provides business students the opportunity to study international topics related to Finance, Global Information Systems, Management, Marketing, and Global Perspectives. This minor prepares students to work in an internationally diverse work force or employment abroad.

### MINOR REQUIREMENTS

The minor in International Business is available to all students in the Muma College of Business.

#### **TOTAL MINOR CREDIT HOURS: 12**

#### **MINOR CORE (12 CREDIT HOURS)**

#### **REQUIRED COURSES (6 CREDIT HOURS)**

- GEB 3373 - International Business **Credit(s): 3**
- MAN 4631 - Global Perspectives and Management Choices **Credit(s): 3**

#### **PLUS ANY 2 OF THE FOLLOWING (6 TOTAL CREDIT HOURS)**

- FIN 3604 - International Finance **Credit(s): 3**
- ISM 4041 - Global Cyber Ethics **Credit(s): 3**
- MAN 4600 - International Management **Credit(s): 3**
- MAR 4156 - International Marketing **Credit(s): 3**

### GPA REQUIREMENTS

A grade point average of 2.00 or better must be achieved in the minor coursework and in all minor courses completed at other institutions.

### GRADING REQUIREMENTS

Students are required to earn a "C" or higher in International Business courses that are counted toward the minor requirements.

### RESIDENCY REQUIREMENT

Students must take nine (9) of the 12 hours required in residency at USF.

### OTHER RECOMMENDATIONS

Competency to effectively communicate in a foreign language is strongly advised.

### OTHER INFORMATION - MUMA COLLEGE OF BUSINESS

When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. When earning a Business Minor **AND** Business Major, no courses may overlap.

## **Marketing (For Business Majors Only) Minor**

---

The Marketing Minor is an excellent complement to all other business majors. All business majors will be challenged to develop and grow client bases, communicate and promote products and services to relevant target audiences, build distribution efficiencies, invest in cutting edge product development, and understand critical marketing research. A minor in Marketing can help any business major develop and implement these critical competitive advantages and set themselves apart from their peers.

### **MINOR REQUIREMENTS**

---

The Marketing minor is available to all Undergraduate Muma College of Business students, except those majoring in Marketing.

### **TOTAL MINOR CREDIT HOURS: 12**

---

### **MINOR CORE CREDIT HOURS: 12**

---

- 12 hours of upper-level marketing courses excluding MAR 4824 and MAR 3023

### **GPA REQUIREMENT**

---

A grade point average of 2.0 or better in the minor.

### **GRADING REQUIREMENT**

---

A grade of C- or better in all courses for the minor.

### **RESIDENCY REQUIREMENT**

---

Students must take nine (9) of the 12 required minor hours at USF.

## Risk Management and Insurance B.S.

---

**TOTAL DEGREE HOURS: 120**

The Risk Management and Insurance major prepares individuals to plan, manage, and analyze the financial and monetary aspects of the insurance industry. It provides a broad based, analytical program for students anticipating a career in either the property casualty insurance or life/health insurance fields. The curriculum in risk management and insurance provides students with the knowledge necessary to analyze the impact of risk and uncertainty upon people, businesses and society. Graduates in risk management and insurance find a variety of career opportunities open to them as risk analysts within the business community and government; as brokers/agents providing professional risk management counseling and market placement services for clients; as consultants and personal financial planners; and in the underwriting, marketing, claims adjusting, planning, governmental relations, and financial management activities of insurers.

The major is designed to ensure that graduates are familiar with the tools of risk management and insurance decision making and that they possess the skills to stay abreast of the developments in the field. It includes preparation in principles of accounting, financial instruments, capital planning, asset and debt management, budgeting, financial analysis, and investment portfolio management. Risk Management and Insurance graduates will understand the functions and operations of insurance providers. Course content is designed to provide majors with an appreciation of cooperative work skills and to enhance their verbal and written communication skills.

## UNIVERSITY ADMISSIONS - MUMA COLLEGE OF BUSINESS

---

Admission to the University is based on the University's Undergraduate Admission Requirements that may be found by clicking on the following urls:

- **Freshman:** <https://www.usf.edu/admissions/freshmen/admission-information/requirements-deadlines.aspx>
- **Transfer:** <https://www.usf.edu/admissions/transfer/admission-information/index.aspx>
- **International:** <https://www.usf.edu/admissions/international/admission-information/index.aspx>

## PROGRESSION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

---

All students entering USF for the first time in Fall 2017 or later, who subsequently earn three (3) D and/or F grades in any or any combination of the following courses at USF will be required to change their major to a major more appropriate to their goals and academic performance and to a major not conferred by the Muma College of Business. The courses are: ACG 2021, ACG 2071, CGS 2100 (or equivalent), ECO 2013, ECO 2023, MAC 2233 (or equivalent), and QMB 2100 (or equivalent).

## GRADUATION REQUIREMENTS - MUMA COLLEGE OF BUSINESS

---

Satisfactory completion of the following requirements:

- General Education Program (36 credit hours), including State Core General Education Requirements;
- State Computation (6 credit hours);
- State Communication (6 credit hours, in addition to ENC 1101 and ENC 1102);
- Minimum of 120 unduplicated credit hours;
- A minimum adjusted grade point average (GPA) of 2.0 on all coursework taken at USF and an overall 2.0 GPA average on all college-level coursework;
- Major and college requirements in a chosen degree program;
- Nine credit hours of coursework taken during the summer term(s) (if entered USF with less than 60 credit hours);
- Registration and successful completion of at least thirty (30) of the last sixty (60) credit hours;
- 42 credit hours of upper-level coursework;
- Civics Literacy;
- Foreign language admissions coursework.

**Please note:** When earning a second degree, double major or concurrent degree, the Major Core and Major Elective/Concentration areas of the degree audit must not overlap for both degrees. When earning a Business Minor **AND** Business Major, no courses may overlap.

## REQUIRED COURSES: (81 CREDIT HOURS)

### STATE MANDATED COMMON COURSE PREREQUISITES - RISK MANAGEMENT AND INSURANCE B.S. (21 CREDIT HOURS)

Following Florida BOG Regulation 8.010, state mandated common course prerequisites are lower-division courses that are required for progression into the upper division of a particular baccalaureate degree program.

Transfer credits will be accepted from accredited institutions; however, all hours earned may not be applied toward USF business degree requirements. Individual courses will be evaluated by an academic advisor and appropriately credited toward requirements in the student's program at USF.

Florida public state or community college students enrolled in an Associate of Arts (AA) program should normally complete the general education requirements and the State Mandated Common Prerequisites at a Florida College System institution. As a rule, AA students should avoid taking any business courses at the state or community college that are listed as 3000- and 4000-level courses at USF. Normally, courses in finance, marketing, management, and accounting, as well as other business administration courses, taken at the lower division level will not be accepted for upper division credit at USF in business administration. In general, business courses taken at the lower level, at technical schools, or as part of professional or military training, are not applicable to the degree programs of the Muma College of Business. Exceptions to this policy will be made only upon proper validation of such courses. Validation consists of successfully completing specified advanced courses in the discipline.

Florida College System students pursuing an Associate of Science (AS) program in Business Administration are fully admissible to USF Muma College of Business, but may only earn a major in Management. Please see a business advisor to determine the articulation courses, discuss admission to the Muma College of Business and prepare a program plan for degree completion.

Florida College System students pursuing an Associate of Science (A.S.) program in any other discipline should contact the Office of Undergraduate Studies, SVC 2002, (813) 974-4051, for information regarding course transferability and degree articulation.

Completion of the following State Mandated Common Course Prerequisites (or equivalents) with a grade of **C** or higher in each course and an overall 2.5 GPA in all seven (7) courses:

- ACG X021 Principles of Financial Accounting **AND** ACG X022 **OR** (ACG X001 **AND** ACG X011) - 6 credit hours
- ACG X071 Managerial Accounting **OR** ACG X301 - 3 credit hours
- CGS X100 Computers in Business **OR** CGS X100C **OR** CGS X570 **OR** CGS X060 **OR** CGS X531 **OR** CGS X000 **OR** ISM X000 **OR** CGS X518 **OR** ISM X411 - 3 credit hours
- ECO X013 Principles of Macroeconomics - 3 credit hours
- ECO X023 Principles of Microeconomics - 3 credit hours
- STA X023 Introductory Statistics **OR** STA X122 **OR** QMB X100 - 3 credit hours
- MAC X233 Elementary Calculus - 3 credit hours

### STATE MATHEMATICS PATHWAY – RISK MANAGEMENT AND INSURANCE B.S. (6 CREDIT HOURS)\*

The Risk Management and Insurance B.S. uses the Statistical Reasoning Mathematics Pathway with the following requirements:

- STA 2023 - Introductory Statistics I **Credit(s): 3 \*\***
- MAC 2233 - Calculus for Business **Credit(s): 3 \*\*\***

\* Mathematics Pathway courses count towards the State Common Prerequisite math courses and are not additional credits.

\*\* QMB X100 preferred alternative; STA X122 can also meet this requirement.

\*\*\* MAC X311 or MAC X281 courses taken for state common prerequisites can meet this calculus requirement.

### BUSINESS FOUNDATION COURSES: 9 COURSES; 27 CREDIT HOURS

## RESIDENCY REQUIREMENTS

**Major Residency:** Students must complete 15 hours of upper-level Risk Management and Insurance requirements in residency at USF.

**College Residency:** Muma College of Business residency requirements for graduation exceed the minimum requirements established for USF. Students are required to complete satisfactorily at USF a minimum of 50 percent (30-33 credit hours depending on major) of required Business courses, including 12-18 credit hours in the major field. Normally, independent study and independent research courses do not fulfill this requirement.

## OTHER REQUIREMENTS

**Computer Requirement:** All students entering the Muma College of Business are required to have a laptop computer with minimum 8 GB memory (RAM), 256 GB hard disk, and Intel i5 or above or equivalent processor with either Windows 11 (or above) or Mac OS 11 (or above) that they can use in their classes and labs.

Other computing devices such as Chromebook, Android Tablet, iPad, and Ubuntu Laptop will not be able to meet the requirements of classes at Muma College of Business. The laptop computer must be capable of connecting to the internet wirelessly and installing and accessing software applications through a central server and have audio and video capabilities.

## RESEARCH OPPORTUNITIES - MUMA COLLEGE OF BUSINESS

Undergraduate students in any degree program are able to participate in undergraduate research. Several options exist to show mentored undergraduate research activity on a student's official transcript. Those who wish to enroll in an undergraduate research course should consult with their academic advisor to understand how the credit will apply towards the degree requirements. If no credit is needed, students may be eligible to enroll in the 0-credit IDS 4914 course. This course will not impact degree credits or GPA but will show on an official transcript and document the experience. The Office of Student Engagement in Research and Innovation (SERI) is able to assist with further inquiries.
